

CCCE COMMUNITY INVESTMENTS making an impact that matters

There are many facets of community that interweave into our daily lives and, just like a gem that reflects its many sides, the Community Bank model creates a point of difference. It's why we get involved and our success is what keeps us working hard.

2021 Trentham & Districts Community Scholarship Program

A big thank you to all applicants who applied for the 2021 Scholarship Awards Program. This year, we were inundated with a great selection of young aspiring students and wish you all every success in your future studies.

The Scholarship Awards Program, now in its 3rd year, supports young people living in the region who are continuing to further their education at university or TAFE. The program assists with various costs associated with studying - fees, books, computer, accommodation etc.

All applicants who applied have a strong involvement in their community, are passionate about their vocation and want to bring their expertise back to the regional towns they'd grown up in.

Trentham & Districts Community Bank and CCCE are proud of this initiative and pleased to announce the successful applicants of the 2021 Trentham & District Scholarships Awards Program.

Congratulations to **Jade Gledhill** (*Bachelor of Agricultural Science*), **Keeley Meade** (*Bachelor of Exercise & Sport Science*) and **Eliza Wills** (*Bachelor of Social Work*).

The CCCE Board of Directors feel proud of our point of difference in being able to encourage and support young people in achieving their academic goals. Our customers and shareholders know that their banking is helping develop our young people and give back to our community.

The 2021 successful scholarships students are very grateful for our contribution in assisting them in following their dreams.
