### Edithvale Aspendale Junior Football Club

"It's all about the Kids" at the Edithvale Aspendale Junior Football Club. Every effort is made to ensure that all players have equal opportunity to develop and enjoy their football. The club recognises that the maintenance of equity has a profound effect on players self esteem, skill development, fitness and understanding of the game. The club recognises that goals are best achieved by working as a team and by fostering team harmony at all times.

Our branch recently contributed towards their canteen upgrade and we reward a player each week with a \$20 certificate. We have also donated \$100 to 4 families from the club to allow their child to represent their club interstate.

# What if?

What if you or your partner were unable to work for an extended period of time due to accident or illness?

How would you continue to pay the Home loan payments, continue to put food on the table, and pay for any medical treatments required as they are rarely fully covered by Medicare or Health Insurance?

What if you or your spouse died? What would happen to the remaining family members what would be the financial impact?

Insurance can assist in ensuring if the "what ifs" happen that your family will be protected from major financial impact.

Ok, so what covers are there?

There are 4 main types of life insurance

1. Term Life pretty simple you die someone gets some money – But how much is enough?
2. Total and Permanent Disability – You can never work again. Don't think extremes like Christopher Reeves (superman because) TPD claim can be anything from depression, back disorders to Gynecological issues.
3. Income Protection – protects up to 75% of your taxable income if unable to work due to illness or injury now can be payable up to age 70!

4. Trauma – Statistics now show we are more likely to suffer a trauma event in our lifetime and survive – but who has the spare cash to pay for the treatment think ;

- Kylie Minogue
- Jim Stynes
- Delta Goodrem
- Jane McGrath in treatment for 10 years before she passed away what assets would need to have been sold to fund this had her husband not been an international cricketer?

Some of these covers may already be in your existing superannuation funds but going through the process of what is the appropriate level of cover for your family is something best discussed with a Financial Adviser whom will be able to assist.

That way you and your family will remain financially secure if any of the "What ifs" happen, and remember that Mums need insurance as well.

You can contact Catriona Smith our Financial Adviser on 0408 143 492 or drop into our branch and we will be happy to make a time for you to meet with her.
