### Chair's report

Welcome to the 21st annual report. As we enter our 22nd year of operation, we continue to move forward in very challenging and trying times. To say that the last 30 months has been an extraordinary and challenging time for all of us, would be an

understatement. The pandemic and the consequent daily challenges for all of us were unprecedented. New events that had changed our lives, such as isolation, lockdown, social distancing and more, have come and gone! Now, as we head to 2023, the business and banking environment continues to present challenges, impacted by both domestic and world events.

This coming year, we will celebrate 22 years of operations in Dingley Village, and as as we celebrate this major milestone, we are proud to continue to serve our wonderful community, and surrounding suburbs. We are also excited at the positive contribution we have made to the Village in that time. We have operated for 21 full financial years having commenced operation on 22nd April 2002. With the establishment of Community Bank Dingley Village in February 2001, the branch has transformed into a solid and continuing feature in Dingley Village. We remain a very successful single branch site within the Bendigo Bank branch network in Australia which is testament of our vibrant, thriving and dedicated community. Our community, Dingley Village!

As you will no doubt be aware, as in past years, we continue to be involved in a number of exciting projects and initiatives that Community Bank Dingley Village have either facilitated individually or participated in with other key stakeholders. While there are simply too many projects, groups and organisations that we have assisted to mention in this report, the following snapshot provides a wonderful insight into our contribution to the local community.

In this last financial year, we have continued to maintain our significant levels of support for local kindergartens, primary schools, secondary schools, sporting clubs, charitable organisations and organisations which support and assist vulnerable members of our community. Put simply, our community continues to thrive and grow with the support of Community Bank Dingley Village and Community Bank Dingley Village grows with the support of our community.

The community assets that we have sponsored

or donated towards, represent the success of a wider collaboration between residents, participants, stakeholders and business.

We have now given over \$5 million back to our local community. This figure was achieved with our community support. The overall amount will continue to grow, and we could not achieve these continued milestones without your continued support and the ever increasing amount is again demonstrative of the strength of, and testament to our vibrant community.

From our humble beginnings and the sustained growth that we have enjoyed over the successive years, we can lay claim to being a strong financial company and an excellent corporate citizen. Community Bank Dingley Village now has over \$200 million worth of banking business and eight staff. As funding and donations from alternative sources has become non-existent or extremely scarce in recent years for various organisations, Community Bank Dingley Village has continued to strengthen its position within the community in assisting others. This has resulted in a flourishing and thriving community that we should all feel a strong sense of pride therein.

To you, our shareholders, who together with our Board members over the last twenty one years, you have put faith in a new banking concept and contributed your funds through a prospectus to raise \$630,000 to fund Community Bank Dingley Village.

What is now factually correct is that Community Bank Dingley Village has funded what we might describe as community assets. Therefore, as previously highlighted, we could quite rightly call these assets on the community balance sheet of Dingley Village.

These include: the community bus, the netball courts, football and cricket club electronic scoreboard and new cricket nets, the Rotary memorial, electronic signage for our schools, sports uniforms and ancillary equipment, and the many other smaller provisions made to the many groups. These are assets paid for by the profits of Community Bank Dingley Village, for the benefit of members of the community to enjoy and utilise in the years to come.

#### Year in review

We have survived many economic challenges in the last decade, including the GFC in 2008, and the GFC 2 in 2011, we have actually managed to progress through them, and maintain profits and dividends in what has become the new normal of low interest rates and a flat economy. That situation has given way to rising interest rates and cost of living pressures.

In 2016, Bendigo Bank adopted and implemented the Funds Transfer Pricing Model. We have now successfully implemented this new model for over 24 months. While revenue streams are calculated differently, as a successful single site branch, we anticipate that we shall continue to thrive and enjoy strong success in the years to come. The economic environment continues to be challenging on many levels and we are not immune from operating in turbulent financial times.

Indeed, to that extent, the pandemic posed a once in a hundred-year challenge to all of us, and the bank is no exception. Based on the operating results we have elected to not declare a dividend for the 2022 financial year.

We have welcomed Trish Vanes to the role of Branch Manager and we are fortunate to have had her leading Community Bank Dingley Village since May 2021. The branch continues to grow and remains a friendly, efficient and professional team. Trish has many years managing branches and is revelling in the Community Bank model and the successes we are a part of in our community. I also commend each of the staff members to you.

Staff morale is always of the highest order and they remain the face of the business and the nexus between the company and the community. They never fail to have a smile on their face and are always eager and willing to assist. Never forget, you can still telephone the branch on 9551 6111 and speak to a real person, without having to push a single extra digit!

#### **Board members**

We remain reflective of a diverse and modern board that reflects the modern society within which we operate. Our board is dynamic and reflective of the wider community.

As Chairman, I wish to personally thank all board members and their partners for their support over the years for the time they have given this company on a voluntary basis. Their commitment, dedication and support to me, as the Chairman, is measured by the fact of the extraordinary success Community Bank Dingley Village has achieved during that time.

The board members act without remuneration, voluntarily and for the benefit of the shareholders and of the community. They give selflessly and without any accolade and little, if any, recognition.

It is with a degree of sadness that I announce the retirements of Leigh Menzel and Julie Pool from the board. Both Leigh and Julie gave countless hours of contribution volunteering to serve Community Bank Dingley Village and the Dingley Village community more widely. We will miss them very much and wish them both well in their new endeavours.

I take the opportunity to welcome Jim Hardy to our board. Jim is an experienced banker, board member and is passionate about the community bank model. We are very fortunate he has joined our company.

I am confident the coming years will bring continued success for Community Bank Dingley Village through the board, shareholders and most importantly, the passionate Dingley Village community.

I wish you all a safe and prosperous holiday season and look forward to continuing and extending our successes in 2023.

David Starvaggi Chairman

# Branch Manager's report

It is my great pleasure to report to you for the year ending 30 June 2022.

Community Bank Dingley Village celebrated a huge milestone with its 20th birthday celebrations from opening on 22nd April 2002. It was great to have our community, Directors and Branch team join us to share in this special day.

We are very proud to have now returned over \$5 million to our community with many groups and organisations receiving funds in the 2021-2022 year. We would love to contribute more to our community, I encourage our shareholders to introduce their family

and friends, any businesses or groups you are involved in, this could potentially make a difference in the contributions we can make.

Since the opening of Community Bank Dingley Village we continue to grow and we ended the year with total business footings at \$214 million. A sign of the relationships built over the years and the important part Community Bank Dingley Village plays in our community.

Whilst navigating through a year of continued uncertainty, recovery and record low interest rates Community Bank Dingley Village continued its strong level of deposit growth from the prior financial year. Deposit growth was \$13.7M. We have also seen steady growth in customer numbers and products per customer.

With many achievements throughout the year, we know there is still untapped opportunity in our community. People are still looking to the future and buying property, renovating their family homes and refinancing. We have recognised this and invested in appointing a Mobile Relationship Manager Jeremy Orchard. We welcome Jeremy to the team. Jeremy brings considerable lending experience and will be able to serve our customers at times and places that suit them.

Our branch has had a mini refurbishment to bring a fresh inviting place for our customers. The feedback received from our community has been so positive and we love that everyone is enjoying the new feel of our branch.

We would like to extend our gratitude to the Chairman and directors on the board for their valuable support, counsel and referrals. I also extend thanks to our Regional Manager Kristy Marshall for continued support.

Our staff are key to our success as they are the face of our business, we have welcomed new team members who are passionate about the community and helping our loyal customers. I am very proud of the service they provide each day.

We are seeing many of our competitors closing locally, impacting both local people and business. We are here for you and invite you to talk to us at Community Bank Dingley Village, because Bendigo Bank is the better bigger bank.

Our team is proud of what we are achieving and the opportunity our future holds, please let as many people as you can, know about the great things that we are doing. Hopefully this will lead to even more people in our area seeing Community Bank Dingley Village as the first choice for their banking needs

Thank you to all of you and I look forward to another successful year in 2023.

**Trish Vanes** Branch Manager

# Bendigo and Adelaide Bank report

Community continues to be core to who we are at Bendigo and Adelaide Bank.

With your support, we are enabling community infrastructure to be built, strengthening the arts and culturally diverse communities, improving educational outcomes, and growing healthy places for Australians to live and work. On behalf of the Bank, thank you for continuing to play a vital role in supporting your community.

As we emerge from the pandemic and navigate a shifting economic landscape, the investments our Community Banks make in the future of the communities in which they operate has never been more important.

We are proud that more Australians are choosing to do their banking with Bendigo and Adelaide Bank – and importantly trust us with their financial needs. We are Australia's most trusted bank (Roy Morgan, May 2022), an outcome that you have all contributed to and should feel proud of.

Our purpose has never been more important; we remain committed to continuing to feed into the prosperity of our customers and communities, and not off them.

Your ongoing support as a shareholder is essential to the success of your local community. Together, we will continue to grow sustainably and make a positive impact for generations to come.

Warmest regards,

Justine Minne Bendigo and Adelaide Bank

# **CBNC** report

As a shareholder in your local Community Bank, you are part of this incredible social network that is playing an increasingly important role in the Australian economy.

The Community Bank network was a first mover in Australia with its unique social enterprise model. The first Community Bank opened its doors in 1998, and since then, the network has grown to 307 Community Bank branches.

The network represents a diverse cross-section of Australia with 240 social enterprises, 70,000+ shareholders, 1600+ volunteer directors, 1600+ staff and 905,000 customers located in metro, regional, rural and remote locations across the country. It's not uncommon to visit a country town and see the Community Bank logo affixed to public amenities; at the front of schools, and on the perimeter of sporting clubs – such is the breadth and depth of our investments over the years.

The Community Bank network invests via grants, donations and sponsorships that connect with and care for generations of Australians. Funding programs range from sport, scholarships and school programs, through to community groups, cultural organisations and local councils. The Community Bank influence further extends to facilitating and attracting other partners to help subsidise much needed community projects.

The relationship with the Bank, which has been fashioned out of shared effort, risk and reward, is clearly a philosophy that works. Also supporting the network, is the Community Bank National Council (CBNC), which advocates and influences on behalf of the 240 community enterprises with its partners.

The three strategic pillars of the 22-23 CBNC strategy are to: ·

- · Develop a community network strategy to ensure the ongoing sustainability of our community enterprises
- · Advocate for and champion the uniqueness and value of our social enterprises
- · Unite the network to leverage our community presence and amplify our community impact.

All directors and shareholders should feel proud of the network which has collectively delivered enormous impact in our local communities.

We are community builders and investors with a national presence, whilst still retaining grass roots community connections. It's through this unique point of difference, and the commitment of our directors and shareholders, that we are well positioned to embrace the change that is upon us.

Next year our Community Bank network celebrates 25 years, but in many respects, it's only the beginning for our collective of social enterprises.

Warm regards

Sarah Franklyn CBNC Chair

### Directors' report (continued)

#### Options

No options over issued shares or interests in the company were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

#### Indemnification and insurance of officers and auditors

The company has paid premiums to insure each of the following directors against liabilities for costs and expenses incurred by them in defending legal proceedings arising from their conduct while acting in the capacity of director of the company, other than conduct involving a willful breach of duty in relation to the company. The premium for each director amounted to \$718.

#### Auditor's independence declaration

The lead auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001*, for the year ended 30 June 2022 has been received and can be found on the following page.

#### Remuneration report

No director of the company receives remuneration for services as a company director or committee member.

The board's policy in respect of the Branch Manager is to maintain remuneration at parity within the Community Bank network and local market rates for comparable roles.

There are no company executives who are directly accountable and responsible for the strategic direction of the entity. This is wholly a board role (who act in a voluntary capacity).

Dingley Village Financial Services Limited has accepted the Community Bank Directors' Privileges package. The package is available to all directors who can elect to avail themselves of the benefits based on their personal banking with the Community Bank Dingley Village. There is no requirement to own Bendigo Bank shares and there is no qualification period to qualify to utilise the benefits. The package mirrors the benefits currently available to Bendigo Bank shareholders.

Signed in accordance with a resolution of the Board of Directors:

**David Starvaggi** Chairman

Dated 26 October 2022

Kanwar Singh Company Secretary

| Purchase of property, plant and equipment                 |      | (54,345)   | (34,314)    |
| Security deposit  |      | -          | (1,679)     |
| Net cash used by investing activities                     |      | (120,807)  | (36,449)    |
| Cash flows from financing activities                      |      |            |             |
| Proceeds from borrowings                                  |      | 25,089     | 35,513      |
| Dividends paid  |      | (35,730)   | (30)        |
| Payment of lease liabilities                              |      | (79,201)   | (72,564)    |
| Net cash used by financing activities                     |      | (89,842)   | (37,081)    |
| Net increase/(decrease) in cash and cash equivalents held |      | (40,387)   | 103,634     |
| Cash and cash equivalents at beginning of year            |      | 590,046    | 486,412     |
| Cash and cash equivalents at end of financial year        | 8    | 549,659    | 590,046     |

# Notes to the financial statements

#### For year ending 30 June 2022

The financial report covers Dingley Village Financial Services Limited as an individual entity. Dingley Village Financial Services Limited is a for-profit company limited by shares, incorporated and domiciled in Australia.

The functional and presentation currency of Dingley Village Financial Services Limited is Australian dollars.

The financial report was authorised for issue by the directors on 26 October 2022.

Comparatives are consistent with prior years, unless otherwise stated.

#### Note 1. Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

These financial statements and associated notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

#### Note 2. Summary of significant accounting policies

#### a) Income tax

The tax expense recognised in the statement of profit or loss and other comprehensive income comprises of current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax is not provided for the following:

- The initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).
- · Taxable temporary differences arising on the initial recognition of goodwill.
- Temporary differences related to investment in subsidiaries, associates and jointly controlled entities to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Note 2. Summary of significant accounting policies (continued) (a) Income tax (continued)

Current tax assets and liabilities are offset where there is a legally enforceable right to set off the recognised amounts and there is an intention either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax assets and liabilities are offset where there is a legal right to set off current tax assets against current tax liabilities and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

#### b) Revenue and other income

All revenue is stated net of the amount of goods and services tax (GST).

#### Interest revenue

Interest is recognised using the effective interest method.

#### Revenue from contract with customers

The company has entered into a franchise agreement with Bendigo Bank. The company delivers banking and financial services of Bendigo Bank to its community. The franchise agreement provides for a share of interest, fee and commission revenue earned by the company. Interest margin share is based on a funds transfer pricing methodology which recognises that income is derived from deposits held, and that loans granted incur a funding cost. Fees are based on the company's current fee schedule and commissions are based on the agreements in place. All margin revenue is recorded as non-interest income when the company's right to receive the payment is established.

The company acts as an agent under the franchise agreement and revenue arises from the rendering of services through its franchise agreement.

Revenue is recognised on an accruals basis, at the fair value of consideration specified in the franchise agreement. Under AASB 15 Revenue from Contracts with Customers (AASB 15), revenue recognition for the company's revenue stream is as follows:

| Revenue                             | Includes                              | Performance obligation   | Timing of recognition  |
|-------------------------------------|---------------------------------------|--|--|
| Franchise agreement<br>profit share | Margin, commission,<br>and fee income | When the company<br>satisfies its obligation to<br>arrange for the services<br>to be provided to the<br>customer by the supplier<br>(Bendigo Bank as<br>franchisor). | On completion of the<br>provision of the relevant<br>service. Revenue is<br>accrued monthly and paid<br>within 10 business days<br>after the end of each<br>month. |

#### Revenue calculation

The franchise agreement provides that three forms of revenue may be earned by the company; margin, commission and fee income. Bendigo Bank decides the form of revenue the company earns on different types of products and services.

The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Note 2. Summary of significant accounting policies (continued) (b) Revenue and other income (continued)

#### Core banking products

Bendigo Bank has identified some Bendigo Bank Group products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days' notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits

#### Margin

Margin is arrived at through the following calculation:

- · Interest paid by customers on loans less interest paid to customers on deposits
- · plus any deposit returns i.e. interest return applied by Bendigo Bank for a deposit
- minus any costs of funds i.e. interest applied by Bendigo Bank to fund a loan.

For those products and services on which margin is paid, the company is entitled to a share of the margin earned by Bendigo Bank (i.e. income adjusted for Bendigo Bank interest expense and interest income return). However, if this reflects a loss, the company incurs a share of that loss.

#### Commission

Commission revenue is in the form of commission generated for products and services sold. This commission is recognised at a point in time which reflects when the company has fulfilled its performance obligation.

The company receives trailing commission for products and services sold. Ongoing trailing commission payments are recognised on receipt as there is insufficient detail readily available to estimate the most likely amount of income without a high probability of significant reversal in a subsequent reporting period. The receipt of ongoing trailing commission is outside the control of the company, and is a significant judgement area.

#### Fee income

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

#### Ability to change financial return

Under the franchise agreement, Bendigo Bank may change the form and amount of financial return that the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo Bank earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service. The effect of the change on the revenue earned by the company is entirely dependent on the change.

If Bendigo Bank makes a change to the margin or commission on core banking products and services, it must not reduce the margin and commission the company receives on core banking products and services Bendigo Bank attributes to the company to less than 50% (on an aggregate basis) of Bendigo Bank margin at that time. For other products and services, there is no restriction on the change Bendigo Bank may make.

#### Discretionary financial contributions

In addition to margin, commission and fee income, and separate from the franchise agreement, Bendigo Bank has also made discretionary financial payments to the company. These are referred to by Bendigo Bank as a "Market Development Fund" (MDF).

### Notes to the financial statements (continued)

Note 2. Summary of significant accounting policies (continued) (b) Revenue and other income (continued)

The amount has been based on the volume of business attributed to a branch. The purpose of the discretionary payments is to assist with local market development activities, including community sponsorships and donations. It is for the board to decide how to use the MDF.

The payments from Bendigo Bank are discretionary and Bendigo Bank may change the amount or stop making them at any time. No MDF payments were received this financial year.

Other income is recognised on an accruals basis when the company is entitled to it.

#### c) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

#### d) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment of losses.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include: purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

#### Plant and equipment

Plant and equipment are measured using the cost model.

#### Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on straight-line or reducing balance basis over the assets useful life to the company, commencing when the asset is ready for use.

Leased assets and leasehold improvements are amortised over the shorter of either the unexpired period of the lease or their estimated useful life.

The depreciation rates used for each class of depreciable asset are shown below:

| Fixed asset class      | Depreciation rate |
|------------------------|-------------------|
| Buildings right of use | 20%               |
| Plant and equipment    | 7.5% to 37.5%     |
| Leasehold improvements | 2.5% to 20%       |

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

Note 2. Summary of significant accounting policies (continued)

#### e) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The company's financial instruments include trade debtors and creditors, cash and cash equivalents, borrowings, leases

Sub-note below refer to the following acronyms:

| Acronym | Meaning                                       |
|---------|---|
| FVTPL   | Fair value through profit or loss             |
| FVTOCI  | Fair value through other comprehensive income |
| SPPI    | Solely payments of principal and interest     |
| ECL     | Expected credit loss                          |
| CGU     | Cash-generating unit                          |

#### Recognition and initial measurement

Trade receivables are initially recognised when they originated. All other financial assets and financial liabilities are initially recognised when the company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to the acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

#### Financial assets - classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at: amortised cost, FVTOCI – debt investment; FVTOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- · it is held within a business model whose objective is to hold assets to collect contractual cash flows: and
- its contractual terms give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or FVTOCI as FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

#### Financial assets - business model assessment

The company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed.

Note 2. Summary of significant accounting policies (continued) (e) Financial instruments (continued)

#### Financial assets - subsequent measurement and gains and losses

#### Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment are recognised in profit and loss. Any gain or loss on derecognition is recognised in profit or loss.

#### Financial liabilities - classification, subsequent measurement and gains and losses

Borrowings and other financial liabilities (including trade payables) are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Any gain or loss on derecognition is also recognised in profit or loss.

#### Derecognition

#### Financial assets

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

#### Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire. The company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

#### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the company currently has a legally enforceable right to set off the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

In the case of impairment or sale, any gain or loss previously recognised in equity is transferred to the profit or loss.

Losses recognised in the prior period statement of profit or loss and other comprehensive income resulting from the impairment of debt securities are reversed through the statement of profit or loss and other comprehensive income, if the subsequent increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss.

#### **Financial liabilities**

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss' or other financial liabilities depending on the purpose for which the liability was acquired. Although the company uses derivative financial instruments in economic hedges of currency and interest rate risk, it does not hedge account for these transactions.

The company's financial liabilities include borrowings, trade and other payables (including finance lease liabilities), which are measured at amortised cost using the effective interest rate method.

Note 2. Summary of significant accounting policies (continued) (e) Financial instruments (continued)

#### Impairment of financial assets

#### Non-derivative financial assets

The company recognises a loss allowance for ECL on:

- · financial assets that are measured at FVTOCI;
- lease receivables;
- · loan commitments that are not measured at FVTPL; and
- · financial guarantee contracts that are not measured at FVTPL

At the end of the reporting period the company assesses whether there is any objective evidence that a financial asset or group of financial assets is impaired.

#### Financial assets at amortised cost

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial assets original effective interest rate.

Impairment on loans and receivables is reduced through the use of an allowance accounts, all other impairment losses on financial assets at amortised cost are taken directly to the asset.

Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

#### Available-for-sale financial assets

A significant or prolonged decline in value of an available-for-sale asset below its cost is objective evidence of impairment, in this case, the cumulative loss that has been recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. Any subsequent increase in the value of the asset is taken directly to other comprehensive income.

#### f) Impairment of non-financial assets

At the end of each reporting period the company determines whether there is an evidence of an impairment indicator for non-financial assets.

Where this indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.

#### g) Intangible assets

The franchise fee paid to Bendigo Bank has been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

The renewal processing fee paid to Bendigo Bank when renewing the franchise agreement has also been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

Note 2. Summary of significant accounting policies (continued)

#### h) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Bank overdrafts also form part of cash equivalents for the purpose of the statement of cash flows and are presented within current liabilities on the statement of financial position.

#### i) Leases

At inception of a contract, the company assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

- The contract involves the use of an identified asset this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.
- The company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- The company has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

At the lease commencement, the company recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the company believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the company's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the company's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

#### Exceptions to lease accounting

The company has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The company recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

#### j) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured at the present value of management's best estimate of the outflow required to settle the obligation at the end of the reporting period. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the unwinding of the discount is taken to finance costs in the statement of profit or loss and other comprehensive income.

Note 2. Summary of significant accounting policies (continued)

#### k) Economic dependence

The company has entered into a franchise agreement with Bendigo Bank that governs the management of the Community Bank branch at Dingley Village, Victoria.

The company operates as a franchise of Bendigo Bank, using the name "Bendigo Bank" and the logo and system of operations of Bendigo Bank. The company manages the Community Bank branch on behalf of Bendigo Bank, however all transactions with customers conducted through the Community Bank branches are effectively conducted between the customers and Bendigo Bank.

All deposits are made with Bendigo Bank, and all personal and investment products are products of Bendigo Bank, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo Bank, must be approved by Bendigo Bank.

All credit transactions are made with Bendigo Bank, and all credit products are products of Bendigo Bank. Bendigo Bank provides significant assistance in establishing and maintaining the Community Bank branch franchise operations. It also continues to provide ongoing management and operational support, and other assistance and guidance in relation to all aspects of the franchise operation, including advice in relation to:

- · advice and assistance in relation to the design, layout and fit out of the Community Bank branch;
- training for the branch manager and other employees in banking, management systems and interface protocol;
- · methods and procedures for the sale of products and provision of services;
- · security and cash logistic controls;
- · calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs; and
- · sales techniques and proper customer relations.

#### I) Adoption of new and revised accounting standards

During the current year, the company adopted all of the new, revised or amended accounting standards and interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period. The adoption of new and accounting standards and interpretations did not have any significant impact on the financial performance or position of the company.

### Note 3. Critical accounting estimates and judgements

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

| Note                         | Judgement  |
|------------------------------|--|
| Note 5 – revenue recognition | · whether revenue is recognised over time or at a point in time  |
| Note 15 – leases             | <ul> <li>whether a contract is or contains a lease at inception by assessing<br/>whether the company has the right to direct the use of the identified<br/>asset and obtain substantially all the economic benefits from the use of<br/>that asset</li> </ul>  |
|                              | <ul> <li>whether the company is reasonably certain to exercise extension<br/>options, termination periods, and purchase options;</li> </ul>  |
|                              | <ul> <li>judgement is required to determine the discount rate, where the discount rate is the company's incremental borrowing rate if the rate implicit in the lease contract cannot be readily determined. The incremental borrowing rate is determined with reference to factors specific to the company and underlying asset including:         <ul> <li>the amount</li> <li>the lease term</li> <li>economic environment; and</li> <li>other relevant factors</li> </ul> </li> </ul> |

#### Note 4. Revenue and other income

#### Revenue from continuing operations

| Revenue from contracts with customers |         |           |
|---------------------------------------|---------|-----------|
| Provision of services                 | 837,880 | 884,292   |
| Upfront product commissions           | 50,385  | 57,186    |
| Fee Income                            | 64,312  | 67,622    |
| Products/services commission          | 14,456  | 14,328    |
|                                       | 967,033 | 1,023,428 |
| Finance income                        |         |           |
| Other interest received               | 1,833   | 609       |
| Finance income                        | 1,833   | 609       |
| Other trading revenue                 | _       | 1,573     |
| Total revenue                         | 968,866 | 1,025,610 |

### Notes to the financial statements (continued)

|--|

Note 4. Revenue and other income (continued)

#### a) Other Income breakup

| Other Income            |   |        |
|-------------------------|---|--------|
| Lease incentive         | - | 11,076 |
| COVID assistance grants | _ | 11,200 |
| JobKeeper               | - | 63,000 |
|                         | - | 85,276 |

#### Note 5. Result for the year

The result for the year includes the following specific expenses.

| Other expenses                  |         |         |
|---------------------------------|---------|---------|
| Employee benefits expense       | 419,438 | 572,807 |
| Depreciation expense            | 105,539 | 99,152  |
| Amortisation expense            | 13,293  | 11,509  |
| Impairment of receivables       |         |         |
| Bad debts                       | 792     | (8,896) |
| Total impairment of receivables | 792     | (8,896) |

#### Note 6. Income tax expense

#### a) The major components of tax expense (income)

| Deferred tax expense                              |       |          |
|---|-------|----------|
| Origination and reversal of temporary differences | 2,715 | (19,934) |
| Total income tax expense                          | 2,715 | (19,934) |

#### b) Reconciliation of income tax to accounting profit

| Prima facie tax payable on profit from ordinary activities before income tax at 25% (2020: 26%) | 1,417 | (20,713) |
|---|-------|----------|
| Add tax effect of:  |       |          |
|   | 1,417 | (20,713) |
| Less tax effect of:   |       |          |
| Change in tax rate  | 1,298 | 779      |
| Income tax expense  | 2,715 | (19,934) |

| 2022 | 2021 |
|------|------|
| \$   | \$   |
|      |      |

#### Note 7. Dividends

#### a) The following dividends were declared and paid

| Final franked ordinary dividend of 6 cents (2021: 0) cents per share               | 37,800  | -       |
|--|---------|---------|
| Franking account   |         |         |
| The franking credits available for subsequent financial years at a tax rate of 25% | 121,645 | 133,191 |

The above available balance is based on the dividend franking account at year-end adjusted for:

a) Franking credits that will arise from the payment of the current tax liabilities;

b) Franking debits that will arise from the payment of dividends recognised as a liability at the year end;

c) Franking credits that will arise from the receipt of dividends recognised as receivables at the end of the year.

The ability to use the franking credits is dependent upon the company's future ability to declare dividends.

#### Note 8. Cash and cash equivalents

| Cash at bank in hand | 549,659 | 590,046 |
|----------------------|---------|---------|
|                      | 549,659 | 590,046 |

#### Note 9. Trade and other receivables

| Current                                   |         |        |
|---|---------|--------|
| Trade receivables                         | 110,443 | 85,781 |
|   | 110,443 | 85,781 |
| Prepayments                               | -       | 4,044  |
| Deposits                                  | 1,679   | 1,679  |
| Other receivables                         | -       | 77     |
| Total current trade and other receivables | 112,122 | 91,581 |

All amounts are short term and the carrying values are considered to be a reasonable approximation of fair value.

#### Note 13. Lease liabilities

Lease liabilities were measured at amounts equal to the present value of enforceable future payments of the term reasonably expected to be exercised, discounted at the appropriate incremental borrowing rate on the adoption date. The discount rate used on recognition was 4%.

The discount rate used in calculating the present value of enforceable future payments takes into account the particular circumstances applicable to the underlying leased assets (including the amount, lease term, economic environment, and other relevant factors).

The company has applied judgement in estimating the remaining lease term including the effects of any extension or termination options reasonably expected to be exercised, applying hindsight where appropriate.

#### Lease portfolio

The company's lease portfolio includes:

• Branch - The lease agreement is a non-cancellable lease with a term of five years which commenced on 16 November 2019.

The company assesses at the lease commencement date whether it is reasonably certain to exercise extension options. The company reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

#### a) Lease liability measurement

Where the company is a lessee for the premises to conduct its business, extension options are included in the lease term except when the company is reasonably certain not to exercise the extension option. This is due to the significant disruption of relocating premises and the loss on disposal of leasehold improvements fitted out in the demised leased premises.

#### Note 15. Issued capital

| 630,000 (2021: 630,000) Ordinary shares | 567,010 | 567,010 |
|---|---------|---------|
|---|---------|---------|

#### a) Voting rights

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney, corporate representative or proxy.

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the Community Bank branch have the same ability to influence the operation of the company.

#### b) Dividends

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo Bank contains a limit on the level of profits or funds that may be distributed to shareholders.

2022 2021 \$ \$

Note 15. Issued capital (continued)

#### c) Transfer

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of shares.

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the *Corporations Act 2001*.

#### Note 16. Capital and leasing commitments

#### a) Leases

#### Minimum lease payments

| Present value of minimum lease payments | 326,195  | 405,396  |

#### Note 18. Related parties

All directors of the company are on a voluntary basis, therefore no remuneration guidelines have been prepared. There were no related party transactions during the year.

#### Note 19. Events occurring after the reporting date

The financial report was authorised for issue on 26 October 2022 by the board of directors.

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the company in future financial years.

#### Note 20. Tax assets and liabilities

| Current tax                                    | 8,100  | 39,070 |

| Prepayment                                    | 20                       | (20)                       | -                        |
| Balance at 30 June 2022                       | 8,761                    | 10,764                     | 19,525                   |

#### Note 21. Financial risk management

The company's activities expose it to a limited variety of financial risks: market risk (including currency risk, fair value interest risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the entity. The entity does not use derivative instruments.

Risk management is carried out directly by the board of directors.

#### Market risk

The company has no exposure to any transactions denominated in a currency other than Australian dollars.

#### Price risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

#### Credit risk

The company has no significant concentrations of credit risk. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo Bank.

Note 21. Financial risk management (continued)

#### Liquidity risk

Prudent liquidity management implies maintaining sufficient cash and marketable securities and the availability of funding from credit facilities. The company believes that its sound relationship with Bendigo Bank mitigates this risk significantly.

#### Cash flow and fair value interest rate risk

Interest bearing assets are held with Bendigo Bank and subject to movements in market interest. Interest rate risk could also arise from long term borrowings. Borrowings issued at variable rates expose the company to cash flow interest rate risk. The company believes that its sound relationship with Bendigo Bank mitigates this risk significantly.

#### Capital manager

The board's policy is to maintain a strong capital base so as to sustain future development of the company. The board of directors monitor the return on capital and the potential level of dividends to shareholders. Capital is represented by total equity as recorded in the Balance Sheet.

In accordance with the franchise agreement, in any 12 month period, the funds distributed to shareholders shall not exceed the distribution limit.

The distribution limit is the greater of:

- a) 20% of the profit or funds of the franchisee otherwise available for distribution to shareholders in that 12 month period; and
- b) subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the franchisee over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid for the year ended 30 June 2021 can be seen in the Statement of Profit or Loss and Other Comprehensive Income.

The were no changes in the company's approach to capital management during the year.

Note 21. Financial risk management (continued)

#### Financial instrument composition and maturity analysis

The company's exposure to interest rate risk, which is the risk that a financial instruments value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities, is as follows:

|                             | Weighted<br>effective in |           | Floating int | erest rate | Non-intere | est bearing |
|-----------------------------|--------------------------|-----------|--------------|------------|------------|-------------|

| Lease liabilities           | 4.00                     | 4.00      | 326,195      | 405,396    | -          | -           |
| Total financial liabilities |                          |           | 387,247      | 440,909    | 109,729    | 109,210     |

|                             | \$      | \$      |
|-----------------------------|---------|---------|
| Financial assets            |         |         |
| Cash and cash equivalents   | 148,061 | 140,046 |
| Short term deposits         | 401,598 | 450,000 |
| Receivables                 | 112,122 | 91,581  |
| Total financial assets      | 661,781 | 681,627 |
| Financial liabilities       |         |         |
| Bank loans and overdrafts   | 61,052  | 35,513  |
| Trade and other payables    | 109,729 | 109,210 |
| Lease liabilities           | 326,195 | 405,396 |
| Total financial liabilities | 496,976 | 550,119 |

#### **Credit risk**

The company has no significant concentration of credit risk with respect to any single counterparty or group of counterparties other than those receivables specifically provided for and mentioned within Note 9. The main source of credit risk to the company is considered to relate to the class of assets described as 'trade and other receivables'. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit risk exposure to one financial institution, being Bendigo Bank.

2021

2021 \$

2022

\$

#### Note 22. Contingencies

On 25 June 2021, the company received a notice from the Australian Securities and Investments Commission (ASIC) requesting information to be provided to ASIC. The company has complied with the ASIC notice. As at the date of the this report the process initiated by ASIC is continuing and, as a result, no further information will be disclosed in this report.

In the opinion of the directors, the company did not have any other contingencies at 30 June 2022 (30 June 2021: None).

#### Note 23. Segment reporting

The company operates in the financial services sector where it provides banking services to its clients. The company operates in one geographic area being Dingley Vilage, Victoria. The company has a franchise agreement in place with Bendigo Bank which accounts for 100% of the revenue.

#### Note 24. Cash flow information

#### a) Reconciliation of result for the year to cashflows from operating activities

Reconciliation of net income to net cash provided by operating activities:

| Profit/(loss) for the year   | 2,952    | (59,732) |
|--|----------|----------|
| Cash flows excluded from profit attributable to operating activities                           |          |          |
| Non-cash flows in profit   |          |          |

| (Increase)/decrease in income taxes receivable   | 30,970   | -        |
| Increase/(decrease) in deferred taxes payable  | 10,765   | 2,902    |
| Increase/(decrease) in employee benefits   | (7,500)  | (5,960)  |
| Cashflow from operations   | 170,262  | 177,164  |

#### Note 25. Company details

The registered office and principal place of business of the company is:

Dingley Village Financial Services Limited Shop 11, 79 Centre Dandenong Road Dingley Village VIC 3172

# Directors' declaration

The directors of the company declare that:

- 1. The financial statements and notes for the year ended 30 June 2022 are in accordance with the *Corporations Act 2001* and:
  - a. comply with Accounting Standards, which, as stated in accounting policy note 2 to the financial statements, constitutes explicit and unreserved compliance with International Financial Reporting Standards (IFRS); and
  - b. give a true and fair view of the financial position and performance of the company.
- 2. In the directors' opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the board of directors.

**David Starvaggi** Chairman

Dated 26 October 2022

### Independent audit report

Ashfords Audit & Assurance Pty Ltd ABN 52 138 965 241 Level 3, 148 Logis Boulevard, Dandenong South VIC 3175 PO Box 4525, Dandenong South VIC 3164 (03) 9551 2822 info@ashfords.com.au

Liability Limited by a scheme approved under Professional Standards Legislation

#### **Dingley Village Financial Services Limited**

Independent Audit Report to the members of Dingley Village Financial Services Limited

#### Report on the Audit of the Financial Report

#### Opinion

We have audited the financial report of Dingley Village Financial Services Limited (the Company), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the Corporations Act 2001, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Responsibilities of Directors for the Financial Report**

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

www.ashfords.com.au

#### Dingley Village Financial Services Limited

#### Independent Audit Report to the members of Dingley Village Financial Services Limited

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures
  responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
  omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report
  represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
