

Product Disclosure Statement and Reference Guide updates

This document contains updates to information in the Bendigo Global Share Fund Product Disclosure Statement (PDS) and the Bendigo Global Share Fund Reference Guide (Reference Guide) both dated 17 April 2017, where the updated information is not materially adverse.

The updates below should be read in conjunction with the current PDS and Reference Guide (as relevant) which can be found [here](#).

Sandhurst Trustees Limited (Sandhurst) is the responsible entity of the Bendigo Global Share Fund (Fund).

31 December 2020 - Fees and costs update

Sandhurst has undertaken an annual review of the fees and costs in relation to the Fund's financial year ended 30 June 2020 and wishes to update the fees and costs disclosed in the PDS. (For the avoidance of doubt, all references in this section to "PDS" mean the Product Disclosure Statement for the Fund dated 17 April 2017 as updated by the earlier sections in this document.)

The below updates are made to the PDS.

PDS Page 7:

- Under the 'Transactional and operational costs' section, the last three sentences are deleted and replaced with the following:
"These costs are not paid to Sandhurst as a fee and are not charged directly to investors, rather they are deducted from the income or assets of the Fund, however, some of these costs are recovered through investor buy/sell spreads (see below). The estimated transactional and operational costs, based on the Fund's net asset value for the past financial year are as follows:

Total estimated transactional and operational costs	Minus investor buy/sell spread recovery	Equals estimated net transactional and operational costs
0.09%p.a.	0.03%p.a.	0.06%p.a.

These costs may vary depending on the level of Fund transactions but Sandhurst estimates that these costs are unlikely to be materially different for the current financial year."

27 March 2020 – Change in buy/sell spread

The nature and volatility of current financial markets and the associated changes in liquidity of investments in those markets as a result of the COVID-19 pandemic has meant that the transaction costs incurred by the Fund in buying and selling assets of the Fund are now materially different to what has previously been the case.

So that the costs associated with buying and selling assets of the Fund in response to applications and withdrawals are fairly allocated, Sandhurst has today changed the buy/sell spread that applies to applications and withdrawals in respect of the Fund.

PDS Page 6:

- Under the heading titled 'Transactional and operational costs', the first paragraph is deleted and replaced with:
In addition to management costs, the Fund may incur transactional and operational costs when acquiring and disposing of certain Fund assets. These costs may include clearing costs, brokerage, stamp duty and buy/sell spreads. These costs are paid for by the Fund when they are incurred and are reflected in the Fund's unit price. These costs are not paid to Sandhurst as a fee and are not charged directly to investors, rather they are deducted from the income or assets of the Fund. These costs represented 0.00% of the Fund's net asset value for the past financial year, but Sandhurst expects that these costs will be materially different in the current financial year given the change in the nature and volatility of current financial markets as a result of the COVID-19 pandemic.

PDS Page 7:

- Under the bullet point heading 'Investor buy/sell spread', the second paragraph is deleted and replaced with:
In light of the nature and volatility of current financial markets as a result of the COVID-19 pandemic, the buy spread that applies to each application and the sell spread that applies to each withdrawal is changed from time to time in response to the quantum of the costs associated with buying and selling Fund assets. As such, a buy spread of between 0.00% and 0.50% applies to each application and a sell spread of between 0.00% and 0.50% applies to each withdrawal. For example, if you invested \$50,000 in the Fund, the cost of the buy spread would be between \$0 and \$250. The buy/sell spread range may also change from time to time without prior notice. The Fund's current buy/sell spread can be found at www.sandhursttrustees.com.au/fund-news. The Fund's application and withdrawal prices, which incorporate the buy/sell spread applicable from time to time, can be found at www.sandhursttrustees.com.au/prices.
