Where permitted, your Bendigo Bank credit card (if it is a Bendigo Bank Basic Black Mastercard or subsequent/other card variant that originally replaced an NMMC HomeLend™ Basic MasterCard) may be linked to a HomeLend™ account you hold with NMMC, and the reference may pertain specifically to this Bendigo Bank credit card as applicable.

Tips on minimising your transaction fees

There are several ways in which you can minimise your transaction fees. They include:

- By making withdrawal and deposit transactions that are free of transaction fees, such as those listed under “Fee free transactions” in the “Transaction fees” section of this document starting on page 3.
- By reducing the number of withdrawals you make.
- If using ATMs, withdrawing more cash less often may reduce the number of transactions you make.

As these tips have been prepared without taking into account your objectives, financial situation or needs, before acting on these tips you should consider how appropriate they are having regard to your objectives, financial situation and needs.

Fees and charges

There are four types of fees and charges:

1. Transaction fees.
2. Other fees and charges.
3. Government charges.
4. Loan account fees and charges.

These fees are incurred when you make one of the transactions, or when you request us to process changes to your home loan account that would incur a corresponding fee or charge. Transactions that are not free transactions will incur a fee at the time of the transaction. A detailed description of these transactions can be found in the “Transaction definitions” section of this document starting on page 5.

Different fees and charges may also be applicable depending on the type of NMMC HomeLend™ mortgage loan account. Not all fees and charges may be applicable in relation to a particular NMMC HomeLend™ mortgage loan account.

Where a goods and services tax (GST) would apply to a particular fee or charge, the fee or charge amount is quoted inclusive of GST.

Fees relating to loan changes

Break costs

varies

Where you renegotiate a change to your term loan HomeLend™ account's interest rate during a period where the interest rate has been agreed not to be varied (such as for a fixed interest rate), and we estimate we incur a loss as a result of the agreed change to the interest rate. Any break costs amount payable by you is ascertained at the time of the agreed interest rate change, and is payable by you by the method as advised to you by us at that time. The formula we would use to calculate any break costs amount is given in the loan documentation.

Consent fee

\$150.00

When we consent to your request to create a new security interest or any lease, change or dealing affecting the security property (such as a priority arrangement for a subsequent mortgage, or a subdivision of the security property).

Prepayment fee

varies

Where you make additional payments (prepayment) to your term loan HomeLend™ account during a period where the interest rate has been agreed not to be varied (such as for a fixed interest rate), and we estimate we incur a loss as a result of accepting the prepayment. Any prepayment fee amount payable by you is ascertained by us as at the time of the prepayment, and is payable by you by the method as advised to you by us when we request payment of the fee. The formula we would use to calculate any prepayment fee amount is given in the loan documentation, along with the limit of prepayments we permit you to make without risk of incurring a prepayment fee.

Production fee

\$150.00

Where your loan or security processing request necessitates us producing a document to any Land Titles Office.

Property substitution fee

\$300.00

Where you ask us to substitute a new property for a security property.

Rate renegotiation fee**\$100.00**

Where we agree to and effect your request to renegotiate a new loan interest rate. A rate renegotiation fee applies if the interest rate of your existing HomeLend™ account is amended. A rate establishment fee applies if an additional HomeLend™ account is split off from an existing HomeLend™ account (which remains), and the new interest rate applies to the additional account.

Redraw fee

Where you access funds you have previously prepaid to your term loan account by requesting us to manually process the redraw transaction

Free

Where you access your prepaid term loan funds via a redraw transaction that you complete yourself using your loan account's online redraw service

Free

Repayment recalculation fee**\$50.00**

Where we recalculate your term loan HomeLend™ account minimum due repayment amount (or standard interest only payment amount, as appropriate) at your request, and one of the following three circumstances applies.

- Where you request us to change the frequency of the minimum due repayment amount applicable to your loan. For example, if your loan repayment requirement is currently calculated on a monthly basis and we advise a minimum monthly due repayment amount to you, and you ask us to instead recalculate your loan repayment requirement on a fortnightly basis and advise a minimum fortnightly due repayment amount to you.
- Where you have made extra payments into your loan (accumulating a prepaid “advance” funds amount, which may be redrawable by you), and you wish us to treat some or all of that extra payment amount as permanently paid off the loan. You can request us to “clear” some or all of your prepaid advance amount, reducing the total funds amount of your loan (which consists of your outstanding loan balance and any prepaid advance amount), and correspondingly reducing the amount of your minimum due repayment (which is calculated on the total funds amount of your loan).
- Where you make an additional lump sum payment to your loan, and you immediately request us to treat the payment as permanently paid off the loan (a principal reduction), such that your total loan funds amount is reduced. If your loan is of principal and interest repayment type, your minimum due repayment amount is recalculated and reduced accordingly. If your loan is of interest only payment type, your standard monthly interest payment is recalculated and reduced accordingly (for interest only loan accounts, the repayment recalculation fee will be deducted from the amount of the cheque you forward to us for deposit to your loan, and the remainder of the cheque funds will be the amount of the principal reduction to your loan).

Note: Any additional payments made to your principal and interest type loan (such as regular direct debit payments over and above the minimum due repayment amount required, or occasional lump sum payments) reduce the outstanding loan balance immediately and automatically become part of the loan’s prepaid advance amount. The repayment recalculation fee does not apply for simply making these additional permitted payments and acquiring an automatic prepaid advance amount, but is only incurred if you subsequently request us to undertake any of the specific further processing of your additional payment funds as given in the bullet points above.

Fees relating to loan closure

Break costs

varies

Where you pay out and close your term loan HomeLend™ account during a period where the interest rate has been agreed not to be varied (such as for a fixed interest rate), and we estimate we incur a loss as a result of the payout. The formula we would use to calculate any break costs amount is given in the loan documentation.

Discharge administration fee

For each security that you request us to partially or fully release, and where there is a corresponding HomeLend™ account closure

\$350.00

For each HomeLend™ account that you request to pay out and close, where there is no corresponding security release

\$50.00
