

This document contains updates to information in the Adelaide Cash Management Trust Product Disclosure Statement (PDS) dated 1 November 2016, where the information is not materially adverse.

The updates below should be read in conjunction with the current PDS which can be found [here](#).

Sandhurst Trustees Limited (Sandhurst) is the responsible entity of the Adelaide Cash Management Trust (the Trust).

24 December 2020 – Fees and costs update

Sandhurst has undertaken an annual review of the fees and costs in relation to the Fund's financial year ended 30 June 2020 and wishes to update the fees and costs disclosed in the PDS. (For the avoidance of doubt, all references in this section to "PDS" mean the Product Disclosure Statement for the Trust dated 1 November 2016 as updated by the earlier sections in this document.)

In addition, from 24 December 2020, to comply with legislation, Sandhurst will cease paying grandfathered conflicted remuneration to advisers, and will be passing on the benefit of reduced costs to investors by reducing the management fee for this Fund.

The below updates are made to the PDS.

23 March 2020 – Change in rate of return on amounts invested on deposit with the Bank

In light of the recent decisions by the Reserve Bank of Australia to reduce the official cash rate, Sandhurst has made a request to Bendigo and Adelaide Bank Limited (the **Bank**) that the return paid by the Bank on all amounts invested by the Trust on deposit with the Bank be increased, so as to ensure that unitholders in the Trust continue to receive a return on their investment greater than zero. In response to Sandhurst's request, the Bank has agreed to increase the rate paid on amounts invested by the Trust so that Sandhurst can achieve that return.
