#### Issuer

Bendigo and Adelaide Bank Limited ABN 11 068 049 178 AFSL / ACL 237879 (Bendigo and Adelaide Bank).

#### Date from which this target market determination is effective

15 June 2022.

## 1. Target market for this product

### Target Market

The retail clients for whom this product has been designed are individuals who:

- want a fully digital home loan account;
- want a term loan to finance or refinance the acquisition of an established residential property (not land) for the purpose of it being their principal place of residence;
- want to make principal and interest payments over the term of the loan;
- want certainty of a fixed interest rate and fixed repayments for a fixed rate period, with limited ability to make additional repayments without incurring an extra charge;
- may want access to other features and benefits (such as linked offset account);
- can afford the loan; and
- can provide the residential property as security for the loan.

### Product Description

An Up Owner-Occupied Principal & Interest Home Loan (Fixed Rate) is a fully digital term loan (up to a maximum term of 30 years) which is used to finance or refinance the acquisition of residential property. A fixed interest rate applies to the home loan for a fixed period. After the end of the fixed period, the retail client can set a new period (if no new period is selected, the home loan will convert to a variable interest rate). Retail clients have limited ability to make additional repayments without incurring early repayment costs. Retail clients can also access other features. Regular principal and interest repayments are required over the term of the loan.

### Product key attributes

The key attributes of this product that make it likely to be consistent with the target market described above, include:

Attribute	Appropriate for
Eligibility	This product is only available to retail clients with an existing Up account. Joint loans are only offered to two existing Up customers who have a 2Up joint account.  Up customers must create and maintain an Up everyday account (and 2Up account for a joint loan) for the life of the Up home loan.
Fully Digital Account	Retail clients who want a fully digital home loan account. The Up home loan account can only be accessed through the Up app. This product may not be suitable for customers who want branch or face-to-face support.
Term loan	Retail clients that want to repay their loan over medium to long term period (up to a maximum of 30 years).
Minimum Loan Amount	Retail clients who want to borrow a minimum amount of \$50,000

<b>Attribute</b>	<b>Appropriate for</b>
Owner Occupied	Retail clients who will use the residential property acquired with the loan as their principal place of residence. This product is not suitable for retail clients who will use the residential property for investment purposes. This product is not suitable for retail clients looking to purchase residential land or 'off the plan'.
Regular repayments of principal and interest	Retail clients who want to make regular scheduled principal and interest repayments over the term of the loan. Retail clients are offered a monthly repayment frequency.
Fixed interest rate	A fixed interest rate means the interest rate will remain the same for a nominated period. At the end of the period, the retail client can nominate a new fixed interest rate period, capped at no more than five years and within the remaining term of the loan, otherwise the home loan will convert to a variable rate loan.
Additional repayments (including early repayments)	Retail clients who do not require the flexibility to make additional repayments over the specified cap without incurring an extra fee or charge. Additional repayments during the fixed rate period are capped at \$30,000 (within the fixed rate period). Repayments above this cap, or changes to the fixed rate period (e.g., ending it early), may incur additional fees or charges (e.g. break costs).
Redraw	Retail clients who want access to additional repayments made during the loan term, access is through the redraw function in app (1 repayment amount is preserved and not accessible).
Offset account	Retail clients who want to offset the balance of their home loan by reducing the amount of interest paid on the home loan account. Certain offset accounts created on or after the Up Home Loan will be automatically converted to offset accounts. Any Up Saver accounts linked to the home loan will cease to earn interest at the higher rate.
Security over residential property	Retail clients that can use the residential property they have acquired with the loan as security for it.
Up App	Retail clients who want to access their account, perform transactions and have access to other benefits and features related to their account through an App on their mobile phone or other device.

## 2. How this product is to be distributed

Bendigo and Adelaide Bank applies certain conditions and restrictions to the distribution of this product so that distribution is likely to be to retail clients within the target market for this product. The conditions and restrictions are:

<b>Channel</b>	This product is to be distributed only through the following channels: <ul style="list-style-type: none"> <li>the Up App is used to access Up's online application, the application is completed on the online platform provided by strategic partner Tic Toc.</li> </ul>
