Product Description

Bendigo Bank's Business Solutions (Other Secured) Principal & Interest Loan (Fixed Rate) is a term loan (up to a term of generally 20 years) which is used to finance or refinance the acquisition, renovation, and/or improvement of a residential or commercial investment property. A fixed interest rate applies to the loan for a fixed period. At the end of the period, the retail client can nominate a new fixed interest rate period, capped at no more than five years generally and within the remaining term of the loan, otherwise the loan will convert to a variable rate loan. Retail clients have no ability to make additional repayments without incurring early repayment costs. Regular principal and interest repayments are required over the term of the loan.

Early repayments and redraw	Retail clients who do not require the flexibility to make additional repayments of the specified cap without incurring an extra fee or charge. No additional repayments can be made during the fixed rate period, any additional repayments above this cap, or changes to the fixed rate period (eg ending it early), may incur in additional fees or charges (eg break costs).
