

FOR ELECTRONIC DISTRIBUTION OF THE INFORMATION MEMORANDUM

*If you are not the intended recipient of this message, please do not distribute or copy the information contained in this electronic transmission, but instead, delete and destroy all copies of this electronic transmission.

IMPORTANT NOTICE

THIS INFORMATION MEMORANDUM IS AVAILABLE ONLY TO INVESTORS WHO ARE NON-U.S. PERSONS OUTSIDE OF THE U.S. IN ACCORDANCE WITH REGULATION S.

IMPORTANT: You must read the following before continuing. The following applies to the information memorandum contained in this electronic transmission ("**Information Memorandum**"), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Information Memorandum. In accessing the Information Memorandum, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access. The Information Memorandum has been prepared solely in connection with the proposed offering to certain institutional and professional investors of the securities described herein. In particular, this Information Memorandum refers to certain events as having occurred that have not occurred at the date it is made available but that are expected to occur prior to publication of the Information Memorandum to be published in due course. Investors should not subscribe for or purchase securities except on the basis of information in the Information Memorandum. Copies of the Information Memorandum will, following publication, be published and made available to the public in accordance with the applicable rules.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY THE SECURITIES DESCRIBED IN THE INFORMATION MEMORANDUM IN ANY JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

BENDIGO AND ADELAIDE BANK LIMITED ("**BEN**"), AS SPONSOR UNDER THE FINAL RULES PROMULGATED UNDER SECTION 15G OF THE U.S. SECURITIES EXCHANGE ACT OF 1934, AS AMENDED (THE "**U.S. RISK RETENTION RULES**"), DOES NOT INTEND TO RETAIN AT LEAST 5 PER CENT. OF THE CREDIT RISK OF THE "SECURITIZED ASSETS" (AS SUCH TERM IS DEFINED FOR PURPOSES OF THE U.S. RISK RETENTION RULES) FOR PURPOSES OF COMPLIANCE WITH THE U.S. RISK RETENTION RULES, BUT RATHER INTENDS TO RELY ON AN EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES REGARDING NON-U.S. TRANSACTIONS. CONSEQUENTLY, EXCEPT WITH THE PRIOR WRITTEN CONSENT OF BEN (A "**U.S. RISK RETENTION CONSENT**") AND WHERE SUCH SALE FALLS WITHIN THE EXEMPTION PROVIDED BY SECTION 20 OF THE U.S. RISK RETENTION RULES, ON THE CLOSING DATE, THE NOTES OFFERED AND SOLD BY THE TRUSTEE MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES ("**RISK RETENTION U.S. PERSONS**"). PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "U.S. PERSON" IN REGULATION S. ON THE CLOSING DATE, THE NOTES (AND ANY BENEFICIAL INTEREST IN THE NOTES) MAY ONLY BE PURCHASED BY PERSONS THAT ARE (A) NOT RISK RETENTION U.S. PERSONS OR (B) PERSONS THAT HAVE OBTAINED A U.S. RISK RETENTION CONSENT FROM BEN. EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST THEREIN BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST, WILL BE DEEMED TO HAVE REPRESENTED THAT IT (1) EITHER (I) IS NOT A RISK RETENTION U.S. PERSON OR (II) HAS OBTAINED A U.S. RISK RETENTION CONSENT, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. LIMITATION ON RISK RETENTION U.S. PERSONS IN THE EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES). ANY RISK RETENTION U.S. PERSON WISHING TO PURCHASE NOTES MUST INFORM BEN AND THE JOINT LEAD MANAGERS THAT IT IS A RISK RETENTION U.S. PERSON. CERTAIN INVESTORS

MAY BE REQUIRED BY BEN TO EXECUTE A WRITTEN CERTIFICATE OF REPRESENTATION IN RESPECT OF THEIR STATUS UNDER THE U.S. RISK RETENTION RULES.

THIS ELECTRONIC TRANSMISSION IS NOT TO BE DISTRIBUTED OR FORWARDED TO ANY PERSON OTHER THAN THE INTENDED RECIPIENTS OF THIS ELECTRONIC TRANSMISSION AND ANY PERSON RETAINED TO ADVISE THE PERSON RECEIVING THIS ELECTRONIC TRANSMISSION WITH RESPECT TO THE OFFERING CONTEMPLATED IN THE INFORMATION MEMORANDUM AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS. EXCEPT AS EXPRESSLY AUTHORIZED HEREIN, THE INFORMATION CONTAINED IN THIS ELECTRONIC TRANSMISSION IS CONFIDENTIAL INFORMATION INTENDED ONLY FOR THE USE OF THE ENTITY OR INDIVIDUAL TO WHOM IT IS ADDRESSED.

THIS ELECTRONIC TRANSMISSION IS ONLY BEING DISTRIBUTED TO AND IS DIRECTED ONLY AT PERSONS (A) WHO ARE OUTSIDE OF THE UNITED KINGDOM; OR (B) WITHIN THE UNITED KINGDOM AND WHO (I) HAVE PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS AND ARE INVESTMENT PROFESSIONALS WITHIN THE MEANING OF ARTICLE 19(5) OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (FINANCIAL PROMOTION) ORDER 2005 (AS AMENDED) (THE "FPO") OR (II) ARE PERSONS FALLING WITHIN ARTICLE 49(2)(A) TO (D) ("HIGH NET WORTH COMPANIES, UNINCORPORATED ASSOCIATIONS ETC") OF THE FPO OR (III) ARE PERSONS TO WHOM THIS ELECTRONIC TRANSMISSION MAY OTHERWISE LAWFULLY BE COMMUNICATED OR CAUSED TO BE COMMUNICATED UNDER THE FPO (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS "**RELEVANT PERSONS**"). THE INFORMATION IN THIS ELECTRONIC TRANSMISSION MUST NOT BE ACTED ON OR RELIED ON BY PERSONS WHO ARE NOT RELEVANT PERSONS. ANY INVESTMENT OR INVESTMENT ACTIVITY TO WHICH THE INFORMATION IN THIS ELECTRONIC TRANSMISSION RELATES IS AVAILABLE ONLY TO RELEVANT PERSONS AND WILL BE ENGAGED IN ONLY WITH RELEVANT PERSONS.

Confirmation of your Representation: The Information Memorandum is being sent at your request and (except as otherwise agreed in writing by the Manager) by accepting the electronic transmission of this Information Memorandum and accessing the Information Memorandum, you shall be deemed to have confirmed and represented that you and any entity that you represent are outside the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and not a U.S. person, and that you consent to delivery of the Information Memorandum by electronic transmission.

You are reminded that the Information Memorandum has been delivered to you on the basis that you are a person into whose possession the Information Memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the Information Memorandum, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you will be unable to purchase any of the securities described herein.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the managers or any affiliate of the managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the managers or such affiliate on behalf of the Trustee in such jurisdiction.

The Information Memorandum has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of National Australia Bank Limited, Australia and New Zealand Banking Group Limited, Commonwealth Bank of Australia, Macquarie Bank Limited, Westpac Banking Corporation, Bendigo and Adelaide Bank Limited nor any person who controls any of them nor any director, officer, employee nor agent or affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between the Information Memorandum distributed to you in electronic format herewith and the hard copy version available to you on request from National Australia Bank Limited, Australia and New Zealand Banking Group Limited, Commonwealth Bank of Australia, Macquarie Bank Limited, Westpac Banking Corporation and Bendigo and Adelaide Bank Limited.

You are responsible for protecting against viruses and other destructive items. Your use of this electronic transmission is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

1. IMPORTANT NOTICE

1.1 Terms

References in this Information Memorandum (“**Information Memorandum**”) to various documents are explained in Section 14. Unless defined elsewhere, all other terms are defined in the Glossary in Section 15. Sections 14 and 15 should be referred to in conjunction with any review of this Information Memorandum.

Any reference in this Information Memorandum to BEN in connection with the Housing Loans is to be construed as a reference to Housing Loans originated by or on behalf of BEN.

1.2 Purpose

This Information Memorandum relates solely to a proposed issue of the Class A Notes, Class AB Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class F Notes by Perpetual Trustee Company Limited ABN 42 000 001 007, in its capacity as trustee of the TORRENS Series 2026-1 Trust (the “**Trustee**”). This Information Memorandum does not relate to, and is not relevant for, any other purpose.

1.3 Limited Responsibility for Information

The Manager has prepared and authorised the distribution of this Information Memorandum and has accepted sole responsibility for the information contained in it except for Section 6.1 which has been prepared and authorised by BEN.

None of BEN (except for Section 6.1), Perpetual Trustee Company Limited ABN 42 000 001 007, P.T. Limited ABN 67 004 454 666, National Australia Bank Limited ABN 12 004 044 937 (in any capacity) (“**NAB**”), Australia and New Zealand Banking Group Limited ABN 11 005 357 522 (“**ANZ**”), Commonwealth Bank of Australia ABN 48 123 123 124 (“**CBA**”), Macquarie Bank Limited ABN 46 008 583 542 (“**Macquarie**”) or Westpac Banking Corporation ABN 33 007 457 141 (“**Westpac**”), nor any of their Related Bodies Corporates, subsidiaries, officers, agents or employees have prepared, authorised, caused the issue of, or have (and expressly disclaim) any responsibility or liability for, whether arising in tort or contract or otherwise, or made any statement in, any part of this Information Memorandum, other than as expressly stated in this Information Memorandum. Furthermore, neither Perpetual Trustee Company Limited nor P.T. Limited has had any involvement in the preparation of any part of this Information Memorandum (other than where parts of this Information Memorandum contain particular corporate references to Perpetual Trustee Company Limited or P.T. Limited).

Whilst the Manager believes the statements made in this Information Memorandum are accurate, neither it nor BEN, Perpetual Trustee Company Limited, P.T. Limited, NAB (in any capacity), ANZ, CBA, Macquarie, Westpac, nor any of their Related Bodies Corporate, subsidiaries, officers, agents or employees, nor any external adviser to any of the foregoing makes any representation or warranty, express or implied, as to, nor assumes any responsibility or liability for, the authenticity, origin, validity, accuracy or completeness of, or any errors or omissions in, any information, statement, opinion or forecast contained in this Information Memorandum or in any previous, accompanying or subsequent material or presentation unless otherwise expressed in this Information Memorandum.

1.4 Date of this Information Memorandum

This Information Memorandum has been prepared as at 28 September 2026 (the “**Preparation Date**”), based upon information available, and the facts and circumstances known, to the Manager (or, in the case of Section 6, BEN) at that time.

Neither the delivery of this Information Memorandum, nor any offer or issue of the Notes, at any time after the Preparation Date implies or should be relied upon as a representation or warranty, that:

- (a) there has been no change since the Preparation Date in the affairs or financial condition of the TORRENS Series 2026-1 Trust (the “**Series Trust**”), the Trustee, BEN, the Manager or any other party named in this Information Memorandum; or

- (b) the information contained in this Information Memorandum is correct at such later time.

Neither the Manager, BEN nor any other person accepts any responsibility to holders of the Notes (the “**Noteholders**”) or prospective Noteholders to update this Information Memorandum after the Preparation Date with regard to information or circumstances which come to its attention after the Preparation Date.

1.5 Summary Only

This Information Memorandum is only a summary of the terms and conditions of the Notes and the Series Trust and should not be relied upon by intending subscribers or purchasers of the Notes. Instead, the definitive terms and conditions of the Notes and the Series Trust are contained in the Transaction Documents. If there is any inconsistency between this Information Memorandum and the Transaction Documents, the Transaction Documents should be regarded as containing the definitive information. A copy of the Transaction Documents may be inspected by intending subscribers or purchasers of the Notes, on the conditions contained in Section 13, at the offices of NAB, ANZ, CBA, Macquarie or Westpac as referred to in the Directory at the back of this Information Memorandum.

1.6 Independent Investment Decisions

This Information Memorandum is not intended to be, and does not constitute, a recommendation by the Manager, BEN, Perpetual Trustee Company Limited, P.T. Limited, NAB (in any capacity), ANZ, CBA, Macquarie or Westpac that any person subscribe for or purchase any Notes. Accordingly, any person contemplating the subscription or purchase of the Notes must:

- (a) make their own independent investigation (with particular reference to their investment objectives and experience) of the terms of the Notes and the financial condition, affairs and creditworthiness of the Series Trust, after taking all appropriate tax, accounting, legal and other advice from qualified professional persons; and
- (b) base, and will be deemed to have based, any investment decision on the investigation and advice referred to in paragraph (a) and not on this Information Memorandum.

Each person contemplating the subscription or purchase of the Notes acknowledges that it has been afforded the opportunity to request from, and to review, all information considered by it to be necessary to verify the accuracy of, or to supplement, the information contained in this Information Memorandum.

No person is authorised to give any information or to make any representation which is not contained in this Information Memorandum and any information or representation not contained in this Information Memorandum must not be relied upon as having been authorised by or on behalf of BEN, the Manager, NAB (in any capacity), ANZ, CBA, Macquarie or Westpac.

None of the Arranger or the Joint Lead Managers owe any fiduciary or other duties to any recipient of this Information Memorandum in connection with the Offered Notes and/or any related transactions. No reliance may be placed on any of the Arranger or the Joint Lead Managers for financial, legal, taxation, accounting or investment advice or recommendations.

1.7 Responsibility for Transaction Documents

NAB as Arranger and Joint Lead Manager, ANZ as Joint Lead Manager, CBA as Joint Lead Manager, Macquarie as Joint Lead Manager and Westpac as Joint Lead Manager have no responsibility to or liability for and do not owe any duty to any person who purchase or intends to purchase Notes in respect of this transaction, including without limitation to:

- (a) the admission to listing and/or trading of any of the Notes;
- (b) the accuracy or completeness of any information contained in this Information Memorandum and has not separately verified the information contained in this Information Memorandum and makes no representation, warranty or undertaking, express or implied as to the accuracy or completeness of, or any errors or omissions in any information contained in this Information Memorandum or any other information supplied in connection with the Notes (except, in each case, as expressly stated in this Information Memorandum);

- (c) the preparation and due execution of the Transaction Documents and the power, capacity or due execution of the Transaction Documents and the power, capacity or due authorisation of any other party to enter into and execute the Transaction Documents or the enforceability of any of the obligations set out in the Transaction Documents (other than the Arranger's and each Dealer's obligations under the Dealer Agreement) including but not limited to the application of competition laws or the consequences of any such laws applying; and
- (d) the legal or taxation position or treatment of the Transaction Documents, this Information Memorandum, any marketing materials or the transactions contemplated by them.

1.8 Distribution to Professional Investors Only

This Information Memorandum has been prepared on a confidential basis for distribution only to professional investors whose ordinary business includes the buying or selling of securities such as the Notes. This Information Memorandum is not intended for, should not be distributed to, and should not be construed as an offer or invitation to, any other person.

1.9 No Public Offer

No action has been taken or will be taken which would permit a public offering of the Notes, or possession or distribution of this Information Memorandum in any country or jurisdiction where action for that purpose is required.

1.10 No disclosure under the Corporations Act

This Information Memorandum is not a "Product Disclosure Statement" or a "Prospectus" for the purposes of the Corporations Act and is not required to be lodged with the Australian Securities and Investments Commission ("ASIC"). Nor will any disclosure document (as defined in the Corporations Act) be lodged with ASIC in respect of the Notes. This Information Memorandum has not been prepared specifically for investors in Australia and is not required to, and does not, contain all of the information which would be required in a disclosure document. Accordingly, a person may not (directly or indirectly) offer for subscription or purchase or issue invitations to subscribe for or buy or sell the Notes, or distribute this Information Memorandum where such offer, issue or distribution is received by a person in the Commonwealth of Australia, its territories or possessions ("**Australia**"), except if:

- (a) either:
 - (i) the amount payable by the transferee in relation to the relevant Notes is A\$500,000 or more (or its equivalent in an alternate currency, and in either case, disregarding moneys lent by the offeror or its associates); or
 - (ii) the offer is to a professional investor for the purposes of section 708 of the Corporations Act; or
 - (iii) if the offer or invitation to the transferee is otherwise an offer or invitation that does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act;
- (b) the offer or invitation does not constitute an offer to a "retail client" under Chapter 7 of the Corporations Act (including, without limitation the financial services licensing requirements of the Corporations Act);
- (c) the offer or invitation complies with all applicable laws, regulations and directives; and
- (d) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

1.11 Section 309B(1)(c) of the Securities and Futures Act 2001 Notification

In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), the Manager has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA) that the Notes are capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in Monetary Authority of Singapore (“MAS”) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

1.12 Notice to investors in Singapore

By accepting this Information Memorandum, if you are an investor in Singapore, you:

- (a) represent and warrant that you are either:
 - (i) an institutional investor (as defined in section 4A of the SFA) pursuant to Section 274 of the SFA; or
 - (ii) an accredited investor (as defined in section 4A of the SFA) pursuant to and in accordance with the conditions specified in section 275 of the SFA; and
- (b) agree to be bound by the limitations and restrictions described therein.

1.13 Prohibition of sales to European Economic Area retail investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a “retail investor” means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”);
- (b) a customer within the meaning of Directive (EU) 2016/97 (as amended) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (c) not a qualified investor (an “EU Qualified Investor”) as defined in Regulation (EU) 2017/1129, as amended (the “EU Prospectus Regulation”).

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The expression “offer” includes the communication in any form by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

This Information Memorandum is not a prospectus for the purposes of the EU Prospectus Regulation. This Information Memorandum has been prepared on the basis that any offer of Notes in the EEA will be made only to a person or entity qualifying as an EU Qualified Investor. Accordingly any person making or intending to make an offer in the EEA of Notes which are the subject of the offering contemplated in this Information Memorandum may only do so to one or more EU Qualified Investors. None of the Manager, the Trustee, the Arranger nor any of the Dealers or Joint Lead Managers have authorised, nor do they authorise, the making of any offer of Notes in the EEA other than to one or more EU Qualified Investors.

1.14 MiFID II product governance / professional investors and ECPs only target market

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that:

- (a) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and
- (b) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.

Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the manufacturer's target market assessment, however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

1.15 Prohibition of sales to UK retail investors

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a "retail investor" means a person who is either one (or both) of the following:

- (a) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended ("**EUWA**"); or
- (b) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 ("**POATRs**").

Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

The expression "offer" includes the communication in any form by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

This Information Memorandum is not a prospectus under the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook. This Information Memorandum has been prepared on the basis that any offer of Notes in the UK may only be done in circumstances where an exception to the prohibition of public offers of relevant securities (the "**UK public offer prohibition**") in Regulation 12 of the POATRs applies in relation to such offer. Accordingly, any person making or intending to make an offer in the UK of Notes which are the subject of this Information Memorandum may only do so in circumstances which do not contravene the UK public offer prohibition. None of the Manager, Trustee nor Joint Lead Managers have authorised, nor do they authorise the making of any offer of Notes in the UK other than in the circumstances described above.

1.16 UK MiFIR product governance / professional investors and ECPs only target market

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that:

- (a) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law of the UK by virtue of the European Union (Withdrawal) Act 2018; and

- (b) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.

Any person subsequently offering, selling or recommending the Notes (a “**Distributor**”) should take into consideration the manufacturer’s target market assessment, however, a Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

1.17 Notice to investors in Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) (“**Financial Instruments and Exchange Act**”) and, accordingly, the Notes are not directly or indirectly, being and may not be offered or sold in Japan or to, or for the account or benefit of, any Japanese Person, or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person, except pursuant to an exemption from the registration requirements of and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and ministerial guidelines of Japan.

For the purposes of this paragraph, “Japanese Person” means a “resident” of Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended). Any branch or office in Japan of a non-resident will be deemed to be a resident irrespective of whether such branch or office has the power to represent such non-resident.

1.18 Offshore Associates Not to Acquire Notes

It is intended that the Notes will be offered in a manner which will satisfy the conditions for an exemption from Australian interest withholding tax in section 128F of the Tax Act. Accordingly, Notes issued pursuant to this Information Memorandum must not be purchased by an Offshore Associate of BEN or the Trustee other than one acting in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes or in the capacity of a clearing house, custodian, funds manager or responsible entity of an Australian registered scheme (ie, a Permitted Offshore Associate).

An Offshore Associate means an associate (as defined in section 128F of the Tax Act) that is either a non-resident of Australia that does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires the Notes in carrying on a business at or through a permanent establishment outside of Australia.

1.19 Disclosure of Interests

The Manager discloses that each of BEN, the Manager, Perpetual Trustee Company Limited, P.T. Limited, NAB, ANZ, CBA, Macquarie or Westpac (together, the “**Transaction Parties**”), in addition to the arrangements and interests it will or may have with respect to the Sponsor, the Manager, the Servicer and Perpetual Trustee Company Limited (in its capacity as trustee of the Series Trust or as trustee of a trust in respect of any other Series) (together, the “**Group**”) as described in this Information Memorandum (the “**Transaction Document Interests**”) it, its Related Bodies Corporate, subsidiaries, directors, officers, agents and employees:

- (a) may from time to time be a Noteholder or have a pecuniary or other interests with respect to the Notes and they may also have interests relating to other arrangements with respect to a Noteholder or a Note; and
- (b) may receive or may pay fees, brokerage and commissions or other benefits, and act as principal with respect to any dealing with respect to any Notes,

(together, the “**Note Interests**”).

Each purchaser of Notes acknowledges these disclosures and further acknowledges and agrees that:

- (a) each of the Transaction Parties and each of their Related Bodies Corporate, subsidiaries, directors, officers, agents and employees (each a “**Relevant Entity**”) will have the Transaction Document Interests and may from time to time have the Note Interests and is, and from time to time may be, involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research (the “**Other Transactions**”) in various capacities in respect of any member of the Group or any other person, both on the Relevant Entity’s own account and for the account of other persons (the “**Other Transaction Interests**”);
- (b) each Relevant Entity may even purchase the Notes for their own account and enter into transactions, including credit derivatives, such as asset swaps, repackaging and credit default swaps relating to the Notes at the same time as the offer and sale of the Notes or in secondary market transactions. Such transactions may be carried out as bilateral trades with selected counterparties and separately from any offering, sale or resale of the Notes to which this document relates;
- (c) each Relevant Entity may indirectly receive proceeds of the Notes in repayment of debt financing arrangements involving a Relevant Entity. For example, this could occur if the proceeds of the Notes form the purchase price used to acquire the assets that are currently financed under existing debt financing arrangements involving a Relevant Entity and that purchase price is in turn used to repay any of the debt financing owing to that Relevant Entity;
- (d) each Relevant Entity in the ordinary course of business (whether with respect to the Transaction Document Interests, the Note Interests, the Other Transaction Interests or otherwise) may act independently of any other Relevant Entity;
- (e) to the maximum extent permitted by applicable law the duties of each Relevant Entity in respect of the Notes are limited to the contractual obligations of the Transaction Parties as set out in the Transaction Documents and, in particular, no advisory or fiduciary duty is owed to any person;
- (f) a Relevant Entity may have or come into possession of information not contained in this Information Memorandum that may be relevant to any decision by a potential investor to acquire the Notes and which may or may not be publicly available to potential investors (“**Relevant Information**”);
- (g) to the maximum extent permitted by applicable law, no Relevant Entity is under any obligation to disclose any Relevant Information to any member of the Group or to any potential investor and this Information Memorandum and any subsequent conduct by a Relevant Entity should not be construed as implying that the Relevant Entity is not in possession of such Relevant Information or that any information in this Information Memorandum or otherwise is accurate or up to date; and
- (h) each Relevant Entity may have various potential and actual conflicts of interest arising in the ordinary course of its business, including in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests. For example, the exercise of rights against a member of the Group arising from the Transaction Document Interests (for example, by a dealer, an arranger, an interest rate swap provider or liquidity facility provider) or from an Other Transaction may affect the ability of the Group member to perform its obligations in respect of the Notes. In addition, the existence of a Transaction Document Interest or Other Transaction Interest may affect how a Relevant Entity in another capacity (eg. as a Noteholder) may seek to exercise any rights it may have in that capacity. These interests may conflict with the interests of the Group or a Noteholder, and the Group or a Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Relevant Entity is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests and may otherwise continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders or the Group, and the Relevant Entities may in so doing act without notice to, and without regard to, the interests of any such person.

This is not a comprehensive or definitive list of all actual or potential conflicts of interest.

No Relevant Entity is responsible, or liable to any person, for any potential or actual conflicts of interest arising in the course of a Relevant Entity's business, including in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests, and is not required to monitor or ensure that no such conflict exists.

1.20 Limited Recovery

Any obligation or liability of the Trustee arising under or in any way connected with the Notes and Redraw Notes, the Master Trust Deed, the Series Supplement, the Security Trust Deed or any other Transaction Document to which the Trustee is a party is limited, except in the case of fraud, negligence or wilful default on the part of the Trustee or its officers, employees or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents, to the extent to which it can be satisfied out of the Assets of the Series Trust out of which the Trustee is actually indemnified for the obligation or liability. Other than in the exception previously mentioned, the assets of the Trustee, the Security Trustee or any other member of the Perpetual group are not available to meet payments of interest or repayment of principal on the Notes.

1.21 References to Rating

There are various references in this Information Memorandum to the credit rating of the Notes and of particular parties. It is anticipated that the Class A Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class AB Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class B Notes will be rated Aa2(sf) by Moody's, the Class C Notes will be rated A2(sf) by Moody's, the Class D Notes will be rated Baa1(sf) by Moody's and the Class E Notes will be rated Ba1(sf) by Moody's. It is anticipated that the Class F Notes will not be rated. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating agencies. The rating of the Notes addresses the likelihood of the payment of principal and interest on the Notes pursuant to their terms. See "Ratings" in Section 2.3 below. Other than this Section 1.21, the rating agencies have not been involved in the preparation of this Information Memorandum.

1.22 No Guarantee

None of BEN, the Manager, Perpetual Trustee Company Limited, P.T. Limited, NAB, ANZ, CBA, Macquarie, Westpac, the Security Trustee or any of their respective Related Bodies Corporate, subsidiaries, officers, agents or employees guarantees the success of the Notes issued by the Trustee or the repayment of capital or any particular rate of capital or income return in respect of the investment by Noteholders in the Notes.

1.23 No financial product advice

The information contained in this Information Memorandum is general information only and does not take into account the personal objectives, financial situation or needs of any investor contemplating purchasing any of the Notes. A potential investor should read this Information Memorandum carefully, and obtain such advice as it requires, to assess whether the information is appropriate for it and its circumstances before making an investment decision.

This Information Memorandum has no regard to the specific investment objectives, financial situation, or particular needs of any specific recipient. Structured transactions are complex and may involve a high risk of loss. Prior to acquiring the Notes, recipients should consult with their own legal, regulatory, tax, business, investment, financial and accounting advisers to the extent that they deem necessary, and make their own investment, hedging and trading decisions (including decisions regarding the suitability of this investment) based upon their own judgement and upon advice from such advisers as they deem necessary and not upon any view expressed by BEN, the Dealers, the Joint Lead Managers and the Arranger. BEN, the Dealers, the Joint Lead Managers and the Arranger, their related bodies corporate (as defined in the Corporations Act) and their directors and employees are not acting as advisers to recipients and do not assume any duty of care in this respect.

Neither this Information Memorandum nor any other information supplied in connection with the Notes is intended to provide, or should be regarded as intending to provide, the basis of any credit or other

evaluation or decision in relation to the Notes. It should not be considered as a recommendation or a statement of opinion, or report of either of those things, by any Relevant Entity that any recipient of this Information Memorandum, or of any other information supplied in connection with the Notes, should purchase or make any other decision in relation to any of the Notes. Each investor contemplating purchasing any of the Notes should make its own independent investigation of the Trustee, the Trust, the Housing Loans and the Notes and each investor should seek its own tax, accounting and legal advice as to the consequence of investing in any of the Notes. No Relevant Entity accepts any responsibility for, or makes any representation as to the tax consequences of investing in the Notes.

1.24 U.S. persons

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Trustee has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended (“**Investment Company Act**”). An interest in the Notes may not be offered, sold or, in the case of Notes in bearer form, delivered within the United States of America or to, or for the account or benefit of, a “U.S. person” (as defined in Regulation S under the Securities Act (“**Regulation S**”)) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

1.25 EU Securitisation Regulation and UK Securitisation Framework

European Union (“EU”) legislation comprising Regulation (EU) 2017/2402 of the European Parliament and of the Council of 12 December 2017 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation and amending certain other EU directives and regulations (as amended, the “**EU Securitisation Regulation**”) is applicable (subject to certain grandfathering and transitional provisions) in the European Economic Area (the “**EEA**” which includes the EU member states (where it applies in general from 1 January 2019 and, from 9 April 2021, where it applies as amended by Regulation (EU) 2021/557), and non-EU EEA member states (Iceland, Norway, Liechtenstein), where it applies from 1 August 2025) in which it has been implemented. The EU Securitisation Regulation, together with applicable regulatory and/or implementing technical standards or delegated regulations made under the EU Securitisation Regulation (including any applicable transitional provisions) and/or any relevant guidance and directions published in relation thereto by the European Banking Authority (the “**EBA**”), the European Securities and Markets Authority (the “**ESMA**”) and the European Insurance and Occupational Pensions Authority (or in each case, any predecessor or any other applicable regulatory authority), by the European Commission or by the European Central Bank, in each case as amended, varied or substituted and in effect from time to time (the “**EU Securitisation Regulation Rules**”) impose certain restrictions and obligations with regard to securitisations (as such term is defined for purposes of the EU Securitisation Regulation).

It should be noted that some legislative measures necessary for the full implementation of the EU Securitisation Regulation regime have not yet been finalised and compliance with certain requirements may be subject to the application of transitional provisions. In addition, further amendments are expected to be introduced to the EU Securitisation Regulation regime as a result of its periodic review. In this regard, it should be noted that on 17 June 2025, the European Commission published legislative proposals on wide ranging reforms to the prudential and non-prudential regulation of securitisation, including proposals on amendments to the EU Securitisation Regulation (the “**EU SR Proposals**”). The EU SR Proposals, among other things, are aimed at potentially reducing the regulatory burden of compliance with the investor due diligence and transparency requirements and include the new mandate for amending the technical standards prescribing the EU reporting templates. However, the parameters for what constitutes a “public” securitisation are proposed to be broadened, potentially capturing all deals with a listing in the EU or deals that are broadly marketed. It is also proposed that all “public” and “private” securitisations are subject to mandatory reporting via an EU-registered securitisation repository (although it appears that this may not apply to third country securitisations). The new mandate on amendments to the technical standards on the EU reporting templates anticipates that “public” securitisations would become subject to a more streamlined and less burdensome reporting regime and that privately negotiated securitisations would be required to prepare only a simple EU supervisor-focused template and would otherwise be subject to a less prescriptive asset-level and investor reporting regime. Further consultations on amendments to the relevant EU technical standards are expected in due course. Therefore, there remains uncertainty as to whether the revised reporting regime will work for third country securitisation issuers and it is also unclear at this stage whether there will be any transitional or grandfathering provisions. It should also be noted that the EU SR Proposals do not represent the final position and that

they will be subject to the inter-institutional trilogue negotiation process before a political agreement is reached on all amendments. Note in this regard that the Council's and the European Parliament's negotiation positions published in December 2025 and May 2026, respectively, already indicate that in a few areas the co-legislators' approach to the EU SR Proposals is not aligned. This includes, for example, certain due diligence matters (including third country due diligence on transparency requirements) and the need for redefining what is a "public" or "private" securitisation and certain risk retention-related changes. The timing of the overall process (that is, how quickly a political compromise on the final position will be reached) and whether the EU SR Proposals will be adopted in full or in part or further amended during the trilogue negotiation remains to be seen but it is expected that a political agreement on amendments will be reached before the end of 2026. It is also unclear how and when such reforms may be implemented in the non-EU EEA member states, as it will require additional legislative procedures to be completed first before any amendments become applicable in such member states. No assurances can be made that these reforms (including amendments to any existing technical standards or the development of new ones) will not introduce new risks, new compliance challenges or will benefit the parties to this transaction and/or the Notes.

With respect to the United Kingdom (the "UK"), following the UK's withdrawal from the EU at the end of 2020, a UK securitisation regulation regime became applicable in the UK largely mirroring (with some adjustments) the EU Securitisation Regulation as it applied in the EU at the end of 2020. However, from 1 November 2024, such regime was revoked and has been replaced with a new recast regime introduced under the FSMA and related thereto (i) the Securitisation Regulations 2024 (SI 2024/102), as amended (the "**2024 UK SR SI**"); as well as (ii) the Securitisation Part of the Prudential Regulation Authority (the "**PRA**") Rulebook (the "**PRA Securitisation Rules**") and the securitisation sourcebook (the "**SECN**") of the Financial Conduct Authority (the "**FCA**") Handbook (collectively, the "**UK Securitisation Framework**").

Note that on 17 February 2026, the PRA and the FCA published consultations on further changes to their rulebooks, which, among other things, include proposals for further simplification of the UK due diligence rules, including those relating to risk retention, credit granting standards, transparency and reporting and requirements for ongoing due diligence. The HM Treasury is also expected in due course to publish a related statutory instrument with further amendments to the 2024 UK SR SI which is expected to address, among other things, the recast due diligence applicable to occupational pension scheme investors. The timing of entry into force of the proposed changes is still to be confirmed. The PRA refers to the implementation date being in the second quarter of 2027, with the FCA intending to make their final rules in the second half of 2026 subject to a delayed entry into force until six months after making the final rules. Because of this delay of the implementation date, no transitional or grandfathering provisions are being proposed.

Please note that some divergence between the EU and UK regimes exists already. While the UK Securitisation Framework brought some alignment with the EU Securitisation Regulation regime, it also introduced new points of divergence. However, the UK regulators' proposals on the second phase of the UK reforms bring significant simplification to the UK due diligence rules that will make some of such divergence less material in practice for non-UK sell-side parties that seek to attract relevant UK institutional investors. Therefore, while further divergence between the EU and UK regimes is likely, whether such divergence has material impact on the transaction and/or the Notes will depend on how the ongoing reforms in the EU and the UK will be finalised and implemented. If the second phase of the UK reforms is implemented as proposed later in 2027, the UK institutional investors will have significant flexibility to exercise their discretion when carrying out their due diligence on credit granting standards, risk retention and transparency under the new simplified rules of the UK Securitisation Framework.

EU SR Investor Requirements

Article 5 of the EU Securitisation Regulation, places certain conditions (the "**EU SR Investor Requirements**") on investments in securitisations (as defined in the EU Securitisation Regulation) by "institutional investors", defined in the EU Securitisation Regulation to include: (a) a credit institution or an investment firm as defined in and for the purposes of Regulation (EU) No 575/2013, as amended, known as the Capital Requirements Regulation (the "**EU CRR**"), (b) an insurance undertaking or a reinsurance undertaking as defined in Directive 2009/138/EC, as amended, known as Solvency II, (c) an alternative investment fund manager as defined in Directive 2011/61/EU that manages or markets alternative investment funds in the EEA, (d) an undertaking for collective investment in transferable securities ("**UCITS**") management company, as defined in Directive 2009/65/EC, as amended, known as the UCITS Directive, or an internally managed UCITS, which is an investment company that is authorised in accordance with that Directive and has not designated such a management company for its management, and (e) with certain exceptions an institution for occupational retirement provision falling

within the scope of Directive (EU) 2016/2341, or an investment manager or an authorised entity appointed by such an institution for occupational retirement provisions as provided in that Directive. Pursuant to Article 14 of the EU CRR, the EU SR Investor Requirements also apply to investments by certain consolidated affiliates, wherever established or located, of institutions regulated under the EU CRR (such affiliates, together with all such institutional investors, "**EU SR Affected Investors**").

The EU SR Investor Requirements apply to investments by EU SR Affected Investors regardless of whether any party to the relevant securitisation is subject to any EU Transaction Requirement (as defined below).

The EU SR Investor Requirements provide that, prior to investing in (or otherwise holding an exposure to) a "securitisation position" (as defined in the EU Securitisation Regulation), an EU SR Affected Investor, other than the originator, sponsor or original lender (each as defined in the EU Securitisation Regulation) must, among other things: (a) verify that, where the originator or original lender is established in a third country (that is, not within the EEA), the originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness, (b) verify that, if the originator, the original lender or the sponsor is established in a third country (that is, not within the EEA), the originator, sponsor or original lender retains on an ongoing basis a material net economic interest which, in any event, shall not be less than 5%, determined in accordance with Article 6 of the EU Securitisation Regulation, and discloses the risk retention to EU SR Affected Investors, (c) verify that the originator, sponsor or securitisation special purpose entity ("**SSPE**") has, where applicable, made available the information required by Article 7 of the EU Securitisation Regulation (which sets out transparency requirements for originators, sponsors and SSPEs) in accordance with the frequency and modalities provided for in Article 7, and (d) carry out a due-diligence assessment in accordance with the EU Securitisation Regulation Rules which enables the EU SR Affected Investor to assess the risks involved, considering at least (i) the risk characteristics of the securitisation position and the underlying exposures, and (ii) all the structural features of the securitisation that can materially impact the performance of the securitisation position.

In addition, the EU SR Investor Requirements oblige each EU SR Affected Investor, while holding a securitisation position, to (a) establish appropriate written procedures in order to monitor, on an ongoing basis, its compliance with the foregoing requirements and the performance of the securitisation position and of the underlying exposures, (b) regularly perform stress tests on the cash flows and collateral values supporting the underlying exposures, (c) ensure internal reporting to its management body to enable adequate management of material risks, and (d) be able to demonstrate to its regulatory authorities that it has a comprehensive and thorough understanding of the securitisation position and its underlying exposures and has implemented written policies and procedures for managing risks of the securitisation position and maintaining records of the foregoing verifications and due diligence and other relevant information.

It remains unclear what is and will be required for EU SR Affected Investors to demonstrate compliance with certain aspects of the EU SR Investor Requirements.

If any EU SR Affected Investor fails to comply with the EU SR Investor Requirements with respect to an investment in the Offered Notes, it may be subject (where applicable) to a penalty regulatory capital charge with respect to any securitisation position acquired by it or on its behalf, and it may be subject to other regulatory sanctions by the competent authority of such EU SR Affected Investor or may be required to take corrective action. The EU Securitisation Regulation Rules and any other changes to the regulation or regulatory treatment of the Offered Notes for some or all investors may negatively impact the regulatory position of an EU SR Affected Investor and have an adverse impact on the value and liquidity of the Offered Notes. Prospective investors should analyse their own regulatory position, and should consult with their own investment and legal advisors regarding application of, and compliance with, the EU Securitisation Regulation Rules or other applicable regulations and the suitability of the Offered Notes for investment.

UK Due Diligence Rules

Under the UK Securitisation Framework, there are different sources prescribing the requirements relating to institutional investor due diligence: (i) for the PRA-regulated firms, these are set out in Article 5 of Chapter 2 of the PRA Securitisation Rules (the "**PRA Due Diligence Rules**"); (ii) for an occupational pension scheme as defined in section 1(1) of the Pension Schemes Act 1993 that has its main administration in the UK (the "**OPS**"), these are set out in regulations 32B, 32C and 32D of the 2024 UK

SR SI (the “**OPS Due Diligence Rules**”); and (iii) for all other types of UK institutional investor, these are set out in SECN 4 (the “**FCA Due Diligence Rules**” and, collectively with the PRA Due Diligence Rules and the OPS Due Diligence Rules, the “**UK Due Diligence Rules**”). The UK Due Diligence Rules mirror Article 5 of the EU Securitisation Regulation described above, but with some material differences (the UK Due Diligence Rules together with the EU SR Investor Requirements, the “**Investor Requirements**”). As in the EU, the UK Due Diligence Rules require that certain matters must be verified and assessed prior to holding a securitisation position and that certain due diligence must be carried out on an ongoing basis while holding the securitisation position. The “institutional investors” are defined in the UK Securitisation Framework to include: (a) an insurance undertaking as defined in section 417(1) of the FSMA; (b) a reinsurance undertaking as defined in section 417(1) of the FSMA; (c) an OPS or a fund manager of such OPS appointed under section 34(2) of the Pensions Act 1995 that, in respect of activity undertaken pursuant to that appointment, is authorised for the purposes of section 31 of the FSMA; (d) an AIFM as defined in regulation 4(1) of the Alternative Investment Fund Managers Regulations 2013 (the “**UK AIFMR**”) (i) with permission under Part 4A of the FSMA in respect of the activity specified by article 51ZC of the Regulated Activities Order (managing an AIF); and (ii) which markets or manages an AIF (as defined in regulation 3 of the UK AIFMR) in the UK, and for the purposes of (ii), an AIFM markets an AIF when the AIFM makes a direct or indirect offering or placement of units or shares of an AIF managed by it to or with an investor domiciled or with a registered office in the UK, or when another person makes such an offering or placement at the initiative of, or on behalf of, the AIFM; (e) a small registered UK AIFM as defined in Regulation 2(1) of the UK AIFMR; (f) a management company as defined in section 237(2) of the FSMA; (g) a UCITS as defined by section 236A of the FSMA, which is an authorised open ended investment company as defined in section 237(3) of the FSMA; (h) a CRR firm as defined by Article 4(1)(2A) of Regulation (EU) No 575/2013, as it forms part of the laws of the UK (the “**UK CRR**”); and (i) an FCA investment firm as defined by Article 4(1)(2AB) of the UK CRR. The UK Due Diligence Rules also apply to investments by certain consolidated affiliates, wherever established or located, of entities regulated under the UK CRR (such affiliates, together with all such institutional investors, “**UK Affected Investors**” and, together with EU SR Affected Investors, “**Affected Investors**”).

The UK Due Diligence Rules apply to investments by UK Affected Investors regardless of whether any party to the relevant securitisation is directly in-scope of the UK Securitisation Framework.

Material divergence between the UK Due Diligence Rules and the EU SR Investor Requirements mentioned above concerns in particular the UK move towards applying a more principles-based and proportionate approach to due diligence on transparency and reporting, which is particularly helpful for the UK Affected Investor when investing in third country (that is, non-UK) securitisations such as this transaction. In this regard, the UK Affected Investors are required to verify that the originator, sponsor or SSPE has made available sufficient information to enable such investors independently to assess the risks of holding the securitisation position and has committed to make further information available on an ongoing basis, as appropriate (so-called “**sufficient information test**”). The UK Due Diligence Rules further clarify (but without being overly prescriptive and without any reference to the mandatory use of the UK reporting templates), that for the purposes of this sufficient information test, the information provided must include at least certain items, such as: (a) details of the underlying exposures, which (for non-ABCP) is to be provided on at least a quarterly basis; (b) quarterly investor reports providing updates on credit quality and performance of the underlying exposures, including certain other information as set out in the UK Due Diligence Rules; (c) disclosure of the transaction documentation essential to understand the transaction and any offer or marketing document prepared with the cooperation of the originator or sponsor, such disclosure to be provided in draft form before pricing and in final form no later than 15 days after closing; and (d) information about any material changes or events (“**UK Transparency Requirements**”).

If any UK Affected Investor fails to comply with the UK Due Diligence Rules with respect to an investment in the Offered Notes, it may be subject (where applicable) to a penalty regulatory capital charge with respect to any securitisation position acquired by it or on its behalf, and it may be subject to other regulatory sanctions by the competent authority of such UK Affected Investor or may be required to take corrective action. No assurances can be provided that any amendments introduced in the future to the UK Securitisation Framework and/or any other changes to the regulatory treatment of the Offered Notes will not for some or all investors have negative impacts on the regulatory position of a UK Affected Investor and/or have an adverse impact on the value and liquidity of the Offered Notes. Prospective investors should analyse their own regulatory position, and should consult with their own investment and legal advisors regarding application of, and compliance with, the UK Securitisation Framework or other applicable regulations and the suitability of the Offered Notes for investment.

EU Transaction Requirements

The EU Securitisation Regulation imposes certain requirements (the “**EU Transaction Requirements**”) with respect to originators, original lenders, sponsors and SSPEs (as each such term is defined for the purposes of the EU Securitisation Regulation) which will apply indirectly on third country securitisations as a result of the EU SR Investor Requirements.

The EU Transaction Requirements include provisions with regard to, amongst other things:

- (a) a requirement under Article 6 of the EU Securitisation Regulation that the originator, the original lender or the sponsor of a securitisation commits to retain, on an ongoing basis, a material net economic interest in the relevant securitisation of not less than 5% in respect of certain specified credit risk tranches or asset exposures (the “**EU Retention Requirement**”). Note that compliance with the EU Retention Requirements is subject to Commission Delegated Regulation (EU) 2023/2175, which sets out the applicable regulatory technical standards (the “**EU Recast Risk Retention RTS**”). Article 6(1) also provides that an entity shall not be considered an “originator” (as defined for purposes of the EU Securitisation Regulation) if it has been established or operates for the sole purpose of securitising exposures (the “**EU Sole Purpose Test**”) and the EU Recast Risk Retention RTS set out guidance on the interpretation of this restriction. The EU Recast Risk Retention RTS includes detail on the EU Sole Purpose Test. EU SR Affected Investors should independently consider and form their own view, taking into account all regulatory requirements applicable to them, as to its approach to compliance with the EU Sole Purpose Test. See Section 6.1 for information regarding BEN, its business and activities;
- (b) a requirement under Article 7 of the EU Securitisation Regulation that the originator, sponsor and SSPE of a securitisation make available to holders of a securitisation position, relevant competent authorities and (upon request) potential investors certain prescribed information (the “**EU Transparency Requirements**”) prior to pricing as well as in quarterly loan level disclosure reports and quarterly investor reports. Note that compliance with the EU Transparency Requirements is subject to (i) the application of the relevant technical standards set out in Commission Delegated Regulation (EU) 2020/1224 and Commission Implementing Regulation (EU) 2020/1225, which prescribe further detail and set out the applicable reporting templates, as well as (ii) certain technical specifications for the formatting of the reporting templates prescribed by ESMA (together, the “**EU Disclosure Technical Standards**”). However, there currently remains some compliance challenges with the completion of some fields of the reporting templates on third country securitisations. As noted above, the EU reporting templates are currently under review and the EU Securitisation Regulation is subject to a wider review on which the European Commission commenced its consultation in October 2024; and
- (c) a requirement that the EU SR Affected Investor verifies that a third country originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor’s creditworthiness (this requirement is broadly comparable with Article 9 of the EU Securitisation Regulation, although Article 9 itself is not directly applicable to a third country securitisation) (the “**EU Credit-Granting Requirements**”).

UK Transaction Requirements

The UK Due Diligence Rules impose certain requirements in addition to the UK Transparency Requirements described above (the “**UK Transaction Requirements**”, and together with the EU Transaction Requirements, the “**Transaction Requirements**”) with respect to originators, original lenders, sponsors and SSPEs (as each such term is defined for the purposes of the UK Securitisation Framework), which will apply indirectly on third country (non-UK) securitisations as a result of the UK Due Diligence Rules.

The UK Transaction Requirements include provisions with regard to, amongst other things:

- (a) a requirement under the UK Due Diligence Rules that, if not established in the UK, the originator, the original lender or the sponsor of a securitisation commits to retain, on an ongoing basis, a material net economic interest in the relevant securitisation of not less than 5% determined in accordance with Article 6 of Chapter 2 and Chapter 4 of the PRA Securitisation Rules (the “**PRA Retention Rules**”) and SECN 5 (the “**FCA Retention Rules**”, and together with the PRA Retention Rules, the “**UK Retention Rules**”). Similar to the EU Retention Requirements, the UK Retention Rules also require that an entity shall not be considered an “originator” (as defined for purposes of the UK Securitisation Framework) if it has been established or operates for the sole purpose of securitising exposures (the “**UK Sole Purpose Test**”). With respect to the UK Retention Rules, the PRA and the FCA guidance on the UK Sole Purpose Test is similar, but not identical, to the EU Recast Risk Retention RTS (notably, there is no reference to the “predominant revenue” test, only to the “sole purpose” test). See Section 6.1 in this Information Memorandum for information regarding BEN, its business and activities;
- (b) the UK Transparency Requirements (as defined above); and
- (c) a requirement under the UK Due Diligence Rules that the UK Affected Investor verifies that a third country (non-UK) originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor’s creditworthiness (this requirement is broadly comparable with Article 9(1) of Chapter 2 of the PRA Securitisation Rules (the “**PRA Credit-Granting Rules**”) and SECN 8 of the FCA Securitisation Rules (the “**FCA Credit-Granting Rules**” and together with the PRA Credit-Granting Rules, the “**UK Credit-Granting Rules**”), although the UK Credit-Granting Rules are not directly applicable to a third country (non-UK) securitisation).

EU Risk Retention and UK Risk Retention

On the Closing Date and thereafter on an ongoing basis and for so long as any Offered Notes remain outstanding, BEN will, as an “originator” (as such term is defined for the purposes of the EU Securitisation Regulation), undertake to retain a material net economic interest of not less than 5% in this securitisation transaction in accordance with the text of Article 6(1) of the EU Securitisation Regulation, as in effect on the Closing Date (the “**EU Retention**”). As at the Closing Date, the EU Retention will be in the form of a retention of randomly selected exposures, equivalent to not less than 5% of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in this securitisation transaction, provided that the number of potentially securitised exposures is not less than 100 at origination, as provided for in Article 6(3)(c) of the EU Securitisation Regulation (as in effect on the Closing Date).

On the Closing Date and thereafter on an ongoing basis and for so long as any Offered Notes remain outstanding, BEN will, as an “originator” (as such term is defined for the purposes of the UK Securitisation Framework), undertake to retain a material net economic interest of not less than 5% in this securitisation transaction in accordance with the text of Article 6(1) of Chapter 2 of the PRA Securitisation Rules and SECN 5.2.1R, each as in effect on the Closing Date (the “**UK Retention**”). As at the Closing Date, the UK Retention will be in the form of a retention of randomly selected exposures, equivalent to not less than 5% of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in this securitisation transaction, provided that the number of potentially securitised exposures is not less than 100 at origination, as provided for in Article 6(3)(c) of the PRA Securitisation Rules and SECN 5.2.8R(1)(c) (as in effect on the Closing Date).

For so long as any Offered Notes remain outstanding, BEN will undertake (in each case with reference to the EU Securitisation Regulation Rules and the UK Securitisation Framework as in effect and applicable on the Closing Date):

- (a) not to change the manner or form in which it retains or the method of calculating the EU Retention or the UK Retention (as described above), except as permitted by the EU Securitisation Regulation Rules and the UK Securitisation Framework;
- (b) not to dispose of, assign, sell or transfer, and not to otherwise surrender, all or any part of the rights, benefits or obligations arising from its interest in the EU Retention or UK Retention,

except as permitted by the EU Securitisation Regulation Rules or the UK Securitisation Framework;

- (c) not to utilise or enter into any credit risk mitigation techniques, any short positions or any other hedge against the credit risk of its interest in the EU Retention or UK Retention, except as permitted by the EU Securitisation Regulation Rules or the UK Securitisation Framework; and
- (d) to confirm or cause to be confirmed the status of its compliance with its obligations with paragraphs (a), (b) and (c) above in each periodic report provided to holders of the Notes.

BEN will represent and warrant for the benefit of the Trustee and Joint Lead Managers on the Closing Date that:

- (a) it is an “originator” (as such term is defined for the purposes of the EU Securitisation Regulation and the UK Securitisation Framework); and
- (b) for the purposes of Article 6(1) of the EU Securitisation Regulation, it is not an entity that has been established or operates for the sole purpose of securitising exposures.

EU Disclosure

Although BEN believes that neither BEN nor the Trustee is subject to the EU Transparency Requirements, BEN will also give various further undertakings in favour of the Trustee, the Arranger and the Joint Lead Managers with respect to the EU Securitisation Regulation, as in effect on the Closing Date, as follows:

- (a) for so long as any Offered Notes remain outstanding, with reference to Article 7(1) of the EU Securitisation Regulation, BEN, as an “originator” (as such term is defined for the purposes of the EU Securitisation Regulation), undertakes that it will make available (or to procure that the Manager must make available) (subject to applicable law and contractual restrictions and the condition noted at the end of this paragraph (a)) undertake to make available (in the manner described in paragraph (b) below) to Noteholders and upon request, to potential investors (provided, in relation to the provision of loan level data to a Noteholder or a potential investor under sub-paragraph (i) below, that person has agreed to confidentiality arrangements with respect to such information on terms acceptable to BEN):
 - (i) with reference to Article 7(1)(a) of the EU Securitisation Regulation, and subject to and in accordance with paragraph (b) below, quarterly portfolio reports containing loan level data in relation to the pool of Housing Loans held by the Trustee. The information referred to in this paragraph shall be made available at the latest one month after the end of the period the portfolio report covers;
 - (ii) all documentation required to be provided by an originator referred to in Article 7(1)(b) of the EU Securitisation Regulation, including but not limited to the Transaction Documents and this Information Memorandum. The documentation referred to in this paragraph (a)(ii) shall be made available before pricing of the Offered Notes;
 - (iii) with reference to Article 7(1)(e) of the EU Securitisation Regulation, and subject to and in accordance with paragraph (b) below, quarterly investor reports containing the following information:
 - (A) all materially relevant data on the credit quality and performance of the Housing Loans;
 - (B) information on events which trigger changes in the priority of payments or the replacement of any counterparties, and data on the cash flows generated by the Housing Loans and by the liabilities of the securitisation; and
 - (C) information about the risk retained, including information on which of the modalities provided for in Article 6(3) of the EU Securitisation

Regulation has been applied, in accordance with Article 6 of the EU Securitisation Regulation.

Each investor report referred to in this paragraph (a)(iii) shall be made available at the latest one month after the end of the period the investor report covers; and

- (iv) with reference to Article 7(1)(g) of the EU Securitisation Regulation information as to any significant event such as:
 - (A) a material breach of the obligations provided for in the Transaction Documents, including any remedy, waiver or consent subsequently provided in relation to such a breach;
 - (B) a change in the structural features that can materially impact the performance of the securitisation;
 - (C) a change in the risk characteristics of the securitisation or of the Housing Loans that can materially impact the performance of the securitisation; and
 - (D) any material amendment to any Transaction Document.

The information referred to in this sub-paragraph (iv) shall be made available without delay.

The condition referred to in the introduction to this paragraph (a) is that BEN will not be obliged to make available any information or documents in accordance with this paragraph (a) if, at the relevant time, the EU Securitisation Regulation Rules provide that, in any transaction in which the originator, sponsor or SSPE are established outside the EU, EU SR Affected Investors are not required by Article 5(1)(e) of the EU Securitisation Regulation (or otherwise) to verify that the originator, sponsor or SSPE, which is not established in the EU, has made available the information required by Article 7 of the EU Securitisation Regulation. As at the date of this Information Memorandum, the EU Securitisation Regulation Rules include no such provision.

- (b) In relation to the quarterly portfolio reports referred to in paragraph (a)(i) above and the quarterly investor reports referred to in paragraph (a)(iii) above, BEN, as the originator (as such term is defined for the purposes of the EU Securitisation Regulation), will undertake to use commercially reasonable efforts, without incurring unreasonable burden or expense, to ensure that such reports will contain such information, and be formatted and presented in such manner, as, in the reasonable determination of BEN, are consistent with the requirements prescribed pursuant to Article 7 of the EU Securitisation Regulation and the EU Disclosure Technical Standards (each as in effect at the time when the relevant report is made available).

Prospective investors and Noteholders should be aware that, if any quarterly portfolio report or quarterly investor report does not comply with the requirements prescribed in the EU Securitisation Regulation or the EU Disclosure Technical Standards, an EU SR Affected Investor may be unable to satisfy the EU SR Investor Requirements in respect of such report.

UK Disclosure

BEN believes that neither BEN nor the Trustee is subject to the UK Transparency Requirements. BEN does not intend to take any action specifically about the UK Transparency Requirements.

Credit-Granting

Although BEN believes that BEN is not subject to the EU Credit-Granting Requirements or the UK Credit Granting Requirements, BEN will also represent in favour of the Trustee, the Arranger and the Joint Lead Managers on the Closing Date, that it has granted all the credits giving rise to the Housing Loans to be acquired by the Trustee on the basis of sound and well-defined criteria and clearly established processes for approving and, where relevant, amending, renewing and financing those credits and it has effective

systems in place to apply those criteria and processes in order to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness.

Information about the origination and servicing procedures of BEN in connection with the approval, amendment, renewing and financing of credits giving rise to the underlying exposures to be included in the Trust is set out in Section 6.4 ("Origination of Housing Loans").

Additional information

Neither BEN nor any other party to the securitisation transaction described in this Information Memorandum (i) intends to take any action specifically for the purposes of, or in connection with, any requirement of the UK Transparency Requirements, or (ii) otherwise intends to make any information available to any person specifically for the purposes of, or in connection with, any requirement of UK Securitisation Framework. In addition, except as expressly described in this Information Memorandum, neither BEN nor any other party to the securitisation transaction described in this Information Memorandum (i) intends to take or refrain from taking any other action with regard to this transaction in a manner prescribed or contemplated by the EU Transparency Requirements or the UK Securitisation Framework, or to take any other action for purposes of, or in connection with, facilitating or enabling compliance by any person with any applicable EU Transparency Requirements or any applicable UK Due Diligence Rules, or (ii) gives, or intends to give, any undertaking, representation or warranty with regard to any requirement of the EU Transparency Requirements or the UK Securitisation Framework. Accordingly, Affected Investors should carefully assess, and, where relevant, consult with their own legal, accounting and other adviser and/or any other relevant regulator or other authority as to whether the undertakings by BEN described in this Information Memorandum and the information described in this Information Memorandum and otherwise available to Affected Investors is or will be sufficient for the purpose of complying with the EU Transparency Requirements or the UK Investor Requirements.

In addition, except as expressly described in this Information Memorandum, no party to the securitisation transaction described in this Information Memorandum intends to take or refrain from taking any action with regard to such transaction in a manner prescribed or contemplated by the EU Securitisation Regulation Rules or the UK Securitisation Framework, or to take any action for purposes of, or in connection with the compliance by any Affected Investor with any applicable Investor Requirement or any corresponding national measures that may be relevant.

Any failure to comply with the EU Securitisation Regulation Rules or the UK Securitisation Framework may, amongst other things, have a negative impact on the value and liquidity of the Offered Notes, and otherwise affect the secondary market for the Offered Notes.

Prospective investors and Noteholders should make their own independent investigation and seek their own independent advice as to (i) the scope and applicability of the EU Securitisation Regulation Rules (and any implementing rules in relation to any relevant jurisdiction) and the UK Securitisation Framework; (ii) whether the undertakings by BEN to retain the EU Retention and the UK Retention, each as described above and in this Information Memorandum generally, are or will be sufficient for the purpose of complying with the EU SR Investor Requirements and any corresponding national measures which may be relevant or the UK Due Diligence Rules; and (iv) the information described in this Information Memorandum and which may otherwise be made available to investors (including in the investor reports) are sufficient for the purposes of complying with the EU SR Investor Requirements and any corresponding national measures which may be relevant and the UK Due Diligence Rules; (v) their compliance with any applicable Investor Requirements; and (vi) the suitability of the Offered Notes for investment.

None of the Trustee, the Security Trustee, the Arranger, any Joint Lead Manager, the Standby Swap Provider or any other party to the Transaction Documents (i) makes any representation that the performance of the undertakings described above, the making of the representations and warranties described above, and the information in this Information Memorandum, or any other information which may be made available to investors, are or will be sufficient in all circumstances for the purposes of any person's compliance with any applicable Investor Requirements or that the structure of the Offered Notes, BEN (including its holding of the EU Retention and the UK Retention) and the transactions described in this Information Memorandum are or will be compliant with the EU Securitisation Regulation Rules or the UK Securitisation Framework with any other applicable legal, regulatory or other requirements, (ii) has any liability to any prospective investor or any other person for any deficiency in or insufficiency of such information or any failure of the transactions or structure contemplated in this Information Memorandum to comply with or otherwise satisfy the requirements of the EU Securitisation Regulation Rules, the UK Securitisation Framework, any subsequent change in law, rule or regulation or any other

applicable legal, regulatory or other requirements (other than, in each case, any liability arising as a result of a breach by the relevant person of the undertakings or representations described above), or (iii) has any obligation to provide any further information or take any other steps that may be required by any person to enable compliance by such person with the requirements of any applicable Investor Requirement or any other applicable legal, regulatory or other requirements.

None of the Trustee, the Security Trustee, the Arranger, any Joint Lead Manager or the Standby Swap Provider has any responsibility to maintain or enforce compliance with the EU Securitisation Regulation Rules or the UK Securitisation Framework.

There can be no assurance that the regulatory treatment of the Offered Notes for any investor will not be affected by any future reforms or changes to the regulatory frameworks that prescribe prudential, non-prudential and/or accounting or other requirements that may be relevant to the Offered Notes.

1.26 Japan risk retention

On 15 March 2019 the Japanese Financial Services Agency (“**JFSA**”) published new due diligence and risk retention rules under various Financial Services Agency Notices in respect of Japanese banks and certain other Japanese financial institutions (“**Japan Due Diligence and Retention Rules**”), which became applicable to such Japanese banks and Japanese financial institutions from 31 March 2019.

The Japan Due Diligence and Retention Rules apply to all Japanese banks, all Japanese credit unions and credit cooperatives, the Norinchukin Bank, the Shoko Chukin Bank and ultimate parent companies of large securities companies (each, a “**Japan Obligated Entity**”).

Under the Japan Due Diligence and Retention Rules, in order for a Japan Obligated Entity to apply a lower capital charge against a securitisation exposure, it has to:

- (a) establish an appropriate risk assessment system to be applied to the relevant securitisation exposure and the underlying assets of such securitisation exposure; and
- (b) either:
 - (i) confirm that the originator of the securitisation transaction in respect of the securitisation exposure retains not less than 5% interest in an appropriate form; or
 - (ii) determine that the underlying assets of the securitisation transaction in respect of the securitisation exposure are appropriately originated, considering the originator's involvement with the underlying assets, the nature of the underlying assets or any other relevant circumstances.

On 15 March 2019, the JFSA published certain guidelines which also came into effect on 31 March 2019 on the applicability and scope of the Japan Due Diligence and Retention Rules.

There remains, nonetheless, a relative level of uncertainty at the current time as to how the Japan Due Diligence and Retention Rules will be interpreted and applied to any specific securitisation transaction.

At this time, prospective investors should understand that there are a number of unresolved questions and no established line of authority, precedent or market practice that provides definitive guidance with respect to the Japan Due Diligence and Retention Rules, and no assurances can be made as to the content, impact or interpretation of the Japan Due Diligence and Retention Rules. In particular, the basis for the determination of whether an asset is “inappropriately originated” remains unclear, and therefore unless the JFSA provides further specific clarification, it is possible that this transaction may contain assets deemed to be “inappropriately originated” and as a result not satisfying the Appropriate Origination Requirement. Whether and to what extent the JFSA may provide further clarification or interpretation as to the Japan Due Diligence and Retention Rules is unknown.

Failure by the Japan Obligated Entity to satisfy the Japan Due Diligence and Retention Rules will require it to hold a full capital charge against that securitisation exposure of the securitisation transaction which it has invested in.

On the Closing Date and thereafter on an ongoing basis for so long as any Notes remain outstanding, BEN will undertake to retain, on an ongoing basis, a material net economic interest of not less than 5% in this securitisation transaction.

Any failure to satisfy the Japan Due Diligence and Retention Rules may, amongst other things, have a negative impact on the value and liquidity of the Notes, and otherwise affect the secondary market for the Notes. Failure by the Japan Obligated Entity to satisfy the Japan Due Diligence and Retention Rules may occur if (amongst other things) there is a change in the Japan Due Diligence and Retention Rules or if insufficient interest is held by the originator.

None of BEN, the Arranger, the Joint Lead Managers or any other party to the Transaction Documents (i) makes any representation that the performance of the undertakings described above, the making of the representations and warranties described above, and the information described in this Information Memorandum or any other information which may be made available to investors, are or will be sufficient for the purposes of any Japan Obligated Entity's compliance with the Japan Due Diligence and Retention Rules; (ii) has any liability to any prospective investor or any other person for any insufficiency of such information or any non-compliance by any such person with the Japan Due Diligence and Retention Rules or any other applicable legal, regulatory or other requirements; or (iii) has any obligation to provide any further information or take any other steps that may be required by any Japan Obligated Entity to enable compliance by such person with the requirements of the Japan Due Diligence and Retention Rules or any other applicable legal, regulatory or other requirements.

There can be no assurance that the regulatory capital treatment of the Offered Notes for any investor will not be affected by any future implementation of, and changes to, the Japan Due Diligence and Retention Rules or other regulatory or accounting changes.

Prospective investors should make their own independent investigation and seek their own independent advice (i) as to the scope and applicability of the Japan Due Diligence and Retention Rules; (ii) as to the sufficiency of the information described in this Information Memorandum, and which may otherwise be made available to investors and (iii) as to their compliance with the Japan Due Diligence and Retention Rules.

None of the Trustee, the Security Trustee, the Arranger, any Joint Lead Manager or the Standby Swap Provider has any responsibility to maintain or enforce compliance with Japan Due Diligence and Retention Rules or any other applicable legal, regulatory or other requirements.

1.27 U.S. Risk Retention

The U.S. Risk Retention Rules came into effect on 24 December 2016 with respect to transactions such as the transaction described in this Information Memorandum, and generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for the purposes of the U.S. Risk Retention Rules, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

BEN does not undertake to retain at least 5 per cent. of the credit risk of the Housing Loans for the purposes of the U.S. Risk Retention Rules. It is intended that BEN will rely on an exemption provided for in the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of Risk Retention U.S. Persons; (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired, directly or indirectly, from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

Prior to any Notes (or a beneficial interest in any Notes) being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, such purchaser of such Notes must first disclose to BEN and the Joint

Lead Managers that it is a Risk Retention U.S. Person and obtain the prior written consent of BEN (a “**U.S. Risk Retention Consent**”). The terms of the Notes provide that, except with U.S. Risk Retention Consent and where such sale falls within the exemption provided by section 20 of the U.S. Risk Retention Rules, on the Closing Date, the Notes (and any beneficial interest in the Notes) offered and sold by the Trustee may not be purchased by, or for the account or benefit of, any "U.S. person" (as defined in the U.S. Risk Retention Rules). Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not “U.S. persons” under Regulation S may be U.S. persons under the U.S. Risk Retention Rules. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h)(ii), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” (and “Risk Retention U.S. Person” as used in this Information Memorandum) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State of the United States;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other paragraph of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.

Each holder of a Note or a beneficial interest therein acquired on the Closing Date, by its acquisition of a Note or a beneficial interest therein, will be deemed to have represented to the Trustee, BEN, the Arranger and the Joint Lead Managers that it (1) either (i) is not a Risk Retention U.S. Person or (ii) has obtained a U.S. Risk Retention Consent, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. limitation on U.S. Persons in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein) (the “**Risk Retention U.S. Person Representations**”).

Each of BEN, the Trustee, the Manager, the Arranger and the Joint Lead Managers has agreed that none of the Trustee, the Arranger or the Joint Lead Managers or any person who controls any of them or any director, officer, employee, agent or affiliate of the Trustee, the Arranger or the Joint Lead Managers shall have any responsibility for determining the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 20 of the U.S. Risk Retention Rules, and none of the Trustee, the Arranger or the Joint Lead Managers or any person who controls it or any director, officer, employee, agent or affiliate of the Trustee, the Arranger or the Joint

Lead Managers accepts any liability or responsibility whatsoever for any such determination. Each of BEN, the Manager, Trustee, the Arranger and the Joint Lead Managers is entitled to rely, without further investigation, on the Risk Retention U.S. Person Representations made by (or deemed to be made by) each potential investor. Neither the Manager, the Arranger nor the Joint Lead Managers are responsible for verifying whether any investor in the Notes is a Risk Retention U.S. Person for the purposes of the U.S. Risk Retention Rules.

It is not intended for the transaction to comply with the U.S. Risk Retention Rules. Neither BEN nor any other party to the Transaction Documents undertakes to retain, either initially or on an ongoing basis, an economic interest in this transaction in accordance with the requirements of the U.S. Risk Retention Rules or take any other action which may be required by investors for the purposes of the U.S. Risk Retention Rules.

There can be no assurance that the exemption provided for in section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available and, without limiting the foregoing, none of BEN (other than in respect of any determination of the “U.S. person” status for the purposes of the U.S. Risk Retention Rules of potential investors made in reliance on any information, statement or representation made or deemed to have been made by such investors), the Trustee, the Manager, the Arranger or the Joint Lead Managers has undertaken to verify and has no obligation to verify whether an investor in the Notes is a U.S. Person for the purposes of the U.S. Risk Retention Rules.

Failure to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes and the ability of the Trustee to perform its obligations under the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes. Prospective investors should make their own independent investigation and seek their own independent advice (i) as to the scope and applicability of the U.S. Risk Retention Rules and (ii) the suitability of the Notes for investment. None of BEN, the Manager, the Trustee, the Security Trustee, the Arranger or any Joint Lead Manager has any responsibility to enforce compliance with the U.S. Risk Retention Rules.

1.28 Reserve Bank of Australia repo eligibility

The Manager intends to, but is under no obligation, to make an application to the Reserve Bank of Australia (“**RBA**”) for the Class A Notes and Class AB Notes to be “eligible securities” (or “repo eligible”) for the purposes of repurchase agreements with the RBA.

The RBA’s criteria for repo eligibility will affect whether the Class A Notes and Class AB Notes are repo eligible. If the Manager makes an application to the RBA but is unable to provide the relevant prescribed information to the RBA at the time of seeking repo eligibility, or at any time during the term of the Class A Notes and Class AB Notes as required by the RBA, then the Class A Notes and/or Class AB Notes may not be, or may cease to be, repo eligible (as the case may be).

No assurance can be given that any application by the Manager, for the Class A Notes and Class AB Notes to be repo eligible will be successful, or that the Class A Notes and Class AB Notes will continue to be repo eligible at all times even if they are eligible in relation to their initial issue.

If the Class A Notes or Class AB Notes are repo eligible at any time, Noteholders should be aware that relevant disclosures may be made by the Manager to investors and potential investors in Class A Notes or Class AB Notes (as applicable) from time to time in such form as determined by the Manager as it sees fit (including for the purpose of complying with the RBA’s criteria).

2. SUMMARY OF THE ISSUE

2.1 Summary Only

The following is only a brief summary of the terms and conditions of the Notes. In addition to the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, the Trustee may in certain circumstances also issue Redraw Notes collateralised by the same pool of Housing Loans (see Section 7.5.4 for a description of when Redraw Notes may be issued). The Redraw Notes are not offered by this Information Memorandum. A more detailed outline of the key features of the Notes and Redraw Notes is contained in Section 4.

2.2 Parties to Transaction

Trustee:	Perpetual Trustee Company Limited ABN 42 000 001 007 as trustee of the Series Trust. The Trustee has obtained an Australian Financial Services Licence under Part 7.6 of the Corporations Act (Australian Financial Services Licence No. 236643). The Trustee has appointed the Security Trustee to act as its authorised representative under that licence.
Manager:	AB Management Pty Ltd ABN 75 070 500 855 a wholly-owned subsidiary of BEN, in its capacity as manager of the Series Trust.
Security Trustee:	P.T. Limited ABN 67 004 454 666 as trustee of the Security Trust.
Sponsor:	BEN.
Servicer:	BEN.
Arranger:	NAB.
Joint Lead Managers:	NAB, ANZ, CBA, Macquarie and Westpac.
Basis Swap Provider:	BEN.
Fixed Rate Swap Provider:	BEN.
Standby Swap Provider:	Westpac.
Redraw Facility Provider:	BEN.
Liquidity Facility Provider:	BEN.

2.3 General Information regarding the Notes and Redraw Notes

Issuer:	The Trustee in its capacity as trustee of the Series Trust.
General Description:	The Notes are secured, pass-through, limited recourse and floating rate debt securities.
Classes:	The Notes are divided into 7 classes: the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes. Prior to enforcement of the Charge, repayment of principal on the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes occurs on either a serial or sequential basis depending on the occurrence of certain triggers which are described in Section 7.5.7. See further Section 7.5.3.

Following enforcement of the Charge under the Security Trust Deed:

- (a) the Class A Notes will rank ahead of the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes;
- (b) the Class AB Notes will rank ahead of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes;
- (c) the Class B Notes will rank ahead of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes;
- (d) the Class C Notes will rank ahead of the Class D Notes, the Class E Notes and the Class F Notes;
- (e) the Class D Notes will rank ahead of the Class E Notes and the Class F Notes; and
- (f) the Class E Notes will rank ahead of the Class F Notes,

for payment of Interest and repayment of principal on the Notes. For further details on repayment of principal, see Sections 2.5, 4.3 and 7.5.

In certain circumstances, the Trustee may issue Redraw Notes as described in Section 7.5.4. If issued, Redraw Notes will, prior to the occurrence of an Event of Default and enforcement of the Charge under the Security Trust Deed rank in priority to the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes in their right to receive both interest and principal payments and following the occurrence of an Event of Default and enforcement of the Charge under the Security Trust Deed, rank *pari passu* and rateably with the Class A Notes but in priority to the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes in their right to receive any Secured Moneys owing in respect of such Redraw Notes.

The Class F Notes will bear all losses on the Housing Loans before the Redraw Notes, the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes.

The Class E Notes will bear all losses on the Housing Loans before the Redraw Notes, the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes.

The Class D Notes will bear all remaining losses on the Housing Loans before the Redraw Notes, the Class A Notes, the Class AB Notes, the Class B Notes and the Class C Notes.

The Class C Notes will bear all remaining losses on the Housing Loans before the Redraw Notes, the Class A Notes, the Class AB Notes and the Class B Notes.

The Class B Notes will bear all remaining losses on the Housing Loans before the Redraw Notes, the Class A Notes and the Class AB Notes.

The Class AB Notes will bear all remaining losses on the Housing Loans before the Redraw Notes and the Class A Notes.

Any losses allocated to the Class A Notes and Redraw Notes will be allocated pari passu and rateably between the Class A Notes and the Redraw Notes.

Cut-Off Date:	30 July 2026.
Issue Date/Closing Date:	Subject to the satisfaction of certain conditions precedent, 28 September 2026, or such other date that the Manager, the Arranger and the Trustee may agree.
Final Maturity Date:	The Distribution Date in November 2059.
Aggregate Initial Invested Amount of the Class A Notes:	\$920,000,000
Aggregate Initial Invested Amount of the Class AB Notes:	\$34,000,000
Aggregate Initial Invested Amount of the Class B Notes:	\$23,000,000
Aggregate Initial Invested Amount of the Class C Notes:	\$10,000,000
Aggregate Initial Invested Amount of the Class D Notes:	\$4,000,000
Aggregate Initial Invested Amount of the Class E Notes:	\$7,000,000
Aggregate Initial Invested Amount of the Class F Notes:	\$2,000,000
Denomination:	Each Note has a denomination of \$1,000. The Notes will be issued in minimum parcels of \$500,000.

Issue Price: The Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Redraw Notes (if issued) will be issued at par value.

Ratings: It is anticipated that the Class A Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class AB Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class B Notes will be rated Aa2(sf) by Moody's, the Class C Notes will be rated A2(sf) by Moody's, the Class D Notes will be rated Baa1(sf) by Moody's and the Class E Notes will be rated Ba1(sf) by Moody's. It is anticipated that the Class F Notes will not be rated.

2.4 Interest on the Notes and Redraw Notes

Calculation of Interest on the Notes: Interest on each Class A Note, Class AB Note, Redraw Note, Class B Note, Class C Note, Class D Note, Class E Note and Class F Note for each Interest Period will be calculated based on the aggregate of the BBSW Rate as determined on the Interest Determination Date for that Interest Period plus the applicable Margin for that class of Notes. The Margins for the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will be determined by agreement between the Manager, the Arranger and the Joint Lead Managers. If the Trustee issues Redraw Notes, the Margin for such Redraw Notes will be determined by the Manager prior to their Issue Date.

A step-up margin of 0.25% per annum will be added to the Margin for the Class A Notes and Class AB Notes for each Interest Period following (and including) the first Distribution Date occurring after the last day of the Monthly Period on which the aggregate principal outstanding on the Housing Loans when expressed as a percentage of the aggregate principal outstanding on the Housing Loans at the Closing Date is 10% or less ("**Clean-Up Date**").

No step-up margin will be payable on the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Redraw Notes.

For further details on the calculation of Interest on the Notes, see Section 4.2.

Payment of Interest on the Notes: Noteholders as of the relevant Record Date will be entitled to receive payments of Interest on the Notes monthly in arrears on the 10th day of each month, or if such a day is not a Business Day, the next Business Day (each an "**Interest Payment Date**").

For further details on payment of Interest on the Notes, see Sections 4.2 and 7.4.6.

2.5 Repayment of Principal on the Notes and Redraw Notes

Repayment of Principal: Prior to enforcement of the Charge, Redraw Notes receive repayments of principal ahead of the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes and will receive repayments of principal on each Distribution Date (to the extent Total Principal Collections are sufficient for this purpose) until the Stated Amount of the Redraw Notes is reduced to zero.

Prior to enforcement of the Charge and if the Serial Paydown Triggers have not occurred on a relevant Determination Date, the available principal will (after repayment of the Redraw Notes and other amounts payable in priority including any Redraw Facility Principal Outstanding) be distributed, first, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero, second, amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero, third, amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero, fourth, amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero, fifth, amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero, sixth, amongst the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero and seventh, amongst the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero.

Prior to the enforcement of the Charge and if the Serial Paydown Triggers have occurred on a relevant Determination Date, the available principal will (after repayment of the Redraw Notes and other amounts payable in priority including any Redraw Facility Principal Outstanding) be distributed pari passu and rateably:

- (a) to the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero;
- (b) to the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
- (c) to the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
- (d) to the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero;
- (e) to the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;
- (f) to the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero; and
- (g) to the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero,

(see Section 7.5.3).

For further details see Sections 4.3.2, 7.5.3 and 7.5.7.

Note 10% Call Option:

The Trustee must if so directed by the Manager (given in the Manager's discretion) and on giving 5 Business Days' notice to the Noteholders, redeem all of the then outstanding Notes and Redraw Notes on any Distribution Date falling on or after the Clean-Up Date.

For additional information on the Note 10% Call Option, see Section 4.3.4.

2.6 The Housing Loans

Housing Loans

The Housing Loans are sourced from BEN's general portfolio of fully verified residential Housing Loans.

Purchase of Housing Loans:

On the Closing Date, the Trustee will, on the direction of the Manager, use the proceeds from the issue of the Notes to acquire an

interest in a pool of Housing Loans and related mortgages and collateral securities originated by BEN. The purchase price for these Housing Loans will be the total principal balance outstanding as at the Cut-Off Date.

The Housing Loans are required to be secured by a registered first ranking mortgage over Australian Residential Property. In certain circumstances, in addition to the first ranking mortgage, there may also be a second ranking mortgage in favour of BEN. Further details in relation to the Housing Loans are contained in Section 6.

Assignment of Housing Loans:

The Housing Loans and related mortgages and collateral securities will be initially assigned to the Trustee by BEN. If a Perfection of Title Event occurs under the Series Supplement the Trustee may be required to take certain actions to perfect its legal title to the Housing Loans and related mortgages and collateral securities. For further details on perfection of title, see Section 10.2.1.

Custody of Housing Loan Documents:

BEN will hold the Housing Loan Documents (BEN) in respect of each Housing Loan (BEN) as custodian on behalf of the Trustee. The Trustee will hold custody of the underlying Housing Loan Documents in respect of each Housing Loan (excluding any Housing Loan (BEN)). For further details on custody of the Housing Loan Documents, see Section 11.1.

Servicing:

BEN has been appointed as the initial Servicer under the Series Supplement. For further details on the Servicer, see Sections 6.5 and 10.5.

Collections:

The Trustee will be entitled to all Collections received in respect of Housing Loans from and including the Cut-Off Date except as described below.

The Trustee will pay to BEN on the first Distribution Date from those Collections an amount equal to the interest accrued on the Housing Loans, acquired by it from BEN, from (and including) the previous due date for the payment of interest on each of the Housing Loans up to (but excluding) the Closing Date (the “**Accrued Interest Adjustment**”). For further details on the Accrued Interest Adjustment, see Section 7.4.5.

Moneys due by borrowers under the terms of the Housing Loans will be collected by the Servicer on behalf of the Trustee.

For so long as the Servicer has the Required Rating, the Servicer may retain the Collections it receives in respect of a Monthly Period until 1 Business Day before the next following Distribution Date (the “**Transfer Date**”), when it must deposit them into the Collections Account together with, in certain circumstances, interest earned on those Collections during the period they are held by the Servicer.

For so long as the Servicer does not have the Required Rating, the Servicer must remit all Collections received to the Collections Account within 2 Business Days following receipt.

The Servicer may, in its sole discretion, deposit amounts into the Collections Account in prepayment of its obligations to pay Collections into the Collections Account in these circumstances. Such prepaid amounts are, to the extent they are standing to the credit of the Collections Account, secured to the Servicer under the Security Trust Deed (see Section 9.4.5).

Collections in respect of each Monthly Period will be distributed on the Distribution Date following the end of that Monthly Period.

Clean-Up Offer

On the Clean-Up Date or on any Distribution Date after the Clean-Up Date, BEN may repurchase the remaining Housing Loans for the Clean-Up Settlement Price. If the option is exercised by BEN the Trustee's interest in the Housing Loan Rights will be held by the Trustee as Seller Trust assets.

If the Clean-Up Settlement Price is insufficient to ensure the Noteholders will receive the aggregate of the Invested Amount of the Notes and the Interest payable on the Notes (and the Redraw Noteholders, the Invested Amount of the Redraw Notes and Interest payable on the Redraw Notes), the repurchase will be subject to Noteholder and Redraw Noteholder approval. Further details on the Clean-Up Offer are contained in Section 6.5.10.

2.7 Structural Features

Mortgage Insurance:

The Noteholders' first level of protection against principal and/or interest losses on the Housing Loans is provided by the Mortgage Insurance Policies (if any) under which the Housing Loans are insured.

The Mortgage Insurance Policies cover all principal and/or interest losses incurred (if any) on the insured Housing Loans. For further details on the Mortgage Insurance Policies, see Section 8.

Excess Investor Revenues:

The Noteholders' second level of protection is the monthly excess of the cash flow generated by the Housing Loans (after taking into account the operation of the swaps under any Hedge Agreement) over the interest payments to be made on the Notes and other outgoings ranking pari passu with or in priority to the Notes. To the extent that there is such an excess in cash flow (the “**Excess Investor Revenues**”) available in relation to a Distribution Date, it will be used to:

- (a) first, reimburse any unreimbursed Principal Draws (see Section 7.4.2);
- (b) next, to the extent that there are any amounts remaining, reimburse any Defaulted Amounts (see Section 7.5.5);
- (c) next, to the extent that there are any amounts remaining, reimburse any unreimbursed Charge-Offs in relation to the Notes (in accordance with Section 7.6.3);
- (d) next, if any Notes remain outstanding on that Distribution Date, as a deposit to the Excess Revenue Reserve until the balance of the Excess Revenue Reserve equals the Excess Revenue Reserve Target Balance in respect of that Distribution Date; and
- (e) next, pari passu to each Hedge Provider, the Redraw Facility Provider, the Liquidity Facility Provider, the Arranger and each Joint Lead Manager of any amount payable to the Hedge Provider, the Redraw Facility Provider (other than the Redraw Facility Principal Outstanding), the Liquidity Facility Provider, the Arranger and each Joint Lead Manager under the relevant Hedge Agreement, Redraw Facility Agreement, Liquidity Facility Agreement and Dealer Agreement (as the case may be) to

the extent not already paid from Total Investor Revenues on that Distribution Date.

Any amount remaining will be paid to the Income Unitholder.

Excess Revenue Reserve

On each Determination Date, the Manager must determine whether there is a Liquidity Shortfall First in respect of that Determination Date. If the Manager determines there is such a Liquidity Shortfall First, the Manager must direct the Trustee to withdraw from the Excess Revenue Reserve an amount equal to the lesser of:

- (a) the Liquidity Shortfall First; and
- (b) the balance of the Excess Revenue Reserve,

(an “**Excess Revenue Reserve Draw Total Expenses**”) and apply that amount as part of the Total Investor Revenues on the next Distribution Date.

On each Determination Date, the Manager must determine whether there is a Notional Defaulted Amount Insufficiency in respect of that Determination Date. If the Manager determines there is such a Notional Defaulted Amount Insufficiency, the Manager must direct the Trustee to withdraw from the Excess Revenue Reserve an amount equal to the lesser of:

- (a) the Notional Defaulted Amount Insufficiency; and
- (b) the balance of the Excess Revenue Reserve less any Excess Revenue Reserve Draw Total Expenses to be withdrawn on the immediately following Distribution Date,

(an “**Excess Revenue Reserve Draw Defaulted Amount**”) and apply that amount as part of the Total Principal Collections on the next Distribution Date.

For further details on the Excess Revenue Reserve, see Section 7.10.

Allocation of Charge-Offs:

Class A Noteholders, Class AB Noteholders, Class B Noteholders, Class C Noteholders, Class D Noteholders, Class E Noteholders and Redraw Noteholders will have the benefit of Charge-Offs being allocated first to the Class F Notes. That is, to the extent that there is a loss on a Housing Loan which is not satisfied by a claim under any Mortgage Insurance Policy corresponding to that Housing Loan, or by application of Excess Investor Revenues, the amount of the loss will be allocated pari passu and rateably to the Class F Notes, reducing the Stated Amount of the Class F Notes until their Stated Amount is zero. The amount of any remaining loss once the Stated Amount of the Class F Notes has been reduced to zero, will then be allocated pari passu and rateably to the Class E Notes, reducing the Stated Amount of the Class E Notes until their Stated Amount is zero. The amount of any remaining loss once the Stated Amount of the Class E Notes has been reduced to zero will then be allocated pari passu and rateably to the Class D Notes, reducing the Stated Amount of the Class D Notes until their Stated Amount is zero. The amount of any remaining loss once the Stated Amount of the Class D Notes has been reduced to zero will then be allocated pari passu and rateably to the Class C Notes, reducing the Stated Amount of the Class C Notes until their Stated Amount is zero. The amount of any remaining loss once the Stated Amount of the Class C Notes has been reduced to zero will then be allocated pari passu and rateably to the Class B Notes, reducing the Stated Amount of the Class B Notes until their Stated Amount is zero.

The amount of any remaining loss once the Stated Amount of the Class B Notes has been reduced to zero will then be allocated pari passu and rateably to the Class AB Notes, reducing the Stated Amount of the Class AB Notes until their Stated Amount is zero. The amount of any remaining loss once the Stated Amount of the Class AB Notes has been reduced to zero will then be allocated pari passu and rateably to the Class A Notes and the Redraw Notes, reducing the Stated Amount of the Class A Notes and the Redraw Notes until they are zero.

Collections Account:

Before the Closing Date, the Trustee will establish an account (or accounts) (the “**Collections Account**”) into which all Collections received in respect of the Series Trust must be paid. The Collections Account must be maintained with an Eligible Depository and may be held with the Servicer if the Servicer is an Eligible Depository.

Where the Servicer is not an Eligible Depository, the Collections Account may still be maintained with the Servicer provided that:

- (a) the Servicer's obligations to credit to, and repay from, in accordance with normal banking practice, monies deposited and to be deposited to the Collections Account are supported by a standby guarantee in a form in respect of which the Manager has issued a Ratings Affirmation Notice (a “**Servicer Standby Guarantee**”); or
- (b) the Manager has issued a Ratings Affirmation Notice in relation to the Collections Account being held with the Servicer.

For so long as the Servicer has the Required Rating, the Servicer may retain all Collections received by the Servicer until 10:00 am on the day which is 1 Business Day before the Distribution Date following the end of the Monthly Period, when it must at that time deposit such Collections into the Collections Account.

For so long as the Servicer does not have the Required Rating, the Servicer must remit all Collections received to the Collections Account within 2 Business Days following receipt.

If, while the Collections Account is maintained with the Servicer, the Trustee becomes aware that the Collections Account cannot continue to be maintained with the Servicer, the Trustee must within 60 calendar days establish a new interest bearing Collections Account with an Eligible Depository and transfer the funds standing to the credit of the old Collections Account to the new Collections Account.

Principal Draw

On each Determination Date, the Manager must determine whether there is a Liquidity Shortfall Second in respect of that Determination Date. If the Manager determines there is such a Liquidity Shortfall Second, the Manager must direct the Trustee to allocate from Collections for that Monthly Period an amount equal to the lesser of:

- (a) the Liquidity Shortfall Second; and
- (b) where the Collections exceed the Finance Charges for that Monthly Period, the amount of such excess or, where the Finance Charges exceed the Collections for that Monthly Period, zero,

(a “**Principal Draw**”) and apply that amount as part of the Total Investor Revenues on the next Distribution Date.

Liquidity Facility

On each Determination Date, the Manager must determine whether there is a Liquidity Shortfall Third in respect of that Determination Date. If the Manager determines there is such a Liquidity Shortfall Third:

- (a) where that Determination Date occurs other than during a Cash Deposit Period, the Manager must request an advance under the Liquidity Facility equal to the lesser of the Liquidity Shortfall Third and the amount which is available for drawing under the Liquidity Facility; or
- (b) where that Determination Date occurs during a Cash Deposit Period, the Manager must direct the Trustee to apply from the Cash Deposit Account an amount equal to the lesser of the Liquidity Shortfall Third and the Cash Deposit in accordance with the Liquidity Facility Agreement.

The amount which is available for drawing under the Liquidity Facility is equal to the un-utilised portion of the Liquidity Facility Limit.

Drawings under the Liquidity Facility will be subject to certain conditions precedent.

For further details on the Liquidity Facility see Section 9.2.

Redraw Facility

BEN will continue to provide Redraws and Further Advances (which are not Redraws) to mortgagors in connection with the Housing Loans. Where BEN provides such Redraws or Further Advances (as applicable) from its own funds, BEN will be deemed to have made an advance, as Redraw Facility Provider, under the Redraw Facility (up to a total aggregate amount equal to the un-utilised portion of the Redraw Facility Limit). The provision of the Redraw Facility will be subject to normal credit criteria and a market rate of interest will be charged.

Drawings under the Redraw Facility will be subject to certain conditions precedent.

For further details on the Redraw Facility, see Section 9.3.

Hedge Agreements:

In order to hedge the mismatch between the rates of interest on the Housing Loans and the Trustee's floating rate obligations under the Notes, the Trustee and the Manager will enter into the Basis Swap and the Fixed Rate Swap with a Hedge Provider.

BEN will be the initial Hedge Provider for the Basis Swap and the Fixed Rate Swap.

Westpac will act as the Standby Swap Provider in respect of the Fixed Rate Swap. In certain circumstances this role will require Westpac to assume the rights and obligations of BEN as Hedge Provider under the Fixed Rate Swap.

The Basis Swap and the Fixed Rate Swap will each be governed by the terms of the relevant Hedge Agreement.

For further details in relation to the swaps, see Section 9.1.

Threshold Mortgage Rate:

On each Determination Date after the Basis Swap terminates the Manager must determine the rate that is the aggregate of the minimum interest rate required to be set on Housing Loans which are subject to a variable rate, when aggregated with the income produced by the rate of interest on all other Housing Loans, to ensure that the Trustee will have available to it sufficient Finance Charges to enable it to pay the Total Expenses as they fall due plus 0.25% (the “**Threshold Mortgage Rate**”) and notify that rate to the Trustee and the Servicer on or prior to the following Distribution Date.

For further details, see Section 9.1.2.

Security Trust Deed:

The obligations of the Trustee in respect of the Notes (among other obligations) are secured by a security interest granted by the Trustee over the Assets of the Series Trust in favour of the Security Trustee pursuant to the Security Trust Deed. The Security Trust Deed and the order of priority in which the proceeds of enforcement of the security interest granted under the Security Trust Deed are to be applied are described in Section 9.4.

2.8 Further Information

Transfer:

Following their issue, the Notes may (unless lodged with Austraclear) only be purchased or sold by execution and registration of a Note Transfer. For further details, see Sections 4.8 and 4.10.

The Notes can only be transferred if the relevant offer or invitation to purchase:

- (a) is not made to a Retail Client;
- (b) complies with all applicable laws in all jurisdictions in which the offer or invitation is made; and
- (c) is in accordance with the listing and market rules of any exchange on which the Notes are listed or quoted as those rules apply to the Notes.

Austraclear:

Following issue, the Notes can be lodged with Austraclear. For further details, see Section 4.10.

Listing:

The Manager may, in its sole discretion, apply for listing of any of the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes and/or the Class D Notes on the Australian Securities Exchange after the Closing Date.

Announcement:

The Joint Lead Managers announce that in connection with the issue of the Notes:

- (a) Austraclear will confer rights in the Notes to certain of its members; and
- (b) as a result of the issue of the Notes in this manner, those rights will be able to be created.

Stamp Duty:

No stamp duty is payable on the issue or redemption of the Notes in any jurisdiction of Australia.

Withholding Tax and TFNs:

Payments of interest on the Notes will be reduced by any applicable withholding taxes. The Trustee is not obligated to pay any additional

amounts to the Noteholders to cover any withholding taxes. This will be the case whether a Noteholder is an initial holder of the Notes or subsequently acquires the Notes.

Under present law, the Notes will not be subject to Australian interest withholding tax if they are issued in accordance with certain prescribed conditions set out in section 128F of the Tax Act and they are not acquired directly or indirectly by any Offshore Associate of the Trustee or BEN (other than a Permitted Offshore Associate). The Joint Lead Managers have agreed with the Trustee to offer the Notes for subscription or purchase in accordance with certain procedures intended to result in the public offer test being satisfied and all Notes having the benefit of the section 128F exemption. One of these conditions is that the Trustee must not know or have reasonable grounds to suspect that a Note, or an interest in a Note, was being, or would later be, acquired directly or indirectly by any Offshore Associates of the Trustee or BEN. Accordingly, Offshore Associates of the Trustee or BEN (other than a Permitted Offshore Associate) should not acquire Notes. For further information see Section 12.1.

Tax may be deducted from payments to an Australian resident Noteholder or a non-resident holding the Notes in carrying on business at or through a permanent establishment in Australia, who does not provide the Trustee with a tax file number or an Australian Business Number (where applicable) unless an exemption applies to that Noteholder.

Noteholders and prospective Noteholders should obtain advice from their own tax advisers in relation to the tax implications of an investment in the Notes.

3. CREDIT RATING

It is anticipated that the Class A Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class AB Notes will be rated Aaa(sf) by Moody's and AAAsf by Fitch, the Class B Notes will be rated Aa2(sf) by Moody's, the Class C Notes will be rated A2(sf) by Moody's, the Class D Notes will be rated Baa1(sf) by Moody's and the Class E Notes will be rated Ba1(sf) by Moody's. It is anticipated that the Class F Notes will not be rated. The ratings of the Notes should be evaluated independently from similar ratings on other types of notes or securities. A credit rating by a rating agency is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, qualification or withdrawal at any time by the relevant rating agency. A revision, suspension, qualification or withdrawal of the credit ratings of the Notes may adversely affect the market price of the Notes. In addition, the credit rating of the Notes do not address the expected timing of principal repayments under the Notes, only that principal will be received no later than the Final Maturity Date. Other than Section 1.21, the Rating Agencies have not been involved in the preparation of this Information Memorandum.

4. DESCRIPTION OF THE NOTES AND REDRAW NOTES

4.1 General Description of the Notes and Redraw Notes

The Notes constitute debt securities issued by the Trustee in its capacity as trustee of the Series Trust. They are characterised as secured, pass-through, floating rate and limited recourse debt securities and are issued with the benefit of, and subject to, the Master Trust Deed, the Series Supplement and the Security Trust Deed.

The Notes have been divided into 7 classes: the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes. In certain circumstances, the Trustee may issue Redraw Notes as described in Section 7.5.4.

Further details of the ranking of the Notes prior to and after the enforcement of the Charge under the Security Trust Deed are set out in Section 2.5.

4.2 Interest on the Notes and Redraw Notes

4.2.1 Period for which the Notes accrue interest

Each Class A Note, Class AB Note, Class B Note, Class C Note, Class D Note, Class E Note and Class F Note bears interest from (and including) the Closing Date until it is redeemed in accordance with Section 4.3.5.

Each Redraw Note (if issued) bears interest from (and including) its Issue Date until it is redeemed in accordance with Section 4.3.5.

4.2.2 Categorisation of the Notes

The Notes issued by the Trustee are Floating Rate Notes.

Floating Rate Notes are Notes which bear Interest at a floating rate. During the period for which Floating Rate Notes bear interest as described in Section 4.2.1, Interest on Floating Rate Notes is payable on a monthly basis on the Distribution Date immediately following the end of an Interest Period (each such date being an “**Interest Payment Date**” in respect of the Floating Rate Notes) (see Section 4.2.3).

4.2.3 Interest Periods - Floating Rate Notes

The period during which a Floating Rate Note accrues interest (as described above) is divided into periods (each an “**Interest Period**”).

The first Interest Period in respect of the Notes (excluding any Redraw Notes) commences on (and includes) the Closing Date and ends on (but does not include) the first Distribution Date (being the Distribution Date in October 2026). Each succeeding Interest Period commences on (and includes) a Distribution Date and ends on (but does not include) the next Distribution Date. The final Interest Period ends on (but does not include) the date on which interest ceases to accrue on the Notes (as described in Section 4.2.1).

4.2.4 Interest Rates

The Interest Rate for each Interest Period in respect of the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes each being Floating Rate Notes, is the BBSW Rate determined on the Interest Determination Date for that Interest Period plus the applicable Margin for that Class. If this calculation in relation to a Note and an Interest Period produces a rate of less than zero percent, the Interest Rate for that Note and that Interest Period will be zero percent.

The Margins for the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes the Class E Notes and the Class F Notes will be determined on the Pricing Date by agreement

between the Manager, the Arranger and the Joint Lead Managers. The Margins will be notified to prospective Noteholders by the Joint Lead Managers prior to the Issue Date.

A step-up margin of 0.25% per annum will be added to the Margin for the Class A Notes and the Class AB Notes for each Interest Period following (and including) the Clean-Up Date.

No such step-up margin is payable in respect of the Redraw Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes.

If Redraw Notes, being Floating Rate Notes, are issued, the Interest Rate applicable to them will be equal to the BBSW Rate determined on the Interest Determination Date for the relevant Interest Period plus a Margin determined at the time of their issue by the Manager.

4.2.5 Calculation of Interest on the Notes and Redraw Notes

Interest on the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Redraw Notes is calculated for each Interest Period:

- (a) on:
 - (i) subject to paragraph (ii) below, the Invested Amount of that Class on the first day of the Interest Period (after taking into account any reductions in the Invested Amount on that day);
 - (ii) the Stated Amount of that Class on the first day of the Interest Period (after taking into account any reductions in the Stated Amount on that day), if on the first day of the relevant Interest Period the Stated Amount of the Notes is zero;
- (b) at the Interest Rate for that Class for that Interest Period; and
- (c) on the actual number of days in that Interest Period and based on a year of 365 days.

4.2.6 Interest Payment on each Distribution Date

If Total Investor Revenues are sufficient for this purpose, Interest on the Notes will be paid in arrears on each Distribution Date following the end of an Interest Period.

If Total Investor Revenues available for payment of Interest on the Notes are insufficient for the payment in full of Interest on the Notes on a Distribution Date, the amount available will be applied first in satisfying on a pari passu and rateable basis the Interest due on the Distribution Date in respect of the Redraw Notes and any Interest on the Redraw Notes remaining unpaid from prior Distribution Dates.

Only after all Interest due in respect of the Redraw Notes have been satisfied will Interest due in respect of the Class A Notes on the relevant Distribution Date and any Interest on the Class A Notes remaining unpaid from prior Distribution Dates be paid.

Only after all Interest due in respect of the Class A Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class AB Notes on the relevant Distribution Date and any Interest on the Class AB Notes remaining unpaid from prior Distribution Dates be paid.

Only after all Interest due in respect of the Class AB Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class B Notes on the relevant Distribution Date and any Interest on Class B Notes remaining unpaid from prior Distribution Dates be paid pari passu and rateably.

Only after all Interest due in respect of the Class B Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class C Notes on the relevant Distribution Date and any Interest on Class C Notes remaining unpaid from prior Distribution Dates be paid pari passu and rateably.

Only after all Interest due in respect of the Class C Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class D Notes on the relevant Distribution Date and any Interest on the Class D Notes remaining unpaid from prior Distribution Dates be paid *pari passu* and rateably.

Only after all Interest due in respect of the Class D Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class E Notes on the relevant Distribution Date and any Interest on the Class E Notes remaining unpaid from prior Distribution Dates be paid *pari passu* and rateably.

Only after all Interest due in respect of the Class E Notes (and prior ranking amounts) have been satisfied will Interest due in respect of the Class F Notes on the relevant Distribution Date and any Interest on the Class F Notes remaining unpaid from prior Distribution Dates be paid *pari passu* and rateably.

A failure to pay Interest on the Class A Notes or Redraw Notes (if issued) within a specified period of time (see Section 9.4.2) will be an event of default under the Security Trust Deed. The events of default and the remedies available to Noteholders are detailed in Sections 9.4.2 and 9.4.3. A failure to pay Interest:

- (a) on the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will not be an event of default under the Security Trust Deed while any Class A Notes or Redraw Notes (if issued) are outstanding; or
- (b) on the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will not be an event of default under the Security Trust Deed while any Class AB Notes are outstanding; or
- (c) on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will not be an event of default under the Security Trust Deed while any Class B Notes are outstanding; or
- (d) on the Class D Notes, the Class E Notes and the Class F Notes will not be an event of default under the Security Trust Deed while any Class C Notes are outstanding; or
- (e) on the Class E Notes and the Class F Notes will not be an event of default under the Security Trust Deed while any Class D Notes are outstanding; or
- (f) on the Class F Notes will not be an event of default under the Security Trust Deed while any Class E Notes are outstanding.

No interest accrues on the amount of any Interest shortfall.

The method for calculating whether there are sufficient Total Investor Revenues available on a Distribution Date for the payment of Interest on the Notes for the Interest Period then ended (and any shortfalls of Interest from previous Interest Periods) is set out in Section 7.

4.2.7 Decisions and determinations are final and conclusive

All determinations, decisions, calculations, settings and elections required by this Section 4.2 and any related definitions are to be made by the Calculation Agent. Any such determination, decision, calculation, setting or election, including (without limitation) any determination with respect to the level of a benchmark, rate or spread, the adjustment of a benchmark, rate or spread or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error, may be made in the Calculation Agent's sole discretion and, notwithstanding anything to the contrary in the Transaction Documents, will become effective as made without any requirement for the consent or approval of the Trustee, the Noteholders or any other person.

4.2.8 Temporary Disruption Fallback

Subject to Section 4.2.9, if a Temporary Disruption Trigger occurs in respect of an Applicable Benchmark Rate, the rate for any day for which that Temporary Disruption Trigger is continuing and that

Applicable Benchmark Rate is required will be the rate determined in accordance with the Temporary Disruption Fallback for that Applicable Benchmark Rate.

4.2.9 Permanent Discontinuation Fallback

If a Permanent Discontinuation Trigger occurs in respect of an Applicable Benchmark Rate, the rate for any Interest Determination Date which occurs on or following the applicable Permanent Fallback Effective Date will be the Fallback Rate determined in accordance with the Permanent Discontinuation Fallback for that Applicable Benchmark Rate.

The Calculation Agent must notify the Rating Agency upon becoming aware of the occurrence of a Permanent Discontinuation Trigger and upon the commencement of the application of a new Applicable Benchmark Rate following that Permanent Discontinuation Trigger.

4.3 Principal Repayments on the Notes and Redraw Notes

4.3.1 Final Redemption

Unless previously redeemed (or deemed to be redeemed) in full, the Notes will be redeemed at their then Invested Amount, together with all accrued but unpaid interest on the Distribution Date falling in November 2059 (the “**Final Maturity Date**”).

4.3.2 Repayment of Principal on the Notes

- (a) Class A Notes, Class AB Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class F Notes.

On a Distribution Date prior to the enforcement of the Charge, if the Serial Paydown Triggers have not occurred on the Determination Date immediately preceding that Distribution Date and to the extent that Total Principal Collections are sufficient for this purpose (after payment of prior ranking distributions of Total Principal Collections, including payments to the Redraw Noteholders, as described in Section 4.3.3 below and any Redraw Facility Principal Outstanding) the remaining Total Principal Collections for that Distribution Date will be applied:

- (i) first to the Class A Noteholders in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero;
- (ii) next, to the Class AB Noteholders in repayment of principal in respect of the Class AB Notes, pari passu and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
- (iii) next, to the Class B Noteholders in repayment of principal in respect of the Class B Notes, pari passu and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
- (iv) next, to the Class C Noteholders in repayment of principal in respect of the Class C Notes, pari passu and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero;
- (v) next, to the Class D Noteholders in repayment of principal in respect of the Class D Notes, pari passu and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;
- (vi) next, to the Class E Noteholders in repayment of principal in respect of the Class E Notes, pari passu and rateably amongst the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero; and

- (vii) next, to the Class F Noteholders in repayment of principal in respect of the Class F Notes, pari passu and rateably amongst the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero.

On a Distribution Date prior to the enforcement of the Charge, if the Serial Paydown Triggers have occurred on the Determination Date immediately preceding that Distribution Date and to the extent that Total Principal Collections are sufficient for this purpose (after payment of prior ranking distributions of Total Principal Collections, including payments to the Redraw Noteholders, as described in Section 4.3.3 below and any Redraw Facility Principal Outstanding) the remaining Total Principal Collections for that Distribution Date will be applied pari passu and rateably:

- (i) to the Class A Noteholders in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero;
- (ii) to the Class AB Noteholders in repayment of principal in respect of the Class AB Notes, pari passu and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
- (iii) to the Class B Noteholders in repayment of principal in respect of the Class B Notes, pari passu and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
- (iv) to the Class C Noteholders in repayment of principal in respect of the Class C Notes, pari passu and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero;
- (v) to the Class D Noteholders in repayment of principal in respect of the Class D Notes, pari passu and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;
- (vi) to the Class E Noteholders in repayment of principal in respect of the Class E Notes, pari passu and rateably amongst the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero; and
- (vii) to the Class F Noteholders in repayment of principal in respect of the Class F Notes, pari passu and rateably amongst the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero.

The determination and allocation of Total Principal Collections is explained in Sections 7.5.1 and 7.5.3.

4.3.3 Redraw Notes

On each Distribution Date prior to the enforcement of the Charge, to the extent that Total Principal Collections are sufficient for this purpose (after payment of prior ranking distributions of Total Principal Collections) the Trustee, at the direction of the Manager, must apply the Total Principal Collections towards repayment of the Stated Amounts of the Redraw Notes, until these are reduced to zero, in the order of their issue (pari passu and rateably amongst such Redraw Notes), such that a Redraw Note does not receive a principal repayment until the Stated Amounts of all earlier issued Redraw Notes have been reduced to zero. The Redraw Notes rank in priority to the Notes for repayments of principal and payments of Interest.

4.3.4 Note 10% Call Option

The Trustee must if so directed by the Manager (given in the Manager's discretion) and on giving 5 Business Days' notice to the Noteholders and Redraw Noteholders, redeem all of the then outstanding Notes and Redraw Notes ("**Note 10% Call Option**") on any Distribution Date falling on or after the Clean-Up Date.

The Manager may only direct the Trustee to redeem the Notes and Redraw Notes in accordance with the foregoing if the Trustee will have sufficient funds available to it on the relevant Distribution Date to ensure that the Noteholders and Redraw Noteholders will receive the aggregate of the then Invested Amount of the Notes and Redraw Notes, as applicable, and the Interest payable on the Notes and Redraw Notes, as applicable, or otherwise the aggregate Stated Amount of the Notes and Redraw Notes, as applicable, (rather than the Invested Amount) if the Noteholders and Redraw Noteholders have approved the redemption at the Stated Amount by an extraordinary resolution (being a resolution passed at a meeting of the Noteholders and Redraw Noteholders convened and held by a majority of not less than three quarters of the votes cast thereat or a resolution in writing signed by all Noteholders and Redraw Noteholders).

The Clean-Up Offer may, but need not, be exercised by BEN in conjunction with the exercise by the Trustee of the Note 10% Call Option.

4.3.5 Redemption on Final Payment

Upon a final distribution being made in respect of the Notes in the circumstances described in Section 10.6.4 or under the Security Trust Deed, the Notes will be deemed to be redeemed and discharged in full and any obligation to pay any unpaid interest, any then unpaid Invested Amount or any other amounts in relation to the Notes will be extinguished in full. Thereafter the Notes will cease to exist and the Noteholders will have no further rights or entitlements in respect of their Notes.

4.3.6 No Payment in Excess of Invested Amount

No amount of principal will be paid to a Noteholder in excess of the Invested Amount applicable to the Notes held by that Noteholder.

4.4 Payments

4.4.1 Method of Payment

Any amounts payable by the Trustee to a Noteholder will be paid in Australian dollars and may be paid by:

- (a) electronic transfer through Austraclear;
- (b) at the option of the Noteholder (which may be exercised on a Note Transfer), direct transfer to a designated bank account in Australia of the Noteholder; or
- (c) any other manner specified by the Noteholder and agreed to by the Manager and the Trustee.

4.4.2 Rounding of Interest and Principal Payments

All payments in respect of Interest and principal on the Notes will be rounded to the nearest cent (half a cent or more being rounded upward).

4.5 Reporting of Pool Performance Data

The Manager or a person nominated by the Manager will, on a monthly basis, publish on Bloomberg (or another similar electronic reporting service) pool performance data.

Pool performance data will include:

- (a) performance data relating to the Notes issued (including principal outstanding and Interest Rates);
- (b) Note Factors;
- (c) prepayment rates;

- (d) arrears statistics; and
- (e) default statistics.

4.6 The Register of Noteholders

The Trustee will maintain the Register at its office in Sydney.

The Register will include the names and addresses of the Noteholders and a record of each payment made in respect of the Notes.

The Register is the only conclusive evidence of the title of a person recorded in it as the holder of a Note.

The Trustee may from time to time close the Register for periods not exceeding 35 Business Days in aggregate in any calendar year (or such greater period as may be permitted by the Corporations Act).

In addition to the above period, the Register may be closed by the Trustee at 4.30 pm (Sydney time) on the Business Day prior to each Determination Date (or such other Business Day as is notified by the Trustee to the Noteholders from time to time) for the purpose of calculating entitlements to Interest and principal on the Notes. The Register will be re-opened at the commencement of business on the Business Day immediately following the Determination Date on which such calculations are made. On each Distribution Date, principal and Interest on the Notes will be paid to those Noteholders whose names appear in the Register at the opening of business (at the place where the Register is located) on the Record Date immediately preceding that Distribution Date.

The Register may be inspected by a Noteholder during normal business hours in respect of information relating to that Noteholder only. Copies of the Register may not be taken by the Manager or Noteholders. However, the Trustee must make a copy of the Register available to the Manager within 1 Business Day of the Manager's request for a copy.

The Trustee, with the Manager's approval, may cause the Register to be maintained by a third party on its behalf, and require that person to discharge the Trustee's obligations in relation to the Register.

4.7 Note Certificates

No global definitive certificate or other instrument will be issued to evidence a person's title to Notes. Instead, each Noteholder will be issued with a certificate ("**Note Certificate**") under which the Trustee acknowledges that the Noteholder has been entered in the Register in respect of the Notes referred to in that Note Certificate. A Note Certificate is not a certificate of title as to the relevant Notes. It cannot, therefore, be pledged or deposited as security nor can Notes be transferred by delivery of only a Note Certificate to a proposed transferee.

If a Note Certificate becomes worn out or defaced, then upon production of it to the Trustee, a replacement will be issued. If a Note Certificate is lost or destroyed, and upon proof of this to the satisfaction of the Trustee and the provision of such indemnity as the Trustee considers adequate, a replacement Note Certificate will be issued. A fee not exceeding \$10 may be charged by the Trustee for a replacement Note Certificate.

4.8 Transfer of Notes

Subject to the following conditions, a Noteholder is entitled to transfer any of its Notes:

- (a) if the offer for sale or invitation to purchase to the proposed transferee by the Noteholder:
 - (i) is not made to a Retail Client; and
 - (ii) complies with any applicable laws in all jurisdictions in which the offer or invitation is made;

- (b) unless lodged with Austraclear as explained in Section 4.10, all transfers of Notes must be effected by a Note Transfer. Note Transfers are available from the Trustee's registry office. Every Note Transfer must be duly completed, duly stamped (if applicable), executed by the transferor and the transferee and lodged for registration with the Trustee accompanied by the Note Certificate for the Notes to which it relates; and
- (c) if the offer is in accordance with the listing and market rules of any exchange on which the Notes are listed or quoted as those rules apply to the Notes.

For the purposes of accepting a Note Transfer, the Trustee is entitled to assume that it is genuine (unless it has actual knowledge to the contrary).

The Trustee is authorised to refuse to register any Note Transfer if:

- (a) it is not duly completed, executed and (if necessary) stamped;
- (b) it contravenes or fails to comply with the terms of the Master Trust Deed or the Series Supplement; or
- (c) the transfer would result in a contravention of, or a failure to observe the provisions of a law of the Commonwealth of Australia or of a State or Territory of the Commonwealth of Australia.

The Trustee is not bound to give any reason for refusing to register any Note Transfer and its decision is final, conclusive and binding. If the Trustee refuses to register any Note Transfer, it must as soon as practicable following that refusal, send to the transferor and the purported transferee notice of that refusal.

A Note Transfer will be regarded as received by the Trustee on the Business Day that the Trustee actually receives the Note Transfer at the place at which the Register is then kept. Subject to the power of the Trustee to refuse to register a Note Transfer, the Note Transfer will take effect from the beginning of the Business Day on which the Note Transfer is received by the Trustee. However, if a Note Transfer is received by the Trustee after 4.30 pm (Sydney time) on a Business Day in Sydney the Note Transfer will not take effect until the next Business Day. If a Note Transfer is received by the Trustee during any period when the Register, or the relevant part of the Register, is closed for any purpose or on any weekend or public holiday, the Note Transfer will take effect from the beginning of the next Business Day on which the Register (or the relevant part of the Register) is open.

Where a Note Transfer is registered after the closure of the Register but prior to any payments that are due to be paid to Noteholders then Interest or principal due on the Notes on the following Distribution Date will be paid to the transferor and not the transferee.

Upon registration of a Note Transfer, the Trustee will, within 10 Business Days of registration, issue a Note Certificate to the transferee in respect of the relevant Notes and, where applicable, issue to the transferor a Note Certificate for the balance of the Notes retained by the transferor.

4.9 Marked Note Transfer

A Noteholder may request the Trustee, or any third party appointed by the Trustee to maintain the Register as described in Section 4.6, to provide a marked Note Transfer in relation to its Notes. Once a Note Transfer has been marked by the Trustee or any such third party, for a period of 90 days thereafter (or such other period as is determined by the Manager), the Trustee or that third party will not register any transfer of the Notes described in the Note Transfer other than pursuant to that marked Note Transfer.

4.10 Lodgement of Notes in Austraclear

On the Issue Date, it is expected that the Notes will be eligible to be lodged into the Austraclear system by registering Austraclear Limited as the holder of record, for custody in accordance with the Austraclear rules or in such other form as required by the Noteholders. All payments in respect of the Notes lodged into Austraclear will be made to Austraclear Limited, for transfer in accordance with the Austraclear rules. All notices to the Noteholders lodged into the Austraclear system will be directed to Austraclear Limited.

In respect of each of the Notes that are lodged into the Austraclear system, Austraclear Limited will become the registered holder of those Notes in the Register of Holders. While those Notes remain in the Austraclear system:

- (a) all payments and notices required of the Trustee and the Manager in relation to those Notes will be directed to Austraclear Limited; and
- (b) all dealings and payments in relation to those Notes within the Austraclear system will be governed by the Austraclear Limited Regulations.

Transactions relating to interests in the Notes may also be carried out through Euroclear or Clearstream, Luxembourg.

Interests in the Notes traded in the Austraclear system may be held for the benefit of Euroclear or Clearstream, Luxembourg. In these circumstances, entitlements in respect of holdings of interests in Notes in Euroclear would be held in the Austraclear system by a nominee of Euroclear while entitlements in respect of holdings of interests in Notes in Clearstream, Luxembourg would be held in the Austraclear system by a nominee of J.P. Morgan Chase Bank, N.A. as custodian for Clearstream, Luxembourg.

The rights of a holder of interests in a Note held through Euroclear or Clearstream, Luxembourg are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream, Luxembourg, the terms and conditions of agreements between Euroclear and Clearstream, Luxembourg and their respective nominee and the Austraclear Regulations.

4.11 Limit on Rights of Noteholders

Apart from any security interest arising under the Security Trust Deed (as to which see Section 9.4), the Noteholders do not own and have no interest in the Series Trust or any of its assets. In particular, but without prejudice to the rights and powers of the Noteholders under the Security Trust Deed, no Noteholder in its capacity as such is entitled to:

- (a) interfere with or question the exercise or non-exercise of the rights or powers of BEN, the Servicer, the Manager or the Trustee in their dealings with the Series Trust or any Assets of the Series Trust;
- (b) require the transfer to it of any Asset of the Series Trust;
- (c) attend meetings or take part in or consent to any action concerning any property or corporation in which the Trustee has an interest;
- (d) exercise any rights, powers or privileges in respect of any Asset of the Series Trust;
- (e) lodge a caveat or other notice forbidding the registration of any person as transferee or proprietor of, or any instrument affecting, any Asset of the Series Trust or claiming any estate or interest in any Asset of the Series Trust;
- (f) negotiate or communicate in any way with any person in respect of any Housing Loan or with any person providing a Support Facility to the Trustee;
- (g) seek to wind up or terminate the Series Trust;
- (h) seek to remove the Servicer, the Manager or the Trustee;
- (i) take any proceedings including, without limitation, against the Trustee, the Manager, BEN or the Servicer or in respect of the Series Trust or the Assets of the Series Trust. This will not limit the right of Noteholders to compel the Trustee, the Manager or the Security Trustee to comply with their respective obligations under the Master Trust Deed and the Series Supplement (in the case of the Trustee and the Manager) and the Security Trust Deed (in the case of the Security Trustee);

- (j) have any recourse to the Trustee or the Manager in their personal capacity, except to the extent of its fraud, negligence or wilful default; or
- (k) have any recourse to BEN or the Servicer in respect of a breach by BEN or the Servicer of their respective obligations under the Series Supplement.

4.12 Notices to Noteholders

Notices, requests and other communications by the Trustee or the Manager to Noteholders may be made by:

- (a) advertisement placed on a Business Day in The Australian Financial Review (or other nationally delivered newspaper); or
- (b) registered mail, postage prepaid, to the address of the Noteholder as shown in the Register. Any notice so mailed shall be conclusively presumed to have been duly given, whether or not the Noteholder actually receives the notice.

4.13 Joint Noteholders

Where Notes are held jointly, any notices in relation to the Notes which are sent by mail will be sent only to the person whose name appears first in the Register.

Any moneys due in respect of Notes which are held jointly will be paid to the account or person nominated by the joint Noteholders for that purpose or, if an account or person is not nominated, only to the person whose name appears first on the Register, except that in the case of payment by cheque, the cheque will be payable to the joint Noteholders.

5. SOME RISK FACTORS

The purchase, and subsequent holding, of the Notes is not free of risk. The Manager believes that the risks described below are some of the principal risks inherent in the transaction for Noteholders and that the discussion in relation to those Notes indicates some of the possible implications for Noteholders. However, the inability of the Trustee to pay Interest or principal on the Notes may occur for other reasons and the Manager does not in any way represent that the description of the risks outlined below is exhaustive. It is only a summary of some particular risks. Further, although the Manager believes that the various structural protections available to Noteholders lessen certain of these risks, there can be no assurance that these measures will be sufficient to ensure the payment or distribution of Interest or principal on the Notes on a timely or full basis. Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and make their own independent investigation and seek their own independent advice as to the potential risks involved in purchasing and holding the Notes.

5.1 Limited Liability under the Notes

The Notes are debt obligations of the Trustee in its capacity as trustee of the Series Trust. The Trustee's liability in respect of the Notes is limited to, and can be enforced against the Trustee only to the extent to which it can be satisfied out of, the Assets of the Series Trust out of which the Trustee is actually indemnified for the liability except in certain limited circumstances (as to which see Section 10.3.11).

There can be no assurance that the Assets of the Series Trust will be sufficient to make all interest and principal payments on the Notes. If the Assets of the Series Trust are insufficient to pay the interest and principal on the Notes when due, there will be no other source from which to receive these payments and the Noteholder may experience a loss or receive a lower yield on the investment than expected.

5.2 Secondary Market Risk

There is currently no secondary market for the Notes. The Joint Lead Managers have undertaken to use reasonable endeavours, subject to market conditions, to assist Noteholders so requesting it to locate potential purchasers of Notes from time to time in order to facilitate liquidity in the Notes. There is no assurance that as a result of this action any secondary market will develop or, if one does develop, that it will provide liquidity of investment or will continue for the life of the Notes. No assurance can be given that it will be possible to effect a sale of the Notes; nor can any assurance be given that, if a sale takes place, it will not be at a discount to the acquisition price.

5.3 Timing of Principal Distributions

Set out below is a description of some circumstances in which the Trustee may receive early or delayed repayments of principal on the Housing Loans and, as a result of which the Noteholders may receive repayments of principal on the Notes earlier or later than would otherwise have been the case:

- (a) enforcement proceeds received by the Trustee due to a borrower having defaulted on its Housing Loan;
- (b) receipt of insurance proceeds by the Trustee in relation to an insurance claim in respect of a Housing Loan;
- (c) repurchases of Housing Loans by BEN as a result of any one of the following occurring:
 - (i) the discovery and subsequent notice by the Trustee, BEN or the Manager, no later than 5 Business Days prior to the expiry of the relevant Prescribed Period, that any of the representations and warranties made by BEN in respect of a certain Housing Loan were incorrect when given (see Sections 6.2.4 and 6.2.5);
 - (ii) BEN making a Further Advance under a Housing Loan, providing an additional feature in relation to a Housing Loan or for any similar purpose (see Section 6.5.8);

- (iii) there being a change in law which leads to the Series Trust being terminated early and the Housing Loans are then repurchased by BEN or sold to a third party (see Section 10.6); or
- (iv) BEN repurchasing the balance of the Housing Loans following an offer by the Manager on behalf of the Trustee on or following the termination of the Series Trust (see Section 10.6.3) or on a Distribution Date on or after the Clean-Up Date (see Section 6.5.10);
- (d) the Servicer is obliged to service the Housing Loans in accordance with its Servicing Guidelines or, to the extent not covered by the Servicing Guidelines, the standards and practices of a prudent lender in the business of making retail home loans. There is no definitive view as to whether the standards and practices of a prudent lender in the business of making retail home loans do or do not include the Servicer's own franchise considerations. If those considerations are included the Servicer would be entitled to consider its own reputation and future business writing prospects in making a determination as to how current Housing Loans are administered. Such a course may result in a delay of principal returns to Noteholders. The Servicer is, however, required to give undertakings as to how it will administer the Housing Loans (see Section 10.5.1) and comply with the express limitations in the Series Supplement;
- (e) the terms and conditions of the Housing Loans and related securities allow borrowers, with the consent of the Servicer, to substitute their mortgaged property with a different mortgaged property without necessitating the repayment of the Housing Loan in full. Housing Loans which are secured by mortgaged property which may be substituted in this way may show a slower rate of prepayment than Housing Loans secured by mortgaged property which cannot be substituted in this way;
- (f) the terms and conditions of a Standard Housing Loan and its related securities may allow a borrower, at the discretion of the Servicer, to redraw funds previously prepaid by that borrower (see Section 9.3 for a description of the Redraw Facility). This may slow the rate of prepayment on the Housing Loans;
- (g) the mortgage which secures a Housing Loan may also secure other financial accommodation provided by BEN. If the mortgagor is in default under that other financial accommodation and the Servicer enforces the relevant mortgage, the proceeds of enforcement will be made available to the Trustee (in priority to BEN) for repayment of the Housing Loan. This may in turn result in the relevant Housing Loan being prepaid earlier than would otherwise be the case. This may occur notwithstanding there being no default under the Housing Loan.
- (h) Each of the above factors makes it difficult to reliably predict the actual rate of prepayment of the Housing Loans or the rate and timing of payments of principal on the Notes. There is no guarantee that the actual rate of prepayment on the Housing Loans, or the actual rate of prepayment on the Notes will conform to any particular model or that a Noteholder will achieve the yield expected on an investment on the Notes.

5.4 Principal and interest on the Redraw Notes will be paid before principal and interest on other Notes prior to enforcement of the Charge under the Security Trust Deed

If Redraw Notes are issued they will rank ahead of the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes in respect of payment of principal and Interest prior to enforcement of the Charge under the Security Trust Deed. After the enforcement of the Charge under the Security Trust Deed, the Redraw Notes will rank *pari passu* with the Class A Notes in respect of payments of principal and interest.

5.5 Prepayment then Non-Payment

There is the possibility that borrowers who have prepaid an amount of principal under their Housing Loans do not continue to make scheduled payments under the terms of their Housing Loans. Consistent with standard Australian banking practice, the Servicer does not consider such a Housing Loan to be in arrears until such time as the actual principal balance has exceeded the then current Scheduled Balance.

The failure of borrowers to make payments when due after an amount has been prepaid under their Housing Loans may affect the ability of the Trustee to make timely payments of Interest and principal to Noteholders. If the Trustee has insufficient funds to pay Interest on the Notes because the above situation has occurred, the Trustee will be entitled to request a drawing under the Liquidity Facility and to apply Principal Collections and the money held in the Excess Revenue Reserve up to the amount of the deficiency. The Excess Revenue Reserve, Principal Draws and Liquidity Facility mitigate the risk of such a deficiency but may not be sufficient to cover the whole of the deficiency.

5.6 Delinquency and Default Risk

The Trustee's obligations to pay interest and principal on the Notes in full is limited by reference to, amongst other things, receipts under or in respect of the outstanding Housing Loans. Noteholders must rely, amongst other things, for payment upon payments being made under the Housing Loans and on amounts available under any Mortgage Insurance Policies and, if and to the extent available, money available to be drawn under the Liquidity Facility and the Excess Revenue Reserve.

If borrowers fail to make their monthly payments when due (other than when the borrower has prepaid principal under its Housing Loan, as to which see Section 5.5), there is a possibility that the Trustee may have insufficient funds to make full payments of Interest on the Notes and eventual payment of principal to the Noteholders. A wide variety of local or international developments of a legal, social, economic, political or other nature could conceivably affect the performance of borrowers under their Housing Loans.

In particular, as at the Cut-Off Date, some of the Housing Loans will be set at variable rates. These rates are reset from time to time at the discretion of the Servicer (see Section 6.5.5). It is possible, therefore, that if these rates increase significantly relative to historical levels, borrowers may experience distress and increased default rates on the Housing Loans may result.

If a borrower defaults on payments to be made under a Housing Loan and the Servicer seeks to enforce the mortgage securing the Housing Loan, many factors may affect the length of time before the mortgaged property is sold and the proceeds of sale are realised. In such circumstances, the sale proceeds are likely to be less than if the sale was carried out by the borrower in the ordinary course. Any such delay and any loss incurred as a result of the realised proceeds of the sale of the property being less than the principal amount outstanding at that time under the Housing Loan may affect the ability of the Trustee to make payments under the Notes, notwithstanding any amounts that may be claimed under any available Mortgage Insurance Policies (see Section 8) or temporary shortfalls that may be mitigated by the Excess Revenue Reserve, Principal Draws and the Liquidity Facility.

Noteholders will bear the investment risk resulting from the delinquency and default experience of the Housing Loans.

5.7 Servicer Risk

The appointment of the Servicer may be terminated in certain circumstances which are outlined in Section 10.5.4. If the appointment of the Servicer is terminated, the Trustee is obliged to find another entity to perform the role of Servicer for the Series Trust. The appointment of a substitute Servicer will only have effect once the Manager notifies the Rating Agencies of such appointment and the substitute Servicer has executed a deed under which it agrees to service the Housing Loans and related securities upon the same terms as originally agreed to by the Servicer. However, there is no guarantee that a substitute Servicer will be found who would be willing to service the Housing Loans and related securities on the same terms agreed to by the Servicer.

If the Trustee is unable to locate a suitable substitute Servicer, the Trustee must act as the substitute Servicer, and will continue to act in this capacity until a suitable substitute Servicer is found.

The Servicer may also retire as Servicer by giving not less than 3 months' notice in writing to the Trustee and the Rating Agencies (or, if the Trustee has agreed to a lesser period of notice, that lesser period). For further details see Section 10.5.5.

5.8 Assignment and risks of Equitable Assignment

The Housing Loans will initially be assigned to the Trustee by BEN. If the Trustee declares that a Perfection of Title Event has occurred under the Series Supplement (see Section 10.2.1), the Trustee and the Manager must, amongst other things, take all such steps as are necessary to perfect the Trustee's legal title in the mortgages relating to the Housing Loans (or, in the case of the occurrence of an Insolvency Event in relation to BEN, the relevant Housing Loans and related mortgages and collateral securities) (see Section 10.2.1 for further details on Perfection of Title Events). Until such time, the Trustee is not to take any such steps to perfect legal title and, in particular, it will not notify the borrowers or any security providers of its interest in the Housing Loans.

The delay in the notification to a borrower of the Trustee's interest in the Housing Loans may have the following consequences:

- (a) until a borrower, guarantor or security provider has notice of the Trustee's interest in the Housing Loans, such person is not bound to make payment to anyone other than BEN, and can obtain a valid discharge from BEN. However, BEN is appointed as the initial Servicer of the Housing Loans and is obliged to deal with all moneys received from borrowers in accordance with the Series Supplement and to service those Housing Loans in accordance with the Servicing Standards;
- (b) until a borrower, guarantor or security provider has notice of the Trustee's interest in the Housing Loans, rights of set-off or counterclaim may accrue in favour of the borrower, guarantor or security provider against its obligations under the Housing Loans which may result in the Trustee receiving less money than expected from the Housing Loans (see Section 5.9 below);
- (c) for so long as the Trustee holds only an equitable interest in the Housing Loans, the Trustee's interest in the Housing Loans may become subject to the interests of third parties created after the creation of the Trustee's equitable interest but prior to it acquiring a legal interest. To reduce this risk, the Servicer has undertaken not to consent to the creation or existence of any security interest over the mortgages securing the Housing Loans; and
- (d) for so long as the Trustee holds only an equitable interest in the Housing Loans, BEN, may need to be a party to certain legal proceedings against any borrower, guarantor or security provider in relation to the enforcement of any Housing Loan. In this regard, the Servicer undertakes to service (including enforce) the Housing Loans in accordance with the Servicing Standards.

5.9 Set-Off

The Housing Loans can only be sold free of set-off to the Trustee to the extent permitted by law. The consequence of this is that if a borrower, guarantor or security provider in connection with a Housing Loan has funds standing to the credit of an account with BEN, or amounts are otherwise payable to such a person by BEN, that person may have a right on the enforcement of the Housing Loan or the related securities or on the insolvency of BEN to set-off BEN's liability to that person in reduction of the amount owing by that person in connection with the Housing Loan.

If BEN becomes insolvent, it can be expected that borrowers, guarantors and security providers will seek to exercise their set-off rights (if any) to a significant degree.

5.10 Ability of the Trustee to Redeem the Notes

The ability of the Trustee to redeem all the Notes at their aggregate Invested Amounts or Stated Amounts whilst any of the Housing Loans are still outstanding will depend upon whether the Trustee is able to collect or otherwise obtain an amount sufficient to redeem the Notes and to pay its other obligations in the order explained in Section 7. Following the enforcement of the Security Trust Deed, the Security Trustee will be required to apply moneys otherwise available for distribution in the order of the priority set out in the Security Trust Deed (described in Section 9.4.4). The moneys available to the Security Trustee for distribution may not be sufficient to satisfy in full the claims of all or any of the Noteholders and neither the Security Trustee nor the Trustee will have any liability to the Noteholders in respect of any such

deficiency. Although the Security Trustee may seek to obtain the necessary funds by means of a sale of the outstanding Housing Loans, there is no guarantee that there will be at that time an active and liquid secondary market for mortgages. Further, if there was such a secondary market, there is no guarantee that the Security Trustee will be able to sell the Housing Loans for the principal amount then outstanding under such Housing Loans.

Accordingly, the Security Trustee may be unable to realise the value of the Housing Loans, or may be unable to realise the full value of the Housing Loans which may impact upon its ability to redeem all outstanding Notes at that time.

5.11 Breach of Representation and Warranty

The Trustee benefits from certain representations and warranties in respect of the Housing Loans to be acquired by the Trustee from BEN (see Section 6.2.4). The Trustee has not investigated or made any enquiries regarding the accuracy of the representations and warranties. The Trustee is under no obligation to test the truth of the representations and warranties and is entitled to rely entirely upon the representations and warranties being correct unless it is actually aware of any breach (see Section 6.2.5).

BEN has agreed to repurchase any Housing Loan in respect of which it is discovered by the Trustee, the Manager or BEN within the relevant Prescribed Period that any one of the representations and warranties given by BEN was incorrect when given and:

- (a) notice of such discovery is given by the Manager or BEN to the Trustee or by the Trustee to BEN, as applicable, no later than 5 Business Days prior to the expiry of the relevant Prescribed Period; and
- (b) such breach has not otherwise been remedied by BEN (in a manner determined by it) to the satisfaction of the Trustee within 5 Business Days (or such longer period as the Trustee, the Manager and BEN agree in writing) of BEN or the Manager giving or receiving the notice (as the case may be).

If the Trustee discovers that a representation and warranty was incorrect when given in relation to a Housing Loan after the last day that the above notice can be given, BEN has agreed to pay damages to the Trustee for any loss or costs incurred by the Trustee. However, the amount of such loss or costs cannot exceed the principal amount outstanding and accrued but unraised interest and any outstanding fees in respect of the Housing Loans. The rights of the Trustee in respect of any representation or warranty being incorrect are described in more detail in Section 6.2.5.

5.12 The Mortgage Insurance Policies

A claim under a Mortgage Insurance Policy may be refused or reduced in certain circumstances (see generally Section 8). This may affect the ability of the Trustee to make timely payments of Interest and principal on the Notes. However, where a claim under a Mortgage Insurance Policy has been refused or reduced in certain circumstances, the Trustee may have recourse to BEN either for breach of a representation and warranty (see Section 6.2.5) or for breach of its obligations as Servicer. Not all Housing Loans have the benefit of a Mortgage Insurance Policy.

5.13 National Consumer Credit Protection Act

The National Consumer Credit Protection Act 2009 (Cth) (“NCCP”), which includes a National Credit Code (“National Credit Code”), commenced on 1 July 2010.

Some of the Housing Loans and related mortgages and guarantees are regulated by the NCCP. The NCCP incorporates a requirement for providers of credit related services to hold an “Australian credit licence”, be exempt from this requirement or be a credit representative of a licensed person, and to comply with “responsible lending” requirements, including undertaking a mandatory “unsuitability assessment” before a loan is made or there is an agreed increase in the amount of credit under a loan.

Obligations under the NCCP extend to BEN, the Servicer and, upon becoming a “credit provider” under the NCCP Act, the Trustee in respect of the Housing Loans.

Once the Trustee acquires legal title to the Housing Loans (and becomes entitled to receive payments from the debtor) it will become a 'credit provider' with respect to regulated loans under the National Credit Code and the NCCP, and as such is exposed to civil and criminal liability for certain violations. These include violations caused in fact by the Servicer. The Servicer has indemnified the Trustee for any civil or criminal penalties in respect of National Credit Code or NCCP violations caused by the Servicer. There is no guarantee that the Servicer will have the financial capability to pay any civil or criminal penalties which arise from National Credit Code or NCCP violations.

If for any reason the Servicer does not discharge its obligations to the Trustee, then the Trustee will be entitled to indemnification from the Assets of the Series Trust. Any such indemnification may reduce the amounts available to pay interest and repay principal in respect of the Notes.

A failure to comply with the National Credit Code or the NCCP may mean that court action is brought to:

- (a) grant an injunction preventing a regulated Housing Loan from being enforced (or preventing the taking of any other action in relation to the Housing Loan) if to do so would breach the NCCP;
- (b) order compensation to be paid for loss or damage suffered (or likely to be suffered) as a result of a breach of a civil penalty provision or a criminal offence in the NCCP (other than the National Credit Code);
- (c) if a credit activity has been engaged in without an Australian credit licence and no relevant exemption applies, issue an order it considers appropriate so that no profiting can be made from the activity, to compensate for loss and to prevent loss. This could include an order declaring a contract or part of a contract to be void, varying the contract, refusing to enforce contract terms, ordering a refund of money or return of property, payment for loss or damage or being ordered to supply specified services;
- (d) vary the terms of a contract relating to a Housing Loan on the grounds of hardship or that it is an unjust contract;
- (e) reopen the transaction that gave rise to a Housing Loan on the grounds that it is unjust under the National Credit Code, which may include relieving the borrower and any guarantor from payment, discharging the mortgage or any other order the court sees fit;
- (f) reduce or cancel any interest rate, fee or charge (including early termination or prepayment fees) payable on the Housing Loan which is unconscionable under the National Credit Code;
- (g) have certain provisions of the Housing Loan which are in breach of the NCCP declared void or unenforceable from the time it was entered into or at any time on and after a specified day before the order is made;
- (h) impose a penalty or require compensation be paid to an affected debtor for a breach of "key requirements" of the National Credit Code, which include certain content and disclosure requirements for the contracts relating to the Housing Loans;
- (i) obtain restitution or compensation from the Trustee to be paid to any person affected by a breach of the National Credit Code in relation to a Housing Loan; or
- (j) seek various other penalties and remedies for other breaches of the NCCP, such as failing to comply with the breach reporting regime.

The parties with standing to seek the above actions are prescribed by the NCCP, and may include a party to the Housing Loan, guarantor or ASIC.

As a condition of the Servicer holding an Australian credit licence and the Trustee being able to perform its role, the Servicer and the Trustee must also allow each borrower to have access to the Australian Financial Complaints Authority ("AFCA"), which has power to resolve disputes where the amount in dispute is below the relevant monetary threshold.

The scope to challenge an adverse determination by AFCA is limited, and a decision is not subject to judicial review. Any such order (by a court or AFCA) may affect the timing or amount of interest, fees or charges, or principal payments repayments under the relevant Housing Loans (which might in turn affect the timing or amount of interest or principal payments under the Notes).

Where a systemic contravention affects contract disclosures across multiple Housing Loans, there is a risk of a representative or class action under which a civil penalty could be imposed in respect of all affected Housing Loan contracts. If debtors suffer any loss, orders for compensation may be made.

Under the National Credit Code, ASIC can make an application to vary the terms of a contract or a class of contracts on the above grounds if this is in the public interest (rather than limiting these rights to affected debtors). ASIC also has the power to intervene in any proceedings arising under the NCCP or National Credit Code.

ASIC can also intervene by making individual or market-wide product intervention orders in relation to credit products regulated under the NCCP, if it is satisfied that a person is engaging, or is likely to engage, in credit activity in relation to a credit contract, mortgage, guarantee or consumer lease (credit product) or a proposed credit product, and the credit product has resulted, will result or is likely to result in significant consumer detriment. Product intervention orders issued by ASIC only operate prospectively, or in other words, apply to products issued or sold after the date of the order. Some examples of the kinds of orders that ASIC can make include:

- (a) impose certain conditions on a product;
- (b) ban a particular feature of a product; or
- (c) ban the issue of the product altogether.

ASIC has exercised its power to make product intervention orders to impose conditions which limit:

- (a) credit fees and charges, and interest charges which may be imposed or provided for under short term credit facilities; and
- (b) fees and charges which may be imposed or provided for under continuing credit contracts.

Any order (by a court or AFCA) made under any of the above consumer credit laws may affect the timing or amount of principal and interest repayments under the relevant Housing Loans which may in turn affect the timing or amount of interest and principal payments under the Notes.

Unfair Terms

In certain circumstances, the terms of the Housing Loans may be void under Part 2 of the Australian Securities and Investments Commission Act 2001 (Cth) (the “**ASIC Act**”) and/or Part 2B of the Fair Trading Act 1999 (Vic) (the “**Fair Trading Act**”) for being unfair.

Part 2 of the ASIC Act includes a national unfair contract terms regime whereby a term of a standard-form consumer contract (renewed, varied or entered into from July 2010) or a small business contract (renewed, varied or entered into from 12 November 2016) a standard-form small business contract will be unfair, and therefore void, if it:

- causes a significant imbalance in the parties’ rights and obligations under the contract;
- is not reasonably necessary to protect the legitimate interests of the party who would have been advantaged by the term; and
- would cause financial or non-financial detriment to a party if it were to be applied or relied on.

A term that is unfair will be void, however, the contract will continue if it is capable of operating without the unfair term.

A consumer contract is one with an individual, whose use of what is provided under the contract is wholly or predominantly for personal, domestic or household use or consumption. For contracts:

- entered into before 9 November 2023, a small business contract is one where at the time the contract is entered into, at least one party to the contract is a business that employs fewer than 20 persons and the upfront price payable under the contract is either:
 - \$300,000 or less; or
 - \$1,000,000 or less, if the contract has a duration of more than 12 months;
- entered into, renewed or varied on or after 9 November 2023, small business contracts include a small business that employs fewer than 100 employees or has a turnover of less than \$10,000,000, and the upfront price payable under the contract is \$5,000,000 or less.

Under the Victorian regime, a term in a consumer contract would be unfair and therefore void if it is a prescribed unfair term or if a court or tribunal determines that in all the circumstances it causes a significant imbalance in the parties' rights and obligations arising under the contract to the detriment of the consumer and is not reasonably necessary in order to protect the legitimate interests of the party who would be advantaged by the term.

On 1 July 2010, Victoria amended its unfair terms regime (contained in Part 2B of the Fair Trading Act) to follow the wording in the national regime. Victoria's unfair terms regime had applied to certain credit contracts since 10 June 2009. The Victorian and/or the national unfair terms regime may apply to the Housing Loans, depending on when the Housing Loans were entered into. The Victorian unfair terms regime was repealed and ceased to apply to new contracts entered into or renewed after 1 January 2011. From 1 January 2011, the national regime applied across all states and territories.

Housing Loans and Related Security entered into before the application of either the Victorian or the national unfair terms regime will become subject to the national regime going forward if those contracts are renewed or a term is varied (although, where a term is varied, the regime only applies to the varied term). Any finding that a term of a Housing Loan is unfair and therefore void may, depending on the relevant term, affect the timing or amount of interest, fees or charges, or principal repayments under the relevant Housing Loan which might in turn affect the timing or amount of interest or principal payments under the Notes.

From 9 November 2023, amendments to the national unfair terms regime (outlined in the *Treasury Laws Amendment (More Competition, Better Prices) Act 2022*) took effect to:

- expand the class of small business contracts (as noted above);
- introduce civil penalties for each contravention of the prohibition on proposing, applying or relying on an unfair contract term in a standard form contract; and
- introduce more flexible remedies to allow courts to order additional remedies including further injunctive powers once a term has been declared unfair.

The amendments took effect and apply to all contracts entered into, renewed or varied on or after 9 November 2023.

The application of the unfair contracts terms regime with respect to the Housing Loans may affect the services of an entity, or its ability to collect funds, in relation to these consumer credit arrangements and ultimately this may result in a delay or decrease in the amounts a Noteholder receives.

5.14 Australian Anti-Money Laundering and Counter-Terrorism Financing Regime

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (Cth) ("AML/CTF Act") applies to entities that provide a designated service ("**reporting entities**") that satisfy the geographical link.

The designated services under AML/CTF Act include (without limitation):

- (a) opening or providing accounts, allowing any transaction in relation to an account or receiving instructions to transfer money in and out of such an account;
- (b) issuing or selling a security in certain circumstances;
- (c) exchanging one currency for another in certain circumstances in the course of carrying on a currency exchange business;
- (d) making loans to a borrower or allowing a transaction to occur in respect of that loan in the course of carrying on a loans business; and
- (e) providing a custodial or depository service.

A reporting entity must comply with the obligations contained in the AML/CTF Act. These obligations include (among other things), enrolment with the Australian Transaction Reports and Analysis Centre (“AUSTRAC”), maintaining an adequate AML/CTF program, undertaking customer identification procedures as outlined in the reporting entity’s AML/CTF program before commencing to provide a designated service and conducting ongoing due diligence and monitoring in relation to those customers, reporting certain matters to the regulator including (among other things) suspicious matters and information about international and domestic funds transfer instructions and maintaining records in accordance with Part 10 of the AML/CTF Act.

AUSTRAC has a broad range of enforcement tools where an entity breaches its obligations under the AML/CTF Act, including commencing civil penalty proceedings in respect of civil penalty provisions, applying for injunctive relief, issuing infringement notices in respect of certain breaches of the AML/CTF Act, issuing remedial directions requiring reporting entities to comply with the AML/CTF Act, requiring reporting entities to give enforceable undertakings or appointing an external auditor. Significant civil penalties may apply for contraventions of the AML/CTF Act, including penalties up to \$36.4 million for corporations in respect of a breach of civil penalty provisions.

The obligations contained in the AML/CTF Act placed upon a reporting entity may have an impact on dealings related to the Assets of the Series Trust.

Significant reforms to the AML/CTF Act to simplify and modernise the regime took effect on 31 March 2026 (noting that certain changes commenced on 7 January 2025, including in relation to certain definitions and the extension of AUSTRAC’s examination and information gathering powers, and changes to the “tipping off” regime commenced on 31 March 2025).

The Australian Government released the *Anti- Money Laundering and Counter- Terrorism Financing Transitional Rules 2026* (Cth) (“**Transitional Rules**”) on 27 March 2026 to allow additional periods of time for reporting entities to comply with some of the new obligations, such as initial customer due diligence and international value transfer services (currently known as international funds transfer instructions) reporting.

Given the scale and complexity of these reforms, AUSTRAC has acknowledged there are challenges with being fully compliant by 31 March 2026. AUSTRAC has expressly stated that it does not “expect perfection” by 31 March 2026. AUSTRAC expects that where an entity is unable to meet their new or changed obligations within the required timeframes, they will have a documented implementation plan. AUSTRAC expects reporting entities to show sustained effort and reasonable progress against the implementation plan and exercise due care and diligence to manage money laundering and terrorism financing risks while working towards meeting the new or changed obligations. Risks associated with the reforms include that an implementation plan (in whole or in part) may not align with AUSTRAC’s expectations, including with regard to timeframes, that implementation may be delayed or not achieve the intended compliance outcomes, and that an entity may be subject to regulatory scrutiny or enforcement action in relation to inadequate compliance with the new reforms.

5.15 Australian Sanctions Regime

Australia also implements sanctions laws under the *Autonomous Sanctions Act 2011* (Cth) and *Charter of the United Nations Act 1945* (Cth) that prohibit a person from entering into certain transactions (e.g. making a loan or making payments) to persons and entities that have been listed on the Australian

sanctions list maintained by the Department of Foreign Affairs and Trade, or that are controlled, owned or acting at the direction of someone on this list. Australian sanctions laws also prohibit transactions that relate to certain industries within sanctioned jurisdictions and the provision of certain services (including financial services) to sanctioned jurisdictions.

Compliance with Australian sanctions laws could affect the services of an entity or the funds it provides and ultimately may result in a delay in the amounts received by a Noteholder.

5.16 Payments on the Notes will be dependent on payments being made under the Fixed Rate Swap and Termination Payments on the Fixed Rate Swap

To provide a hedge against the fixed rates payable on the fixed rate Housing Loans and the floating rate of interest payable by the Trustee in respect of the Notes, the Trustee will exchange payments calculated by reference to the fixed rate charged on the fixed rate Housing Loans for variable rate payments based on the BBSW Rate (or any applicable replacement benchmark rate). If the Fixed Rate Swap is terminated or the Hedge Provider fails to perform its obligations under the Fixed Rate Swap, Noteholders will be exposed to the risk that the Trustee will not receive sufficient funds to pay interest on the Notes.

If the Trustee is required to make a termination payment to a Hedge Provider upon the termination of a Fixed Rate Swap, the Trustee (as directed by the Manager) will make the termination payment from the Assets of the Series Trust and, prior to enforcement of the Charge under the Security Trust Deed, in priority to payments on the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes. Thus, if the Trustee makes a termination payment, there may not be sufficient funds remaining to pay interest on the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes on a relevant Distribution Date.

5.17 The concentration of Housing Loans in specific geographic areas may increase the possibility of loss on the Notes

To the extent that the Series Trust contains a high concentration of Housing Loans secured by properties located within a single state or region within Australia, any deterioration in the real estate values or the economy of any of those states or regions could result in higher rates of delinquencies, foreclosures and losses than expected on the Housing Loans. In addition, these states or regions may experience natural disasters (including bushfires and floods), which may not be fully insured against and which may result in property damage and losses on the Housing Loans. These events may in turn have a disproportionate impact on funds available to the Series Trust, which could cause Noteholders to suffer losses.

5.18 The imposition of a withholding tax will reduce payments to Noteholders

If a withholding tax is imposed on payments of interest on the Notes, the Noteholders will not be entitled to receive grossed-up amounts to compensate for such withholding tax. Thus, the Noteholders will receive less interest than is scheduled to be paid on the Notes.

5.19 Investment in the notes may not be suitable for all investors

The Notes are not a suitable investment for any investor that requires a regular or predictable schedule of payments or payment on any specific date. The Notes are complex investments that should be considered only by investors who, either alone or with their financial, tax and legal advisors, have the expertise to analyse the prepayment, reinvestment, default and market risk, the tax consequences of an investment, and the interaction of these factors. Mortgage-backed securities, like the Notes, usually produce more returns of principal to investors when market interest rates fall below the interest rates on the Housing Loans and produce less returns of principal when market interest rates rise above the interest rates on the Housing Loans. If borrowers refinance their Housing Loans as a result of lower interest rates, Noteholders will receive an unanticipated payment of principal. As a result, Noteholders are likely to receive more money to reinvest at a time when other investments generally are producing a lower yield than that on the Notes and are likely to receive less money to reinvest when other investments generally are producing a higher yield than that on the Notes. Noteholders will bear the risk that the timing and amount of distributions on the Notes will prevent Noteholders from attaining the desired yield.

5.20 Conflicts of Interest

Certain of the parties to this offering, including, without limitation, Perpetual Trustee Company Limited, P.T. Limited, the Joint Lead Managers, the Manager and BEN may effect transactions in which they may have, directly or indirectly, a material interest or a relationship of any description with another party to such transaction or a related transaction, which may involve a potential conflict with an existing contractual duty to the Trustee under this Information Memorandum (see Section 1.19).

5.21 A decline in Australian economic conditions may lead to losses on the Notes

If the Australian economy were to experience a decline in economic conditions, an increase in interest rates, a fall in property values or any combination of these factors, delinquencies or losses on the Housing Loans might increase, which might cause losses on the Notes.

5.22 Seasoned Housing Loans

Some of the Housing Loans are seasoned Housing Loans and were generally originated in accordance with the underwriting and operations procedures of BEN at the time that such Housing Loan was originated. Because the Housing Loans are seasoned, they may not conform to the current underwriting and operations procedures or documentation requirements of the TORRENS program.

5.23 Servicer Sets Interest Rates

The interest rates on the variable rate Housing Loans are not tied to an objective interest rate index, but are set at the sole discretion of the Servicer (but must be set at the same rate the Servicer charges on similar housing loans). If the Servicer increases the interest rates on the variable rate Housing Loans, borrowers may be unable to make their required payments under the Housing Loans, and accordingly, may become delinquent or may default on their payments. In addition, if the interest rates are raised above market interest rates, borrowers may refinance their loans with another lender to obtain a lower interest rate. This could cause higher rates of principal prepayment than expected and affect the yield on the Notes.

5.24 Features of Housing Loans May Change

The features of the Housing Loans, including their interest rates, may be changed by the Servicer, either on its own initiative or at a borrower's request. Some of these changes may include the addition of newly developed features which are not described in this Information Memorandum. As a result of these changes and borrowers' payments of principal, the concentration of Housing Loans with specific characteristics is likely to change over time, which may affect the timing and amount of payments the Noteholders receive.

If the Servicer, at the direction of the Manager, changes the features of the Housing Loans or fails to offer desirable features offered by its competitors, borrowers might elect to refinance their loans with another lender to obtain more favourable features. In addition, the Housing Loans included in the Series Trust are not permitted to have some features. If a borrower opts to add one of these features to his or her Housing Loan, the Housing Loan may be transferred to another trust or may be repaid and a new Housing Loan written which will not form part of the assets of the Series Trust. The refinancing or removal of Housing Loans could cause the Noteholders to experience higher rates of principal prepayment than expected, which could affect the yield on the Notes.

5.25 Personal Property Security regime

A personal property securities regime commenced operation throughout Australia on 30 January 2012 (“PPSA Start Date”). The Personal Property Securities Act 2009 (Cth) (“PPSA”) established a national system for the registration of security interests in personal property, together with rules for the creation, priority and enforcement of security interests in personal property.

Security interests for the purposes of the PPSA include traditional securities such as charges and mortgages. However, they also include transactions that in substance, secure payment or performance of an obligation but may not, prior to the PPSA Start Date, have been legally classified as securities. Further, certain other interests are deemed to be security interests whether or not they secure payment or

performance of an obligation - these deemed security interests include assignments of receivables and certain leases of goods.

A person who holds a security interest under the PPSA will need to register (or otherwise perfect) the security interest to ensure that the security interest has priority over competing interests (and in some cases, to ensure that the security interest survives the insolvency of the grantor). If they do not do so:

- another security interest may take priority;
- another person may acquire an interest in the assets which are subject to the security interest free of their security interest; and
- they may not be able to enforce the security interest against a grantor who becomes insolvent.

However, under Australian law:

- dealings by the Trustee with the Housing Loans in breach of such undertaking may nevertheless have the consequence that a third party acquires title to the relevant Housing Loans free of the security interest created under the Security Trust Deed or another security interest over such Housing Loans has priority over that security interest; and
- contractual prohibitions upon dealing with the Housing Loans (such as those contained in the Security Trust Deed) will not of themselves prevent a third party from obtaining priority or taking such Housing Loans free of the security interest created under the Security Trust Deed (although the Security Trustee would be entitled to exercise remedies against the Trustee in respect of any such breach by the Trustee).

Whether this would be the case, depends upon matters including the nature of the dealing by the Trustee, the particular Housing Loans concerned and the agreement under which it arises and the actions of the relevant third party.

There is uncertainty on aspects of the implementation of the PPSA regime because the PPSA significantly alters the law relating to secured transactions. There are issues and ambiguities in respect of which a market view or practice will evolve over time.

On 22 September 2023, the Australian Government released its response to the 2015 statutory review of the PPSA (known as the Whittaker Review). The response proposes comprehensive reforms to the PPSA and PPS Regulations which were aimed at simplifying and clarifying various aspects of the PPSA. Submissions in response to the government's proposed reforms closed on 17 November 2023. At this stage, there can be no certainty as to whether any or all of the proposed reforms will ultimately be adopted, or the timing or impact of any such changes.

5.26 FATCA

The Foreign Account Tax Compliance Act, enacted as part of the U.S. Hiring Incentives to Restore Employment Act of 2010 (together with regulations promulgated thereunder, "**FATCA**") establishes a due diligence, reporting and withholding regime intended to detect U.S. taxpayers who use financial accounts with non-U.S. financial institutions to conceal income and assets from the U.S. Internal Revenue Service ("**IRS**").

FATCA withholding

Under FATCA, a 30% withholding tax may be imposed (i) in respect of certain payments of U.S. source income and (ii) in respect of "foreign passthru payments" (a term which is not yet defined under FATCA), which are, in each case, paid to or in respect of entities that fail to meet certain certification or reporting requirements ("**FATCA withholding**").

A FATCA withholding may be required if (i) an investor does not provide adequate information to the Trustee or any other financial institution through which payments on the Notes are made to determine whether the investor is subject to FATCA withholding or (ii) a "foreign financial institution" ("**FFI**") to or through which payments on the Notes are made is a "non-participating FFI".

FATCA withholding is not expected to apply if Notes are treated as debt for U.S. federal income tax purposes and the payment is made under a grandfathered obligation, generally being any obligation issued on or before the date that is six months after the date on which final regulations defining the term “foreign passthru payment” are filed with the U.S. Federal Register.

In any event, FATCA withholding is not expected to apply on payments made before the date that is two years after the date on which final regulations defining the term “foreign passthru payment” are filed with the U.S. Federal Register.

Australian IGA

The Australian Government and the U.S. Government signed an intergovernmental agreement with respect to FATCA (“**Australian IGA**”) on 28 April 2014. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the Australian IGA (“**Australian IGA Legislation**”).

Australian financial institutions which are Reporting Australian Financial Institutions under the Australian IGA must comply with specific due diligence procedures. In general, these procedures seek to identify their account holders (e.g. the Noteholders) and provide the Australian Taxation Office (“**ATO**”) with information on financial accounts (for example, the Notes) held by U.S. persons and recalcitrant account holders. The ATO is required to provide such information to the IRS. Consequently, Noteholders may be requested to provide certain information and certifications to the Series Trust, the Trustee and to any other financial institutions through which payments on the Notes are made in order for the Series Trust, the Trustee and such other financial institutions to comply with their FATCA obligations.

A Reporting Australian Financial Institution (which may include the Series Trust) that complies with its obligations under the Australian IGA will not generally be subject to FATCA withholding on amounts it receives, and will not generally be required to deduct FATCA withholding from payments it makes with respect to the Notes, other than in certain prescribed circumstances.

No additional amounts paid as a result of FATCA withholding

In the event that any amount is required to be withheld or deducted from a payment on the Notes as a result of FATCA, no additional amounts will be paid by the Trustee as a result of the deduction or withholding. The Trustee (at the direction of the Manager) may determine that the Series Trust should or must comply with certain obligations as a result of the Australian IGA. As such, Noteholders will be required to provide any information or tax documentation that the Trustee (at the direction of the Manager) determines are necessary to comply with FATCA, the Australian IGA or the Australian IGA Legislation. The Trustee’s ability to satisfy such obligations will depend on each Noteholder providing, or causing to be provided, any information and tax documentation, including information concerning the direct or indirect owners of such Noteholder, that the Trustee (at the direction of the Manager) determines are necessary to satisfy such obligations.

FATCA is particularly complex legislation.

Investors should consult their own tax advisers to determine how these rules may apply to them under the Notes.

5.27 Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (“**CRS**”) requires certain financial institutions to report information regarding certain accounts (which may include the Notes) to their local tax authority and follow related due diligence procedures. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the CRS.

5.28 Securitisation Regulation Rules

Please refer to the Section 1.25 for further information on the implications of the EU Securitisation Regulation Rules and the UK Securitisation Framework for certain investors in the Notes.

5.29 Japanese Risk Retention

Please refer to the Section 1.26 for further information on the implications of the Japan Due Diligence and Retention Rules for certain investors in the Notes.

5.30 U.S. Credit Risk Retention

Please refer to the Section 1.27 for further information on the implications of the U.S. Risk Retention Rules for certain investors in the Notes.

5.31 Changes in global financial regulatory conditions

Changes in the global financial regulation or regulatory treatment of mortgage-backed securities may negatively impact the regulatory position of affected investors and have an adverse impact on the value and liquidity of mortgage-backed securities such as the Notes. You should consult with your own legal, regulatory, tax, business, financial, accounting and investment advisors regarding the potential impact on you and the related compliance issues. No assurance can be given that any regulatory reforms will not have a significant impact on the regulation of the Trust.

5.32 Ipso Facto Moratorium

On 18 September 2017, the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (Cth) (“**TLA Act**”) received Royal Assent.

The TLA Act enacted reform (known as “**ipso facto**”) which varies the enforceability of certain contractual rights against Australian companies which are subject to one of the following insolvency-related procedures (“**Applicable Procedures**”):

- an application for a scheme of arrangement for the purpose of avoiding being wound up in insolvency;
- the appointment of a managing controller (that is, a receiver or other controller with management functions or powers);
- the appointment of an administrator; or
- the appointment of a restructuring practitioner in respect of a company which has liabilities of less than \$1 million.

The ipso facto reform imposes a stay or moratorium on the enforcement of certain contractual rights while the company is subject to the Applicable Procedure (the “**stay**”) or in other specified circumstances.

In summary:

- Appointment Trigger: Any right which triggers for the reason of any of the Applicable Procedures will not be enforceable.
- Financial Position Protection: Any rights which arise for the reason of adverse changes in the financial position of a company which is subject to any of the Applicable Procedures.
- Anti-Avoidance: The Corporations Act (as amended by the TLA Act) contains very broad anti-avoidance provisions. For example:
 - (i) The Corporations Act (as amended by the TLA Act) deems that any contractual provision which is “in substance contrary to” the stay will also be unenforceable.

- (ii) Any self-executing provision which is expressed to automatically trigger rights otherwise subject to the stay is unenforceable.

The length of the stay depends on the Applicable Procedure and the type of stay concerned. Generally, the stay would end once the Applicable Procedure has ended, unless extended by the court. The stay may also end later in certain circumstances specified under the relevant provisions for each Applicable Procedure.

The ipso facto reform applies to contracts, agreements or arrangements entered into on or after 1 July 2018. Pre-1 July 2018 contracts, agreements or arrangements that are novated or varied before 1 July 2023 will not be subject to the stay.

The Corporations Act (as amended by the TLA Act) provides that contracts, agreements or arrangements prescribed in regulations (“**Regulations**”) or rights specified in ministerial declarations are not subject to the stay. The Regulations prescribe that, among other things, a right contained in a kind of contract, agreement or arrangement that involves a special purpose vehicle, and that provides for securitisation, is not subject to the stay.

There are still issues and ambiguities in relation to the stay, in respect of which a market view or practice will evolve over time. The scope of the ipso facto reform and its potential effect on the Transaction Documents and Notes remains uncertain.

5.33 BBSW

Interest rate benchmarks (such as BBSW and other interbank offered rates) have been and continue to be the subject of national and international regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past (including reducing, increasing or otherwise affecting the volatility of the benchmarks), to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the Notes.

In Australia, examples of reforms that are already effective include the replacement of the Australian Financial Markets Association as BBSW administrator with ASX Benchmarks Pty Limited (ABN 38 616 075 417), changes to the methodology for calculation of BBSW, and amendments to the Corporations Act 2001 (Cth) made by the Treasury Laws Amendment (2017 Measures No. 5) Act 2018 (Cth) which, among other things, enable ASIC to make rules relating to the generation and administration of financial benchmarks. On 6 June 2018, ASIC designated BBSW as a “significant financial benchmark” and made the ASIC Financial Benchmark (Administration) Rules 2018 and the ASIC Financial Benchmarks (Compelled) Rules 2018.

Although many of the Australian reforms were designed to support the reliability and robustness of BBSW, it is not possible to predict with certainty whether, and to what extent, BBSW will continue to be supported or the extent to which related regulations, rules, practices or methodologies may be amended going forward. This may cause BBSW to perform differently than it has in the past, and may have other consequences which cannot be predicted. For example, it is possible that these changes could cause BBSW to cease to exist, to become commercially or practically unworkable, or to become more or less volatile or liquid. Any such changes could have a material adverse effect on the Notes.

Investors should be aware that the Reserve Bank of Australia (“**RBA**”) has expressed a view that calculations of BBSW for 1 month tenors are not as robust as calculations using tenors of 3 months or 6 months, and that users of 1 month tenors such as the securitisation markets should be preparing to use alternative benchmarks such as the RBA cash rate or 3 month BBSW. The RBA has also recently amended its criteria for repo eligibility to include a requirement that floating rate notes and marketed asset-backed securities issued on or after 1 December 2022 that reference BBSW must contain at least one “robust” and “reasonable and fair” fallback rate for BBSW in the event that it permanently ceases to exist, if such securities are to be accepted by the RBA as being eligible collateral for the purposes of any repurchase agreements to be entered into with the RBA. The Australian Securitisation Forum published the “ASF Market Guideline on BBSW fallback provisions” on 11 November 2022 (“**ASF Market Guideline**”) for voluntary use in contracts that reference BBSW to assist market participants to meet the requirements of the RBA’s updated criteria, with a view to these becoming standardised fallback provisions for BBSW linked securitisation issuances.

The Conditions of the Notes incorporate fallback provisions that are consistent with the ASF Market Guideline and which apply in the event of a temporary disruption or permanent discontinuation of the benchmark rate. The fallback methodology involves the use of alternative benchmark rates (to the extent available) as the benchmark rate applicable to the Notes, including (i) in the case of a Permanent Discontinuation Trigger affecting BBSW, AONIA; (ii) in the event of a Permanent Discontinuation Trigger affecting AONIA, the RBA Recommended Rate; and (iii) in the event of a Permanent Discontinuation Trigger affecting the RBA Recommended Rate, the Final Fallback Rate. Any such alternative benchmark rates may, at the relevant time, be difficult to calculate, be more volatile than originally anticipated or not reflect the funding cost or return anticipated by investors.

For example, whereas BBSW is expressed on the basis of a forward-looking term and is based on observed bid and offer rates for Australian prime bank eligible securities (which bid and offer rates may incorporate a premium for credit risk) AONIA is an overnight, 'risk-free' cash rate and will be applied to calculate interest on the Notes by methodology involving compounding in arrears using observed rates and the application of a spread adjustment. Accordingly, where AONIA (or any other benchmark rate determined by compounding in arrears) applies in respect of the Notes, it may be difficult for investors in the Notes to estimate reliably in advance the amount of interest which will be payable on those Notes for a particular Interest Period.

No assurances can be provided that AONIA or any other alternate rate applied to the Notes as described above will have characteristics that are similar to, or be sufficient to produce the economic equivalent of, BBSW or any other alternate rate which may have previously applied at any time under the framework described above.

Prospective investors should be aware that the market is still developing in relation to AONIA as a reference rate in the capital markets. It is not possible to predict what effect the application of AONIA (or any other alternative benchmark rate for the Notes) in determining the interest on the Notes may have on the price, value or liquidity of the Notes.

In addition, investors should be aware that, in addition to being used for interest calculations, BBSW is also used to determine other payment obligations such as amounts interest amounts payable to the Liquidity Facility Provider under the Liquidity Facility Agreement and to the Redraw Facility Provider under the Redraw Facility Agreement, and that the fall back rates for these payments may not be the same as the fall back rate for payments of interest on the Notes. Any such mismatch may lead to shortfalls in cash flows necessary to support payments on Notes.

Certain amendments may be made to the Transaction Documents without the approval of the Noteholders or other Secured Creditors if at any time a Permanent Discontinuation Trigger occurs with respect to BBSW (or other Applicable Benchmark Rate) and the Manager determines that such amendments to the Transaction Documents are necessary to give effect to the application of the applicable Fallback Rate in the manner contemplated by Section 4.2.9, such amendments being reasonably determined having regard to then current market practice. None of the Manager, the Trustee, the Security Trustee or any other party to the Transaction Documents have any liability to any Noteholder for either any determination of any Fallback Rate or the execution or application of any such amendments.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by BBSW reforms, the potential for BBSW to be discontinued and the potential application and risks associated with the potential application of AONIA and other Applicable Benchmark Rates in making any investment decision with respect to any Notes.

None of BEN, the Security Trustee, the Manager, the Arranger nor any Joint Lead Manager accepts any responsibility or liability (in negligence or otherwise) for any loss or damage resulting from the use of existing benchmark rates such as BBSW or the application of the BBSW fallback provisions or the Notes not being repo eligible for any reason.

5.34 Australian merger clearance regime

On 1 January 2026, the Australian Competition and Consumer Commission's ("ACCC") mandatory notification regime commenced to implement significant reforms to the Australia's competition laws. This regime applies to the acquisition of shares in a body corporate, units in a unit trust or in a managed investment scheme and to the acquisition of assets, which includes the acquisition of property as well as legal and equitable rights that are not property.

Under the regime, an acquisition is required to be notified to the ACCC (a “**Notifiable Acquisition**”) where (i) the shares, units or assets to be acquired are connected with Australia, (ii) in respect of shares, the acquirer is acquiring a controlling interest in an entity or the acquisition meets various voting power thresholds, (iii) one of the monetary notification thresholds (as prescribed in the Competition and Consumer (Notification of Acquisitions) Determination 2025 (Cth) (the “**Original Determination**”) as amended by the Competition and Consumer (Notification of Acquisitions) Amendment (2025 Measures No. 1) Determination 2025 (Cth) (the “**Amendment Determination**”, and the Original Determination as amended by the Amendment Determination, the “**Determination**”)) is satisfied, and (iv) no exception to the notification requirement applies.

It is unlawful to fail to notify a Notifiable Acquisition to the ACCC and to ‘put into effect’ a Notifiable Acquisition unless (i) the acquiring party submits a filing to the ACCC and the ACCC determines that it may be put into effect, or (ii) the acquiring party submits a waiver application and the ACCC grants a waiver in respect of the proposed acquisition.

Any Notifiable Acquisition that is, or is attempted to be, put into effect without a determination or waiver by the ACCC is void by operation of law.

The Determination includes exceptions for certain financing and financial markets transactions, including, but not limited to, asset securitisation arrangements, debt instruments, loans, debt interests, securities financing transactions and derivatives. The Determination does not define a number of these terms (such as a “debt instrument” or an “asset securitisation arrangement”) for the purposes of these exceptions, but the Explanatory Statement to the Amendment Determination includes guidance on certain of these matters, including which transaction types are intended to constitute “asset securitisation arrangements” and which lifecycle steps of “asset securitisation arrangements” are intended to be covered.

However, the mandatory notification regime and the related Determination have not yet been authoritatively considered or interpreted by Australian courts, and there remains uncertainty as to how the mandatory notification regime will be interpreted and applied to any particular transaction or any particular aspect of a transaction.

Investors should consult with their own advisers and make their own assessment about the potential application of the mandatory notification regime to the transaction and their investment in any Notes in making any investment decision.

None of BEN, the Manager, the Trustee, the Security Trustee, the Arranger, the Joint Lead Managers, the Dealers or the Standby Swap Provider accepts any responsibility for any loss or damage resulting from the application of competition laws or the consequences of any such laws applying.

5.35 Turbulence in the financial markets and economy may adversely affect the performance and market value of the Notes

Market and economic conditions (including but not limited to declines flowing from natural disasters, changes in environmental circumstances, such as drought, bushfires, cyclones and floods, effects of war or fluctuations in oil prices) during the past several years have caused significant disruption in the credit markets. Increased market uncertainty and instability in both Australian and international capital and credit markets, combined with increased rates of inflation, political instability, declines in business and consumer confidence and increased unemployment, have contributed to volatility in domestic and international markets and may negatively affect the Australian housing market.

Such disruptions in markets and credit conditions have had (in some cases), and may continue to have, the effect of depressing the market values of mortgage-backed securities, and reducing the liquidity of mortgage-backed securities generally.

These factors may adversely affect the performance, marketability and overall market value of the Notes.

6. HOUSING LOANS

6.1 BEN

BEN (the “**Bank**”) is an Australian public company listed on the ASX and registered in Victoria under the Corporations Act and regulated as an Australian-owned ADI by APRA.

The Bank converted from a building society to a bank on 1 July 1995.

The Bank has headquarters in Bendigo, Victoria and Adelaide, South Australia with the registered office based in Bendigo at The Bendigo Centre, Bendigo, VIC, 3550, Australia. Its Australian Business Number is ABN 11 068 049 178.

The Bank provides a broad range of banking and other financial services to its customer base, which is mainly comprised of retail customers, and small to medium sized businesses. The Bank also services a wide network of agribusiness customers.

BEN is rated by three main rating agencies and has achieved a rating of A-/A-2 (Stable) from S&P; A3/P-2 (Stable) from Moody's; and A-/F2 (Stable) from Fitch.

Recent developments

On 18 December 2025, APRA and AUSTRAC both announced actions to address weaknesses in the Bank's money laundering risk management, non-financial risk management practices and risk culture.

APRA required the Bank to undertake a root cause analysis to understand the extent of non-financial risk management issues at the Bank, going beyond money laundering and terrorism financing, APRA also determined to apply an A\$50 million operational risk capital charge on the Bank effective from 1 January 2026 and will remain in place until the Bank has completed remedial measures and addressed wider concerns to APRA's satisfaction.

Further to the Bank's ASX announcement dated 25 November 2025 relating to Anti-Money Laundering and Counter-Terrorism Financing deficiencies, AUSTRAC has identified serious potential contraventions of the AML/CTF Act and has commenced an Enforcement investigation.

The Bank continues to engage with AUSTRAC and continues to work on uplifting its approach to risk management, in particular non-financial risk and acknowledges the need to intensify its efforts. The Board and Executive are fully committed to the required uplift in the non-financial risk maturity of the Bank.

On 18 August 2026, APRA imposed licence conditions on the Bank over persistent risk management weaknesses. The Bank announced the establishment of a multiyear rectification program of work to address significant weaknesses identified in its current non-financial risk frameworks and capabilities and to meet the licence conditions imposed. The program is a significant undertaking and is expected to take approximately three years.

The Bank's continuous disclosure notices are available online at www.asx.com.au.

6.2 Description of the Assets of the Series Trust

6.2.1 Assets of the Series Trust

The Assets of the Series Trust will include the following:

- (a) the Housing Loan Pool, including all:
 - (i) principal payments paid or payable on each Housing Loan at any time from and after the Cut-Off Date in respect of that Housing Loan; and

- (ii) interest payments paid or payable on each Housing Loan after the Closing Date in respect of that Housing Loan (plus the Accrued Interest Adjustment which is to be paid on the first Distribution Date to BEN);
- (b) rights under any Mortgage Insurance Policies issued by or transferred to a Mortgage Insurer and rights under the individual property insurance policies covering the mortgaged properties relating to the Housing Loans (if any);
- (c) rights under the mortgages in relation to the Housing Loans;
- (d) rights under collateral securities appearing on BEN's records as intended as security for the Housing Loans;
- (e) the documents relating to the above, including the original or duplicates of the relevant loan agreements, mortgages, collateral securities, insurance policies and the certificate of title (where existing) in relation to the land secured by the mortgages (the “**Housing Loan Documents**”);
- (f) amounts on deposit in the accounts established in connection with the creation of the Series Trust and the issuance of the Notes, including the Collections Account, and any authorised short-term investments in which these amounts are invested; and
- (g) the Trustee's rights under the Transaction Documents.

The items referred to in paragraphs (a) - (e) above are collectively referred to as the “**Housing Loan Rights**”.

6.2.2 The Housing Loans

The Housing Loans are secured by registered first ranking mortgages on properties located in Australia (or by a second ranking mortgage where the first ranking mortgage is also assigned to the Trustee). The Housing Loans purchased by the Series Trust on the Closing Date will all be from BEN's general residential mortgage product pool and will have been originated by or on behalf of BEN in the ordinary course of its business. Each Housing Loan will be one of the types of products described in Section 6.3. Each Housing Loan may have some or all of the features described in Section 6.3. The Housing Loans are either fixed rate or variable rate loans.

6.2.3 Acquisition of the Housing Loans by the Trustee

The Housing Loans acquired by the Series Trust on the Closing Date will be transferred from BEN to the Trustee and specified in a letter of offer (a “**Letter of Offer**”).

The Housing Loans, the mortgages and any collateral securities securing those Housing Loans, any relevant Mortgage Insurance Policies and BEN's interest in any insurance policies on the mortgaged properties relating to those Housing Loans will be assigned to the Trustee pursuant to a Letter of Offer. Subsequently, the Trustee will be entitled to the Collections on the Housing Loans.

If the Trustee becomes aware of the occurrence of a Perfection of Title Event which is subsisting, then unless the Manager has issued a Ratings Affirmation Notice in relation to the failure to perfect the Trustee's title to the Housing Loans, the Trustee must declare that a Perfection of Title Event has occurred and the Trustee and the Manager must as soon as practicable take steps to perfect the Trustee's legal title to the Housing Loans (or, in the case of the occurrence of an Insolvency Event in relation to BEN, the relevant Housing Loans and related mortgages and collateral securities). These steps will include the lodgement of transfers of the mortgages securing the Housing Loans with the appropriate land titles office in the relevant Australian States and Territories. The Trustee will hold at the Closing Date irrevocable powers of attorney from BEN to enable it to execute such mortgage transfers.

Each Housing Loan sold to the Trustee is secured by an “all moneys” mortgage, which may also secure other financial indebtedness. Where applicable, these other loans will be assigned to the Trustee, and the Trustee will hold these by way of a separate trust for BEN established under the Series Supplement and known as the “**Seller Trust**”. The other loans are not Assets of the Series Trust. The Trustee will hold

the proceeds of enforcement of the related mortgage, to the extent they exceed the amount required to repay the Housing Loan, as trustee for the Seller Trust, in relation to that other loan. The mortgage will secure the Housing Loan assigned to the Series Trust in priority to that other loan.

Because BEN's standard security documentation usually secures all moneys owing by the provider of the security, it is possible that a mortgage or collateral security held by BEN, in relation to other facilities provided by it, could also secure a Housing Loan, even though in the Servicer's records the particular mortgage or collateral security was not taken for this purpose. Only those mortgages and collateral securities that appear in the Servicer's records as intended to secure the Housing Loans will be assigned to or held for the Trustee in its capacity as trustee of the Series Trust. Other securities which by their terms technically secure a Housing Loan but which were not taken for that purpose, will not be assigned to, or held by, the Trustee for the benefit of the Noteholders.

The Series Trust will assume the risk of losses with respect to the Housing Loans acquired by the Trustee arising from any default by a mortgagor. If cash flows relating to a Housing Loan are re-scheduled or re-negotiated, the Series Trust will be subject to the re-scheduled or re-negotiated terms.

6.2.4 Representations, Warranties and Eligibility Criteria

Representations, Warranties

With respect to each Housing Loan being equitably assigned by BEN to the Trustee pursuant to a Letter of Offer, BEN will make various representations and warranties to the Trustee as of the Cut-Off Date, including that:

- (a) at the time BEN entered into the mortgages relating to the Housing Loans, those mortgages complied in all material respects with all applicable laws;
- (b) at the time that BEN entered into the Housing Loans, it did so in good faith;
- (c) at the time BEN entered into the Housing Loans, the Housing Loans were originated in the ordinary course of BEN's business;
- (d) at the time BEN entered into the Housing Loans, all necessary steps were taken to ensure that, each related mortgage complied with the legal requirements applicable at that time to be:
 - (i) a first ranking mortgage; or
 - (ii) where BEN already held the first ranking mortgage, a second ranking mortgage, (subject to any statutory charges, any prior charges of a body corporate, service company or equivalent, whether registered or otherwise, and any other prior security interests which do not prevent the mortgage from being considered to be a first-ranking mortgage or a second ranking mortgage, as the case may be, in accordance with the Servicing Standards) in either case secured over land, subject to stamping and registration in due course;
- (e) where there is a second or other mortgage securing a Housing Loan and BEN is not the mortgagee of that second or other mortgage, satisfactory priority arrangements have been entered into to ensure that the mortgage ranks ahead in priority to the second or other mortgage on enforcement for at least the principal amount and interest on the Housing Loan plus such extra amount determined in accordance with the Servicing Guidelines;
- (f) at the time the relevant Housing Loans were approved, BEN had received no notice of the insolvency or bankruptcy of the relevant borrowers or mortgagors or any notice that any such person did not have the legal capacity to enter into the relevant mortgage;
- (g) following the acceptance of the relevant Letter of Offer in relation to the Housing Loan by the Trustee:
 - (i) BEN will be the sole legal owner; and

- (ii) the Trustee will be the beneficial owner of the Housing Loan and the related Mortgages and First Layer of Collateral Securities (other than the Insurance Policies) and no prior ranking Security Interest (other than under the Security Trust Deed) will exist in relation to BEN and the Trustee's right, title and interest in that Housing Loan and the related Mortgages and First Layer of Collateral Securities (other than the Insurance Policies);
- (h) each of the relevant Housing Loan Documents (other than any Mortgage Insurance Policies and other related insurance policies) which is required to be stamped with stamp duty has been duly stamped;
- (i) the Housing Loans have not been satisfied, cancelled, discharged or rescinded and the property relating to each relevant mortgage has not been released from the security of that mortgage;
- (j) BEN holds, in accordance with the Servicing Standards, all documents which it should hold to enforce the provisions of the securities relating to Housing Loans;
- (k) other than the Housing Loan Documents and documents entered into in accordance with the Servicing Standards, there are no documents entered into by BEN and the mortgagor or any other relevant party in relation to the Housing Loans which would qualify or vary the terms of the Housing Loans;
- (l) other than in respect of priorities granted by statute, BEN has not received notice from any person that it claims to have a security interest ranking in priority to or equal with BEN's mortgage;
- (m) except in relation to fixed rate Housing Loans (or those which can be converted to a fixed rate or a fixed margin over a benchmark) and as may be provided by applicable laws, binding codes and competent authorities binding on BEN, there is no limitation affecting, or consent required from a borrower to effect, a change in the interest rate under the Housing Loans, and a change in interest rate may be set at the sole discretion of the Servicer;
- (n) BEN is lawfully entitled to sell the Housing Loans and related securities to the Trustee free of all security interests and, so far as BEN is aware, adverse claims or other third party rights or interests;
- (o) the provisions of any applicable laws relating to the acquisition of the Housing Loans and related securities have been complied with;
- (p) the sale of the Housing Loans and related securities will not constitute a breach of BEN's obligations or a default under any security interest granted by BEN or affecting BEN's assets;
- (q) there are no Linked Accounts in relation to any Housing Loan other than any Interest Off-Set Account relating to the Housing Loan; and
- (r) the terms of the loan agreements relating to the Housing Loans made on or after 1 November 1996, pursuant to an offer made by BEN on or after that date, require payments in respect of the Housing Loans to be made to BEN free of set-off.

Eligibility Criteria

With respect to each Housing Loan the subject of that Letter of Offer being assigned to the Trustee, BEN represents and warrants to the Trustee as at the Cut-Off Date specified in a Letter of Offer that the Housing Loans comply with the following eligibility criteria or such other eligibility criteria as the Trustee, BEN and the Manager may agree prior to the Closing Date and in respect of which the Manager has notified the Rating Agencies:

- (a) each Housing Loan must:
 - (i) be advanced and repayable in Australian dollars;

- (ii) be secured by a first ranking mortgage or, if there are 2 mortgages securing the Housing Loan and BEN is the first mortgagee and the first ranking mortgage is also assigned to the Trustee, a second ranking mortgage;
 - (iii) be secured by a mortgage over residential property;
 - (iv) have a stated term to maturity at the Cut-Off Date not exceeding 30 years;
 - (v) be assignable in equity without the prior consent of, or notice to, the relevant mortgagor or any other person;
 - (vi) be fully drawn;
 - (vii) have the benefit of a guarantee from the directors of the borrower, where the borrower is a company; and
 - (viii) have a total principal amount outstanding of no greater than \$1,500,000 as at the Cut-Off Date; and
- (b) each Housing Loan must not be:
- (i) a loan secured by a mortgage over land which does not contain a residential building;
 - (ii) a loan in favour of present staff of BEN;
 - (iii) a loan which is in arrears for greater than 30 days as at the Cut-Off Date;
 - (iv) a loan applied or to be applied in whole or part for funding initial construction of a dwelling on the land securing the Housing Loan unless that construction has been completed; or
 - (v) a low doc loan.

The Trustee has not investigated or made any inquiries regarding the accuracy of any of the representations and warranties in this Section 6.2.4 and has no obligation to do so. The Trustee is entitled to rely entirely upon the representations and warranties being correct, unless an officer of the Trustee involved in the day to day administration of the Series Trust has actual notice to the contrary.

6.2.5 Breach of Representations and Warranties

If BEN, the Manager or the Trustee becomes actually aware that a representation or warranty by BEN relating to any Housing Loan or mortgage, assigned to or held by the Trustee, was incorrect when given, it must notify the others within 5 Business Days, and provide to them sufficient details to identify the Housing Loan and the reasons for believing the representation or warranty is incorrect. None of BEN, the Manager or the Trustee is under any ongoing obligation to determine whether any representation or warranty is incorrect when given.

If any representation or warranty is incorrect when given and notice of this is given not later than 5 Business Days prior to the expiry of the relevant Prescribed Period, and BEN does not remedy the breach to the satisfaction of the Trustee within 5 Business Days (or such longer period as the Trustee, the Manager and BEN agree) of the notice being received, the Housing Loan and its related securities will no longer form part of the Assets of the Series Trust and the Trustee will hold them for the Seller Trust. The Trustee will, however, retain all Collections received in connection with that Housing Loan from the Cut-Off Date to the date of delivery of the notice. BEN must pay to the Trustee the principal amount of, and interest accrued but unraised under the Housing Loan, as at the date of delivery of the relevant notices, by or on the day that Housing Loan ceases to form part of the Series Trust.

During the relevant Prescribed Period, the Trustee's sole remedy for any of the representations or warranties being incorrect is the right to the above payment from BEN and BEN has no other liability for

any loss or damage caused to the Trustee, any Noteholder or any other person, for any of the representations or warranties being incorrect.

If the breach of a representation or warranty in relation to a Housing Loan is discovered after the last day for giving notices in the relevant Prescribed Period, BEN must pay damages to the Trustee which will be limited to the principal amount outstanding and any accrued but unraised interest and any outstanding fees in respect of the relevant Housing Loan. The amount of the damages must be agreed between the Trustee and BEN or, failing this, be determined by BEN's external auditors.

The consequences of a breach of a representation or warranty given by BEN in relation to a Housing Loan as described in this section apply to all the Housing Loans

6.2.6 Release or Substitution of Housing Loan Securities

Under the Series Supplement, the Servicer is empowered in relation to each Housing Loan to, amongst other things, release or substitute any corresponding mortgage or collateral security appearing in BEN's records as intending to secure the Housing Loan, as long as at least one mortgage secures the Housing Loan after the release or substitution, the relevant Mortgage Insurer confirms that the release or substitution will not result in a reduction of the amount recoverable under the related Mortgage Insurance Policy, the LVR of the Housing Loan after the release or substitution is no greater than the LVR of the Housing Loan at its approval date and the LVR of the Housing Loan after the release or substitution is no greater than the LVR of the Housing Loan immediately prior to the release or substitution unless otherwise permitted in accordance with the Servicing Guidelines.

6.2.7 Details of the Housing Loan Pool

Statistical information in respect of the Housing Loan Pool is provided in Annexure 1 to this Information Memorandum.

6.3 Housing Loan Types, Housing Loan Features and Additional Features

6.3.1 Housing Loan Types

BEN's standard Housing Loans are charged a variable rate of interest which is an administered rate determined from time to time by BEN (and which is not linked to any other variable rates in the market but which may fluctuate with market conditions) ("**Standard Housing Loans**"). Standard Housing Loans may be amortising loans for a maximum period of 30 years or, for some Standard Housing Loan products, may be non-amortising loans for an initial period of up to 5 years, after which the loan will convert to a fully amortising loan, amortising over a remaining maximum period of up to 25 years. Borrowers may switch to a fixed interest rate at any time as described below in "Switching Interest Rates". Some of the Housing Loans will be subject to fixed rates for different periods at the time they are assigned to the Trustee.

6.3.2 Housing Loan Features

Each Housing Loan may have some or all of the features described in this section. In addition, during the term of any Housing Loan, BEN may agree to change any of the terms of that Housing Loan from time to time at the request of the borrower.

Switching Interest Rates

Borrowers under Standard Housing Loans may elect for a fixed rate, as determined by BEN, to apply to their Housing Loan for a period of up to 5 years. These Housing Loans convert to the usual variable interest rate for Standard Housing Loans, at the end of the agreed fixed rate period unless the borrower elects, in the case of a Standard Housing Loan, to fix the interest rate for a further period.

Any variable rate loan converting to a fixed rate loan will automatically be matched by an increase in the notional amount of the Fixed Rate Swap to hedge the fixed rate exposure.

Substitution of Security

A borrower may apply to the Servicer to achieve the following:

- (a) substitute a different mortgaged property in place of the existing mortgaged property securing a Housing Loan; or
- (b) release a mortgaged property from a mortgage.

If the Servicer's credit criteria are satisfied and another property is substituted for the existing security for the Housing Loan, the mortgage which secures the existing Housing Loan may be discharged without the borrower being required to repay the Housing Loan. The Servicer must obtain the consent of any relevant Mortgage Insurer to the substitution of security or a release of a mortgage where this is required by the terms of a Mortgage Insurance Policy.

Redraws and Further Advances

Each of the Housing Loans allows the borrower to redraw principal repayments, made in excess of scheduled principal repayments. In the case of Standard Housing Loans, redraws must be for at least \$1 per transaction. BEN can withdraw the right of redraw at any time.

Some of the Standard Housing Loans will have available redraws at the time they are assigned to the Trustee.

The borrower may be required to pay a fee to BEN in connection with a redraw. A redraw will not result in the related Housing Loan being removed from the Series Trust.

For information on further advances refer to Section 6.5.8.

Payment Holiday

A borrower may be allowed a payment holiday for an agreed period of time on a Standard Housing Loan, where the borrower has prepaid principal. The effect of a prepayment of principal is to create a difference between the outstanding principal balance of the loan and the scheduled principal balance of the Housing Loan. During the payment holiday the borrower is not required to make any payments, including payments of interest, until the outstanding principal balance of the Housing Loan plus unpaid interest equals the scheduled principal balance. The failure by the borrower to make payments during a payment holiday will not cause the related Housing Loan to be considered delinquent.

Early Repayment

A borrower may incur break fees if an early repayment or partial prepayment of principal occurs on a fixed rate Housing Loan. Borrowers will not face any break fees or penalties where prepayments are less than \$20,000 in a 12 month period, or 20% of the principal amount during the fixed rate period, depending on the borrowers loan terms and conditions.

Combination or "Split" Housing Loans

A borrower may elect to split a Housing Loan into separate funding portions which may, among other things, be subject to different types of interest rates. Each part of the Housing Loan is effectively a separate loan contract, even though all the separate loans are secured by the same mortgage.

Interest Off-set

BEN offers borrowers an interest off-set home loan product under which the interest accrued on the borrower's deposit funds is offset against interest accrued on the outstanding loan amount. BEN does not actually pay interest to the borrower on the offset portion of the Home Loan, but instead reduces the amount of interest which is payable by the borrower on the loan portion. The borrower continues to make the scheduled mortgage payment with the result being that the amount allocated to principal is increased

by the amount of interest offset. In the event of a default deposit funds can be used to reduce the amount outstanding on the loan portion.

If, following a Perfection of Title Event, the Trustee obtains legal title to a Housing Loan, BEN, subject to any contractual notice requirements by which BEN is bound, will promptly withdraw all interest off-set benefits (if any) that would otherwise be available to Mortgagors in respect of the Housing Loans.

6.3.3 Additional Features

BEN may from time to time offer additional features in relation to a Housing Loan which are not described in the preceding section or may cease to offer features that have been previously offered and may add, remove or vary any fees or other conditions applicable to such features.

6.4 Origination of Housing Loans

6.4.1 Origination Process

The Housing Loans to be assigned to the Series Trust comprise a portfolio of variable and fixed rate loans.

BEN sources its Housing Loans through two main channels:

- (a) via the 'retail channel', which includes the Bendigo Bank branch network, mobile lenders, call centre and its digital offerings via BEN's website; and
- (b) via the 'third party channel', which includes a network of third-party mortgage distributors. These distributors are made up of 4 types:
 - i. Proprietary Broker - Loans originated under via a mortgage broker under the "Adelaide Bank" brand (until 30 June 2024) or "Bendigo Bank" brand (from June 2024);
 - ii. White Label Broker - Loans originated via a mortgage broker under the broker's brand.
 - iii. Digital Partners - Loans originated via the Tiimely digital origination platform, under the partner's brand;
 - iv. Mortgage Partners - Loans originated under the partner's brand without broker involvement. Mortgage partners sourced and managed Housing Loans on BEN's behalf. This portfolio is no longer originating new loans from November 2024 and is now branded "Bendigo Bank" and managed internally by BEN.

The following sections describe BEN's current origination and underwriting process. The origination and underwriting process for Housing Loans is regularly reviewed by BEN and may be changed from time to time.

6.4.2 Assessment Process

When a Housing Loan application is received it is processed in accordance with BEN's credit policies and approval procedures. These policies and procedures are monitored and are subject to continuous review by BEN. All borrowers must satisfy BEN's approval criteria described in this section. Borrowers may be natural persons, corporations or trustees of a trust. Housing Loans to corporations and to trusts with a corporate trustee must be guaranteed by the directors of the corporation.

All Housing Loan applications are processed through origination systems, some of which use automated credit decisioning with manual oversight. The origination systems apply BEN's credit assessment policy and credit scoring rules. The policy and credit scoring rules are based on, amongst other factors, historical performance data of BEN's portfolio of housing loans.

The origination system identifies loan applications with particular characteristics for review by senior officers with extensive credit experience. Lending authority approval limits and restrictions are also contained in the origination system. They are utilised by both BEN staff and third party mortgage partners.

Officers of BEN and selected officers employed by BEN's mortgage partners may be issued a delegated lending authority ("DLA"). This DLA specifies the maximum loan amount the officer is able to approve within set policy criteria. These set criteria include security type and location, LVR and serviceability ratios. The level of DLA issued is based upon the officers' level of training and lending experience. All delegated authorities are overseen and supervised by BEN's internal credit unit, with regular hindsight reviews completed across DLA holders. Subject to the arrangements referred to in the previous paragraph, Housing Loans submitted by staff or partners who do not have a DLA are subject to assessment and approval by an approved officer of BEN holding a DLA.

The Housing Loan assessment process includes verifying the borrower's application details, assessing their creditworthiness, their ability to service the proposed Housing Loan and determining the value and suitability of the mortgaged properties.

6.4.3 Verification of application details

The verification process involves borrowers providing proof of identity and evidence of serviceability, which is then verified. For PAYG applicants, it includes confirming employment and income levels by way of the following: recent pay slips, transaction statements, ATO payment summary, tax assessments, or a letter from the applicant's employer.

The employer's ABN is verified via a search on the Australian Business Register website.

For a self-employed or corporate applicant, required documentation includes checking the income tax return for the individual or the last years profit and loss statements for the business and income tax returns for the individual. The borrower's ABN is verified via a search on the Australian Business Register website and GST registration is checked if income declared is greater than \$75,000.

An external credit check is undertaken for all borrowers. Where the credit check cannot validate an existing loan, statement may be required. Where companies are involved in the borrowing a company search is also conducted via ASIC.

Where the applicant is applying for a Housing Loan to assist in purchasing a property, confirmation is obtained that the borrower has sufficient funds available to cover the costs of purchase in excess of the borrowed amount.

Where applicants are refinancing debts from another financial institution, satisfactory conduct of these loans must be verified by the credit check.

For Digital loans (including via BEN's proprietary channel or via digital partner channel), the above verification process is primarily completed via XAI Validate. XAI Validate is a learning machine software developed by Tiimely which digitally analyses and presents a borrower's financial position. It does this by screen-scraping, categorising and summarising transactions directly from a borrower's account. Alternatively, borrowers can elect to provide traditional methods of verification which are checked manually as described above.

6.4.4 Assessing ability to repay

The applicant must disclose all financial commitments. An assessment is made of the applicant's ability to repay the Housing Loan primarily based on the applicant's net surplus income that is available to service all their financial commitments. In addition, other factors identified while verifying the applicant's income, savings or credit history are considered.

6.4.5 Valuation of mortgaged property

The value of a mortgaged property in relation to Housing Loans is determined by one of the following methods. Where more than one mortgaged property is offered as security a variety of valuation methods

may be used with the sum of the valuations for each mortgaged property assessed against the Housing Loan amount sought and in determining the LVR.

Full valuation

Full valuations are completed by an Australian Property Institute qualified and approved external valuer. A comprehensive written report is prepared by the valuer and sent to BEN for review.

Policy requirements are that the valuer is a member of the Bank's panel, the valuation must be requested via the Bank's approved valuation management system and that the valuer must be independent and at arms length from the vendor, developer, purchaser, real estate agent and lender.

Unless a full valuation is required, the following alternative valuation methods are acceptable:

Valuation based on purchase contract

In specific circumstances where the mortgaged property was purchased within 90 days of approval of the loan, the purchase price stated in a purchase contract may be used in valuing a mortgaged property. Criteria regarding maximum LVR, property type, location and maximum loan size must be met. The purchase contract must be made on a bona fide arms' length basis and negotiated via a real estate agent which is verified by lending officers prior to final loan approval.

Valuation by Valuer General's Assessment ("VGA")

If the mortgaged property is situated in any state or territory other than WA, the value of the mortgaged property confirmed by a VGA can be accepted. This is generally from a rates notice. Criteria regarding maximum LVR, property type, location and maximum loan size must be met, or approval be provided by a lending officer with a higher Delegated Lending Authority (DLA). This valuation option has recently been decommissioned.

Valuation by desktop Electronic Valuation Report ("EVR")

Subject to qualifying criteria, EVRs are conducted by qualified and approved external valuers who are members of the Bank's panel. The EVR provides BEN with a précis of the property based on comparable sales and other available information. A full inspection is not conducted. Criteria regarding maximum LVR, property type, location and maximum loan size must be met.

Valuation by Automated Valuation method ("AVM")

AVMs are a statistically driven, fully automated property valuation tool that is reliant on analysis of property data to estimate Market Value. A full inspection is not conducted. AVMs are subject to qualifying criteria including the Forecast Standard Deviation ("FSD") which is the error range inherent in the forecast estimate of the property value. Criteria regarding maximum LVR, property type, location and maximum loan size must be met.

6.4.6 Lenders Mortgage Insurance

Some but not all Housing Loans included in the Housing Loan Pool are covered as at the Closing Date by lenders mortgage insurance. Housing Loans with an LVR greater than 80% are required to be insured as at their date of origination. The fee payable for a Mortgage Insurance Policy to a Housing Loan can be added to the original loan amount provided the combined amount does not exceed the maximum permissible LVR for the type of loan being granted.

6.4.7 Loan Approval

Loan approval may be given provided the application passes the credit decision process and the security property meets the criteria in terms of suitability and location. Approval may only be given by select officers for loans that fall within their delegated authority.

6.4.8 Loan Documentation

Once approved, a formal loan offer and associated security documentation are provided to the applicant for execution (either physically or electronically). After execution, the documentation is returned to BEN which, based on satisfactory evidence that all pre-conditions to the loan have been met including evidence of appropriate level of building insurance noting BEN as mortgagee, authorises the advance of the Housing Loan. For any loan where, a solicitor is selected from a panel of solicitors approved by BEN, that solicitor attends to BEN's requirements. The solicitor must issue a certificate confirming compliance with BEN's criteria before the settlement unit authorises the advance of the Housing Loan.

6.5 Servicing of the Housing Loans

6.5.1 The Servicer

Under the Series Supplement, BEN will be appointed as the initial Servicer of the Housing Loans.

6.5.2 Appointment and Obligations of Servicer

The Servicer's duties and obligations under the Series Supplement continue until the earlier of

- (a) the Termination Payment Date; and
- (b) the date of the Servicer's retirement or removal as Servicer.

The Servicer is required to administer the Housing Loans in the following manner:

- (a) in accordance with the Series Supplement;
- (b) in accordance with the Servicer's procedures manual and policies as they apply to those Housing Loans, which are under regular review and may change from time to time in accordance with business judgment and changes to legislation and guidelines established by relevant regulatory bodies; and
- (c) to the extent not covered by the preceding paragraphs, in accordance with the standards and practices of a prudent lender in the business of originating and servicing retail home loans.

The Servicer's actions in servicing the Housing Loans are binding on the Trustee, whether or not such actions are in accordance with the Servicer's obligations. The Servicer is entitled to delegate its duties in accordance with the Series Supplement. The Servicer at all times remains liable for the acts or omissions of any delegate to the extent that those acts or omissions constitute a breach of the Servicer's obligations.

6.5.3 Powers of Servicer

The function of servicing the Housing Loans is vested in the Servicer and it is entitled to service the Housing Loans to the exclusion of the Trustee. The Servicer has a number of express powers, which include the power:

- (a) to release a borrower from any amount owing where the Servicer has written-off or determined to write-off that amount, where it is required to do so by a court or other binding authority;
- (b) subject to the preceding paragraph to vary, extend or relax the time to maturity, terms of repayment or any right in respect of the Housing Loans and their securities, except that the Servicer may not increase the term of a Housing Loan beyond 30 years from its settlement date unless required to do so by a court or other binding authority;
- (c) to release or substitute any security for a Housing Loan as described in Section 6.2.6;
- (d) to consent to subsequent securities over a mortgaged property for a Housing Loan, provided that the security for the Housing Loan retains priority over any subsequent security for at least

the principal amount and accrued and unpaid interest on the Housing Loan plus any extra amount determined in accordance with the Servicer's procedures manual and policies;

- (e) to institute litigation to recover amounts owing under a Housing Loan, but it is not required to do so if, based on advice from internal or external legal counsel, it believes that the Housing Loan is unenforceable or such proceedings would be uneconomical;
- (f) to take other enforcement action in relation to a Housing Loan as it determines should be taken; and
- (g) to compromise, compound or settle any claim in respect of a Mortgage Insurance Policy or a general insurance policy in relation to a Housing Loan or a mortgaged property for a Housing Loan.

6.5.4 Undertakings by the Servicer

The Servicer has undertaken, among other things, the following:

- (a) upon being directed by the Trustee following a Perfection of Title Event, it will promptly take all action required or permitted by law to assist the Trustee and the Manager to perfect the Trustee's legal title to the Housing Loan Rights or to assist any newly appointed Servicer to service the Housing Loan Rights;
- (b) to comply with its obligations under each Mortgage Insurance Policy (if any);
- (c) it will notify the Trustee if it becomes actually aware of the occurrence of any Servicer Default or Perfection of Title Event;
- (d) it will obtain and maintain all authorisations, filings and registrations necessary to properly service the Housing Loans; and
- (e) subject to the provisions of the Privacy Act and its duty of confidentiality to its clients, it will promptly make available to the Manager, the auditor of the trust and the Trustee such written and oral information as any of them reasonably requires (after giving reasonable notice to the Servicer) with respect to all matters in the possession of the Servicer in respect of the activities of the Servicer to which the Series Supplement relates.

6.5.5 Administer Interest Rates

The Servicer must set the interest rates to be charged on the variable rate Housing Loans and the monthly instalment to be paid in relation to each Housing Loan. Subject to the next paragraph, while BEN is the Servicer, it must charge the same interest rates on the variable rate Housing Loans in the pool as it does for Housing Loans of the same product type which have not been assigned to the Trustee.

If at any time the Basis Swap has terminated while any Notes are outstanding then, unless the Trustee has entered into a replacement Basis Swap or other arrangements in respect of which the Manager has issued a Ratings Affirmation Notice, the Servicer must ensure that the weighted average of the variable rates charged on the Housing Loans is at least equal to the Threshold Mortgage Rate calculated as at the previous Distribution Date.

6.5.6 Collections

The Servicer will receive Collections on the Housing Loans from borrowers. The Collections Account is permitted to be maintained with the Servicer if:

- (a) the Servicer is an Eligible Depository; or
- (b) the Servicer is not an Eligible Depository but the Servicer's obligations are supported by a Servicer Standby Guarantee or the Manager has issued a Ratings Affirmation Notice in relation to the Collections Account being held with the Servicer.

For so long as the Servicer has the Required Rating, the Servicer may retain the Collections until 10:00 am on the day which is 1 Business Day before the Distribution Date following the end of the Monthly Period, when it must at that time deposit such Collections into the Collections Account.

For so long as the Servicer does not have the Required Rating, the Servicer must remit all Collections received to the Collections Account within 2 Business Days following receipt.

If Collections are retained by the Servicer for any period of time after their receipt, the Servicer must pay interest in respect of those Collections at the prevailing market rate agreed between the Servicer and the Manager from time to time for the period commencing on (and including) the date on which those Collections are received and ending on (and including) the date on which those Collections are paid or credited to the Collections Account. Such interest must be paid by no later than 10.00am on the day which is 1 Business Day before the Distribution Date following the end of the relevant Monthly Period. However, such interest is not payable if:

- (a) the Manager determines on the immediately preceding Determination Date that an amount is to be paid to the Income Unitholder on the following Distribution Date as described in Section 7.4.6; and
- (b) an Insolvency Event does not exist in relation to the Servicer.

6.5.7 Collections and Enforcement

Pursuant to the terms of the Housing Loans, borrowers must make the minimum repayment due under their Housing Loan. This payment must be made on or prior to each monthly payment due date.

Borrowers may make their repayments by various methods including branch, postal or electronic means. Any number of payments can be made during each month so long as the minimum contractual repayment amount due is met on or before the repayment due date. All repayments are credited to a borrower's account on the day of receipt.

Under the terms of the Housing Loan, a borrower's repayments can exceed the minimum contractual repayment amount. These surplus repayments (advance position) can be used to meet subsequent repayment amounts should the borrower fail to pay on the applicable due date. A loan will only be classed as "in arrears" if the borrower fails to meet their minimum contractual repayment amount and there is an insufficient advance position from which the repayment may be made.

The monitoring and actioning of Housing Loans in arrears, collection of monies owing and enforcement of security is controlled by BEN's Mortgage Help department.

Mortgage Help follows a structured process to ensure its rights are maintained in accordance with legal and regulatory requirements.

BEN reports all actions that it takes on overdue Housing Loans to the relevant Mortgage Insurer where required in accordance with the terms of the policies.

Where a repayment is not made by the contractual instalment due date, or only a partial payment is received leaving more than \$50.00 in arrears, the account will enter the Collection System. Should this situation continue for 4 days, borrower will be subject to an automated Digital arrears management process, a series of SMS's, Interactive Voice Recordings commencing at Day 4, through to Day 28 of an account remaining in arrears. The Digital Strategy will vary according to the Risk Grade of the borrower. Through this contact strategy if the borrower advises that they cannot make the full payment, BEN will seek to enter into an arrangement to clear the arrears on terms deemed commercially acceptable to the borrower and the Bank.

In the event attempts to contact the borrower is unsuccessful, Mortgage Help will generate a letter requesting full payment of the arrears or for the borrower to contact BEN upon receipt.

Where the borrower subsequently fails to contact BEN or make some or all of the required repayment without adequate explanation, a Section 88 notice of default will be issued. From a regulatory

perspective, the borrower is given a 37 day period to comply with the notice. At the expiry of this period, and in the absence of satisfactory borrower circumstances, enforcement proceedings will commence.

The mortgagee's ability to exercise its power of sale on the security property is dependent upon the statutory requirements of the relevant state or territory. A dedicated team within Mortgage Help is responsible for the recovery process and works closely with BEN's panel solicitors to obtain judgement and make application for possession from the applicable court. Once BEN has obtained a possession order in relation to the security property the recoveries team work in conjunction with an external property agent to prepare and manage the sale of the security property.

If a shortfall is realised at settlement and a mortgage insurance policy is held, the recoveries team will then submit the claim for payment with the relevant LMI provider.

6.5.8 Consequences of Further Advances or provision of additional features

Under the terms and conditions of each Housing Loan, BEN may and in its discretion and subject to its credit review process, make an advance to a mortgagor after the Cut-Off Date (a "**Further Advance**").

If:

- (a) BEN makes a Further Advance in relation to an existing Housing Loan to a mortgagor and BEN either:
 - (i) records the Further Advance as a debit to the account in its records for that Housing Loan; or
 - (ii) opens a separate account to that Housing Loan in its records in relation to the Further Advance,

and the Further Advance leads to the Scheduled Balance in respect of that Housing Loan being exceeded by more than 1 scheduled monthly instalment, the Further Advance is treated as an advance made pursuant to the terms of the relevant Housing Loan and the rights to repayment of such will be a Housing Loan forming part of the Assets of the Series Trust. However, BEN may (in its absolute discretion) pay to the Trustee (by payment to the Collections Account) an amount equal to:

- (iii) the Fair Market Value of that Housing Loan (as determined by the Manager, acting reasonably and in good faith) plus accrued but unpaid interest, at the time that payment is made; less
- (iv) any amounts paid by the Trustee or Collections applied by BEN prior to that time towards reimbursement of that Further Advance as described in Section 7.5.1.

With effect from the time that payment is made, the Housing Loan, any such Further Advance, any mortgage, any First Layer of Collateral Securities and any Second Layer of Collateral Securities will be held by the Trustee in accordance with Section 10.1.2 as an asset of the Seller Trust.

- (b) BEN makes a Further Advance to a mortgagor and BEN records the Further Advance as a debit to the account in its records for an existing Housing Loan to the mortgagor and this does not lead to the Scheduled Balance in respect of that Housing Loan being exceeded by more than 1 scheduled monthly instalment, the Further Advance is treated as an advance made pursuant to the terms of the relevant Housing Loan (each a "**Redraw**") and the rights to repayment of such will be a Housing Loan forming part of the Assets of the Series Trust; or
- (c) a mortgagor of a Housing Loan requests BEN:
 - (i) to provide an additional feature offered by BEN with respect to other housing loans originated by BEN; or

- (ii) to approve any similar variation to the terms of that Housing Loan,

BEN may (in its absolute discretion) pay to the Trustee (by payment to the Collections Account) an amount equal to the Fair Market Value of that Housing Loan (as determined by the Manager, acting reasonably and in good faith) plus accrued but unpaid interest, at the time that payment is made. With effect from the time that payment is made, the Housing Loan, any mortgage, any First Layer of Collateral Securities and any Second Layer of Collateral Securities will be held by the Trustee in accordance with Section 10.1.2 as an asset of the Seller Trust.

BEN must not exercise its rights under paragraphs (a) or (c) above in respect of a Housing Loan (to cause that Housing Loan to be held as an asset of the Seller Trust) if BEN is aware that the mortgagor with respect to that Housing Loan is in default of its obligations under that Housing Loan or if the Fair Market Value of that Housing Loan (as determined by the Manager, acting reasonably and in good faith) is less than the principal amount outstanding of that Housing Loan.

6.5.9 Repayment of a Housing Loan

If a Housing Loan is repaid in full, the remaining interest (if any) in the Housing Loan and its related securities will no longer form part of the Assets of the Series Trust. However, if any related securities also secure other existing Housing Loans, the Trustee will continue to hold the related securities until repayment of those other Housing Loans.

6.5.10 Clean-Up Offer

If a Distribution Date is the Clean-Up Date or occurs after the Clean-Up Date then the Trustee must, if so directed by the Manager, and if the Manager has notified the Trustee of the Clean-Up Settlement Price, give BEN a notice to that effect at least 5 Business Days prior to the next Determination Date. By giving that notice, the Trustee is deemed to irrevocably offer (the “**Clean-Up Offer**”) to extinguish its entire right, title and interest in the Housing Loans and related securities which are then Assets of the Series Trust in return for payment by BEN to the Trustee of the Clean-Up Settlement Price on the next Determination Date (“**Clean-Up Settlement Date**”). The Trustee's entire right, title and interest in the Housing Loans and related securities will be held as assets of the Seller Trust with effect from the Clean-Up Settlement Date.

The payment by the Trustee to Noteholders and Redraw Noteholders on the Distribution Date on or following payment by BEN of the Clean-Up Settlement Price will be in full and final redemption of the Notes and Redraw Notes, regardless of any unreimbursed Charge-Offs. However, if the Clean-Up Settlement Price is insufficient to ensure Noteholders and Redraw Noteholders will receive the aggregate of the Stated Amount of the Notes and Redraw Notes, as applicable, and Interest payable on the Notes and Redraw Notes, then the Clean-Up Offer will be conditional upon an Extraordinary Resolution of Noteholders and Redraw Noteholders approving the Clean-Up Settlement Price.

6.5.11 Interest Off-Set Account

If, in respect of a Housing Loan and a Monthly Period, any amount, which would otherwise be payable during that Monthly Period by the relevant mortgagor to the Trustee under the terms of that Housing Loan, is discharged or reduced solely as a result of the terms of an Interest Off-Set Account, the Seller must pay to the Trustee (to form part of the Collections to be deposited into the Collections Account) the amount of any such discharge or reduction. The Seller must make such payment by the Transfer Date immediately following that Monthly Period unless the Seller does not have the Required Rating, in which case, such payment must be made by the Seller within 2 Business Days of the date of such discharge or reduction.

7. CASH FLOW ALLOCATION METHODOLOGY

7.1 Principles Underlying the Allocation of Cash Flows

This Section 7 describes the methodology for the calculation of the amounts to be paid by the Trustee on each Distribution Date to, amongst others, the Noteholders.

In summary, the Series Supplement provides for Collections to be allocated and paid on a monthly basis, in accordance with a set order of priorities, to satisfy the Trustee's payment obligations in relation to the Series Trust. The underlying cash flows comprising the Collections are explained in Section 7.3. The methodology for allocating Collections between Interest on the Notes and other charges, on one hand, and principal, on the other, are explained in Sections 7.4 and 7.5.

The calculation of the various amounts payable on each Distribution Date and the priority in which these amounts are paid are also explained in Sections 7.4 and 7.5.

In certain circumstances the principal amount of the Notes can be reduced by way of Charge-Off. This is explained in Section 7.6.

7.2 Monthly Periods, Determination Dates and Distribution Dates

The distribution of Collections operates on a deferred basis. The Collections in respect of each Monthly Period are paid by the Trustee towards Series Trust Expenses and to, amongst other creditors of the Series Trust, the Noteholders on the following Distribution Date. All necessary calculations for this purpose are made by the Manager no later than the Determination Date after the end of each Monthly Period. Available funds are then transferred to the Collections Account (if not already credited to the Collections Account) on the Transfer Date, for utilisation by the Trustee on the following Distribution Date.

The following sets out an example of a series of relevant dates and periods for the allocation of cash flows and their payments. All dates are assumed to be Business Days.

1 October to 31 October (inclusive)	Monthly Period
10 October to 9 November (inclusive)	Interest Period
7 November	Record Date
7 November	Determination Date
9 November	Transfer Date
10 November	Distribution Date
10 November	Interest Payment Date

7.3 Underlying Cash Flows

7.3.1 Collections

The Collections for a Monthly Period are the aggregate of the following amounts (without double counting) in respect of the Housing Loans:

- (a) the sum of all amounts for which a credit entry is made during the Monthly Period to the accounts established in the Servicer's records for the Housing Loans less the sum of any credit entries to the accounts established in the Servicer's records for the Housing Loans which relate to any Defaulted Amount on the Housing Loans during the Monthly Period and the amount of any reversals to the accounts established in the Servicer's records for the Housing Loans where the original credit entry (or part thereof) was made in error or was made but subsequently reversed due to funds not being cleared;

- (b) any Recoveries received by the Servicer in relation to the Housing Loans during the Monthly Period (less any reversals made during the Monthly Period in respect of recoveries where the original credit entry (or part thereof) was made in error or subsequently reversed due to funds not being cleared);
- (c) any amounts received by the Trustee from BEN in respect of the Monthly Period with respect to Housing Loans the Trustee's interest in which has been extinguished following the making of a Further Advance, the provision of an additional feature or any similar purpose (see Section 6.5.8) or as a result of the discovery of an incorrect representation made by BEN;
- (d) any amounts received by the Trustee on the Distribution Date following the Monthly Period upon BEN's acceptance of the Clean-Up Offer (see Section 6.5.10);
- (e) any damages or indemnities received by the Trustee in respect of the Monthly Period as a result of:
 - (i) the discovery after the relevant Prescribed Period that a representation or warranty made by BEN and referred to in Section 6.2.4 was incorrect when given (see Section 6.2.5);
 - (ii) any release or substitution of any mortgage or related securities (other than as described in Section 6.2.6); or
 - (iii) the Servicer being required under a Binding Provision, or a court or tribunal, to grant any form of relief to a mortgagor or collateral security provider as a result of the Servicer having breached any applicable law, official directive, a Binding Provision or not having acted as a prudent lender of retail home loans;
- (f) any damages received by the Trustee in the Monthly Period which are not included in the amounts referred to in (e)(ii) above;
- (g) any amounts received by the Trustee in the Monthly Period as a result of the sale of the Assets of the Series Trust on or following the Termination Date;
- (h) any amounts received by the Trustee in the Monthly Period in respect of interest off-set benefits in respect of the period;
- (i) in respect of the first Monthly Period, any Note subscription proceeds received by the Trustee that are not used on the Closing Date to acquire Housing Loans;
- (j) any mortgage or general insurance proceeds received in relation to the Housing Loans by the Servicer or the Trustee during the Monthly Period;
- (k) the amount of any Waived Mortgagor Break Costs received by the Trustee in respect of the Monthly Period; and
- (l) any other amounts received by the Trustee during the period as determined by the Manager and notified to the Trustee,

less any amount debited during the Monthly Period to the accounts established in the Servicer's records for the Housing Loans representing taxes, fees or charges imposed by any governmental agency or insurance premiums paid by the Servicer.

Collections for a Monthly Period are allocated first to the satisfaction of Finance Charges.

7.3.2 Finance Charges

The Finance Charges for a Monthly Period are the aggregate of the following amounts (without double counting) in respect of the Housing Loans:

- (a) the aggregate of:
 - (i) all debit entries representing interest or other charges that have been charged (net of any interest offset benefits under the Interest Off-Set Accounts) or other charges charged during the Monthly Period made to the accounts established in the Servicer's records for the Housing Loans;
 - (ii) subject to paragraph (iii), any Mortgagor Break Costs charged during a prior Monthly Period and received by the Servicer during the Monthly Period; and
 - (iii) any amounts received by the Servicer during the Monthly Period from the enforcement of any mortgage or in accordance with any mortgage insurance policy where such amounts exceed the aggregate of the costs of enforcement of any mortgage and the interest and principal then outstanding on the Housing Loan in respect of which amounts are received and represent the Mortgagor Break Costs charged during a prior Monthly Period on the Housing Loan in respect of which amounts are received,
- less the aggregate of:
 - (iv) any reversals made during the Monthly Period in respect of interest or other charges in relation to any of the accounts where the original debit entry (or part thereof) was in error;
 - (v) any Mortgagor Break Benefits payable to a mortgagor during the Monthly Period; and
 - (vi) any Mortgagor Break Costs charged, but not received by the Servicer, during the Monthly Period;
- (b) any Recoveries received by the Servicer in relation to the Housing Loans during the Monthly Period (less any reversals where the original debit entry (or part thereof) was in error);
- (c) any amounts received by the Trustee for Housing Loans the Trustee's interest in which has been extinguished following the making of a Further Advance, the provision of an additional feature or any similar purpose (see Section 6.5.8) or as a result of the discovery of an incorrect representation made by BEN including as referred to in Section 6.2.4 (see Section 6.2.5) where such amounts represent accrued but unraised interest on the Housing Loans in respect of the Monthly Period;
- (d) the amount of any Clean-Up Settlement Price received by the Trustee on the Distribution Date following the Monthly Period which represents amounts in respect of accrued but unraised interest on the Housing Loans;
- (e) any amount received by the Trustee from BEN, Servicer or Manager in respect of the Monthly Period for breach of a representation, warranty or obligation under the Master Trust Deed or Series Supplement;
- (f) any amounts received by the Trustee in the Monthly Period as a result of the sale of Assets of the Series Trust on or following the Termination Date which the Manager determines are to be treated as Finance Charges;
- (g) the amount of any Waived Mortgagor Break Costs received by the Trustee from the Servicer during the Monthly Period;

- (h) any amounts received by the Trustee in respect of interest off-set benefits in respect of the period; and
- (i) any Collections received by the Trustee or the Servicer during the Monthly Period if during that Monthly Period the Stated Amount of the Notes and Redraw Notes has been reduced to zero,

less any amount debited to the accounts established in the Servicer's records for the Housing Loans during the Monthly Period in respect of government fees or charges, bank accounts debits tax or similar government taxes or duties (including any tax or duty in respect of payments or receipts to or from bank or other accounts) or insurance premiums paid by the Servicer.

7.4 Determination of Investor Revenues

7.4.1 Determination of Investor Revenues

On each Determination Date the Manager will calculate (without double counting) the aggregate of the following (referred to as “**Investor Revenues**”):

- (a) the lesser of:
 - (i) Collections for that Monthly Period; and
 - (ii) Finance Charges for that Monthly Period;
- (b) the net amount (if any) receivable by the Trustee under any Hedge Agreement in respect of the Interest Period ending on the Distribution Date immediately following the end of that Monthly Period;
- (c) any interest income (or amounts in the nature of interest income) credited to the Collections Account during that Monthly Period or amounts in the nature of interest otherwise paid by the Servicer or the Manager in respect of Collections held by it;
- (d) all income realised in that Monthly Period in respect of authorised short term investments of the Series Trust;
- (e) any amount of input tax credits (as defined in the GST Act) received by the Trustee in that Monthly Period in respect of the Series Trust;
- (f) any other amount received by the Trustee in that Monthly Period (excluding any Collections, or any Redraw Facility advance, Liquidity Draw, Cash Deposit, any collateral or prepayment under or in connection with any Hedge Agreement); and
- (g) any other amount received by the Trustee in the nature of income during that Monthly Period as determined by the Manager and notified to the Trustee,

(excluding any interest or other income received during that Monthly Period in respect of any collateral or prepayment under or in connection with any Hedge Agreement, or any interest earned on that part of the Collections Account which is referable to the Cash Deposit Account).

7.4.2 Liquidity Shortfall First

If the Investor Revenues for a Monthly Period are insufficient to meet the Total Expenses (see Section 7.4.6) for the Monthly Period (being a “**Liquidity Shortfall First**”), the Manager must direct the Trustee to withdraw from the Excess Revenue Reserve, on the immediately following Distribution Date, an amount equal to the lesser of:

- (a) the Liquidity Shortfall First; and
- (b) the balance of the Excess Revenue Reserve,

(being an “**Excess Revenue Reserve Draw Total Expenses**”) and apply that amount as part of the Total Investor Revenues on the Distribution Date immediately following the end of that Monthly Period.

If the Excess Revenue Reserve Draw Total Expense determined by the Manager on that Determination Date is greater than zero, the Manager will calculate the aggregate of the following in relation to that Monthly Period just ended:

- (a) the Investor Revenues; and
- (b) the Excess Revenue Reserve Draw Total Expense.

Excess Revenue Reserve Draws Total Expense may be reimbursed from Total Investor Revenues in the manner explained in Section 7.4.6.

7.4.3 Liquidity Shortfall Second

If the Excess Revenue Reserve Draw Total Expenses in respect of a Determination Date are insufficient to meet the relevant Liquidity Shortfall First in respect of that Determination Date (being a “**Liquidity Shortfall Second**”), the Manager will calculate the lesser of the following (being a “**Principal Draw**”) on the Determination Date following the end of the Monthly Period:

- (a) the Liquidity Shortfall Second in relation to that Determination Date; and
- (b) where the Collections exceed the Finance Charges for that Monthly Period, the amount of such excess or, where the Finance Charges exceed the Collections for that Monthly Period, zero.

Principal Draws may be reimbursed from Total Investor Revenues in the manner explained in Section 7.4.6.

7.4.4 Liquidity Shortfall Third

If the Principal Draw in respect of a Determination Date is insufficient to meet the relevant Liquidity Shortfall Second (being a “**Liquidity Shortfall Third**”), the Trustee may be entitled to request a drawing under the Liquidity Facility for an amount equal to the lesser of the Liquidity Shortfall Third and the amount which is available for drawing under the Liquidity Facility (see Section 9.2). This amount will be a Liquidity Draw in relation to the relevant Determination Date (“**Liquidity Draw**”).

Liquidity Draws may be reimbursed from Total Investor Revenues in the manner explained in Section 7.4.6.

7.4.5 Accrued Interest Adjustment

Each Housing Loan to be assigned to the Trustee by BEN will have accrued interest from (and including) the previous due date for the payment of interest under the Housing Loan up to (but excluding) the Closing Date. This Accrued Interest Adjustment is to be paid to BEN on the first Distribution Date.

7.4.6 Calculation and Application of Total Investor Revenues

On each Determination Date the Manager will calculate the aggregate of the following (being “**Total Investor Revenues**”) in relation to a Monthly Period and the Distribution Date immediately following that Monthly Period just ended:

- the Investor Revenues for that Monthly Period;
- the Excess Revenue Reserve Draw Total Expenses (if any) in respect of that Determination Date;
- the Principal Draw (if any) in respect of that Determination Date; and
- the Liquidity Draw (if any) in respect of that Determination Date.

The Trustee will apply the Total Investor Revenues for each Monthly Period on each Distribution Date following the end of the Monthly Period in the following order of priority:

- (a) first, \$1 to the Income Unitholder;
- (b) next, in respect of the first Distribution Date, any Accrued Interest Adjustment due to BEN;
- (c) next, in payment of the Series Trust Expenses in the order set out in Section 7.4.7 below;
- (d) next, in payment *pari passu* and rateably towards:
 - (i) any net amounts payable on that Distribution Date by the Trustee to the Hedge Providers under any Hedge Agreement other than:
 - (A) any termination payment payable to a Hedge Provider under a Hedge Agreement as a result of a Hedge Provider Event of Default occurring in relation to that Hedge Agreement); and
 - (B) any termination payment payable to a Hedge Provider under a Hedge Agreement to the extent it is being terminated as a result of the early termination of a given fixed interest rate relating to all or part of a Housing Loan prior to the scheduled termination of that fixed interest rate, except to the extent the Trustee has received the applicable Mortgagor Break Costs from the relevant Mortgagor during the Monthly Period or (in the event of Waived Mortgagor Break Costs) the Trustee has received the corresponding Non-Collection Fee;
 - (ii) fees and interest due under the Redraw Facility (if any) on that Distribution Date plus any such fees and interest remaining unpaid from prior Distribution Dates to be paid to the Redraw Facility Provider;
 - (iii) repayment to the Liquidity Facility Provider of the Applied Liquidity Amounts outstanding; and
 - (iv) the Liquidity Facility Interest (if any) due on that Distribution Date plus any Liquidity Facility Interest remaining unpaid from prior Distribution Dates to be paid to the Liquidity Facility Provider;
- (e) next, in or towards payment *pari passu* and rateably towards the Redraw Note Interest due on that Distribution Date plus any such Redraw Note Interest remaining unpaid from prior Distribution Dates to be distributed *pari passu* and rateably between the Redraw Notes;
- (f) next, towards the interest on the Class A Notes due on that Distribution Date plus any interest on the Class A Notes remaining unpaid from prior Distribution Dates (*pari passu* and rateably between the Class A Notes);
- (g) next, towards the interest on the Class AB Notes due on that Distribution Date plus any interest on the Class AB Notes remaining unpaid from prior Distribution Dates (*pari passu* and rateably between the Class AB Notes);
- (h) next, towards the interest on the Class B Notes due on that Distribution Date plus any interest on the Class B Notes remaining unpaid from prior Distribution Dates (*pari passu* and rateably between the Class B Notes);
- (i) next, towards the interest on the Class C Notes due on that Distribution Date plus any interest on the Class C Notes remaining unpaid from prior Distribution Dates (*pari passu* and rateably between the Class C Notes);
- (j) next, towards the interest on the Class D Notes due on that Distribution Date plus any interest on the Class D Notes remaining unpaid from prior Distribution Dates (*pari passu* and rateably between the Class D Notes);

- (k) next, towards the interest on the Class E Notes due on that Distribution Date plus any interest on the Class E Notes remaining unpaid from prior Distribution Dates (pari passu and rateably between the Class E Notes);
- (l) next, towards the interest on the Class F Notes due on that Distribution Date plus any interest on the Class F Notes remaining unpaid from prior Distribution Dates (pari passu and rateably between the Class F Notes);
- (m) next, an amount equal to any unreimbursed Principal Draws (see Section 7.4.3) will be allocated towards the Adjusted Principal Collections (see Section 7.5.1);
- (n) next, an amount equal to the Defaulted Amount in relation to that Monthly Period just ended will be allocated to Total Principal Collections for that Monthly Period just ended and applied as set out in Section 7.5.3;
- (o) next, an amount equal to the unreimbursed Charge-Offs in respect of the Notes and Redraw Notes from all prior Distribution Dates will be allocated to Total Principal Collections for the Monthly Period just ended and applied as set out in Section 7.5.3;
- (p) next, if any Notes remain outstanding on that Distribution Date, as a deposit to the Excess Revenue Reserve until the balance of the Excess Revenue Reserve equals the Excess Revenue Reserve Target Balance in respect of that Distribution Date;
- (q) next, pari passu and rateably:
 - (i) towards any payment to a Hedge Provider under a Hedge Agreement to the extent not paid as described in paragraph (d)(i) above;
 - (ii) towards payment to the Redraw Facility Provider of any other amount payable to it under the Redraw Facility Agreement (excluding any amounts payable under paragraph (d)(ii) above or under Section 7.5.3(a));
 - (iii) towards payment to the Liquidity Facility Provider of any other amount payable to it under the Liquidity Facility Agreement (excluding any amounts payable under paragraph (d)(iii) and (d)(iv) above); and
 - (iv) towards payment to the Arranger and each Joint Lead Manager of any indemnity amount payable to them under the Dealer Agreement; and
- (r) next, the balance (if any), is paid to the Income Unitholder on that Distribution Date.

“Total Expenses” in relation to a Monthly Period and the Distribution Date immediately following that Monthly Period, means:

- (a) unless paragraphs (b), (c), (d), (e) or (f) below applies, the aggregate of the amounts referred to in Section 7.4.6(a) to 7.4.6(l) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period;
- (b) where the aggregate Stated Amount of the Class B Notes on the Determination Date immediately following the end of that Monthly Period is less than the aggregate Invested Amount of the Class B Notes on the Determination Date immediately following the end of that Monthly Period, the aggregate of the amounts referred to in Section 7.4.6(a) to Section 7.4.6(g) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period;
- (c) unless paragraph (b) above applies, where the aggregate Stated Amount of the Class C Notes on the Determination Date immediately following the end of that Monthly Period is less than the aggregate Invested Amount of the Class C Notes on the Determination Date immediately following the end of that Monthly Period, the aggregate of the amounts referred to in Section

7.4.6(a) to Section 7.4.6(h) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period;

- (d) unless paragraphs (b) or (c) above applies, where the aggregate Stated Amount of the Class D Notes on the Determination Date immediately following the end of that Monthly Period is less than the aggregate Invested Amount of the Class D Notes on the Determination Date immediately following the end of that Monthly Period, the aggregate of the amounts referred to in Section 7.4.6(a) to Section 7.4.6(i) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period;
- (e) unless paragraphs (b), (c) or (d) above applies, where the aggregate Stated Amount of the Class E Notes on the Determination Date immediately following the end of that Monthly Period is less than the aggregate Invested Amount of the Class E Notes on the Determination Date immediately following the end of that Monthly Period, the aggregate of the amounts referred to in Section 7.4.6(a) to Section 7.4.6(j) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period; and
- (f) unless paragraphs (b), (c), (d) or (e) above applies, where:
 - (i) the aggregate Stated Amount of the Class F Notes on the Determination Date immediately following the end of that Monthly Period is less than the aggregate Invested Amount of the Class F Notes on the Determination Date immediately following the end of that Monthly Period;
 - (ii) the Clean-Up Date has occurred or is expected to occur on the Distribution Date immediately following the end of that Monthly Period; or
 - (iii) the 3 Month Arrears Ratio is greater than 4% as at the Determination Date immediately following the end of that Monthly Period,

the aggregate of the amounts referred to in Section 7.4.6(a) to Section 7.4.6(k) (inclusive) (“Application of Total Investor Revenues on each Distribution Date”) for that Monthly Period.

7.4.7 Series Trust Expenses

The Manager will determine on each Determination Date the following expenses incurred during (or which relate to) the Monthly Period and which are to be paid on the next Distribution Date:

- (a) first, on a pari passu and rateable basis, any taxes payable in relation to the Series Trust;
- (b) next, the Trustee Fee (this is described in Section 10.3.6);
- (c) next, the fees, costs and expenses incurred by or payable to the Security Trustee in acting as Security Trustee;
- (d) next, on a pari passu and rateable basis, any indemnities payable by the Trustee pursuant to the Transaction Documents (other than any indemnities payable by the Trustee to the Redraw Facility Provider under the Redraw Facility Agreement and any indemnities payable by the Trustee to the Liquidity Facility Provider under the Liquidity Facility Agreement and any indemnities payable by the Trustee to the Arranger and each Joint Lead Manager under the Dealer Agreement);
- (e) next, on a pari passu and rateable basis, any Penalty Payments (to the extent the Trustee is liable for such payments);
- (f) next, on a pari passu and rateable basis:
 - (i) all costs and expenses properly incurred by the Servicer in connection with the enforcement of any Housing Loans or related securities;

- (ii) the costs of registering any caveats or mortgage transfers in relation to mortgages forming part of the Assets of the Series Trust;
 - (iii) any amount received by the Trustee or the Servicer after the Cut-Off Date in respect of a Housing Loan or related securities which is "clawed-back" by an insolvency official as a result of the insolvency or bankruptcy of the mortgagor or other security provider; and
 - (iv) all other costs, charges and expenses incurred by the Trustee in respect of the Series Trust where such costs, charges and expenses are permitted to be reimbursed to the Trustee out of the Assets of the Series Trust under the Master Trust Deed or the Series Supplement (other than the amounts referred to in paragraphs (a) and (d) to (r) of Section 7.4.6, the Trustee's liability for principal repayments discussed in Section 7.5, the Trustee's liability to repay principal on the Notes and Redraw Notes and any liability of the Trustee to repay any collateral or prepayment lodged with, or paid to, the Trustee under the terms of any Hedge Agreement or any amount referred to in paragraphs (g) to (i) below);
- (g) next, the Servicer's Fee (this is described in Section 10.5.3);
 - (h) next, the Management Fee (this is described in Section 10.4.5); and
 - (i) next, the Custodian Fee (if any) (this is described in Section 11.3).

The aggregate of (a) to (i) above represent the "**Series Trust Expenses**". The Series Trust Expenses are paid in the priority explained in Section 7.4.6.

7.5 Repayment of Principal on the Notes

7.5.1 Determination of Total Principal Collections

The Principal Collections for a Monthly Period are:

- (a) zero, where the Finance Charges for the Monthly Period exceed the Collections less the Principal Draw (if any) for the Monthly Period (being the "**Net Collections**" for the Monthly Period); or
- (b) in all other cases, the Net Collections for the Monthly Period less the Finance Charges in respect of the Monthly Period.

On each Determination Date the Manager will calculate the aggregate of the following (being the "**Adjusted Principal Collections**") in relation to a Monthly Period:

- (a) the Principal Collections in relation to that Monthly Period; and
- (b) the amount determined by the Manager on the Determination Date immediately following the end of that Monthly Period to be allocated from Total Investor Revenues to Adjusted Principal Collections in respect of unreimbursed Principal Draws on the next Distribution Date (see Section 7.4.6(m)).

If BEN makes a Redraw or a Further Advance (which is not a Redraw) on any day and notifies the Manager of the amount of that Redraw or Further Advance (as applicable):

- (a) BEN may apply an amount from Collections held by it prior to deposit in the Collections Account; or
- (b) the Manager must direct the Trustee to pay BEN that amount from Collections held by the Trustee in the Collections Account (other than any amount which the Servicer has deposited to the Collections Account as a prepayment of Collections),

in each case in reimbursement of any such Redraw or Further Advance (as applicable) only if:

- (c) BEN or the Trustee, as applicable, has sufficient such Collections to be able to make the reimbursement;
- (d) the Manager certifies to the Trustee that it is reasonably satisfied that the anticipated Total Principal Collections for the Monthly Period in which that day falls (after taking into account any anticipated Principal Draw) will exceed the aggregate of the amount of that reimbursement and any other reimbursement made to BEN during that Monthly Period; and
- (e) in the case of a Further Advance (which is not a Redraw), that reimbursement occurs prior to the date (if any) on which such Housing Loan becomes an asset of the Seller Trust.

Upon receipt of a direction by the Trustee from the Manager, the Trustee must pay BEN the amount so directed and will be entitled to assume that the Manager has complied with its obligations.

On each Determination Date the Manager will, for the immediately preceding Monthly Period, calculate the aggregate of the following (being “**Total Principal Collections**”):

- (a) the Adjusted Principal Collections for that Monthly Period;
- (b) the Redraw Note Amount in relation to the Determination Date;
- (c) without double counting, any amounts received by the Trustee in the nature of principal during that Monthly period as determined by the Manager and notified to the Trustee; and
- (d) the Excess Revenue Reserve Draw Defaulted Amount (if any) in respect of the Determination Date.

7.5.2 Excess Revenue Reserve Draw Defaulted Amount

If there is insufficient Total Investor Revenues to be allocated in full against the Defaulted Amounts (if any) in respect of a Monthly Period (the insufficiency being the “**Notional Defaulted Amount Insufficiency**”) the Manager must direct the Trustee to withdraw from the Excess Revenue Reserve, on the immediately following Distribution Date, an amount equal to the lesser of:

- (a) the Notional Defaulted Amount Insufficiency; and
- (b) the balance of the Excess Revenue Reserve less any Excess Revenue Reserve Draw Total Expenses to be withdrawn on the immediately following Distribution Date,

(being an “**Excess Revenue Reserve Draw Defaulted Amount**”) and apply that amount as part of the Total Principal Collections that Distribution Date.

7.5.3 Application of Total Principal Collections

On each Distribution Date prior to enforcement of the Charge, the Trustee must at the Manager's direction apply the Total Principal Collections for the Monthly Period (less any amount applied during that Monthly Period to reimburse Redraws in accordance with Section 7.5.1) just ended in the following order of priority:

- (a) first, in repayment to the Redraw Facility Provider of any Redraw Facility Principal Outstanding;
- (b) next, to the Redraw Noteholders, to be applied in accordance with Section 7.5.4, in repayment of principal with respect to the Redraw Notes until the Stated Amount of the Redraw Notes is reduced to zero;
- (c) next:

- (i) if the Serial Paydown Triggers have not occurred on the Determination Date immediately preceding that Distribution Date, to be applied in the following order of priority:
- (A) first to the Class A Noteholders in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero;
 - (B) next, to the Class AB Noteholders, in repayment of principal in respect of the Class AB Notes, pari passu and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
 - (C) next, to the Class B Noteholders in repayment of principal in respect of the Class B Notes, pari passu and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
 - (D) next, to the Class C Noteholders in repayment of principal in respect of the Class C Notes, pari passu and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero;
 - (E) next, to the Class D Noteholders in repayment of principal in respect of the Class D Notes, pari passu and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;
 - (F) next, to the Class E Noteholders in repayment of principal in respect of the Class E Notes, pari passu and rateably amongst the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero; and
 - (G) next, to the Class F Noteholders in repayment of principal in respect of the Class F Notes, pari passu and rateably amongst the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero; or
- (ii) if the Serial Paydown Triggers have occurred on the Determination Date immediately preceding that Distribution Date to be applied pari passu and rateably:
- (A) to the Class A Noteholders in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero;
 - (B) to the Class AB Noteholders, in repayment of principal in respect of the Class AB Notes, pari passu and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
 - (C) to the Class B Noteholders in repayment of principal in respect of the Class B Notes, pari passu and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
 - (D) to the Class C Noteholders in repayment of principal in respect of the Class C Notes, pari passu and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero;
 - (E) to the Class D Noteholders in repayment of principal in respect of the Class D Notes, pari passu and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;
 - (F) to the Class E Noteholders in repayment of principal in respect of the Class E Notes, pari passu and rateably amongst the Class E Notes until the Stated Amount of the Class E Notes is reduced to zero; and
 - (G) to the Class F Noteholders in repayment of principal in respect of the Class F Notes, pari passu and rateably amongst the Class F Notes until the Stated Amount of the Class F Notes is reduced to zero; and

- (d) next, the balance (if any) is to be paid to the Capital Unitholder.

7.5.4 Redraw Notes

- (a) Issue of Redraw Notes

If on any day the Manager considers that the amount available to be applied towards repayment of Redraws and the Redraw Facility Principal Outstanding under the Redraw Facility on the following Distribution Date is likely to be insufficient to pay in full the Manager's estimate of the Redraws and Redraw Facility Principal Outstanding to be repaid on that Distribution Date, the Manager may direct the Trustee to issue Redraw Notes. The Trustee must not issue Redraw Notes unless:

- (i) the Manager has directed the Trustee to do so which direction the Manager must not give if it considers that on following Distribution Date (taking into account that issue of Redraw Notes and any increase or reduction in the Stated Amount of any Redraw Notes expected on that Distribution Date) the aggregate Stated Amount of all Redraw Notes will exceed on that Distribution Date \$2,000,000 or such other amount from time to time determined by the Manager and notified to the Trustee (and in respect of which the Manager has issued a Ratings Affirmation Notice); and
- (ii) the Manager issues a Ratings Affirmation Notice in relation to the proposed issue of Redraw Notes.

In relation to a Determination Date the “**Redraw Note Amount**” is the proceeds (if any) received by the Trustee from any issue of Redraw Notes during the period from (but excluding) the preceding Determination Date to (and including) that Determination Date.

- (b) Repayment of Principal on Redraw Notes

The Trustee, at the direction of the Manager, must apply the amount allocated from Total Principal Collections described in Section 7.5.3(b) on each Distribution Date towards repayment of the Stated Amounts of the Redraw Notes in the order of their issue (pari passu and rateably amongst such Redraw Notes), until these are reduced to zero, such that a Redraw Note does not receive a principal repayment until the Stated Amounts of all earlier issued Redraw Notes have been reduced to zero.

7.5.5 Defaulted Amounts

The Defaulted Amount (if any) for a Monthly Period is the aggregate principal amounts outstanding in respect of Housing Loans which have been written off as uncollectible by the Servicer during the Monthly Period in accordance with the Servicing Standards. The Defaulted Amount is therefore the shortfall remaining between the sale and other realisation proceeds and the balance outstanding in respect of the relevant Housing Loans after payment of any amount due under the relevant Mortgage Insurance Policies.

The Defaulted Amount is satisfied, to the extent possible, out of Total Investor Revenues for that period in the manner explained in Section 7.4.6 and from Excess Revenue Reserve Draw Defaulted Amount in the manner explained in Section 7.5.2. If there are insufficient Total Investor Revenues and insufficient Excess Revenue Reserve Draw Defaulted Amount to satisfy all of the Defaulted Amounts, the Charge-Off provisions explained in Section 7.6 will apply.

7.5.6 No payment in excess of Stated Amounts

No amount of principal will be repaid to a Noteholder in excess of the Stated Amounts applicable to the Notes held by that Noteholder other than in accordance with the Security Trust Deed (see Section 9.4.4) or, the Note 10% Call Option.

7.5.7 Serial Paydown Triggers

The Serial Paydown Triggers have occurred if on a Determination Date:

- (a) the Clean-Up Date has not occurred and will not occur on the following Distribution Date;
- (b) the Class A Note Subordination Percentage on that Determination Date is at least 16%;
- (c) the 3 Month Arrears Ratio is not greater than 4% as at that Determination Date;
- (d) there are no Charge-Offs in respect of any of the Notes remaining unreimbursed as at that Determination Date; and
- (e) the Determination Date falls on a date which is on or after the second anniversary of the Closing Date,

and otherwise the Serial Paydown Triggers have not occurred.

7.6 Charge-Offs

7.6.1 What is meant by a Charge-Off

In the circumstances described in Section 7.6.2, a Defaulted Amount (to the extent not able to be recovered from Total Investor Revenues) will be absorbed by:

- (a) first, reducing on a pari passu and rateable basis the Stated Amount in respect of the Class F Notes until the Stated Amount of the Class F Notes is zero;
- (b) then, reducing on a pari passu and rateable basis the Stated Amount in respect of the Class E Notes until the Stated Amount of the Class E Notes is zero;
- (c) then, reducing on a pari passu and rateable basis the Stated Amount in respect of the Class D Notes until the Stated Amount of the Class D Notes is zero;
- (d) then, reducing on a pari passu and rateable basis the Stated Amount in respect of the Class C Notes until the Stated Amount of the Class C Notes is zero;
- (e) then, reducing on a pari passu and rateable basis the Stated Amount in respect of the Class B Notes until the Stated Amount of the Class B Notes is zero;
- (f) then, reducing on a pari passu and rateable basis the Stated Amount of the Class AB Notes until the Stated Amount of the Class AB Notes is zero; and
- (g) finally, reducing on a pari passu and rateable basis the Stated Amount of the Class A Notes (pari passu and rateably between the Class A Notes) and the Redraw Notes (pari passu and rateably between the Redraw Notes) in the manner described in Section 7.6.2.

Reduction of a Stated Amount in respect of any of the Notes is called a “**Charge-Off**”.

7.6.2 Defaulted Amount Insufficiency

If Total Investor Revenues for a Monthly Period are insufficient to meet all of the Defaulted Amount for that Monthly Period as described in Section 7.5.5, then the amount of the insufficiency (the “**Defaulted Amount Insufficiency**”) will be allocated to produce the following Charge-Offs:

- (a) the insufficiency will be charged off against the Class F Notes so as to reduce the Stated Amount of the Class F Notes, until the Stated Amount of the Class F Notes is reduced to zero;
- (b) if the insufficiency is not fully taken into account by a Charge-Off against Class F Notes (because the Stated Amount of the Class F Notes has been reduced to zero), the insufficiency is

first charged off against the Class E Notes so as to reduce the Stated Amount of the Class E Notes, until the Stated Amount of the Class E Notes is reduced to zero;

- (c) if the insufficiency is not fully taken into account by a Charge-Off against the Class F Notes and the Class E Notes (because the Stated Amount of the Class F Notes and the Class E Notes has been reduced to zero), the insufficiency will be charged off against the Class D Notes so as to reduce the Stated Amount of the Class D Notes, until the Stated Amount of the Class D Notes is reduced to zero;
- (d) if the insufficiency is not fully taken into account by a Charge-Off against the Class F Notes, the Class E Notes and the Class D Notes (because the Stated Amount of the Class F Notes, the Class E Notes and the Class D Notes has been reduced to zero), the insufficiency will be charged off against the Stated Amount of the Class C Notes so as to reduce the Stated Amount of the Class C Notes, until the Stated Amount of the Class C Notes is reduced to zero;
- (e) if the insufficiency is not fully taken into account by a Charge-Off against the Class F Notes, the Class E Notes, the Class D Notes and the Class C Notes (because the Stated Amount of the Class F Notes, the Class E Notes, the Class D Notes and the Class C Notes has been reduced to zero), the insufficiency will be charged off against the Stated Amount of the Class B Notes so as to reduce the Stated Amount of the Class B Notes, until the Stated Amount of the Class B Notes is reduced to zero;
- (f) if the insufficiency is not fully taken into account by a Charge-Off against the Class F Notes, the Class E Notes, the Class D Notes, the Class C Notes and the Class B Notes (because the Stated Amount of the Class F Notes, the Class E Notes, the Class D Notes, the Class C Notes and the Class B Notes has been reduced to zero), the insufficiency will be charged off against the Stated Amount of the Class AB Notes so as to reduce the Stated Amount of the Class AB Notes, until the Stated Amount of the Class AB Notes is reduced to zero; and
- (g) if the insufficiency is not fully taken into account by a Charge-Off against the Class F Notes, the Class E Notes, the Class D Notes, the Class C Notes, the Class B Notes and the Class AB Notes (because the Stated Amount of the Class F Notes, the Class E Notes, the Class D Notes, the Class C Notes, the Class B Notes and the Class AB Notes has been reduced to zero), the remaining insufficiency will be charged off pari passu and rateably against the Stated Amount of the Class A Notes (pari passu and rateably between the Class A Notes based on their Stated Amounts) and the Redraw Notes (pari passu and rateably between the Redraw Notes based on their Stated Amounts).

7.6.3 Reimbursements of Charge-Offs

Charge-Offs may be reimbursed from Total Investor Revenues in the manner explained in Section 7.4.6.

A reimbursement of a Charge-Off will increase the Stated Amount of the relevant Notes by the amount allocated from Total Investor Revenues on a Distribution Date in the following order of priority:

- (a) first, pari passu and rateably:
 - (i) to the reduction of the Charge-Offs in respect of the Class A Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero; and
 - (ii) to the reduction of the Charge-Offs in respect of the Redraw Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero;
- (b) next, to the reduction of the Charge-Offs in respect of the Class AB Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero;

- (c) next, to the reduction of the Charge-Offs in respect of the Class B Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero;
- (d) next, to the reduction of the Charge-Offs in respect of the Class C Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero;
- (e) next, to the reduction of the Charge-Offs in respect of the Class D Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero;
- (f) next, to the reduction of the Charge-Offs in respect of the Class E Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero; and
- (g) next, to the reduction of the Charge-Offs in respect of the Class F Notes remaining unreimbursed from all prior Distribution Dates, pari passu and rateably between them, until these are reduced to zero.

7.7 Calculations and Directions

The calculations referred to in this Section 7 will be made by the Manager and provided to the Trustee on each Determination Date (based where necessary on information provided by the Servicer) in respect of the Monthly Period just ended. The Manager must also direct the Trustee to make all necessary payments on the following Distribution Date. The Trustee is entitled to conclusively rely on the Manager's calculations and directions and is under no obligation to check their accuracy. The Trustee is not responsible or liable for any inaccuracy in these calculations and directions. Arrangements for notification of pool performance data are explained in Section 4.5.

7.8 Drawings under Liquidity Facility Agreement and application of Cash Deposit

On each Determination Date, the Manager must determine whether there is a Liquidity Shortfall Third in respect of that Determination Date. If the Manager determines that there is a Liquidity Shortfall Third in respect of that Determination Date:

- (a) where that Determination Date occurs other than during a Cash Deposit Period, the Manager must request an advance under the Liquidity Facility equal to the lesser of the Liquidity Shortfall Third and the amount which is available for drawing under the Liquidity Facility; or
- (b) where that Determination Date occurs during a Cash Deposit Period, the Manager must direct the Trustee to apply from the Cash Deposit Account an amount equal to the lesser of the Liquidity Shortfall Third and the Cash Deposit in accordance with the Liquidity Facility Agreement.

7.9 Interest on Cash Deposit Account

On each Determination Date the Manager will determine the amount (if any) that has been received in the immediately preceding Monthly Period in respect of interest that has been earned on that balance of the Collections Account which is referable to the Cash Deposit Account (as defined in the Liquidity Facility Agreement) and must direct the Trustee to pay such amount on the next Distribution Date to the Liquidity Facility Provider.

7.10 Excess Revenue Reserve, Excess Revenue Reserve Draw Total Expenses and Excess Revenue Reserve Draw Defaulted Amount

- (a) The Manager will maintain an Excess Revenue Reserve as a ledger account of the Collections Account by recording all increases and decreases to the balance of the Excess Revenue Reserve.

- (b) The Excess Revenue Reserve will be:
 - (i) increased by any deposit to the Excess Revenue Reserve pursuant to Section 7.4.6(p); and
 - (ii) decreased by any withdrawal from the Excess Revenue Reserve as contemplated by this Section 7.10.
- (c) The Manager must direct the Trustee to withdraw amounts from the Excess Revenue Reserve in the following circumstances:
 - (i) to meet an Excess Revenue Reserve Draw Total Expenses as described in Section 7.4.2;
 - (ii) to meet an Excess Revenue Reserve Draw Defaulted Amount as described in Section 7.5.2;
 - (iii) to pay the balance of the Excess Revenue Reserve to the Income Unitholder on the earlier of:
 - (A) the Final Maturity Date; or
 - (B) the date on which the Invested Amount of the Notes has been reduced to zero; or
- (d) to the extent the balance of the Excess Revenue Reserve exceeds the Excess Revenue Reserve Target Balance from time to time, to pay that excess amount to the Income Unitholder.

8. THE MORTGAGE INSURANCE POLICIES

8.1 General

Approximately 18.31% (by loan balance of a pool of Housing Loans as at the Cut-Off Date as set out in Annexure 1) will be insured as at the Closing Date by one of the following Mortgage Insurers under a Mortgage Insurance Policy:

- (a) QBE Lenders' Mortgage Insurance Limited ("**QBE LMI**"); and
- (b) Helia Insurance Pty Limited ("**Helia**").

Such Housing Loans will be insured under an existing Mortgage Insurance Policy issued to BEN. With effect from the Closing Date (or, if later, the date of the relevant Mortgage Insurance Policy), BEN, will assign to the Trustee its entire right, title and interest in each existing Mortgage Insurance Policy relating to a Housing Loan. In the case of BEN such assignment will be in equity and so the insured on record under the assigned Mortgage Insurance Policies will remain BEN. Only if a relevant Perfection of Title Event occurs may the Trustee perfect its interest in the relevant Mortgage Insurance Policies (for further details, see Section 10.2.1).

The relevant Mortgage Insurers have consented or will consent to the assignment of the Mortgage Insurance Policies under which the Housing Loans are insured to the Trustee and holding of the Mortgage Insurance Policies under which the Housing Loans are insured for the Trustee, as referred to above.

Any amounts paid by the Mortgage Insurers under the assigned Mortgage Insurance Policies will, whilst the Trustee's interest is equitable, be received by BEN and must be applied by BEN (in its capacity as Servicer) in the manner described in Section 7.

Under the Series Supplement, BEN (in its capacity as Servicer) undertakes to comply with the obligations of the insured under the Mortgage Insurance Policies (if any) in respect of each Housing Loan.

If the Trustee's interest in a Housing Loan is extinguished as a result of a breach of BEN's representations and warranties in relation to the Housing Loan being discovered within the relevant Prescribed Period (see Section 6.2.5), on or following the termination of the Series Trust (see Section 10.6.3) or following exercise by BEN of the Clean-Up Offer (see Section 6.5.10), then BEN will be entitled to the benefit of the Mortgage Insurance Policy (if any) under which that Housing Loan is insured.

The remainder of this Section 8 contains a summary of some of the provisions of the Mortgage Insurance Policies as at the date of this Information Memorandum. The terms of the Mortgage Insurance Policies may vary in the future from those described below.

8.2 QBE LMI Master Policy - BEN

Some Housing Loans have been insured under Mortgage Insurance Policies provided by QBE LMI. BEN has entered into different master policies with QBE LMI over the years. The terms of each QBE LMI Mortgage Insurance Policy are not identical.

The following is a general description of the QBE LMI Mortgage Insurance Policies. The terms of these policies may change in the future.

Period of Cover

The insured is covered under the Master Policy until one of the following events:

- (a) repayment in full of the Housing Loan;
- (b) the expiry date noted in the advice to the Master Policy, however if before 14 days after the expiry date of the policy notice is given of default under the Housing Loan, the policy will continue solely for the purpose of a claim on that default;

- (c) the date of payment of a claim for loss under the policy; or
- (d) cancellation of the policy in accordance with the Insurance Contracts Act 1984.

Protection of insured right's and protection of the mortgaged property

During the term of the Master Policy the insured must:

- (a) take action to recover the loan amount;
- (b) not allow a security interest to be taken over the mortgaged premises with priority over the insured's mortgage without prior written permission;
- (c) ensure all the terms of the mortgage and all collateral securities continue to be enforceable and none can be discharged without the prior written consent of QBE LMI;
- (d) at any time if the insured becomes aware that the mortgaged property is defective, damaged or is vacated or contaminated the insured must notify QBE LMI;
- (e) ensure that a general property insurance over the mortgaged property is maintained;
- (f) if the mortgaged property becomes damaged, do all things reasonably necessary to restore the property but no costs of restoration are covered by the Master Policy if so required by QBE LMI;
- (g) ensure that the terms of each mortgage require that the property be kept in good condition, not have anything done to it that may lower its value, inform the insured of any damage that occurs and comply with all laws, requirements and notices of authorities; and
- (h) ensure that any infestation, contamination or pollution has been removed and the property restored to its original condition, the cost of such removal and restoration is not insured under the Master Policy.

Making of Claims under the Master Policy

The insured must submit a claim for loss providing all documents and information reasonably required by QBE LMI within 30 days of:

- (a) settlement of the sale of the corresponding mortgaged property;
- (b) notification by QBE LMI to submit a claim for loss; or
- (c) when the mortgagee under a prior mortgage has completed the sale of the mortgaged property.

Calculation of claim

The loss amount claimed by the insured is calculated as an aggregate of the following:

- (a) the balance of the loan account at the settlement date;
- (b) interest on the balance of the loan account:
 - (i) for any period up to the settlement date to a maximum of 18 months after the date of the first default that has not been corrected; and
 - (ii) from the settlement date to the date of the claim to a maximum of 30 days; and
- (c) the costs incurred on the sale of the mortgaged property including:

- (i) the costs properly incurred for insurance premiums, rates, strata levies, land tax and other statutory charges on the mortgaged property;
- (ii) reasonable and necessary legal fees and disbursements incurred in enforcing or protecting rights under the insured mortgage up to a maximum amount of \$25,000;
- (iii) reasonable costs for the sale of the mortgaged property, limited to agent's commission, advertising costs, valuation costs and property presenter's fees;
- (iv) reasonable and necessary costs for maintaining (but not restoring) the mortgaged property up to \$5,000 or more with QBE LMI's consent;
- (v) any GST incurred by the insured on the sale or transfer of the mortgaged property to a third party in or towards the satisfaction of any debt that the borrower owes the insured under the loan account, and any GST which the insured properly incurred in respect of any of the costs, fees, disbursements or commissions specifically identified under the policy; and
- (vi) any amounts applied by the insured, with the prior written consent of QBE LMI, to discharge a security interest having priority over the mortgage,

less the following reductions:

- (d) the gross proceeds of the sale of the mortgaged property; and
- (e) the following amounts to the extent they have not already been applied to the credit of the loan account:
 - (i) compensation received for any part of the mortgaged property or any collateral security that has been resumed or compulsorily acquired;
 - (ii) all rents collected and other profits received relative to the mortgaged property or collateral security;
 - (iii) any sums received from insurance policies relating to the mortgaged property not applied to restoration of the mortgaged property following damage or destruction;
 - (iv) all amounts recovered from the exercise of the rights of the insured relating to any collateral security;
 - (v) any other amount received relating to the insured mortgage or collateral security including any amounts received from the borrower, any guarantor or prior mortgagee; and
 - (vi) any amount incurred by the insured in respect of GST relating to the mortgaged property or any collateral security to the extent to which the insured is entitled to claim an input tax credit.

Amounts owed to the insured for the purposes of paragraphs (a) to (e) of the above calculations do not include the following amounts:

- (a) interest charged in advance;
- (b) default rate interest;
- (c) any higher interest rate payable because of failure to make prompt payment or, in the case of any line of credit loan, because a loan account exceeds its credit limit;
- (d) fines, fees or charges debited to the loan account;

- (e) loss arising from any funds advanced to a borrower who was not a citizen or permanent resident of either Australia or New Zealand;
- (f) any loss whether directly or indirectly caused by a fraudulent act, error, omission or statement by any person other than the borrower;
- (g) insurance premiums, rates, strata levies and land tax or other statutory charges which were due before the initial loan advance;
- (h) early repayment fees;
- (i) break funding costs;
- (j) costs of restoration following damage to or destruction of the mortgaged property;
- (k) costs of removal, clean up and restoration arising from contamination, infestation or pollution of the mortgaged property;
- (l) additional funds advanced to the borrower without QBE LMI's written consent;
- (m) amounts paid by the insured in addition to the loan amount to complete improvements;
- (n) cost overruns;
- (o) any loss due to the creation of any lease, licence, easement, restriction or other notification affecting the mortgaged property with or without the written approval of QBE LMI;
- (p) any increase or acceleration of the borrower's payment obligation under any mortgage in priority to the insured mortgage without the written approval of QBE LMI;
- (q) any loss due to the insured's false or misleading statement, assurance or representation to the borrower or any guarantor;
- (r) any civil or criminal penalties imposed under legislation including the National Credit Code; or
- (s) any order reducing, discharging, varying or postponing the borrower's liability under the loan account or mortgage.

8.3 Helia Master Policy - BEN

The Mortgage Insurance Policies provided by Helia are documented under a master policy. Different master policies have been issued over the years and their terms are not identical.

The following is a general description of the Helia Mortgage Insurance Policies.

Period of Cover

The insured has the benefit of the Master Policy in respect of each Housing Loan insured under it generally from the date the premium is paid, with respect to the Housing Loans, until the earliest of:

- (a) the date the Housing Loan or the mortgage securing the Housing Loan is assigned, transferred or mortgaged to a person other than to a person who is or becomes an "Insured", i.e. a person who is entitled to the benefit of the policy;
- (b) the date the Housing Loan is repaid in full;
- (c) the date the Housing Loan ceases to be secured by the mortgage (other than in the case where the mortgage is discharged by the operation of a compulsory acquisition or sale by a government entity for public purposes);

- (d) the expiry date as set out in the certificate of insurance issued by the Mortgage Insurer in relation to the Housing Loan or as extended with the consent of Helia or as varied by a court under the National Credit Code; or
- (e) the date the individual policy is cancelled in accordance with the master policy, the individual policy or the Insurance Contracts Act 1984.

Cover for Losses

If the loss date occurs in respect of a Housing Loan insured under the Master Policy, Helia will pay to the insured the loss in respect of that Housing Loan.

A loss date means:

- (a) if a default occurs under the insured loan and the mortgaged property is sold pursuant to enforcement proceedings, the date on which the sale is completed;
- (b) if a default occurs under the insured loan and the insured or a prior approved mortgagee becomes the absolute owner by foreclosure of the mortgaged property, the date on which this occurs;
- (c) the mortgagor sells the mortgaged property with the prior approval of the insured and Helia, the date on which the sale is completed;
- (d) if the mortgaged property is compulsorily acquired or sold by a government for public purposes and there is a default under the Housing Loan (or where the mortgage has been discharged by way of operation of the compulsory acquisition or sale and there is a default in repayment of the Housing Loan which would have been a default but for the occurrence of that event), the latter of the date of the completion of the acquisition or sale or 28 days after the date of the default; or
- (e) where Helia determines to purchase the mortgage, the mortgage purchase date as applicable.

A "default" in respect of an insured Housing Loan means any event which triggers the insured's power of sale in relation to the mortgaged property.

Calculation of Loss

The loss payable by Helia to the insured in respect of an insured Housing Loan is the amount outstanding, less the deductions referred to below.

The amount outstanding under a Housing Loan is the aggregate of the following:

- (a) the principal amount outstanding together with any interest, fees or charges outstanding as at the loss date;
- (b) fees, rates, taxes, levies and charges paid or incurred by the insured; and
- (c) other amounts, including fines or penalties, approved by Helia.

Deductions means:

- (a) where the mortgaged property is sold, the sale price, or where the mortgaged property is compulsorily acquired, the amount of compensation, less, in either case, any amount required to discharge any approved prior mortgage;
- (b) where foreclosure action occurs, the value of the insured's interest in the mortgaged property, including the interest of any unapproved prior mortgagee;
- (c) any amount received by the insured under any collateral security;

- (d) any amounts paid to the insured by way of rents, profits or proceeds in relation to the mortgaged property or any collateral security or under any insurance policy in relation to the mortgaged property and not applied in restoration;
- (e) the reduction in the value of the property due to physical damage (other than wear and tear) to, or contamination of, the mortgaged property as determined by an approved valuer nominated by Helia;
- (f) any fees or charges other than:
 - (i) insurance premiums, interest, rates, taxes and other statutory charges, levies and charges payable to a body corporate under the Australian strata titles system;
 - (ii) reasonable and necessary legal and other fees and disbursements of enforcing or protecting the rights of the Insured under the Housing Loan, up to a maximum of \$15,000, unless otherwise approved in writing by Helia;
 - (iii) repair, maintenance and protection of the mortgaged property, up to a maximum amount of \$12,000, unless otherwise approved in writing by Helia;
 - (iv) reasonable costs of the sale of the mortgaged property up to a maximum amount of \$4,000 plus the lesser of 3% of the sale price and \$25,000; and
- (g) any amounts by which a claim may be reduced under the Master Policy.

Helia may also reduce its liability or cancel the Master Policy, in relation to a particular Housing Loan, if the insured has failed to comply with other obligations under the Master Policy.

Exclusions

The Master Policy does not cover any loss arising from:

- (a) any war or warlike activities;
- (b) the use, existence or escape of nuclear weapons, nuclear contamination;
- (c) the contamination of the mortgaged property;
- (d) terrorism or terrorist activities;
- (e) riot or civil commotion;
- (f) termites or other insects or vermin;
- (g) any injury, damage, destruction, deterioration of any kind to the mortgaged property other than fair wear and tear;
- (h) the fact that the mortgage is unenforceable in accordance with its terms;
- (i) the failure, malfunction or inadequacy of any computer hardware or software not belonging to Helia;
- (j) any amount of GST, fine, penalty or charge for which the insured is or becomes liable because of a failure to disclose or a misstatement made by anyone in relation the insured's entitlement to an input tax credit; and
- (k) any failure of the Housing Loan, mortgagor guarantee or collateral security to comply with the National Credit Code.

Submissions and Payment of Claims

A claim for loss in respect of a Housing Loan must be lodged within 30 days after the loss date unless otherwise agreed by Helia.

9. SUPPORT FACILITIES AND SECURITY TRUST DEED

9.1 The Interest Rate Swaps

9.1.1 Interest Rate Mismatch between Housing Loans and Floating Rate Notes

The Trustee may receive interest on the Housing Loans with 2 different types of interest rate. These are:

- (a) the variable administered rate applicable to the Housing Loans; and
- (b) a fixed rate where the borrower has elected this.

This will result in an interest rate mismatch between the floating Interest Rate payable on the Floating Rate Notes on the one hand and the rate of interest earned on the Housing Loans on the other hand.

In order to eliminate the mismatch, on the Closing Date, the Trustee and the Manager will enter into a basis swap (the “**Basis Swap**”) and a fixed rate swap (the “**Fixed Rate Swap**”) with a Hedge Provider.

The Basis Swap will apply in respect of any Housing Loan charged a variable rate of interest as at its Closing Date or which converts from a fixed rate to a variable rate after that Closing Date.

The Fixed Rate Swap will apply in respect of any Housing Loan charged a fixed rate of interest as at its Closing Date or which converts from a variable rate to a fixed rate of interest after that Closing Date.

The Fixed Rate Swap and the Basis Swap will each be governed by the terms of a Hedge Agreement entered into by the Manager, the Trustee, the Standby Swap Provider and the Hedge Provider. The initial Hedge Provider under the Fixed Rate Swap and the Basis Swap will be BEN.

The Standby Swap Provider under the Hedge Agreement will be Westpac who, in certain circumstances (see Section 9.1.5), may also become the Hedge Provider in respect of the Fixed Rate Swap.

9.1.2 The Basis Swap

The Hedge Provider will provide the Basis Swap to the Trustee to enable the Trustee to hedge the interest rate mismatch between the interest rates being charged on the Housing Loans at a variable rate on the one hand and the floating Interest Rate payable on the Notes on the other hand.

Under the Basis Swap, the Trustee will pay to the Hedge Provider in respect of the relevant Calculation Period the Variable Finance Charges.

The Variable Finance Charges for a Calculation Period are the aggregate of the following amounts for the Monthly Period immediately preceding the calendar month in which that Calculation Period ends in respect of Housing Loans charged interest at a variable rate during all or any relevant part of that Monthly Period:

- (a) all debit entries referred to in sub-paragraph (a)(i) of Section 7.3.2 but only to the extent that these relate to interest on the relevant Housing Loan (and adjusted if applicable as described in sub-paragraph (a)(iv) of Section 7.3.2); and
- (b) all amounts referred to in paragraphs (c), (d) and (h) of Section 7.3.2.

The Hedge Provider will in turn pay to the Trustee in respect of the relevant Calculation Period an amount calculated by reference to the BBSW Rate plus a margin based on the principal amount outstanding on the Housing Loans (excluding those being charged a fixed rate) as at the beginning of the relevant Monthly Period. The margin over the BBSW Rate payable by the Hedge Provider is equal to the aggregate of the weighted average margin payable on the Notes, Redraw Notes and Redraw Facility on the relevant Distribution Date plus a percentage, fixed for the life of the Basis Swap and determined at the time the Basis Swap is entered into.

If the credit ratings of the Hedge Provider are less than either:

- (a) the Moody's Collateral Trigger Rating; or
- (b) the Minimum Fitch Uncollateralised Counterparty Rating.

(the "**Prescribed Ratings**"), and if the weighted average of the variable rates charged on the Housing Loans is less than the Threshold Mortgage Rate, the Hedge Provider must prepay its obligations under the Basis Swap to the Trustee on a monthly basis by depositing into an account with an eligible bank an amount determined by reference to the difference between the current variable rate and the Threshold Mortgage Rate, or adjust the variable rates charged on the Housing Loans in order to avoid such a prepayment on the Basis Swap. To the extent that the aggregate amount of prepayments is in excess of the amount required, the Trustee must pay the excess to the Hedge Provider.

9.1.3 Fixed Rate Swap

The Hedge Provider will provide the Fixed Rate Swap to the Trustee to enable the Trustee to hedge the interest rate mismatch between the interest rates being charged on Housing Loans at a fixed rate on the one hand and the floating Interest Rate payable on the Floating Rate Notes on the other hand.

Under the Fixed Rate Swap, the Trustee will pay to the Hedge Provider in respect of the relevant Calculation Period the Fixed Rate Finance Charges for that Calculation Period.

The Fixed Rate Finance Charges for a Calculation Period are the aggregate of the following amounts for the Monthly Period immediately preceding the calendar month in which that Calculation Period ends in respect of Housing Loans charged interest at a fixed rate during all or any relevant part of that Monthly Period:

- (a) all debit entries referred to in sub-paragraph (a)(i) of Section 7.3.2 but only to the extent that these relate to interest on the relevant Housing Loan (and adjusted if applicable as described in sub-paragraph (a)(iv) of Section 7.3.2); and
- (b) all amounts referred to in paragraphs (c), (d), (g) and (h) of Section 7.3.2,

plus the Mortgagor Break Costs.

The Hedge Provider will in turn pay to the Trustee in respect of the relevant Calculation Period an amount calculated by reference to the BBSW Rate plus a margin and based on the principal amount outstanding on the fixed rate Housing Loans as at the beginning of the relevant Monthly Period. The margin over the BBSW Rate payable by the Hedge Provider is equal to the aggregate of the weighted average margin payable on the Notes, Redraw Notes and the Redraw Facility on the relevant Distribution Date plus a percentage, fixed for the life of the Fixed Rate Swap and determined at the time the Fixed Rate Swap is entered into.

9.1.4 Downgrade of Hedge Provider

If the Hedge Provider of the Fixed Rate Swap does not have the relevant credit ratings (as designated in the Hedge Agreement) from Moody's or Fitch and the standby swap arrangement (see Section 9.1.5 below) terminates, the Hedge Provider, at its cost, must take certain action within certain timeframes specified in the Hedge Agreement.

This action may include one or more of the following:

- (a) lodging collateral as determined under the Hedge Agreement;
- (b) novating all its rights and obligations under the Fixed Rate Swap to an eligible replacement counterparty which holds the relevant ratings from Moody's and/or Fitch (as applicable);
- (c) arranging for the provision of a guarantee from a person who holds the relevant ratings from Moody's and/or Fitch (as applicable) in relation to all of the Hedge Provider's obligations under the Fixed Rate Swap; or

- (d) entering into such other arrangements in relation to the Fixed Rate Swap in respect of which the Manager issues a Ratings Affirmation Notice.

If the Hedge Provider lodges collateral with the Trustee, any interest or income on that collateral will be paid to the Hedge Provider. Any collateral lodged by the Hedge Provider with the Trustee will not form part of the Assets of the Series Trust, except to the extent the collateral is available to the Trustee under the terms of the Hedge Agreement, and will not be available to Voting Secured Creditors upon enforcement of the Charge under the Security Trust Deed.

9.1.5 Standby Swap Provider for Fixed Rate Swap

In the event of a payment default by BEN as the Hedge Provider in respect of the Fixed Rate Swap, the Standby Swap Provider will pay the defaulted amount to the Trustee on the due date for such payment, in which case such failure will not give rise to an event of default under the Fixed Rate Swap. BEN under the Fixed Rate Swap is required to reimburse the Standby Swap Provider for that payment. If BEN fails to make that payment or otherwise fails to make a payment of collateral to the Standby Swap Provider as required under the Hedge Agreement, the rights and obligations of BEN as Hedge Provider under the Fixed Rate Swap will be automatically novated to the Standby Swap Provider who from that date (the “**Novation Date**”) will become the Hedge Provider under the Fixed Rate Swap.

The standby swap arrangements will cease to have effect from the earlier of the Novation Date, the date BEN as the Hedge Provider is assigned credit ratings at least equal to the relevant credit ratings as are prescribed in the Hedge Agreement, the date upon which all the Notes are redeemed in full and the date upon which the Fixed Rate Swap is terminated.

If the Standby Swap Provider does not have the relevant credit ratings (as designated in the Hedge Agreement) from Moody’s or Fitch, the Standby Swap Provider must, at its cost, take certain action within certain timeframes specified in the Hedge Agreement.

This action may include one or more of the following:

- (a) lodging collateral as determined under the Hedge Agreement;
- (b) novating all its rights and obligations under the Fixed Rate Swap to an eligible replacement counterparty which holds the relevant ratings from Moody’s and/or Fitch (as applicable);
- (c) arranging for the provision of a guarantee from a person who holds the relevant ratings from Moody’s and/or Fitch (as applicable) in relation to all of the Standby Swap Provider’s obligations under the Fixed Rate Swap; or
- (d) entering into such other arrangements in relation to the Fixed Rate Swap in respect of which the Manager issues a Ratings Affirmation Notice.

If the Standby Swap Provider lodges collateral with the Trustee, any interest or income on that collateral will be paid to the Standby Swap Provider. Any collateral lodged by the Standby Swap Provider with the Trustee will not form part of the Assets of the Series Trust, except to the extent the collateral is available to the Trustee under the terms of the Hedge Agreement, and will not be available to Voting Secured Creditors upon enforcement of the Charge under the Security Trust Deed.

9.1.6 Early Termination

The Hedge Provider or the Trustee may only terminate the Basis Swap or the Fixed Rate Swap in certain circumstances, including:

- (a) certain insolvency related events occur with respect to the other party;
- (b) if there is a payment default which continues for 10 days after notice by the non-defaulting party (except where BEN as the Hedge Provider is the defaulting party under the Fixed Rate Swap and the Standby Swap Provider has paid the Trustee the amount in respect of which the

default occurred on the due date for such payment and except for certain failures by the Hedge Provider to post collateral in accordance with the Hedge Agreement);

- (c) the performance by the Hedge Provider or the Trustee of any obligations under the Hedge Agreement becomes illegal due to a change in law;
- (d) in the case of the Trustee, a Hedge Provider or (in the case of the Fixed Rate Swap) the Standby Swap Provider fails to post collateral, make a prepayment or take any other action as is required under the Hedge Agreement following downgrading of its ratings by a Rating Agency and such failure continues unremedied after the relevant cure period;
- (e) the Charge under the Security Trust Deed is enforced;
- (f) if due to any action taken by a taxation authority or a change in tax law the party is required to gross-up payments on account of a non-resident withholding tax liability or receive payments from which amounts have been withheld or deducted on account of tax;
- (g) if the other party merges with or otherwise transfers all or substantially all of its assets to, another entity and the new entity does not assume all of the obligations of that party under the swap;
- (h) in the case of the Trustee, the Hedge Provider fails to comply with its obligations under the Hedge Agreement (other than an obligation to make certain payments or deliveries) and such failure is not remedied on or before the 30th day after notice is given of such failure to the Hedge Provider; or
- (i) in the case of the Trustee, the Hedge Provider (or any guarantor of the Hedge Provider) breaches a representation or warranty made by it in the Hedge Agreement in a material respect.

If the Trustee is not paid an amount owing to it by BEN (as Hedge Provider) under the Hedge Agreement within 10 days of its due date for payment this will result in a Perfection of Title Event (see Section 10.2.1).

9.1.7 Termination of Swaps

If not previously terminated, the Basis Swap and the Fixed Rate Swap terminates on the earlier of:

- (a) the Final Maturity Date;
- (b) the date that all of the Notes and Redraw Notes have been redeemed in full; and
- (c) the Termination Date for the Series Trust.

On the termination of the Basis Swap or the Fixed Rate Swap on or prior to its scheduled termination date, the Manager and the Trustee must endeavour to:

- (a) in the case of the Basis Swap:
 - (i) within 3 Business Days, enter into a replacement swap on terms and with a counterparty in respect of which the Manager has notified the Rating Agencies;
 - (ii) ensure that the Servicer complies with its obligations following the termination of the Basis Swap to adjust, if necessary, the rates at which the interest offset benefits are calculated under the Interest Off-Set Accounts and, if applicable, the weighted average of the rates set by the Servicer on the variable rate Housing Loans (see Section 6.5.5); or
 - (iii) within 3 Business Days, enter into other arrangements in respect of which the Manager has issued a Ratings Affirmation Notice; and

- (b) in the case of the Fixed Rate Swap:
 - (i) within 3 Business Days enter into a replacement swap on terms and with a counterparty in respect of which the Manager has notified the Rating Agencies; or
 - (ii) enter into some other arrangements in respect of which the Manager has issued a Ratings Affirmation Notice.

9.2 The Liquidity Facility

9.2.1 Purpose of the Liquidity Facility

The Liquidity Facility is provided by the Liquidity Facility Provider to the Trustee for the purposes of allowing the Trustee to fund any Liquidity Shortfall Third.

9.2.2 The Liquidity Facility Provider

The initial Liquidity Facility Provider will be BEN.

9.2.3 The Liquidity Facility Limit

The maximum liability of the Liquidity Facility Provider under the Liquidity Facility is an amount equal to the Liquidity Facility Limit, being an amount equal to the greater of:

- (a) 1.00% of the aggregate principal outstanding under all Performing Housing Loans on that day; and
- (b) 0.10% of the aggregate principal outstanding under all Performing Housing Loans on the Closing Date,

or such other reduced limit determined in accordance with the Liquidity Facility Agreement.

9.2.4 Utilisation of the Liquidity Facility

Following the occurrence of a Liquidity Shortfall Third (see Section 7.4.4), an amount equal to the lesser of:

- (a) the un-utilised portion of the Liquidity Facility Limit; and
- (b) the Liquidity Shortfall Third,

may be available to be advanced or (in the circumstances described in Section 9.2.9) applied under the Liquidity Facility on each Distribution Date in or towards meeting that Liquidity Shortfall Third.

The amount drawn under the Liquidity Facility is referred to as an “**Applied Liquidity Amount**”.

9.2.5 Interest and Fees

The duration that an Applied Liquidity Amount is outstanding is divided into Liquidity Interest Periods. Interest accrues daily on each Applied Liquidity Amount advanced or applied under the Liquidity Facility at the Liquidity BBSW Rate (or such other benchmark rate applicable at that time in accordance with the fallback regime in the Liquidity Facility, as outlined below) as determined on the Liquidity Interest Determination Date for that Liquidity Interest Period plus a margin, calculated on days elapsed and a year of 365 days. Interest is payable on each Distribution Date in accordance with the Series Supplement (see Section 7.4.6). The Liquidity Facility incorporates a fallback regime in the event of a temporary disruption or permanent discontinuation of BBSW (or other applicable benchmark rate) that is similar to the fallback regime which applies in relation to the Liquidity BBSW Rate for the Notes.

“**Liquidity BBSW Rate**” means, for a Liquidity Interest Determination Date, subject to clause 6.7 (“Temporary Disruption Fallback”) and clause 6.8 (“Permanent Discontinuation Fallback”) of the

Liquidity Facility Agreement, the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the “Administrator” (as defined in the Liquidity Facility Agreement) and published as of the “Publication Time” (as defined in the Liquidity Facility Agreement) on that Liquidity Interest Determination Date.

“Liquidity Interest Determination Date” means in respect of a Liquidity Interest Period:

- (a) where the Liquidity BBSW Rate applies or the Final Fallback Rate applies under paragraph (a)(iii) of the definition of Permanent Discontinuation Fallback, the first day of that Liquidity Interest Period; and
- (b) otherwise, the fifth Business Day prior to the last day of that Liquidity Interest Period,

subject in each case to adjustment in accordance with the Business Day Convention.

A **“Liquidity Interest Period”** in respect of an advance under the Liquidity Facility commences on (and includes) the Drawdown Date of that advance and ends on (but excludes) the next Distribution Date. Each subsequent Liquidity Interest Period will commence on (and include) a Distribution Date and end on (but exclude) the next Distribution Date.

A commitment fee accrues daily from the Closing Date and is calculated on the un-utilised portion of the Liquidity Facility Limit based on the number of days elapsed and a 365 day year. The commitment fee is payable monthly in arrears on each Distribution Date.

9.2.6 Repayment of outstanding advances

Each Applied Liquidity Amount outstanding on any Distribution Date is repayable on each Distribution Date in accordance with the Series Supplement (see Section 7.4.6). It is not an event of default under the Liquidity Facility if the Trustee does not have funds available to repay the Applied Liquidity Amounts outstanding under the Liquidity Facility on a Distribution Date. If outstanding Applied Liquidity Amounts are not repaid in full on a Distribution Date, any unpaid amounts will be carried forward so that they are payable by the Trustee on each following Distribution Date to the extent that funds are available for this purpose under the Series Supplement (see Section 7.4.6), until such amounts are paid in full.

9.2.7 Events of Default

Each of the following is an event of default under the Liquidity Facility (whether or not caused by any reason whatsoever outside the control of the Trustee or any other person):

- (a) the Trustee fails to pay any Advance or Applied Liquidity Amount or fails to pay any interest or fees due under the Liquidity Facility where funds are available for that purpose under the Series Supplement within 10 Business Days of the due date;
- (b) the Trustee breaches its undertaking described in Section 9.2.10; or
- (c) an event of default occurs under the Security Trust Deed (see Section 9.4.2) and action is taken to enforce the Security Trust Deed.

At any time after the occurrence of an event of default under the Liquidity Facility, the Liquidity Facility Provider may, by written notice to the Trustee, declare all advances, accrued interest and all other sums which have accrued due under the Liquidity Facility Agreement immediately due and payable and declare the Liquidity Facility terminated (in which case, the obligations of the Liquidity Facility Provider under the Liquidity Facility Agreement will immediately terminate).

9.2.8 Termination

The Liquidity Facility will terminate, and the Liquidity Facility Provider’s obligation to make any advances will cease, on the earliest of the following to occur:

- (a) the Final Maturity Date;

- (b) the date on which the Notes have been redeemed in full in accordance with the Series Supplement;
- (c) the date upon which the Liquidity Facility Limit is reduced to zero in accordance with the Liquidity Facility Agreement;
- (d) the termination date appointed by the Liquidity Facility Provider if it becomes illegal or impossible for the Liquidity Facility Provider to maintain or give effect to its obligations under the Liquidity Facility Agreement as a result of a change of law or its interpretation;
- (e) the date on which the Liquidity Facility Provider declares the Liquidity Facility terminated following an event of default under the Liquidity Facility; and
- (f) the date declared by the Trustee to be the date on which the Liquidity Facility is to terminate and the Liquidity Facility Provider is to be replaced by a substitute Liquidity Facility Provider, subject to the repayment by the Trustee of all amounts outstanding under the Liquidity Facility and the Manager giving prior written notice to each Rating Agency in relation to the appointment of the replacement Liquidity Facility Provider.

9.2.9 Deposit into Cash Deposit Account

If at any time before the termination of the Liquidity Facility Agreement, the Liquidity Facility Provider does not have a credit rating of at least:

- (a) by Moody's:
 - (i) a short term counterparty risk assessment of P-1(cr) or, if a short term counterparty risk assessment is not available for that financial institution, a short term credit rating of P-1; or
 - (ii) a long term counterparty risk assessment equal to or higher than A2(cr) or, if a long term counterparty risk assessment is not available for that financial institution, a long term credit rating equal to or higher than A2; and
- (b) by Fitch, a short term credit rating of F1 or a long term credit rating of A,

(or such other credit rating or counterparty risk assessment as may be agreed in writing between the Trustee (at the direction of the Manager) and the Manager (and notified by the Manager to the Rating Agencies) ("**Designated Credit Ratings**"), the Liquidity Facility Provider (at its own cost) must within 14 calendar days (or such longer period as may be agreed by the Manager and the Liquidity Facility Provider and provided a Ratings Affirmation Notice has been given in respect of that longer period) of such time do one of the following (as determined by the Liquidity Facility Provider in its discretion):

- (c) procure a substitute Liquidity Facility Provider having at least the Designated Credit Ratings;
- (d) deposit into a ledger account of the Collections Account ("**Cash Deposit Account**") an amount equal to the un-utilised portion of the Liquidity Facility Limit as at that time; or
- (e) implement such other structural changes so that the downgrading of the Liquidity Facility Provider does not result in a reduction, qualification or withdrawal of the ratings then assigned by each Rating Agency to the Notes.

If during the Cash Deposit Period the Manager determines that there is a Liquidity Shortfall Third in respect of a Determination Date, the amount of such shortfall must be satisfied from the amount deposited in the Cash Deposit Account. On the termination of the Liquidity Facility, or if the Liquidity Facility Provider subsequently obtains the ratings referred to above, the un-utilised portion of the Cash Deposit must be repaid to the Liquidity Facility Provider and (except in the case of the termination of the Liquidity Facility) any Liquidity Shortfall Third occurring thereafter will be satisfied by the Liquidity Facility Provider meeting a direct claim under the Liquidity Facility.

9.2.10 Trustee Undertaking

The Trustee has undertaken, among other things, to the Liquidity Facility Provider not to consent to amend or revoke any provisions of the Master Trust Deed, the Series Supplement or the Security Trust Deed in respect of payments or the order of priorities of payments to be made thereunder without the prior written consent of the Liquidity Facility Provider.

9.3 The Redraw Facility

9.3.1 Purpose of the Redraw Facility

As described in Section 6.3.2 BEN may provide redraws to a mortgagor who has prepaid the principal amount outstanding under its Housing Loan ahead of its scheduled monthly instalments. The Redraw Facility will be deemed to be drawn where BEN provides a Redraw in such circumstances from its own funds subject to the Redraw Facility Limit not being exceeded.

The term of the Redraw Facility is 364 days and may be renewed at the option of the Redraw Facility Provider if it receives a request for extension from the Manager 60 days prior to the scheduled termination of the Redraw Facility.

9.3.2 Redraw Facility Provider

The initial Redraw Facility Provider will be BEN.

9.3.3 The Redraw Facility Limit

The maximum amount that can be advanced under the Redraw Facility is the amount of the Redraw Facility Limit, being at any time the greater of:

- (a) 0.20% of the aggregate principal outstanding under all Housing Loans on that day; and
 - (b) 0.02% of the aggregate principal outstanding under all Housing Loans on the Closing Date,
- or such other reduced limit determined in accordance with the Redraw Facility Agreement.

9.3.4 Utilisation of the Redraw Facility

The Redraw Facility Provider may from time to time (in its discretion in accordance with the relevant Housing Loan Documents) provide Redraws and Further Advances (which are not Redraws) to mortgagors from its own funds. Where the Redraw Facility Provider does so it must notify the Manager and each such Redraw or Further Advance (as applicable):

- (a) will form part of the Assets of the Series Trust; and
- (b) will be treated as an advance by the Redraw Facility Provider to the Trustee (repayable by the Trustee and bearing interest, as from the date the Redraw or Further Advance is provided to the mortgagor), except to the extent:
 - (i) such Redraw or Further Advance is reimbursed to the Redraw Facility Provider; or
 - (ii) the Housing Loan to which such Redraw or Further Advance relates becomes an asset of the Seller Trust.

9.3.5 Interest and fees

The duration of the Redraw Facility is divided into successive Redraw Interest Periods. Interest accrues daily on the Redraw Facility Principal Outstanding at the Redraw BBSW Rate (or such other benchmark rate applicable at that time in accordance with the fallback regime in the Redraw Facility, as outlined below) as determined on the Redraw Interest Determination Date for that Redraw Interest Period plus a margin, calculated on days elapsed and a year of 365 days. Interest is payable on each Distribution Date

(see Section 7.4.6). The Redraw Facility incorporates a fallback regime in the event of a temporary disruption or permanent discontinuation of BBSW (or other applicable benchmark rate) that is similar to the fallback regime which applies in relation to the Redraw BBSW Rate for the Notes.

“Redraw BBSW Rate” means, for a Redraw Interest Determination Date, subject to clause 5.7 (“Temporary Disruption Fallback”) and clause 5.8 (“Permanent Discontinuation Fallback”) of the Redraw Facility Agreement, the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the “Administrator” (as defined in the Redraw Facility Agreement) and published as of the “Publication Time” (as defined in the Redraw Facility Agreement) on that Redraw Interest Determination Date.

“Redraw Interest Determination Date” means in respect of a Redraw Interest Period:

- (a) where the Redraw BBSW Rate applies or the Final Fallback Rate applies under paragraph (a)(iii) of the definition of Permanent Discontinuation Fallback, the first day of that Redraw Interest Period; and
- (b) otherwise, the fifth Business Day prior to the last day of that Redraw Interest Period,

subject in each case to adjustment in accordance with the Business Day Convention.

A **“Redraw Interest Period”** in respect of an advance under the Redraw Facility commences on (and includes) the Drawdown Date of that advance and ends on (but excludes) the next Distribution Date. Each subsequent Redraw Interest Period will commence on (and include) a Distribution Date and end on (but exclude) the next Distribution Date.

A commitment fee accrues daily from the Closing Date on the un-utilised portion of the Redraw Facility Limit based on the number of days elapsed and a 365 day year. The commitment fee is payable monthly in arrears on each Distribution Date.

9.3.6 Repayment of Drawings

The principal outstanding under the Redraw Facility is repayable on each Distribution Date in accordance with the Series Supplement (as described in Section 7.5.3). It is not an event of default if the Trustee does not have funds available to repay the full amount of the principal outstanding under the Redraw Facility on a Distribution Date. If amounts due on any Distribution Date are not paid in full, the unpaid amounts will be carried forward so that they are payable by the Trustee on each following Distribution Date to the extent that funds are available for this purpose under the Series Supplement (see Section 7.5.3), until such amounts are paid in full. These amounts will accrue interest at the prescribed rate until paid.

On the Distribution Date immediately following the termination of the Redraw Facility as described in Section 9.3.8 below, the Trustee must repay the principal outstanding under the Redraw Facility in full, together with all other amounts payable to the Redraw Facility Provider. If all those beforementioned amounts due are not paid or repaid in full on the Distribution Date immediately following the termination of the Redraw Facility, on each succeeding Distribution Date the Trustee must pay or repay so much of such amounts as there are funds available for this purpose in accordance with the Series Supplement until such amounts are paid or repaid in full.

9.3.7 Events of Default

Each of the following is an Event of Default under the Redraw Facility:

- (a) the Trustee fails to pay any amount due under the Redraw Facility within 10 days of the due date;
- (b) the Trustee breaches its undertaking described in Section 9.3.9; or
- (c) an event of default occurs under the Security Trust Deed (see Section 9.4.2) and action is taken to enforce the Security Trust Deed.

At any time after the occurrence of an event of default under the Redraw Facility, the Redraw Facility Provider may by written notice to the Trustee declare all advances, accrued interest and/or all other sums which have accrued due under the Redraw Facility Agreement immediately due and payable.

9.3.8 Termination

The Redraw Facility will terminate, and the Redraw Facility Provider's obligation to make any advances will cease, upon the earliest to occur of the following:

- (a) the date on which the Redraw Facility Provider, at its discretion, declares the Redraw Facility terminated by written notice to the Trustee and the Manager;
- (b) the expiry of 364 days from the Closing Date unless the Redraw Facility Provider has agreed to extend the term of the Redraw Facility in accordance with the terms of the Redraw Facility Agreement, in which case, the expiry of 364 days from the commencement date of that extended term;
- (c) the date upon which the Redraw Facility Limit is reduced to zero (see Section 9.3.3);
- (d) the date declared by the Trustee to be the date on which the Redraw Facility is to be replaced by a substitute Redraw Facility Provider, subject to the repayment by the Trustee of all amounts outstanding under the Redraw Facility and the Manager issuing a Ratings Affirmation Notice in relation to the termination of the Redraw Facility and the appointment of the replacement Redraw Facility Provider; and
- (e) the date the Notes and Redraw Notes have been redeemed in full in accordance with the Series Supplement.

9.3.9 Trustee Undertaking

The Trustee has undertaken, among other things, to the Redraw Facility Provider not to consent to amend or revoke any provisions of the Master Trust Deed, the Series Supplement or the Security Trust Deed in respect of payments or the order of priorities of payments to be made thereunder without the prior written consent of the Redraw Facility Provider.

9.4 The Security Trust Deed

9.4.1 Charge

Under the Security Trust Deed, the Trustee grants a security interest (the “**Charge**”) over the Charged Property in favour of the Security Trustee to secure the Trustee's obligations to the Trustee (for its own account), the Security Trustee (for its own account), the Noteholders, the Hedge Providers, the Redraw Facility Provider, the Liquidity Facility Provider, the Manager, the Arranger, each Joint Lead Manager, the standby guarantor (if any under the Servicer Standby Guarantee), the Servicer in respect of the Outstanding Prepayment Amount (if any), BEN (including without limitation, in its capacity as custodian of the Housing Loan documents) in respect of the Accrued Interest Adjustment and Redraws (the “**Secured Creditors**”). The aggregate amount recoverable under the Security Trust Deed is limited to the value from time to time of the Charged Property. The Security Trustee holds the benefit of the Charge and certain covenants of the Trustee on trust for those persons who are Secured Creditors at the time the Security Trustee distributes any of the proceeds of the enforcement of the Charge (see Sections 9.4.4 and 9.4.5).

The Security Trustee must give priority to the interest of Class A Noteholders and Redraw Noteholders (over that of the Class AB Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders and the Class F Noteholders). In respect of the Class AB Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders and the Class F Noteholders, the Security Trustee must give priority to the interest of the higher ranking class of Noteholders over that of the other classes of Noteholders (as determined in accordance with the order of priority set out in Section 9.4.4).

9.4.2 Events of Default

It is an event of default under the Security Trust Deed if:

- (a)
 - (i) the Trustee retires or is removed as trustee of the Series Trust and is not replaced within 40 days and the Manager fails within a further 20 days to convene a meeting of Investors to appoint a new Trustee;
 - (ii) the Security Trustee has actual notice or is notified by the Trustee or the Manager that the Trustee is not entitled fully to exercise its right of indemnity against the Assets of the Series Trust to satisfy any liability to a Secured Creditor and the circumstances are not rectified to the reasonable satisfaction of the Security Trustee within 14 days of the Security Trustee requiring the Trustee in writing to rectify them; or
 - (iii) the Series Trust is not properly constituted or is imperfectly constituted in a manner or to an extent that is regarded by the Security Trustee (acting reasonably) to be materially prejudicial to the interests of any class of Secured Creditor and is incapable of being remedied or if it is capable of being remedied this has not occurred to the reasonable satisfaction of the Security Trustee within 30 days of its discovery;
- (b) an Insolvency Event occurs in respect of the Trustee in its capacity as trustee of the Series Trust (other than that the occurrence of an Insolvency Event as a result of the Trustee stating that it is unable to pay its debts when they fall due) and the Trustee is not replaced as Trustee of the Series Trust within 60 days of the occurrence of the Insolvency Event;
- (c) distress or execution is levied or a judgment, order or security interest is enforced, or becomes enforceable by the giving of notice, lapse of time or fulfilment of any condition, against any Charged Property for an amount exceeding \$1,000,000 or can be rendered enforceable by the giving of notice, lapse of time or fulfilment of any condition;
- (d) the Charge:
 - (i) is or becomes wholly or partly void, voidable or unenforceable; or
 - (ii) ceases to be valid or the Trustee breaches the terms in clause 4.3 of the Security Trust Deed where such breach will have a material adverse effect on the amount or the timing of any payment to be made to any Investor or the interests of any Secured Creditor under the Transaction Documents (other than the Servicer and any Related Body Corporate of the Servicer); or
- (e) any Secured Moneys are not paid within 10 days of when due, but excluding:
 - (i) any Secured Moneys relating to the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes (or Secured Money ranking junior to the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) while there are any Class A Notes outstanding; or
 - (ii) any Secured Moneys relating to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes (or Secured Money ranking junior to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) once all Secured Moneys in respect of the Class A Notes has been paid in full and while there are any Class AB Notes outstanding; or

- (iii) any Secured Moneys relating to the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes (or Secured Moneys ranking junior to the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) once all Secured Moneys in respect of the Class A Notes and the Class AB Notes has been paid in full and while there are any Class B Notes outstanding; or
- (iv) any Secured Moneys relating to the Class D Notes, the Class E Notes or the Class F Notes (or Secured Moneys ranking junior to the Class D Notes, the Class E Notes or the Class F Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) once all Secured Moneys in respect of the Class A Notes, the Class AB Notes and the Class B Notes, has been paid in full and while there are any Class C Notes outstanding;
- (v) any Secured Moneys relating to the Class E Notes or the Class F Notes (or Secured Moneys ranking junior to the Class E Notes or the Class F Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) once all Secured Moneys in respect of the Class A Notes, the Class AB Notes, the Class B Notes and the Class C Notes, has been paid in full and while there are any Class D Notes outstanding; or
- (vi) any Secured Moneys relating to the Class F Notes (or Secured Moneys ranking junior to the Class E Notes in accordance with Section 7.4.6 (“Calculation and Application of Total Investor Revenues”)) once all Secured Moneys in respect of the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes, has been paid in full and while there are any Class E Notes outstanding.

9.4.3 Enforcement

If the Security Trustee becomes actually aware that an event of default has occurred it must notify the Secured Creditors and the Rating Agencies and convene a meeting of the Voting Secured Creditors to seek the directions contemplated by this Section 9.4.3.

At that meeting, the Voting Secured Creditors must vote by extraordinary resolution (being not less than 75% of all votes cast or a written resolution signed by all Voting Secured Creditors) on whether to direct the Security Trustee to:

- (a) declare the Notes and all other Secured Moneys immediately due and payable;
- (b) appoint a receiver, and if a receiver is appointed, to determine the amount of the receiver's remuneration;
- (c) instruct the Trustee to sell and realise the Charged Property; and/or
- (d) take such further action as the Voting Secured Creditors may specify in the extraordinary resolution and which the Security Trustee indicates that it is willing to take.

The Security Trustee is required to take all action to give effect to any extraordinary resolution of the Voting Secured Creditors only if the Security Trustee, as required by it in its absolute discretion, is adequately indemnified from the Charged Property or has been indemnified by the Secured Creditors in a form reasonably satisfactory to the Security Trustee (which may be by way of an extraordinary resolution of the Voting Secured Creditors) against all actions, proceedings, claims and demands to which it may render itself liable, and all costs, charges, damages and expenses which it may incur, in giving effect to the extraordinary resolution.

If the Security Trustee convenes a meeting of the Voting Secured Creditors or is required by an extraordinary resolution of the Voting Secured Creditors to take any action in relation to the enforcement of the Security Trust Deed and the Security Trustee advises the Voting Secured Creditors that it will not take that action in relation to the enforcement of the Security Trust Deed unless it is personally indemnified by the Voting Secured Creditors to its reasonable satisfaction against all actions,

proceedings, claims, demands, costs, charges, damages and expenses in relation to the enforcement of the Security Trust Deed and put in funds to the extent to which it may become liable and the Voting Secured Creditors refuse to grant the requested indemnity and put it into funds, the Security Trustee will not be obliged to act in relation to such action. In these circumstances, the Voting Secured Creditors may exercise such powers, and enjoy such protections and indemnities, of the Security Trustee under the Security Trust Deed in relation to the enforcement of the Security Trust Deed as they determine by extraordinary resolution. The Security Trustee will not be liable in any manner whatsoever if the Voting Secured Creditors exercise, or do not exercise, the rights given to them as described in the sentence preceding. Except in the foregoing situation, the powers, rights and remedies (including the power to enforce the Charge or to appoint a receiver to any of the Charged Property) are exercisable by the Security Trustee only and no Secured Creditor is entitled to exercise them.

The Security Trustee must not take any steps to enforce the Charge unless the Voting Secured Creditors have passed an extraordinary resolution directing it to take such action or in the opinion of the Security Trustee the delay required to obtain the consent of the Voting Secured Creditors would be prejudicial to the interests of the Secured Creditors.

The Security Trustee is entitled, on such terms and conditions it deems expedient, without the consent of the Voting Secured Creditors, to agree to any waiver or authorisation of any breach or proposed breach of the Transaction Documents (including the Security Trust Deed) and may determine that any event that would otherwise be an event of default will not be treated as an event of default for the purposes of the Security Trust Deed, which is not, in the opinion of the Security Trustee, materially prejudicial to the interests of the Secured Creditors.

The Security Trustee is not required to ascertain whether an event of default has occurred and, until it has actual notice to the contrary, may assume that no event of default has occurred and that the parties to the Transaction Documents (other than the Security Trustee) are performing all of their obligations.

Subject to any notices or other communications it is deemed to receive under the terms of the Security Trust Deed, the Security Trustee will only be considered to have knowledge, awareness or notice of a thing or grounds to believe anything by virtue of the officers of the Security Trustee (or any Related Body Corporate of the Security Trustee) which have day to day responsibility for the administration or management of the Security Trustee's (or any Related Body Corporate of the Security Trustee's) obligations in relation to the Series Trust or the Security Trust Deed, having actual knowledge, actual awareness or actual notice of that thing, or grounds or reason to believe that thing. Notice, knowledge or awareness of an event of default means notice, knowledge or awareness of the occurrence of the events or circumstances constituting an event of default.

9.4.4 Priorities under the Security Trust Deed

The proceeds from the enforcement of the Charge are to be applied in the following order of priority, subject to any statutory or other priority which may be given priority by law:

- (a) first, towards satisfaction of amounts which become owing or payable under the Security Trust Deed to indemnify the Security Trustee, the Manager, any receiver or other person appointed under the Security Trust Deed against all loss, liability and reasonable expenses incurred by that person in performing any of their duties or exercising any of their powers under the Security Trust Deed (except the receiver's remuneration) and payment of the Trustee's lien over, and right of indemnification from, the Charged Property;
- (b) next, in payment *pari passu* and rateably of any fees due to the Security Trustee and the receiver's remuneration;
- (c) next, in payment *pari passu* and rateably of such other outgoings and/or liabilities that the receiver or the Security Trustee have incurred in performing their obligations or exercising their powers under the Security Trust Deed;
- (d) next, in payment of other security interests (if any) over the Charged Property which the Security Trustee is aware have priority over the Charge (other than the Trustee's lien over, and right of indemnification from, the Charged Property), in the order of their priority;

- (e) next, in payment to BEN of any unpaid Accrued Interest Adjustment;
- (f) next, in payment pari passu and rateably:
 - (i) to the Manager of all Secured Money owing to the Manager;
 - (ii) to the Servicer of all Secured Money owing to the Servicer; and
 - (iii) to BEN of all Secured Money owing to BEN in its capacity as Seller;
- (g) next, pari passu and rateably:
 - (i) to the Redraw Facility Provider of any Redraw Facility Principal Outstanding and Redraw Facility Interest owing to the Redraw Facility Provider under the Redraw Facility Agreement;
 - (ii) to the Liquidity Facility Provider of any Applied Liquidity Amounts and Liquidity Facility Interest owing to the Liquidity Facility Provider under the Liquidity Facility Agreement; and
 - (iii) to each Hedge Provider of all Secured Money owing under any Hedge Agreement other than:
 - (A) any termination payment payable to a Hedge Provider under a Hedge Agreement as a result of a Hedge Provider Event of Default occurring in relation to that Hedge Agreement); and
 - (B) any termination payment payable to a Hedge Provider in respect of any Hedge Agreement to the extent it is being terminated as a result of the early termination of a given fixed interest rate relating to all or part of a Housing Loan prior to the scheduled termination of that fixed interest rate, except to the extent the Trustee has received the applicable Mortgagor Break Costs from the relevant Mortgagor during the Monthly Period or (in the event of Waived Mortgagor Break Costs) the Trustee has received the corresponding Non-Collection Fee from the Servicer;
- (h) next, pari passu and rateably:
 - (i) in payment to the Redraw Noteholders of all Secured Moneys owing in relation to the Redraw Notes to be applied amongst them:
 - (A) first, towards accrued but unpaid interest on the Redraw Notes at that time (to be distributed rateably amongst the Redraw Notes); and
 - (B) second, in reduction of the Invested Amount in respect of the Redraw Notes at that time (to be distributed rateably amongst the Redraw Notes); and
 - (ii) in payment to the Class A Noteholders of all Secured Moneys owing in relation to the Class A Notes to be applied amongst them:
 - (A) first, towards accrued but unpaid interest on the Class A Notes at that time (to be distributed pari passu and rateably amongst the Class A Notes); and
 - (B) second, in reduction of the Invested Amount in respect of the Class A Notes at that time (to be distributed pari passu and rateably amongst the Class A Notes);
- (i) next, in payment to the Class AB Noteholders of all Secured Moneys owing in relation to the Class AB Notes to be applied amongst them:

- (i) first, towards accrued but unpaid interest on the Class AB Notes at that time (to be distributed pari passu and rateably amongst the Class AB Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class AB Notes at that time (to be distributed pari passu and rateably amongst the Class AB Notes);
- (j) next, in payment to the Class B Noteholders of all Secured Moneys owing in relation to the Class B Notes to be applied amongst them:
 - (i) first, towards accrued but unpaid interest on the Class B Notes at that time (to be distributed pari passu and rateably amongst the Class B Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class B Notes at that time (to be distributed pari passu and rateably amongst the Class B Notes);
- (k) next, in payment to the Class C Noteholders of all Secured Moneys owing in relation to the Class C Notes to be applied amongst them:
 - (i) first, towards accrued but unpaid interest on the Class C Notes at that time (to be distributed pari passu and rateably amongst the Class C Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class C Notes at that time (to be distributed pari passu and rateably amongst the Class C Notes);
- (l) next, in payment to the Class D Noteholders of all Secured Moneys owing in relation to the Class D Notes to be applied amongst them:
 - (i) first, towards accrued but unpaid interest on the Class D Notes at that time (to be distributed pari passu and rateably amongst the Class D Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class D Notes at that time (to be distributed pari passu and rateably amongst the Class D Notes);
- (m) next, in payment to the Class E Noteholders of all Secured Moneys owing in relation to the Class E Notes to be applied amongst them:
 - (i) first, towards accrued but unpaid interest on the Class E Notes at that time (to be distributed pari passu and rateably amongst the Class E Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class E Notes at that time (to be distributed pari passu and rateably amongst the Class E Notes);
- (n) next, in payment to the Class F Noteholders of all Secured Moneys owing in relation to the Class F Notes to be applied amongst them:
 - (i) first, towards accrued but unpaid interest on the Class F Notes at that time (to be distributed pari passu and rateably amongst the Class F Notes); and
 - (ii) second, in reduction of the Invested Amount in respect of the Class F Notes at that time (to be distributed pari passu and rateably amongst the Class F Notes);
- (o) next, to pay pari passu and rateably to each Hedge Provider, the Redraw Facility Provider and the Liquidity Facility Provider of any remaining Secured Money owing to that Hedge Provider, the Redraw Facility Provider or the Liquidity Facility Provider (as applicable) to the extent not paid as described in paragraph (g) above;
- (p) next, in payment pari passu and rateably of any amounts forming part of the Secured Moneys and owing to a Secured Creditor;

- (q) next, in payment of subsequent security interests over the Charged Property of which the Security Trustee is aware in the order of their priority; and
- (r) next, in payment of the surplus to the Trustee be distributed in accordance with the terms of the Master Trust Deed and the Series Supplement, but will not carry interest as against the Security Trustee.

9.4.5 Collateral

Any Charged Property provided:

- (a) as collateral by a Hedge Provider in accordance with a Hedge Agreement shall be returned to the Hedge Provider, except to the extent that the relevant Hedge Agreement requires it to be applied to satisfy any obligation owed to the Trustee by the Hedge Provider; and
- (b) as a prepayment by the Servicer of its obligation to deposit Collections to the Collections Account shall be returned to the Servicer except to the extent necessary to satisfy the Servicer's obligations to remit Collections to the Trustee in accordance with the Series Supplement,

and, in each case, will not be available for distribution in accordance with Section 9.4.4.

9.4.6 Outstanding Cash Deposit

Any outstanding Cash Deposit standing to the credit of the Cash Deposit Account will not be distributed in accordance with Section 9.4.4. Instead, any such outstanding Cash Deposit will be returned to the Liquidity Facility Provider.

9.4.7 Amendments to the Security Trust Deed

The Security Trustee, the Manager and the Trustee may amend the Security Trust Deed if the amendment:

- (a) in the opinion of the Security Trustee (or a barrister or solicitor instructed by the Security Trustee) is necessary or expedient to comply with any statute or regulation or with the requirements of any governmental agency;
- (b) in the opinion of the Security Trustee is to correct a manifest error or ambiguity or is of a formal, technical or administrative nature only;
- (c) in the opinion of the Security Trustee is appropriate or expedient as a consequence of any amendment to any statute or regulation or altered requirements of any governmental agency or any decision of any court (including an alteration which in the opinion of the Security Trustee is appropriate as a consequence of the enactment of, or amendment to, any statute or regulation or any tax ruling or government announcement or statement or any decision handed down by a court altering the manner or basis of taxation of trusts); or
- (d) in the opinion of the Security Trustee and the Trustee is otherwise desirable for any reason,

provided that the Security Trustee, the Manager and the Trustee may not alter, add to or revoke any provision of the Security Trust Deed unless the Manager has notified each Rating Agency 5 Business Days in advance.

However, where (in the opinion of the Security Trustee) an amendment referred to in paragraph (d) above:

- (a) is materially prejudicial to the interests of:
 - (i) the Class A Noteholders or the Redraw Noteholders; or

- (ii) the Redraw Facility Provider, the Liquidity Facility Provider, a Hedge Provider, the Manager, a Standby Guarantor and/or the Seller (each a “**Relevant Secured Creditor**”);
- (b) affects the Class A Noteholders, the Redraw Noteholders or a Relevant Secured Creditor in a manner different to the rights of the Secured Creditors generally; or
- (c) is a Basic Term Modification in respect of a Class of Notes,

then the amendment can only be made if an extraordinary resolution approving the amendment is passed by a separate meeting of the Noteholders of the relevant Class (being a resolution requiring not less than 75% of all votes cast or a written resolution signed by the relevant Noteholders) or the Relevant Secured Creditor consents to the amendment, as applicable.

9.4.8 Security Trustee Costs and Remuneration

The Security Trustee is entitled to be reimbursed for all costs incurred in acting as Security Trustee.

The Security Trustee is entitled to be remunerated at the rate agreed from time to time between the Manager, the Security Trustee and the Trustee.

9.4.9 Limitations on Security Trustee's and Trustee's Liability

The Security Trustee's liability under the Security Trust Deed is limited to the amount the Security Trustee is able to be satisfied out of the assets held on trust by it under the Security Trust Deed from which the Security Trustee is actually indemnified for the liability. However, this limitation will not apply to the extent that the Security Trustee's right of indemnity is reduced as a result of fraud, negligence or wilful default on the part of the Security Trustee or its officers, employees or agents or any other person whose acts or omissions the Security Trustee is liable for under the Transaction Documents.

The Trustee's liability under the Security Trust Deed is limited to the extent to which it can be satisfied out of the Assets of the Series Trust out of which the Trustee is actually indemnified for the liability, except in the case of fraud, negligence or wilful default on the part of the Trustee or its officers, employees or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents.

9.4.10 Limitation of Responsibility and Liability of the Security Trustee

The Security Trust Deed contains a range of provisions regulating the scope of the Security Trustee's duties and liabilities. These include (which list is not exhaustive) the following:

- (a) the Security Trustee is not required to monitor whether an event of default has occurred or inquire as to compliance by the Trustee or the Manager with the Transaction Documents, or their other activities;
- (b) the Security Trustee is not required to take any enforcement action under the Security Trust Deed, except as directed by an extraordinary resolution of Voting Secured Creditors;
- (c) the Security Trustee is not required to act in relation to the enforcement of the Security Trust Deed unless its liability is limited in a manner satisfactory to it and the Secured Creditors place it in funds and indemnify it to its satisfaction;
- (d) the Security Trustee is not responsible for the adequacy or enforceability of any Transaction Documents;
- (e) the Security Trustee need not give to the Secured Creditors information concerning the Trustee or the Manager which comes into the possession of the Security Trustee;
- (f) the Trustee gives wide ranging indemnities to the Security Trustee in relation to its role as Security Trustee; and

- (g) the Security Trustee may rely on documents and information provided by the Trustee or the Manager.

9.4.11 Disclosure of Information

In relation to information which the Trustee in its capacity as trustee of the Series Trust or the Security Trustee in its capacity as trustee of the Security Trust (the “**Recipient**”) receives from any of the Manager or the Noteholders in relation to the Series Trust, the Seller Trust or the Security Trust (the “**Information**”), the Recipient is entitled to make available (to the extent permitted by law) such Information to:

- (a) any Related Body Corporate of the Recipient which acts as custodian or Security Trustee of the Assets of the Series Trust or the assets of the Seller Trust or which otherwise has responsibility for the management or administration of the Series Trust or the Seller Trust, including their respective assets; and
- (b) the Recipient acting in its capacity as Manager, custodian or Servicer (as applicable) of the Series Trust or the Seller Trust.

The Recipient will not have any liability for the use, non-use, communication or non-communication of the Information in the above manner, except to the extent to which the Recipient has an express contractual obligation to disclose or not disclose or to use or not use certain information received by it and fails to do so.

9.4.12 Retirement, Removal and Replacement of the Security Trustee

The Security Trustee must retire as trustee of the Security Trust if:

- (a) an Insolvency Event occurs in respect of it;
- (b) it ceases to carry on business;
- (c) a Related Body Corporate of it retires or is removed as trustee of the Series Trust or is removed as trustee of the Series Trust and the Manager requires the Security Trustee by notice in writing to retire;
- (d) an Extraordinary Resolution requiring its retirement is passed at a meeting of Secured Creditors;
- (e) when required to do so by the Manager or the Trustee by notice in writing, it fails or neglects within 14 days after receipt of such notice to carry out or satisfy any material duty imposed on it under the Security Trust Deed in respect of the Security Trust; or
- (f) there is a change in ownership of 50% or more of its issued equity share capital from the position as at the date of the Security Trust Deed or effective control of the Security Trustee alters from the position as at the date of the Security Trust Deed unless in either case approved by the Manager.

If the Security Trustee refuses to retire immediately after any of these events have occurred, the Manager may remove the Security Trustee from office immediately. The Manager must use reasonable endeavours to appoint a substitute Security Trustee (and must notify the Rating Agencies of such substitute).

If the Manager is unable to appoint a substitute Security Trustee at a time when the position of Security Trustee becomes vacant, it must convene a meeting of Secured Creditors to appoint any person nominated by any of them to act as Security Trustee at which Secured Creditors, holding or representing between them voting entitlements comprising in aggregate a number of votes which is not less than 75% of the aggregate number of votes comprised in the total voting entitlements at that time).

9.4.13 Voluntary Retirement of the Security Trustee

The Security Trustee may only voluntarily retire if it gives 3 months' notice in writing to the Trustee, the Manager and the Rating Agencies (or such lesser time as the Manager, the Trustee and the Security Trustee agree).

If the Security Trustee does not appoint a substitute at least 1 month prior to the date of its proposed retirement, the Manager may appoint a substitute Security Trustee which must be a suitably qualified person (and must notify the Rating Agencies of such substitute).

If the Manager is unable to appoint a substitute Security Trustee at a time when the position of Security Trustee becomes vacant, it must convene a meeting of Secured Creditors to appoint any person nominated by any of them to act as Security Trustee at which Secured Creditors, holding or representing between them voting entitlements comprising in aggregate a number of votes which is not less than 75% of the aggregate number of votes comprised in the total voting entitlements at that time).

9.4.14 Meetings of Voting Secured Creditors

The Security Trust Deed contains provisions for convening meetings of the Voting Secured Creditors to, among other things, enable the Voting Secured Creditors to direct or consent to the Security Trustee taking or not taking certain actions under the Security Trust Deed, for example to enable the Voting Secured Creditors, following the occurrence of an Event of Default, to direct the Security Trustee to declare the Notes immediately due and payable and/or to enforce the Charge.

For the purpose of the Series Trust, the Voting Secured Creditors will be the only Secured Creditors entitled to:

- (a) vote in respect of an Extraordinary Resolution of the Series Trust; or
 - (b) otherwise direct or give instructions or approvals to the Security Trustee in accordance with the Transaction Documents.
-

10. THE SERIES TRUST

10.1 Creation of Trusts

10.1.1 Creation of the Series Trust

The Master Trust Deed provides for the creation of an unlimited number of series trusts. Each series trust is a separate and distinct trust fund. The assets of each series trust are not available to meet the liabilities of any other series trust and the Trustee must ensure that no moneys held by it in respect of any series trust are commingled with any moneys held by the Trustee in respect of any other series trust.

The Series Trust is a series trust established under the Master Trust Deed.

The beneficial ownership of the Series Trust is divided into 2 classes of units, one Capital Unit and one Income Unit.

The Trustee of the Series Trust will fund the purchase of the Housing Loan Pool by issuing the Notes.

The Series Trust is established for the purpose of the Trustee:

- (a) acquiring (and disposing of) Housing Loan Rights and other Authorised Short-Term Investments (as defined in the Master Trust Deed), in accordance with the Transaction Documents;
- (b) issuing (and redeeming) the Notes, Redraw Notes and the Units in accordance with the Transaction Documents; and
- (c) entering into, performing its obligations and exercising its rights under and taking any action contemplated by any of the Transaction Documents,

and the Trustee, on the direction of the Manager, may exercise any or all of its powers under the Transaction Documents for these purposes and any purposes incidental to these purposes.

10.1.2 Creation of the Seller Trust

In addition to the Housing Loans and the mortgages and collateral securities securing the Housing Loans which are assigned to the Series Trust, all other loans (if any) (the “**Other Loans**”) secured by the mortgages acquired by the Trustee will also be assigned by the Trustee.

Where applicable, the Trustee's interest in the Other Loans will be held by way of a separate trust by the Trustee for BEN (the “**Seller Trust**”). The Trustee's interest in the mortgages and collateral securities which secure only the Housing Loans will be held by the Trustee for the Series Trust. The Trustee's interest in the mortgages and collateral securities which secure the Housing Loans and the Other Loans (if any) (the “**Seller Collateral Securities**”) will also be held by the Trustee for the Series Trust but only to the extent that the proceeds the Trustee receives on their realisation equal the amount outstanding under the Housing Loans they secure. The balance will be held by the Trustee subject to the terms of the Seller Trust.

The Trustee must not (and the Manager must not direct the Trustee to) dispose of or create any security interest in a collateral security which secures a Housing Loan and an Other Loan unless the relevant transferee or holder of the security interest is first notified of the interest of the Seller Trust in that collateral security. If the Trustee has breached (or BEN reasonably believes that the Trustee will breach) this restriction, it will be entitled to lodge caveats to protect its interests in the relevant collateral securities.

10.2 Perfection of Title

10.2.1 Perfection of Title Event

A Perfection of Title Event occurs if:

- (a) BEN makes any representation in respect of a Housing Loan (see Section 6.2.4) which is incorrect when made (other than a representation or warranty referred to in Section 6.2.4 which results in BEN paying the Trustee any amount referred to in Section 6.2.5) and it has, or if continued will have, an Adverse Effect as reasonably determined by the Trustee after the Trustee is actually aware of such representation or warranty being incorrect and:
 - (i) such breach is not satisfactorily remedied so that it no longer has or will have an Adverse Effect, within 20 Business Days (or such longer period as the Trustee agrees) of notice thereof to BEN from the Manager or the Trustee; or
 - (ii) BEN has not within 20 Business Days (or such longer period as the Trustee agrees) of such notice paid compensation to the Trustee for its loss (if any) suffered as a result of such breach in an amount satisfactory to the Trustee (acting reasonably);
- (b) the Trustee is not paid an amount owing to it by BEN under any Hedge Agreement in relation to which BEN is a Hedge Provider within 10 Business Days of its due date for payment (or such longer period as the Trustee may agree to at the Manager's direction and subject to the Manager having issued a Ratings Affirmation Notice);
- (c) if BEN is the Servicer, a Servicer Default occurs (see Section 10.5.4); or
- (d) an Insolvency Event occurs in relation to BEN.

The Trustee must declare a Perfection of Title Event (of which the Trustee is actually aware) by notice in writing to the Servicer, the Manager and the Rating Agencies unless (except on the occurrence of the event specified in paragraph (c) above) the Manager has issued a Ratings Affirmation Notice in relation to the failure to perfect the Trustee's title to the mortgages.

If the Trustee declares that a Perfection of Title Event has occurred, the Trustee and the Manager must immediately take all steps necessary to perfect the Trustee's legal title to the Housing Loan Rights (including lodgement of mortgage transfers) and must notify the relevant mortgagors (including informing them, where appropriate, of the Series Trust bank account to which they should make future payments) of the sale of the Trustee's interest in the Housing Loans and mortgages, and must take possession of BEN's loan files in relation to the Housing Loans, subject to the Privacy Act and BEN's duty of confidentiality to its borrowers under general law or otherwise. In the case of the occurrence of an Insolvency Event in relation to BEN, the Trustee and Manager must take all steps necessary to perfect the Trustee's legal title only in relation to the relevant Housing Loans and related mortgages and collateral securities. The Manager will also provide the Trustee with any direction reasonably requested by the Trustee to enable the Trustee to take any such steps.

Subject to the circumstance described above, wherein the Perfection of Title Event is an Insolvency Event and the Trustee and Manager are only required to take certain actions to perfect the Trustee's legal title to the relevant Housing Loans, on becoming aware of the occurrence of a Perfection of Title Event the Trustee must, within 30 Business Days, either have commenced all necessary steps to perfect legal title in, or have lodged a caveat in respect of, the Trustee's interest in each Housing Loan. However, if the Trustee does not hold all the Housing Loan Documents necessary to vest in it BEN's right, title and interest in any Housing Loan, within 5 Business Days of becoming aware of the occurrence of a Perfection of Title Event, the Trustee must, to the extent of the information available to it, lodge a caveat or similar instrument in respect of the Trustee's interest in that Housing Loan.

10.3 The Trustee

10.3.1 Appointment

The Trustee is appointed as trustee of the Series Trust on the terms set out in the Master Trust Deed, Notice of Creation of Series Trust and the Series Supplement.

10.3.2 The Trustee's Undertakings

The Trustee undertakes, among other things, that it will:

- (a) act in the interests of the Investors on and subject to the terms and conditions of the Master Trust Deed and the Series Supplement and, in the event of a conflict between such interests, act in the interests of the Noteholders and Redraw Noteholders;
- (b) exercise all due diligence and vigilance in carrying out its functions and duties and in protecting the rights and interests of the Investors;
- (c) do everything and take all actions which are necessary to ensure that it is able to maintain its status as trustee of the Series Trust;
- (d) act honestly and in good faith in the performance of its duties and in the exercise of its discretions under the Master Trust Deed and the Series Supplement;
- (e) exercise all diligence and prudence as a prudent person of business would exercise in performing its express functions and in exercising its discretions under the Master Trust Deed, having regard to the interests of the Investors;
- (f) use its best endeavours to carry on and conduct its business in so far as it relates to the Master Trust Deed and the Series Trust in a proper and efficient manner;
- (g) keep accounting records which correctly record and explain all amounts paid and received by the Trustee; and
- (h) keep the Series Trust separate from each other series trust which is constituted pursuant to the Master Trust Deed and account for the assets and liabilities of the Series Trust separately from the assets and liabilities of such other series trusts.

10.3.3 No Duty to Investigate

Under the Master Trust Deed and the Series Supplement the Trustee has no duty to investigate whether or not a Manager Default, Servicer Default or a Perfection of Title Event under the Series Supplement has occurred except where the Trustee has actual notice, knowledge or awareness of the event.

Subject to the provisions of the Transaction Documents dealing with deemed receipt of notices or other communications, the Trustee will only be considered to have knowledge, awareness or notice of a thing or grounds to believe anything by virtue of the officers of the Trustee (or any Related Body Corporate of the Trustee's) who have day to day responsibility for the administration or management of the Trustee's (or a Related Body Corporate of the Trustee's) obligations in respect of the Series Trust or the Seller Trust having actual knowledge, actual awareness or actual notice of that thing, or grounds or reason to believe that thing. Notice, knowledge or awareness of a Trustee Default, Manager Default, Servicer Default or Perfection of Title Event means notice, knowledge or awareness of the occurrence of the event or circumstances constituting a Trustee Default, Manager Default, Servicer Default or Perfection of Title Event.

10.3.4 The Trustee's Powers

Subject to the Master Trust Deed, the Trustee has all the powers in respect of the Assets of the Series Trust which it could exercise if it were the absolute and beneficial owner of those assets.

In particular, the Trustee has power to:

- (a) invest in, dispose of or deal with any asset or property of the Series Trust (including the Housing Loans) in accordance with the Manager's proposals;
- (b) obtain and act on advice from such advisers as may be necessary, usual or desirable for the purpose of enabling the Trustee to be fully and properly advised and informed in order that it can properly exercise its powers and obligations;
- (c) enter into, perform, enforce (subject to the restrictions in the Master Trust Deed) and amend (subject to any relevant terms and conditions) the Transaction Documents;
- (d) subject to the limitations set out in the Master Trust Deed, borrow or raise money, whether or not on terms requiring security to be granted over the Assets of the Series Trust;
- (e) refuse to comply with any instruction or direction from the Manager, the Servicer or BEN in respect of the Series Trust where it reasonably believes that the rights and interests of the Investors are likely to be materially prejudiced by so complying;
- (f) with the agreement of the Manager, do things incidental to any of its specified powers or necessary or convenient to be done in connection with the Series Trust or the Trustee's functions; and
- (g) purchase any Housing Loan notwithstanding that, as at the Cut-Off Date, such Housing Loan is in arrears at the time of its acquisition by the Trustee.

10.3.5 Delegation by Trustee

The Trustee is entitled to appoint the Manager, the Servicer, BEN, the Security Trustee, a Related Body Corporate or any other person permitted by the Master Trust Deed or the Series Supplement to be attorney or agent of the Trustee for the purposes of carrying out and performing its duties and obligations in relation to the Series Trust provided that it does not delegate a material part of its duties and obligations. The Trustee at all times remains liable for the acts and omissions of any Related Body Corporate when it is acting as the Trustee's delegate.

10.3.6 The Trustee's Fees and Expenses

In respect of each Monthly Period, the Trustee is entitled to a fee for performing its duties. The fee will be an amount agreed between the Manager and the Trustee and is payable to the Trustee in arrears on the Distribution Date following the end of the Monthly Period. The Trustee's fee may also be amended by agreement between the Trustee and the Manager. Any change to the Trustee's fee must not be agreed unless a Ratings Affirmation Notice has been provided in respect of that change.

The Trustee is entitled to be reimbursed out of the Assets of the Series Trust in respect of all expenses incurred in respect of the Series Trust (but not general overhead costs and expenses). Furthermore, the Trustee is entitled to be indemnified out of the Assets of the Series Trust for all costs, charges, expenses and liabilities incurred by the Trustee in relation to or under any Transaction Document. The Trustee will also be indemnified for costs in connection with court proceedings alleging negligence, fraud or wilful default except where such allegation is found by the court to be correct.

10.3.7 Retirement, Removal and Replacement of the Trustee

The Trustee must retire as trustee of the Series Trust if:

- (a) it fails or neglects, within 20 Business Days (or such longer period as the Manager may agree to) after receipt of a notice from the Manager requiring it to do so, to carry out or satisfy any material duty or obligation imposed on it by a Transaction Document;
- (b) an Insolvency Event occurs with respect to it in its personal capacity;

- (c) it ceases to carry on business;
- (d) it merges or consolidates with another entity without obtaining the consent of the Manager and the resulting merged or consolidated entity does not assume the Trustee's obligations under the Transaction Documents; or
- (e) there is a change in the ownership of 50% or more of its issued share capital from that as at the date of the Master Trust Deed or effective control of the Trustee alters from that as at the date of the Master Trust Deed, unless in either case approved by the Manager.

The Manager may require the Trustee to retire if it believes in good faith that any of these events have occurred. If the Trustee refuses to retire within 30 days after either the occurrence of one of the above events or notice from the Manager, the Manager may remove the Trustee from office immediately.

The Manager must use reasonable endeavours to appoint a substitute Trustee who is approved by BEN for all then series trusts under the Master Trust Deed within 30 days of the retirement or removal of the Trustee.

If, after 30 days, the Manager is unable to appoint a substitute Trustee it must convene a meeting of Investors at which a substitute Trustee may be appointed by extraordinary resolution of all Investors of the Series Trust and of any other trust constituted under the Master Trust Deed (being not less than 75% of all votes cast at a meeting of such Investors or a written resolution signed by all such Investors).

Until the appointment of the Substitute Trustee is complete, the Manager must use its reasonable endeavours to ensure that, notwithstanding the removal of the Trustee, the Trustee's obligations under the Transaction Documents are complied with (to the extent possible).

10.3.8 Voluntary Retirement of the Trustee

The Trustee may only voluntarily retire if it gives the Manager 3 months' written notice or such lesser time as the Manager and the Trustee agree. Upon retirement the Trustee must appoint a substitute Trustee who is approved by the Manager under the Master Trust Deed.

If the Trustee does not propose a substitute at least 1 month prior to its proposed retirement, the Manager may appoint a substitute Trustee under the Master Trust Deed.

If the Manager is unable to appoint a substitute Trustee within 30 days, it must convene a meeting of Investors at which a substitute Trustee may be appointed by extraordinary resolution of all Investors of the Series Trust and of any other trust constituted under the Master Trust Deed (being not less than 75% of all votes cast at a meeting of such Investors or a written resolution signed by all such Investors).

Until the appointment of the Substitute Trustee is complete, the Manager must use its reasonable endeavours to ensure that, notwithstanding the removal of the Trustee, the Trustee's obligations under the Transaction Documents are complied with (to the extent possible).

10.3.9 Substitute Trustee

The appointment of a substitute Trustee will not be effective until the substitute Trustee has executed a deed under which it assumes the obligations of the Trustee under the Master Trust Deed and the other Transaction Documents.

10.3.10 Limitation of the Trustee's Responsibilities

The Trustee has the particular role and obligations specifically set out in the Transaction Documents. The Manager, Servicer and BEN are responsible for different aspects of the operation of the Series Trust, as described elsewhere in this Information Memorandum. The Trustee has no liability for any failure by the Manager, BEN, Servicer or other person appointed by the Trustee under any Transaction Document (other than a person whose acts or omissions the Trustee is liable for under any Transaction Document) to perform their obligations in connection with the Series Trust except to the extent such failure is caused by

fraud, negligence or wilful default on the part of the Trustee or its officers, employees or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents.

10.3.11 Limitation of the Trustee's Liability

The Master Trust Deed, Series Supplement and other Transaction Documents contain provisions which regulate the Trustee's liability to Noteholders, other creditors of the Series Trust and any beneficiaries of the Series Trust.

The Trustee's liability in its capacity as trustee of the Series Trust to the Noteholders and to others is limited by those provisions to the amount the Trustee is entitled to recover through its right of indemnity from the Assets of the Series Trust out of which the Trustee is actually indemnified for the liability. However, this limitation does not apply if the Trustee's right of indemnity is limited as a result of fraud, negligence or wilful default on the part of the Trustee or its officers, employees or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents. This limitation of the Trustee's liability applies despite any other provision of the Transaction Documents and extends to all liabilities and obligations of the Trustee in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to the Series Trust.

The Trustee is not liable to any person for any losses, costs, liabilities or expenses arising out of the exercise or non-exercise of its discretion (or by the Manager, BEN or the Servicer of its discretions) or for any instructions or directions given to it by the Manager, BEN or the Servicer, except to the extent that any obligation or liability arises as a result of fraud, negligence or wilful default on the part of the Trustee or its officers, employees or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents.

Except where the Trustee acts in breach of trust or is otherwise disentitled (including, without limitation, for fraud, negligence or wilful default on the part of the Trustee or its officers, employees, or agents or any other person whose acts or omissions the Trustee is liable for under the Transaction Documents), the Trustee will be indemnified out of the Assets of the Series Trust against all losses and liabilities properly incurred by it in performing any of its duties or exercising any of its powers under the Transaction Documents in its capacity as trustee of the Series Trust.

Notwithstanding the above, where the Trustee is held liable for breaches under the National Credit Code or the National Consumer Credit Protection Laws, the Trustee must seek relief initially under any indemnities provided to it by the Manager, the Servicer or BEN before exercising its right of indemnity to recover against any Assets of the Series Trust.

If the Trustee relies in good faith on an opinion, advice, information or statement given to it by experts (other than persons who are not independent of the Trustee), it is not liable for any misconduct, mistake, oversight, error of judgment, forgetfulness or want of prudence on the part of that expert. An expert is regarded as independent notwithstanding that the expert acts or has acted as an adviser to the Manager or the Trustee or both of them so long as separate instructions are given to that expert by the Trustee.

10.3.12 Disclosure of Information

In relation to information which the Trustee in its capacity as trustee of the Series Trust or the Seller Trust receives from any of the Manager, the Investors, BEN or the Servicer in relation to the Series Trust, the Seller Trust or the trust established under the Security Trust Deed (the “**Information**”), the Trustee is entitled to make available (to the extent permitted by law) such information to:

- (a) any Related Body Corporate of the Trustee which acts as custodian or Security Trustee of the Assets of the Series Trust or any Seller Trust assets or which otherwise has responsibility for the management or administration of the Series Trust or the Seller Trust including their respective assets; and
- (b) the Trustee acting in its capacity as Manager, custodian or Servicer (as applicable) of the Series Trust or the Seller Trust.

The Trustee will not have any liability for the use, non-use, communication or non-communication of the Information in the above manner, except to the extent to which the Trustee has an express contractual

obligation to disclose or not disclose or to use or not use certain information received by it and fails to do so.

10.4 The Manager

10.4.1 Appointment

The Manager is appointed as manager of the Series Trust on the terms set out in the Master Trust Deed and the Series Supplement.

10.4.2 The Manager's Undertakings

The Manager undertakes amongst other things that it will:

- (a) manage the Assets of the Series Trust which are not serviced by the Servicer and in doing so will exercise at least the degree of skill, care and diligence that an appropriately qualified manager of such Assets would reasonably be expected to exercise having regard to the interests of the Investors;
- (b) use its best endeavours to carry on and conduct its business to which its obligations and functions under the Transaction Documents relate in a proper and efficient manner;
- (c) do everything to ensure that it and the Trustee are able to exercise all their powers and remedies and perform all their obligations under the Master Trust Deed and any of the other Transaction Documents to which it is a party and all other related arrangements;
- (d) act honestly and in good faith in the performance of its duties and in the exercise of its discretions under the Master Trust Deed and the Series Supplement;
- (e) exercise such prudence as a prudent person of business would exercise in performing its express functions and in exercising its discretions under the Master Trust Deed and the other Transaction Documents, having regard to the interests of the Investors;
- (f) notify the Trustee promptly if it becomes actually aware of any Manager Default under the Master Trust Deed;
- (g) give the Trustee directions should any Notes be listed or quoted on the Australian Securities Exchange, and take such actions on behalf of the Trustee as are necessary to ensure that the Trustee complies with the listing rules of the Australian Securities Exchange in connection with the listing or quotation of those Notes on the Australian Securities Exchange; and
- (h) take all reasonable steps under the PPSA to ensure that the security interest created under the Charge is perfected with the highest ranking priority reasonably possible.

The Manager fully indemnifies the Trustee from and against any expense, loss, damage, liability, fines, forfeiture, legal fees and related costs which the Trustee may incur (whether directly or indirectly) as a consequence of a breach by the Manager of its undertaking described in Section 10.4.2(h) except as a result of the fraud, negligence or wilful default of the Trustee.

10.4.3 The Manager may rely

If the Manager relies in good faith on an opinion, advice, information or statement given to it by experts (other than persons who are not independent of the Manager) it is not liable for any misconduct, mistake, oversight, error of judgment, forgetfulness or want of prudence on the part of that expert. An expert is regarded as independent notwithstanding that the expert acts or has acted as an adviser to the Manager so long as separate instructions are given to that expert by the Manager.

10.4.4 Delegation by the Manager

The Manager is entitled to appoint any person to be attorney or agent of the Manager for the purposes of carrying out and performing its duties and obligations in relation to the Series Trust provided that it does not delegate a material part of its duties and obligations. The Manager at all times remains liable for the acts or omissions of any such person to the extent that those acts or omissions constitute a breach by the Manager of its obligations in respect of the Series Trust.

10.4.5 The Manager's Fees and Expenses

The Manager is entitled to a fee for administering and managing the Series Trust for each Monthly Period calculated based upon the actual number of days in the Monthly Period divided by 365 and a percentage of the principal outstanding on the Housing Loans immediately prior to the commencement of the Monthly Period. The Manager and the Servicer may agree to adjust the Manager's fee from time to time. Any change to that fee must not be agreed unless a Ratings Affirmation Notice has been provided in respect of that change. The fee for a Monthly Period is payable by the Trustee in arrears on the Distribution Date following the end of the Monthly Period.

The Manager will be indemnified out of the Assets of the Series Trust for all expenses incurred by the Manager in connection with the enforcement or preservation of its rights under or in respect of any Transaction Document or otherwise in respect of the Series Trust. The Manager will also be indemnified for costs in connection with court proceedings against the Manager alleging negligence, fraud or wilful default except where such allegation is found by the court to be correct.

10.4.6 Manager Default and Removal of the Manager

A Manager Default occurs if:

- (a) the Manager does not instruct the Trustee to pay the required amounts to the Investors within the specified time periods and such failure is not remedied within 5 Business Days of notice from the Trustee;
- (b) the Manager does not prepare and transmit to the Trustee any Settlement Statement or any other reports it is required to prepare under the Series Supplement and such failure is not remedied within 5 Business Days of notice from the Trustee (except when such failure is due in certain circumstances to a Servicer Default);
- (c) an Insolvency Event occurs with respect to the Manager;
- (d) the Manager breaches any other obligation under the Master Trust Deed or the Series Supplement and such action has had or, if continued will have, an Adverse Effect (as determined by the Trustee after the Trustee is actually aware of such breach) and either such breach is not remedied within 20 Business Days of notice from the Trustee, or the Manager has not, within 20 Business Days of such notice, paid compensation to the Trustee for its loss from such breach; and
- (e) a representation or warranty made by the Manager in a Transaction Document proves incorrect in any material respect and, as a result, gives rise to an Adverse Effect (as determined by the Trustee after the Trustee is actually aware of such incorrect representation or warranty) and the Manager has not paid compensation for any loss suffered by the Trustee within 20 Business Days of notice from the Trustee.

The Trustee may agree to longer grace periods than those specified in paragraphs (a), (b), (d) and (e).

Whilst a Manager Default is subsisting, the Trustee may by notice to the Servicer, the Manager and the Rating Agencies for all then series trusts immediately terminate the appointment of the Manager and appoint another entity to act in its place. Pending appointment of a new Manager, the Trustee will act as Manager and will be entitled to receive the Management Fee.

10.4.7 Voluntary Retirement of the Manager

The Manager may only voluntarily retire if it gives the Trustee 3 months' notice in writing (or such lesser time as the Trustee agrees). Upon such retirement the Manager may appoint in writing any other corporation approved by the Trustee. If the Manager does not propose a replacement at least 1 month prior to its proposed retirement, the Trustee may appoint a replacement.

Pending appointment of a new Manager, the Trustee will act as Manager and will be entitled to receive the Management Fee.

10.4.8 Replacement Manager

The appointment of a replacement Manager will not be effective until the Trustee receives confirmation from the Rating Agencies for all then series trusts under the Master Trust Deed that the appointment of the replacement Manager will not result in a withdrawal or reduction of the credit rating then assigned by them to the Notes (or notes issued by other series trusts) and the replacement Manager has executed a deed under which it assumes the obligations of the Manager under the Master Trust Deed and the other Transaction Documents.

10.4.9 Limitation on Liability of Manager

The Manager is relieved from personal liability in respect of the exercise or non-exercise of its discretions or for any other act or omission on its part, except to the extent that any such liability arises from fraud, negligence or wilful default on the part of the Manager or its officers, employees or agents or any other person whose acts or omissions the Manager is liable for under the Transaction Documents.

10.4.10 Obligation to act as Manager until termination of appointment

Notwithstanding the Manager Default and retirement provisions as described in Section 10.4.6 and Section 10.4.7, the Manager's duties and obligations contained in the Master Trust Deed and the Transaction Documents in relation to the Series Trust continue until the earlier of:

- (a) the Termination Payment Date (see Section 15); and
- (b) the date of the Manager's retirement or removal as Manager in relation to the Series Trust as described in Section 10.4.6 and Section 10.4.7.

10.4.11 Limitations on the Manager's obligations

The Manager's obligations as manager of the Series Trust are limited to those set out in the Transaction Documents.

In addition, without limiting the Manager's liability with respect to any breach of its obligations under the Transaction Documents, the Manager has no liability to the Trustee in respect of the performance of the pool (including, without limitation, with respect to a failure by a mortgagor, or any other person, to perform its obligations under any Housing Loan Documents).

Further, the Manager is only obliged to remit any Collections in respect of the Series Trust (not being amounts payable by the Manager from its own funds including amounts payable in respect of breaches by the Manager of its obligations under the Transaction Documents in relation to the Series Trust) to the Trustee to the extent that these have been received by the Manager (if any).

10.5 The Servicer

10.5.1 Undertakings of Servicer

In addition to its servicing role described in Section 6.5, the Servicer also undertakes, among other things, that it will:

- (a) subject to the provisions of the Privacy Act and any duty of confidentiality owed by the Servicer to its clients under the common law or otherwise, give the Manager, the Auditor and the Trustee such information as they require with respect to all matters in the possession of the Servicer in respect of the activities of the Servicer to which the Series Supplement relates;
- (b) not transfer, assign or otherwise grant an encumbrance over the whole or any part of its interest (if any) in any Housing Loan and its related securities;
- (c) comply with its obligations under each Mortgage Insurance Policy (if any);
- (d) upon being directed to do so by the Trustee, following the occurrence of a Perfection of Title Event, promptly take all action as is required or permitted to assist the Trustee and the Manager to perfect the Trustee's legal title in the Housing Loans and related securities; and
- (e) pay to the Trustee on each Transfer Date an amount equal to the Waived Mortgagor Break Costs for the Monthly Period just ended.

10.5.2 Delegation by the Servicer

The Servicer is entitled to appoint any person to be attorney or agent for the purposes of carrying out and performing its duties and obligations in relation to the Series Trust provided that it does not delegate a material part of its powers, duties and obligations. The Servicer at all times remains liable for the acts or omissions of any such person to the extent that the acts or omissions constitute a breach by the Servicer of its obligations under the Series Supplement.

10.5.3 The Servicer's Fees and Expenses

The Servicer is entitled to a monthly fee, payable in arrears on each Distribution Date.

If the Servicer becomes liable to remit to a governmental agency an amount of Australian goods and services tax in connection with the Series Trust, the Servicer will pay goods and services tax on its own account and will not be entitled to any reimbursement from the Assets of the Series Trust.

The Manager and the Servicer may from time to time agree to adjust the Servicer's Fee. Any change to the Servicer's fee must not be agreed unless a Ratings Affirmation Notice has been provided in respect of that change.

The Servicer must pay from its own funds all expenses incurred in connection with servicing the Housing Loans except for certain specified expenses in connection, amongst other things, with the enforcement of any Housing Loan or its related securities, the recovery of any amounts owing under any Housing Loan or any amount repaid to a liquidator or trustee in bankruptcy pursuant to any applicable law, binding code, order or decision of any court, tribunal or the like or based on advice of the Servicer's legal advisers, which amounts are recoverable from the Assets of the Series Trust.

10.5.4 Servicer Default and Removal of the Servicer

A Servicer Default occurs if:

- (a) the Servicer fails to remit amounts received in respect of the Housing Loans to the Trustee within the time periods specified in the Series Supplement and such failure is not remedied within 5 Business Days of notice from the Manager or the Trustee;
- (b) the Servicer fails to provide the Manager with the information necessary to enable it to prepare a Settlement Statement and such failure is not remedied within 5 Business Days of notice from the Manager or Trustee;
- (c) an Insolvency Event occurs with respect to the Servicer;
- (d) if at any time after the Basis Swap terminates, the Servicer fails to adjust the rates at which interest offset benefits under the Interest Off-Set Accounts are calculated and/or the variable

rates on Housing Loans in accordance with the Series Supplement (as described in Section 6.5.5), and such failure is not remedied within 2 Business Days of notice from the Trustee or Manager; or

- (e) the Servicer breaches its other obligations as Servicer under the Series Supplement and such action has, or if continued will have, an Adverse Effect (as reasonably determined by the Trustee after it is actually aware of the breach) and either is not remedied so that it no longer has, or will have, an Adverse Effect within 20 Business Days of notice from the Manager or the Trustee, or the Servicer has not within this time paid compensation to the Trustee for its loss from such breach.

The Trustee may agree to longer grace periods than those specified in paragraphs (a), (b), (d) and (e). The Manager will notify each Rating Agency of any longer grace period agreed to by the Trustee.

While a Servicer Default is subsisting of which the Trustee is actually aware, the Trustee must by notice to the Servicer, the Manager and the Rating Agencies immediately terminate the rights and obligations of the Servicer and appoint another appropriately qualified organisation or bank to act in its place. Pending the appointment of a new Servicer, the Trustee will act as Servicer and is entitled to the Servicer's Fee during the period that it so acts.

10.5.5 Voluntary Retirement of the Servicer

The Servicer may only voluntarily retire if it gives the Trustee and the Rating Agencies 3 months' notice in writing (or such lesser period as the Servicer and the Trustee agree). Upon retirement the Servicer may appoint in writing as its replacement any other corporation approved by Trustee. If the Servicer does not propose a replacement by 1 month prior to its proposed retirement, the Trustee may appoint a replacement. Pending the appointment of a new Servicer, the Trustee will act as Servicer and will be entitled to the above fee.

10.5.6 Replacement Servicer

The appointment of a replacement Servicer will not be effective until the Manager has issued a Ratings Affirmation Notice from the Rating Agencies in relation to the appointment of the replacement Servicer and the replacement Servicer has executed a deed under which it assumes the obligations of the Servicer under the Master Trust Deed and the other Transaction Documents.

10.5.7 Limitations on the Servicer's Obligations

The Servicer's obligations as servicer of the Housing Loan Rights, are limited to those set out in the Series Supplement.

In addition, without limiting the Servicer's liability with respect to any breach of its obligations under the Series Supplement, the Servicer has no liability to the Trustee with respect to a failure by a mortgagor, or any other person, to perform its obligations under any Housing Loan Documents.

Further, the Servicer is only obliged to remit any Collections in respect of the Housing Loan Rights (not being amounts payable by the Servicer from its own funds including Non-Collection Fees or amounts payable in respect of breaches by the Servicer of its obligations under the Series Supplement) to the Trustee to the extent that these have been received by the Servicer.

10.6 Termination of the Series Trust

10.6.1 Termination Events

The Series Trust terminates on the earliest to occur of:

- (a) the date appointed by the Manager as the date on which the Series Trust terminates (which, if the Notes or Redraw Notes have been issued by the Trustee, must not be a date earlier than:

- (i) the date that the Stated Amount of the Notes and Redraw Notes has been reduced to zero; or
 - (ii) if an event of default under the Security Trust Deed has occurred, the date of the final distribution by the Security Trustee under the Security Trust Deed);
 - (b) the date which is 80 years after its constitution; and
 - (c) the date on which the Series Trust terminates under statute or general law,
- (such date being the **Termination Date**).

10.6.2 Realisation of Assets of the Series Trust

Upon the termination of the Series Trust, the Trustee in consultation with the Manager must sell and realise the Assets of the Series Trust within 180 days of the termination event provided that during this period the Trustee is not entitled to sell the Housing Loans and related securities for less than their Fair Market Value (determined by the Manager on a portfolio basis).

If the Trustee is unable to sell the Housing Loans and related securities for at least their Fair Market Value (determined by the Manager on a portfolio basis) on the above terms during the 180 day period, the Trustee may sell them after the expiry of that period for a price less than their Fair Market Value (determined by the Manager on a portfolio basis).

The Trustee may perfect its legal title to the Housing Loans and related securities, if it is necessary to do so to sell them. However, the Trustee must use reasonable endeavours to include as a condition of the sale that the purchaser of the Housing Loans will consent to BEN, obtaining securities subsequent to the securities assigned to the purchaser and will enter into priority agreements such that the purchaser's security has first priority over BEN's security only for the principal outstanding plus interest, fees and expenses on the relevant Housing Loan.

10.6.3 Offer to BEN

On the Termination Date, the Trustee may offer to BEN to hold as Seller Trust assets the Housing Loans and related securities forming part of the Assets of the Series Trust for a price equal to the Fair Market Value of those Housing Loans (determined by the Manager on a portfolio basis). BEN may not accept such an offer unless the aggregate principal outstanding on the Housing Loans is on the last day of a Monthly Period, when expressed as a percentage of the aggregate principal outstanding on the Housing Loans at the Closing Date, at or below 10%. Further, if the Fair Market Value of the Housing Loans (determined by the Manager on a portfolio basis) is insufficient to ensure that the Noteholders and Redraw Noteholders will receive the aggregate of the Stated Amounts of the Notes and Redraw Notes and Interest payable on the Notes and Redraw Notes, any such offer will be conditional upon an extraordinary resolution of Noteholders and Redraw Noteholders approving the offer.

10.6.4 Distributions

After deducting expenses, the Trustee must pay amounts standing to the credit of the Collections Account on the Termination Payment Date in accordance with priority payment provisions set out in the Security Trust Deed (see Section 9.4.4). If there are insufficient funds to make payments to Noteholders in full, the amount distributed (if any) will be in final redemption of the Notes, the Income Unit and the Capital Unit.

10.7 Audit and Accounts

The initial auditor for the Series Trust is Ernst & Young (the “**Auditor**”). The Auditor's remuneration is to be determined by the Trustee and approved by the Manager and will be an expense of the Series Trust.

The Manager must ensure that the accounts of the Series Trust are audited as at the end of each financial year. Copies of the accounts and the auditor's report will only be provided to the Investors on request but

will be available for inspection during business hours at the Trustee's offices. The Manager must prepare and lodge the tax return for each trust and any other statutory returns.

10.8 Amendments to Master Trust Deed and Series Supplement

Subject to prior notice being given to the Rating Agencies in respect of the series trusts under the Master Trust Deed (and no rating agency having advised the Manager that the amendment, if implemented, would cause a withdrawal or reduction of the credit rating of the Notes or notes issued by other series trusts), the Trustee and the Manager may amend the Master Trust Deed and the Series Supplement if the amendment:

- (a) is necessary or expedient to comply with any regulatory requirements;
- (b) is to correct a manifest error or is of a formal, technical or administrative nature only;
- (c) is required by, consistent with or appropriate, expedient or desirable for any reason as a consequence of:
 - (i) the introduction of, or any amendment to, any statute, regulation or governmental agency requirement; or
 - (ii) a decision by any court,including, without limitation, one relating to the taxation of trusts;
- (d) in the case of the Master Trust Deed, relates only to a trust not yet constituted under its terms;
- (e) will enable the provisions of the Master Trust Deed or the Series Supplement to be more conveniently, advantageously, profitably or economically administered; or
- (f) in the opinion of the Trustee is otherwise desirable for any reason.

However, where an amendment referred to in paragraphs (e) and (f) above may be prejudicial to the interests of any class of Investors the amendment will only be made if an extraordinary resolution approving the amendment is passed by the relevant class of Investors (being a resolution requiring not less than 75% of all votes cast or a written resolution signed by the Relevant Investors).

The Trustee may not amend, add to or revoke any provision of the Master Trust Deed or the Series Supplement if the consent of a party is required under a Transaction Document unless that consent has been obtained.

10.9 Meetings of Noteholders

10.9.1 Who Can Convene Meetings

The Manager or the Trustee may convene a meeting of the Investors, Noteholders, a Class of the Noteholders, the Unitholders or a Class of the Unitholders (the “**Relevant Investors**”).

10.9.2 Notice of Meetings

At least 7 days' notice must be given to the Relevant Investors of a meeting unless 95% of the holders of the relevant then outstanding Notes, Redraw Notes or Units (as the case may be) agree on a shorter period of time. The notice must specify the day, time and place of the proposed meeting, the reason for the meeting and the agenda, the terms of any proposed resolution, that persons appointed to maintain the Register may not register any transfer of a Note, Redraw Note or Unit in the period 2 Business Days prior to the meeting, that appointments of proxies must be lodged no later than 24 hours prior to the time fixed for the meeting and such additional information as the person giving the notice thinks fit. The accidental omission to give notice or the non-receipt of notice will not invalidate the proceedings at any meeting.

10.9.3 Quorum

The quorum for a meeting is 2 or more persons present in person being Relevant Investors or representatives holding in the aggregate not less than 67% of the Notes, Redraw Notes or Units corresponding to the meeting of Relevant Investors and then outstanding.

If the required quorum is not present within 15 minutes, the meeting will be adjourned for between 7 and 42 days as specified by the chairman. At any adjourned meeting, 2 or more persons present in person being Relevant Investors holding or representing in the aggregate not less than 50% of the Notes, Redraw Notes or Units corresponding to the meeting of the Relevant Investors and then outstanding will constitute a quorum. At least 5 days' notice must be given of any meeting adjourned through lack of a quorum.

10.9.4 Voting Procedure

Questions submitted to any meeting will be decided in the first instance by show of hands or, if demanded by the chairman, the Trustee, the Manager or one or more persons being Relevant Investors holding not less than 2% of the Notes, Redraw Notes or Units corresponding to the meeting of the Relevant Investors and then outstanding, by a poll. The chairman has a casting vote both on a show of hands and on a poll.

Every person being a Relevant Investor holding then outstanding Notes, Redraw Notes or Units will have 1 vote on a show of hands and 1 vote for each Note, Redraw Note or Unit held by them on a poll.

10.9.5 Powers of Meeting of Noteholders

The powers of a meeting of Noteholders are specified in the Master Trust Deed and can only be exercised by an extraordinary resolution. A meeting of Noteholders or Redraw Noteholder does not have the power to:

- (a) remove the Trustee, the Servicer or the Manager other than in accordance with the terms of the Master Trust Deed and the Series Supplement;
- (b) interfere with the management of the Series Trust;
- (c) wind-up or terminate the Series Trust; or
- (d) dispose of or deal with Housing Loans and related securities or eligible investments of the Series Trust.

10.9.6 Binding Resolutions

An extraordinary resolution of all Relevant Investors which by its terms affects a particular Relevant Investor or class of Relevant Investors only or in a manner different to the rights of the Relevant Investors generally, is only binding on the Relevant Investor or class of Relevant Investors (as the case may be) if it or they agree to be bound by such extraordinary resolution.

10.9.7 Written Resolutions

A resolution of Relevant Investors or a class of Relevant Investors may be passed without any meeting or previous notice being required by an instrument in writing signed by all Relevant Investors or a class (as the case may be).

11. DOCUMENT CUSTODY

11.1 Document Custody

BEN is appointed as custodian to hold the Housing Loan Documents (BEN) as custodian on behalf of the Trustee. BEN may retire as custodian of the Housing Loan Documents (BEN) upon giving to the Manager and the Trustee and the Rating Agency 3 months' notice in writing or such lesser time as BEN and the Manager agree.

From the Closing Date and in respect of each Housing Loan (excluding any Housing Loan (BEN)), the Trustee will have custody of the Housing Loan Documents in respect of each such Housing Loan. While the Trustee holds any such Housing Loan Documents, it must hold them in accordance with its standard safekeeping practices and in the same manner and to the same extent as it holds equivalent mortgage documents as trustee.

11.2 Document Transfer Event

If:

- (a) a Perfection of Title Event occurs (other than a Servicer Default as described in Section 10.5.4(e)) is declared by the Trustee in accordance with the Series Supplement and the Trustee notifies BEN of that fact; or
- (b) a Servicer Default as described in Section 10.5.4(e) has occurred and the Trustee has notified BEN the reasons why the Trustee, in good faith, considers that the conditions in Section 10.5.4(e) have been satisfied and why, in the Trustee's reasonable opinion, an Adverse Effect has occurred or may occur as a result,

BEN must, immediately following notice from the Trustee, and subject to limited exceptions contained in the Series Supplement for certain Housing Loan Documents (BEN), transfer custody of the Housing Loan Documents (BEN) to the Trustee.

11.3 Custodian Fee

The custodian is entitled to a fee for the provision of custodial services to the Trustee. The amount of such fee will be agreed on from time to time between the Manager, BEN and the custodian. Any change to that fee must not be agreed unless a Ratings Affirmation Notice has been provided in respect of that change. The fee for a Monthly Period is payable by the Trustee in arrears on the Distribution Date following the end of the Monthly Period.

12. AUSTRALIAN TAXATION CONSIDERATIONS

The following is a summary of certain Australian tax consequences under the Tax Act, the Taxation Administration Act 1953 of Australia and any relevant rulings, judicial decisions or administrative practice, at the date of this Information Memorandum in respect of the purchase, ownership and disposition of the Offered Notes by Offered Noteholders who purchase the Offered Notes on original issuance at the stated offering price and hold the Offered Notes on capital account. This summary represents aspects of Australian taxation law and the administrative practice of the Australian Tax Office as in effect on the date of this Information Memorandum and may be subject to change, possibly with retrospective effect. Therefore, this summary should be treated with appropriate caution.

This summary is not exhaustive and does not deal with the position of all classes of Offered Noteholders (including dealers in securities, custodians or other third parties who hold Offered Notes on behalf of any Offered Noteholders). Prospective Offered Noteholders should consult their professional advisors on the tax implications of an investment in the Offered Notes for their particular circumstances. In addition, unless expressly stated, the summary does not consider the Australian tax consequences for persons who hold interests in the Offered Notes through the Austraclear system, The Depository Trust Company, Euroclear, Clearstream, Luxembourg or another clearing system.

Neither the Trustee nor the Manager accepts any responsibility, or makes any representation, as to the tax consequences of investing in the Offered Notes.

12.1 Interest Withholding Tax

Payments of interest (as defined in section 128A(1AB) of the Tax Act) to an Offered Noteholder who is a non-resident of Australia and who, during the taxable year, does not hold the Offered Notes in carrying on business at or through a permanent establishment in Australia, or an Australian resident who holds the Offered Notes in carrying on a business outside Australia, will be subject to Australian interest withholding tax under Division 11A of Part III of the Tax Act (“**Australian IWT**”) at the rate of 10% of the gross amount of interest paid to such Offered Noteholders, unless an exemption is available.

An exemption from Australian IWT is available in respect of interest that is paid on the Offered Notes issued by the Trustee under section 128F of the Tax Act, if the following conditions are met:

- (a) the Trustee is a company as defined in section 128F(9) (which includes certain companies acting as a trustee) and a resident of Australia when it issues those Offered Notes (which must be characterised as either “debt interests” or as “debentures” for the purposes of s128F, and not as an equity interest) and when interest (as defined in section 128A(1AB) of the Tax Act) is paid. Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;
- (b) those Offered Notes are debentures and not equity interests, and are issued in a manner which satisfies the public offer test outlined in section 128F of the Tax Act. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Trustee is offering those Offered Notes for issue. In summary, the five methods are:
 - offers to 10 or more unrelated financiers, securities dealers or entities that carry on the business of investing in securities;
 - offers to 100 or more investors of a certain type;
 - offers of listed Offered Notes;
 - offers via publicly available information sources; and
 - offers to a dealer, manager or underwriter who offers to sell those Offered Notes within 30 days by one of the preceding methods.

- (c) the Trustee does not know, or have reasonable grounds to suspect, at the time of issue, that those Offered Notes or interests in those Offered Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of the Trustee (as defined in section 128F(9) of the Tax Act), except as permitted by section 128F(5) of the Tax Act; and
- (d) at the time of the payment of interest, the Trustee does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Trustee (as defined in section 128F(9) of the Tax Act), except as permitted by section 128F(6) of the Tax Act.

Associates

- (a) Since the Trustee is a trustee of the Series Trust, the entities that are associates of the Trustee for the purposes of section 128F of the Tax Act include:
 - any entity that benefits, or is capable of benefiting, under the Series Trust (“**Beneficiary**”), either directly or through any interposed entities; and
 - any entity that is an associate of a company Beneficiary. An associate of a company Beneficiary for these purposes includes (i) a person or entity which holds more than 50% of the voting shares in, or otherwise controls, the Beneficiary, (ii) an entity in which more than 50% of the voting shares are held by, or which is otherwise controlled by, the Beneficiary, (iii) the trustee of a trust where the Beneficiary benefits or is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity which is an “associate” of another person or company which is an “associate” of the Beneficiary under (i) above.
- (b) However, the following are permitted associates for the purposes of the tests in section 128F(5) and 128F(6) of the Tax Act:
 - (i) onshore associates (i.e. Australian resident associates who do not acquire or receive any payments under the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who acquire or receive any payments under the Offered Notes in the course of carrying on business at or through a permanent establishment in Australia); or
 - (ii) offshore associates (i.e. Australian resident associates who acquire or receive any payments under the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not acquire or receive any payments under the Offered Notes in the course of carrying on business at or through a permanent establishment in Australia) who are acting in the capacity of:
 - (A) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Offered Notes or a clearing house, custodian, funds manager or responsible entity of a registered scheme; or
 - (B) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme.

12.2 Compliance with section 128F of the Tax Act

The Trustee intends to issue the Offered Notes in a manner which will satisfy the requirements of section 128F of the Tax Act.

12.3 Tax Treaties

The Australian government has signed a number of new or amended double tax conventions with a number of countries (each, a **Specified Country**) which contain certain exemptions from IWT (**New Treaties**).

Broadly, the New Treaties effectively prevent interest withholding tax applying to interest derived by:

- (a) the government of the relevant Specified Country and certain governmental authorities and agency in the Specified Country; and
- (b) a “financial institution” resident in a Specified Country which is unrelated to and dealing wholly independently with the Trustee. The term “financial institution” refers to either a bank or any other enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest paid under a back to back loan or an economically equivalent arrangement will not qualify for this exemption.

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which is available to the public on the Federal Treasury Department’s website.

12.4 Payment of additional amounts

Despite the fact that the Offered Notes are intended to be issued in a manner which will satisfy the requirements of section 128F of the Tax Act, as set out in more detail elsewhere in this Information Memorandum, if the Trustee is at any time compelled or authorised by law to deduct or withhold an amount in respect of any Australian IWT imposed or levied by the Commonwealth of Australia in respect of the Offered Notes, the Trustee is not obliged to pay any additional amounts to the Offered Noteholders of the Offered Notes in respect of such deduction or withholding.

12.5 Other Tax Matters

Under Australian laws as presently in effect:

- (a) *income tax - Offered Noteholders that are non-residents of Australia for tax purposes* - assuming the requirements of section 128F of the Tax Act are satisfied with respect to the Offered Notes, payments of principal and interest to an Offered Noteholder, who is a non-resident of Australia and who, during the taxable year, does not hold the relevant Offered Notes in the course of carrying on business at or through a permanent establishment in Australia, will be not subject to IWT; and
- (b) *income tax - Australian Offered Noteholders* - Australian residents or non-Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment in Australia (“**Australian Offered Noteholders**”), will be assessable for Australian tax purposes on income either received or accrued due to them in respect of the Offered Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Offered Noteholder (including whether they are taxed under Taxation of Financial Arrangements Regime) and the terms and conditions of the Offered Notes. Special rules apply to the taxation of Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located; and
- (c) *gains on disposal of Offered Notes - Offered Noteholders that are non-residents of Australia for tax purposes* - an Offered Noteholder who is a non-resident of Australia, will not be subject to Australian income tax on gains realised during that year on sale or redemption of the Offered Notes, provided such gains do not have an Australian source, or, where the non-resident Offered Noteholder is located in a country with which Australia has concluded a double tax convention, those Offered Notes are not held, and the sale and disposal of the Offered Notes does not occur, as part of a business carried on at or through a permanent establishment in Australia. A gain arising on the sale of Offered Notes by a non-Australian resident Offered Noteholder to another non-Australian resident where the Offered Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia should not be regarded as having an Australian source; and
- (d) *gains on disposal of Offered Notes - Australian Offered Noteholders* - Australian Offered Noteholders will be required to include any gain or loss on disposal of the Offered Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the

Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located; and

- (e) *deemed interest* - there are specific rules that can apply to treat a portion of the purchase price of Offered Notes as interest for Australian IWT purposes when certain Offered Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian Offered Noteholder. These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Tax Act if the Offered Notes had been held to maturity by a non-resident.

If the Offered Notes are not issued at a discount and do not have a maturity premium, these rules should not apply to the Offered Notes.

- (f) *death duties* – no Offered Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- (g) *stamp duty and other taxes* - no ad valorem stamp duty or issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of any Offered Notes;
- (h) *TFN/ABN withholding* - withholding tax is imposed (see below in relation to the rate of withholding tax) on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number, (in certain circumstances) an Australian Business Number (“**ABN**”) or proof of some other exception (as appropriate).

Such withholding should not apply to payments to an Offered Noteholder of Offered Notes in registered form who is not a resident of Australia and not holding those Offered Notes in carrying on business at or through a permanent establishment in Australia.

The rate of withholding is currently set at 47%;

- (i) *additional withholdings from certain payments to non-residents* - the Governor-General may make regulations requiring withholding from certain payments to non-residents of Australia (other than payments of interest and other amounts which are already subject to the current Australian IWT rules or specifically exempt from those rules). Regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The possible application of any future regulations to the proceeds of any sale of the Offered Notes will need to be monitored;
- (j) *garnishee directions by the Commissioner of Taxation* – the Commissioner may give a direction requiring the Trustee to deduct from any payment to an Offered Noteholder of the Offered Notes any amount in respect of Australian tax payable by the Offered Noteholder. If the Trustee is served with such a direction, then the Trustee will comply with that direction and make any deduction required by that direction;
- (k) *supply withholding tax* - payments in respect of the Offered Notes can be made free and clear of any “supply withholding tax”; and
- (l) *goods and services tax (GST)* - neither the issue nor receipt of the Offered Notes will give rise to a liability for GST in Australia on the basis that the supply of Offered Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber who is not an Australian resident) a GST-free supply. Furthermore, neither the payment of principal or interest by the Trustee, nor the disposal of the Offered Notes, would give rise to any GST liability in Australia.

12.6 Taxation of trusts

The Australian Government has proposed to amend the rules relating to the taxation of trusts. This includes, as it relates to the 2026-27 Federal Budget announcement, the proposed 30% minimum tax to be imposed on discretionary trusts commencing on or after 1 July 2028.

On 3 September 2026, Exposure Draft legislation was released in respect of this proposed measure.¹ Amongst other matters, the Exposure Draft provides that the minimum tax will be imposed upon the trustee of a ‘minimum tax trust’ upon so much of its net income that constitutes ‘minimum tax income’. Relevantly, a ‘minimum tax trust’ will not include a ‘fixed trust’. Under the proposed section 272-65(1) of the Exposure Draft, a ‘fixed trust’ will require either the beneficiaries to have fixed entitlements to all of the income or capital of the trust or for no material discretionary elements affecting the entitlements or rights of beneficiaries to exist. Proposed section 272-65(2) lists a number of matters the presence of which suggests that there are no such material discretionary elements.

Based on the current form of the Exposure Draft legislation and the accompanying Explanatory Materials, when applying the proposed measure to the Trust (on a stand alone basis) and the Master Trust Deed, while it is not expected that securitisation trusts (such as the Trust) are intended to be adversely affected by the proposed amendments, the scope and application of certain of the discretionary matters listed in the new ‘fixed trust’ definition is not clear. As such, the impact of the proposed measure on the Trust should be confirmed at such time that the final form of the legislation is released, and these measures are enacted into law. On 5 May 2016, the *Tax Laws Amendment (New Tax System for Managed Investment Trusts) Act 2016* received Royal Assent (the “**AMIT Act**”). The AMIT Act introduced a new managed investment trust regime with effect from 1 July 2016. These amendments only apply to qualifying attribution managed investment trusts (“**AMIT**”). On the basis of the character of the unitholder of the Trust, it is not expected that the Series Trust would qualify as an AMIT.

The AMIT Act also amended the definition of exempt entities for the purpose of identifying a public unit trust for the purposes of Division 6C of the Tax Act with effect from 1 July 2016 (and repealed Division 6B). Neither of these changes should adversely affect the Trust.

¹ Submissions in respect of the Exposure Draft were open until 18 September 2026.

13. SELLING RESTRICTIONS

13.1 Subscription

Pursuant to the Dealer Agreement, each Joint Lead Manager has agreed to use reasonable endeavours to market the Issue to potential investors. The Manager has agreed to reimburse each Joint Lead Manager for certain expenses in connection with the issue of those Offered Notes.

13.2 General

Pursuant to the Dealer Agreement, each Joint Lead Manager agrees that it has not and will not directly or indirectly offer for subscription or purchase, or issue invitations to subscribe for or buy, or sell or deliver any Offered Notes comprised within the Issue in any jurisdiction outside Australia unless the offer, invitation, sale or delivery is made in compliance with all applicable laws in the applicable jurisdiction.

13.3 Australia

No prospectus or other disclosure document (as defined in the Corporations Act) in relation to the Offered Notes has been or will be lodged with the Australian Securities and Investments Commission (“ASIC”).

Accordingly, each Joint Lead Manager represents and agrees that it:

- (a) has not made or invited, and will not make or invite, directly or indirectly, an offer of the Offered Notes (or an interest in them) for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published and will not distribute or publish any draft, preliminary or definitive Information Memorandum or any other offering material, advertisement or other document relating to the Offered Notes (or an interest in them) in Australia,

unless:

- (c) either (x) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternate currency, and, in either case, disregarding moneys lent by the offeror or its associates), (y) the offer is to a professional investor for the purposes of section 708 of the Corporations Act, or (z) the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act;
- (d) the offer or invitation does not constitute an offer to a “retail client” as defined for the purposes of section 761G of the Corporations Act;
- (e) such action complies with applicable laws and directives in Australia (including, without limitation the financial services licensing requirements of the Corporations Act); and
- (f) such action does not require any document to be lodged with ASIC.

13.4 New Zealand

Each Joint Lead Manager represents, warrants and agrees that it:

- (a) has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Offered Notes; and
- (b) has not distributed and will not distribute, directly or indirectly, any offering materials or advertisement in relation to any offer of the Offered Notes,

in each case in New Zealand other than:

- (c) to persons who are 'wholesale investors' as that term is defined in clause 3(2)(a), (c) or (d) of Schedule 1 to the Financial Markets Conduct Act 2013 of New Zealand ("**FMC Act**"), being a person who is:
 - (i) an "investment business";
 - (ii) "large"; or
 - (iii) a "government agency";
 in each case as defined in Schedule 1 of the FMC Act; or
- (d) in other circumstances where there is no contravention of the FMC Act, provided that (without limiting paragraph (c) above) Offered Notes may not be offered or transferred to any "eligible investors" (as defined in the FMC Act) or any person that meets the investment activity criteria specified in clause 38 of Schedule 1 to the FMC Act.

In addition, no person may distribute any offering material or advertisement (as defined in the FMC Act) in relation to any Offered Notes in New Zealand other than to such permitted persons as referred to in the paragraphs above.

13.5 United States of America

Each Joint Lead Manager acknowledges and agrees that:

- (a) the Offered Notes have not been and will not be registered under the United States Securities Act of 1933 as amended ("**Securities Act**"), and the Trustee has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended ("**Investment Company Act**"). An interest in the Offered Notes may not be offered, sold, delivered or transferred within the United States of America, its territories or possessions or to, or for the account or benefit of, a "U.S. person" (as defined in Regulation S under the Securities Act ("**Regulation S**")) at any time except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act;
- (b) it has offered and sold the Offered Notes, and will offer and sell the Offered Notes:
 - (i) as part of its distribution at any time; and
 - (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date,
 - (iii) only in accordance with Rule 903 of Regulation S.

Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Offered Notes, and it and they have complied and will comply with the offering restriction requirements of Regulation S;

- (c) at or prior to confirmation of the sale of the Offered Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Offered Notes from it during the distribution compliance period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the US Securities Act of 1933, as amended (the "Securities Act"), or with any securities regulation authority of any state or other jurisdiction of the United States of America and may not be offered or sold within the United States or to, or for the account or benefit of, US persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S under the Securities Act."

- (d) it has not entered and will not enter into any contractual arrangement with respect to the distribution or delivery of the Offered Notes in contravention of this paragraph and paragraphs (a), (b) and (c) above, except with its affiliates or with the prior written consent of the Trustee and the Manager; and
- (e) with respect to the Offered Notes issued in accordance with US Treas. Reg. § 1.163-5(c)(2)(i)(D) (or substantially identical successor provisions) (“**D Rules**”):
 - (i) except to the extent permitted under the D Rules:
 - (A) it has not offered or sold, and until 40 days after the later of the commencement of the offering and the Closing Date (the “**restricted period**”) will not offer or sell, the Offered Notes to a person who is within the United States or its possessions or to a United States person; and
 - (B) it has not delivered and will not deliver within the United States or its possessions definitive Offered Notes that are sold during the restricted period;
 - (ii) it has, and throughout the restricted period will have, in effect procedures reasonably designed to ensure that its employees or agents who directly engage in selling Offered Notes are aware that such Offered Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
 - (iii) if it is a United States person, it is acquiring the Offered Notes for purposes of resale in connection with their original issue and if it retains Offered Notes for its own account, it will only do so in accordance with the requirements of US Treas. Reg. § 1.163-5(c)(2)(i)(D)(6); and
 - (iv) with respect to each affiliate that acquires from it Offered Notes in bearer form for the purpose of offering or selling such Offered Notes during the restricted period, such Joint Lead Manager either:
 - (A) repeats and confirms the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) above on behalf of such affiliate; or
 - (B) agrees that it will obtain from such affiliate for the Trustee's benefit the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) above.

Terms used in paragraphs (a), (b) and (c) have the meanings given to them by Regulation S.

Terms used in paragraph (e) have the meanings given to them by the US Internal Revenue Code and regulations thereunder, including the D Rules.

13.6 European Economic Area

Each Joint Lead Manager represents, warrants and agrees that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Offered Notes to any EEA Retail Investor in the European Economic Area (“**EEA**”). For the purposes of this provision:

- (a) the expression "EEA Retail Investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II;
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

- (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended); and
- (b) the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Offered Notes.

13.7 United Kingdom

Prohibition of sales to UK Retail Investors

Each Joint Lead Manager represents, warrants and agrees that it has not offered, sold, distributed or otherwise made available and will not offer, sell, distribute or otherwise make available any Offered Notes to any UK Retail Investor in the United Kingdom. For the purposes of this provision:

- (a) the expression “UK Retail Investor” means a person who is either one (or both) of the following:
 - (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or
 - (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024; and
- (b) the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to buy or subscribe for any Offered Notes.

Other regulatory restrictions

Each Joint Lead Manager represents, warrants and agrees that:

- (a) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Offered Notes in, from or otherwise involving the United Kingdom; and
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Offered Notes in circumstances in which section 21(1) of the FSMA does not apply to the Manager or the Trustee or would not, if the Manager or the Trustee (as applicable) was not an authorised person, apply to the Manager or the Trustee (as applicable).

13.8 Singapore

Each Joint Lead Manager acknowledges that this Information Memorandum has not been, and will not be, registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Joint Lead Manager represents and agrees that it has not offered, sold, delivered or transferred any Offered Notes nor or caused such Offered Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute Information Memorandum or any other document or material in connection with the offer, sale, delivery or transfer, or invitation for subscription or purchase, of such Offered Notes, whether directly or indirectly, to any person in Singapore other than:

- (a) to an institutional investor (as defined in section 4A of the Securities and Futures Act 2001 of Singapore as modified or amended from time to time (the “SFA”)) pursuant to section 274 of the SFA; or
- (b) to an accredited investor (as defined in section 4A of the SFA) pursuant to and in accordance with the conditions specified in section 275 of the SFA.

13.9 Hong Kong

Each Joint Lead Manager represents, warrants and agrees that:

- (a) it has not offered or sold and will not offer or sell in the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**"), by means of any document, any Offered Notes other than:
 - (i) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong) as amended ("**SFO**"), and any rules made under the SFO; or
 - (ii) in other circumstances which do not result in the document being a "prospectus" within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32 of the Laws of Hong Kong) as amended (the "**CWUMPO**") or which do not constitute an offer to the public within the meaning of the CWUMPO; and
- (b) unless permitted to do so under the laws of Hong Kong, it has not issued or had in its possession for the purpose of issue, and will not issue or have in its possession for the purposes of issue (in each case, whether in Hong Kong or elsewhere) any advertisement, invitation, offering material or document relating to the Offered Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong, other than with respect to Offered Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the SFO and any rules made under the SFO.

13.10 Japan

The Offered Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) ("**Financial Instruments and Exchange Act**").

Accordingly, each Joint Lead Manager represents, warrants and agrees that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Offered Notes in Japan or to, or for the account or benefit of, any Japanese Person, or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person, except pursuant to an exemption from the registration requirements of and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and ministerial guidelines of Japan.

For the purposes of this paragraph, "Japanese Person" means a "resident" of Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended). Any branch or office in Japan of a non-resident will be deemed to be a resident irrespective of whether such branch or office has the power to represent such non-resident.

The Trustee has no responsibility to ensure compliance by each Joint Lead Manager with the selling restrictions.

14. TRANSACTION DOCUMENTS AVAILABLE FOR INSPECTION

The following documents (and any amendments to them) will be available for inspection by Noteholders and bona fide prospective Noteholders during business hours at the offices of NAB, ANZ, CBA, Macquarie and Westpac. However, any person wishing to inspect these documents must first enter into an agreement with NAB, ANZ, CBA, Macquarie and Westpac, in a form acceptable to each, not to disclose the contents of these documents without its prior written consent:
