1. Target market for this product

Target Market

This TMD applies to the Bendigo Business Loan and only concerns one type of borrower who might require this product, i.e., borrowers who are 'retail clients' within the meaning of the Design and Distribution Obligations (DDO) legislation, to whom an exemption does not apply.

This TMD seeks to offer consumers, distributors, and staff with an understanding of the class of consumers for which this product has been designed, having regard to their needs, objectives, and financial situation.

This document is not intended to provide financial advice. Consumers must refer to the Terms and Conditions and any supplementary document(s), which outline the relevant terms and conditions being provided under the product when deciding about this product.

Class of consumers that fall within this target market

This Bendigo Business Loan has been designed for individuals whose likely objectives, financial situation, and needs (as listed below) are aligned with the product (including the key attributes). The retail clients for whom this product has been designed include small business (specifically, companies, partnerships, and trusts) who:

- are able to grant a first-ranking registered real property mortgage in respect of one or more residential real properties to Bendigo Bank to secure the loan.
- want a term loan to finance or refinance the acquisition, renovation and/or improvement of a residential or commercial property for the purpose of it being used as an investment, or to use for an approved business purpose.
- want to make principal and interest payments over the term of the loan or want to repay the interest amount only for a specified term (interest only up to 5 years generally).
- Want the ability to opt for the certainty of a fixed interest rate and fixed repayments for a fixed rate period, with no ability to make additional repayments without incurring an extra charge or want flexibility provided with a variable interest rate to make additional repayments and be able to redraw those early repayments or prepayments.
- can afford the loan.

Excluded class of consumers

The retail clients for whom this product has not been designed are individuals or strata corporations who:

- require credit wholly or predominantly for personal, domestic, or household purposes; or
- require credit to finance or refinance the purchase, renovation, or improvement of a residential property for investment purposes.

2. Product Description and attributes

Bendigo Bank's Business Loan is a term loan (with variable or fixed, principal and interest or interest only) term loan which is used to finance or refinance the acquisition, renovation and/or improvement of a residential or commercial investment property. This product is not a regulated credit contract under the National Consumer Credit Protection Act 2009.

Product key attributes

The key attributes of this product that make it likely to be consistent with the target market described above, include:

Attribute	Appropriate for
Term loan	Retail clients that want to repay their loan over medium to long term period.
Minimum loan amount	Retail clients who want to borrow at least \$10,000 generally.
Property Investment	Retail clients who will use the financing for the purpose of acquiring a residential or commercial property investment. This product is not suitable for retail clients who will use an acquired residential property to live in as a principal place of residence.
Suitable Entity Type	This product may not be suitable for individuals.
Regular repayments of principal and interest, or Interest Only Period.	<p>Principal and Interest: Retail clients who want to make regular scheduled principal and interest repayments over the term of the loan. Retail clients can choose from monthly, quarterly, or half yearly repayment frequencies.</p> <p>Interest Only: Retail clients who want to pay interest only for a specified period (up to generally 5 years). Repayments are made on a monthly frequency.</p>
Interest rate	<p>Variable Interest Rate: A variable interest rate means the interest rate may increase or decrease over the term of the loan. This product, being on a variable interest rate, may be more appropriate for retail clients who are able to sustain repayments when the interest rate rises while benefiting when the interest rate drops. This interest rate option may not be suitable for retail clients who require certainty around repayments by having a fixed interest rate.</p> <p>Fixed Interest Rate: A fixed interest rate means the interest rate will remain the same for a nominated period. At the end of the period, the retain client can nominate a new fixed interest period, capped at no more than five years generally, and within the remaining loan term. Otherwise, the loan will convert to a variable rate loan.</p>
Early repayments and redraw	<p>Retail clients on a variable interest rate may have the flexibility to make additional repayments without incurring early repayment fees, and the ability to access those repayments in full via redraw.</p> <p>Whilst retail clients on a fixed interest rate do not have the ability to make additional repayments during the fixed rate period, any additional repayments above this cap, or changes to the fixed rate period (e.g., ending it early), may incur additional fees and charges. Retail clients cannot access additional repayments during the fixed rate period.</p>

Consistency between target market and product

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of consumers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of consumers.
