Chair's report

For the year ended 30 June 2026

It is my pleasure to present the Chair's Report for the 2025/26 financial year, reflecting on another year of strong financial performance, increased community impact and continued progress for Creswick & District Financial Services (CDFS).

The following financial statements demonstrate another strong year for the CDFS, with increased revenue and continued growth in operating profit. While total comprehensive income was lower than the previous year, this was primarily due to the revaluation of our share investments as part of the annual financial reporting process. Our underlying operating performance remains strong and continues to provide a solid foundation for the future.

It is also worth noting that CDFS reached a significant milestone during the year, celebrating 20 years since the company was first registered in April 2006.

In those 20 years, our company has:

- established and maintained professional, customer focused, banking services within the Creswick & district community;
- purchased and refurbished our branch building;
- staff numbers have grown;
- returned \$1,073,877 in dividend payments to shareholders;
- returned \$2,877,965 to the Creswick & district community via our Community Impact Grants and Community Sponsorships programs.

This is a wonderful achievement, and one we can all be proud of.

The Board of Directors continues to work diligently to ensure the company remains compliant and well governed in an environment where there is an ever-increasing focus on risk management, regulatory requirements and corporate compliance.

I thank my fellow directors, Jeff Unmack, Graeme Mitchell, Michael Beaumont, Ian Smith, Wendy McFarlane and Steve Kinnersly who contribute a significant amount of time and expertise to the company operations.

I would particularly like to acknowledge our Company Treasurer & Chair of the Grants & Sponsorship Committee, Jeff Unmack; Chair of the Finance, Risk & Audit Committee, Wendy McFarlane; and Chair of the Business Development Committee Mike Beaumont; all of whom have taken on leadership roles within the Board.

During the year, your board has welcomed Peter Cowie as a new director. Peter brings a wealth of knowledge and experience and we warmly welcome him.

Juliet Viney experienced significant ill health during the year, and we are sad to report that she has made the difficult decision to retire from the Board. We thank Juliet for her time with the Board and wish her good health in the future.

Our superstar branch team continues to provide excellent service and a warm and welcoming environment for our customers. We sincerely thank Lisa, Peter, Oscar, Natalie, Kristin and Janelle for their ongoing commitment to our customers and our community.

Chair's report cont

As you will see from the Branch Manager's Report, the team continues to work hard to grow the business and are achieving wonderful results for our community.

As you are aware, in July last year, Bendigo Bank made the difficult decision to close all agencies across the Bendigo network. I would like to acknowledge our Branch team for the exceptional service they provided during this transition, particularly to our Clunes customers, who were directly impacted by the closure of the Clunes agency.

We would also like to extend our sincere thanks to Cynthia and Craig, and Ken and Marg, for their many years of service as our agents. We are very grateful for their commitment to our customers and community.

Creswick & District Financial Services continues to provide robust returns to our shareholders. On the 1st December 2025, a 15 cent per share, fully franked dividend was paid to shareholders. To reflect the company's strong financial performance and ongoing commitment to our loyal shareholders, a bonus 3 cent per share, fully franked dividend, was also paid at this time.

We must acknowledge our partner, Bendigo Bank, as without them there would not be a Community Bank Creswick & District, and we would not have the privilege of distributing community contributions to support volunteers and community building projects across our communities. We thank them for their support and partnership.

The past year has seen us invest \$392,601 in 102 community building projects and initiatives.

The following chart demonstrates the wide range of initiatives that have received funding throughout the year, with significant investment continuing to be directed towards community events & development.

Chair's report cont

As you are aware, our community investment focus is on the impact our funding has on people's lives and the outcomes it delivers for our community. The following graph demonstrates the outcomes reported from the funding provided throughout the year.

It is particularly pleasing to see that increased participation in community and social activities, along with improved access to education and training, feature strongly among the outcomes achieved. Both areas remain a high priority for the Board, and it is encouraging to see the positive impact of our investment in these areas.

We continue to allocate funds across our district, with a spread of funding being provided to groups that service Creswick, Clunes, Allendale, Kingston, Mt Rowan, Mt Blowhard/Bald Hills, Newlyn and Smeaton.

I look forward to continuing to work with you all in the coming year to build a stronger and resilient Community and commercially sustainably Community Bank Creswick & District.

I encourage you, our shareholders, to continue to promote Community Bank Creswick & District and be proud of what we have built together.

Janine Booth
Chair

Branch Manager's Report

For the year ended 30 June 2026

I would like to start by expressing my sincere gratitude to our Board and the local community for their ongoing support and trust in our Community Bank team in Creswick. This past financial year has been one of growth and achievement, and I am incredibly proud of what our team has accomplished together.

We have successfully settled into a strong team rhythm, fostering a culture of excellence and a shared commitment to our customers. This has translated into a period of solid performance and setting a new standard for success.

Financial Results

The branch has demonstrated a strong financial performance this year, with our lending growth being a true standout success story.

The team's strategic focus on helping our customers achieve their home ownership goals has resulted in \$4.69 million in home lending growth. This performance represents 369% of our annual target, a testament to the team's proactive approach and deep understanding of our customers' needs.

This strong lending performance was the primary driver of our overall success, contributing to a significant increase in our total book value and reversing last year's deficit.

Total deposits increased to \$180.9 million, from \$170 million, with a notable customer preference for our flexible at-call savings options.

Business Development & Customer Focus

Our focus on deepening customer relationships has yielded impressive results. The team has consistently exceeded targets for customer engagement and satisfaction.

- **Customer Numbers:** The total number of open accounts is 3,195. We have successfully achieved our goal of increasing the number and percentage of active transaction accounts, demonstrating a more engaged customer base.
- **Customer Satisfaction:** We received excellent feedback through customer surveys, and our First Time Resolution rate improved to 89.36% against a target of 75%. Our performance in the annual Mystery Shopper program was also strong at 97%.

Community Engagement

Beyond our financial results, we have remained deeply committed to grassroots community involvement. Throughout the year, we have continued to actively participate in, and support, a wide range of local initiatives, events and organisations. It has been both rewarding and inspiring to spend time with the dedicated people who contribute so much to our community. Their passion, commitment and willingness to bring people together are a wonderful reflection of the strength and spirit of our local community.

Staffing and Team Achievement

Our team's dedication has been the cornerstone of our success. The stability and experience of our staff, combined with a clear focus on our goals, have created a high-performing environment. The entire branch team—Peter, Oscar, Natalie, Janelle, and Kristin—has been instrumental in achieving these results.

I am immensely excited about the future and confident that we will continue to build on this year's success. I look forward to working with our directors, our community, and our customers to make our Community Bank even stronger in the coming year.

Bendigo Bank Message

For the year ended 30 June 2026

Community Bank Report 2026 BEN Message

This year marked the first chapter of delivering on Bendigo Bank's 2030 Strategy.

Our purpose remains central to who we are – to feed into the prosperity of our customers and community – and our strategy brings a new focus on areas including innovation, digital ease and setting the benchmark for trust and societal impact.

We are making strong progress with new digital features to enhance the customer experience. Notably, Community Link is allowing customers to join us through e-banking while retaining a connection to their local branch.

In FY25, more than \$50 million was invested back into local communities, adding to a total of \$416 million since 1998. Our Scholarship Program remains one of the largest of its kind in Australia, with an incredible 70 Community Banks participating in 2026, and more than \$1.6m in scholarships awarded.

Our model evolution project is now helping to inform a holistic strategic review of the Community Bank model. The review is considering a broad range of factors to strengthen the model for the future, including growth, community impact, revenue share and non-financial risk. As an organisation, we remain committed to the Community Bank model and the important role it plays in achieving our 2030 Strategy.

Bendigo Bank has been supporting customers and communities across Australia for more than 160 years and for the past 27 years, the Community Bank model has been a driving force for positive impact.

On behalf of Bendigo Bank, thank you for being a shareholder in your local Community Bank. Your belief and support of our purpose have been instrumental in our success. I look forward to seeing us grow together and continue supporting our communities to prosper.

Warmest regards,

Justine Minne Head of Community Banking, Bendigo Bank

Community Bank National Council Message

For the year ended 30 June 2026

CBNC: Supporting Local Leadership and National Strategy

On behalf of the Community Bank network, we acknowledge and thank our shareholders for your continued support. The Community Bank model remains one of the most distinctive in Australian banking, combining commercial strength with genuine community purpose.

Over the past year, the Community Bank National Council (CBNC) has continued its important role as the conduit between Community Bank companies and Bendigo Bank (BEN). As the formally recognised representative body of the network, the CBNC ensures the voice of local directors is heard in national discussions, while keeping Community Bank companies informed on strategic developments that shape our future.

Supporting BEN's 2030 Strategy

The Community Bank model continues to evolve as part of BEN's 2030 strategy, with a focus on long-term strength and sustainability. A jointly led BEN and CBNC Model Evolution project has enabled the CBNC to engage deeply with the network seeking feedback on the challenges and opportunities ahead. The priority being given to this ongoing work reflects the importance of Community Banks to BEN's success and commitment to local communities.

Gathering in our nation's capital

Last September, more than 500 directors representing 142 Community Bank companies from every state and territory came together for the Community Bank National Conference. It was one of the largest gatherings of our network in recent years, and the CBNC played a key role in contributing to the agenda.

The conference created space for open dialogue between directors and BEN executives, while also reinforcing the unique value of the Community Bank model. For many, it was also a timely reminder of the strength of peer connection - the opportunity to share challenges, exchange ideas, and look to the future.

Social enterprise leadership

With an entrenched "profit for purpose" approach, the Community Bank moves beyond traditional banking by helping to sustain local economies. The combined community impact of this approach is significant, with several recent examples evidenced across the network.

The partnership between the Bendigo Bank Community Foundation and the Australian Centre for Rural Entrepreneurship (ACRE) is just one example. It demonstrated what collective action can achieve through the buyback of the Old Beechworth Gaol.

The community asset buyback was supported by \$8.6 million in capital, including \$2.2 million from BEN and Community Bank companies. It has created a nationally significant example of community ownership in action and provides a tangible example of our social enterprise leadership.

New 'Community Link' feature returns profits to communities

As customer expectations evolve, BEN continues to invest in digital capability while protecting the strength of local connection. A clear example is Community Link, a new feature introduced to the Bank's App during the past year.

The feature allows new customers, who join digitally, to nominate a community or corporate branch as their home branch. Customers can have the satisfaction they're contributing to a community they care about without having to set foot in a branch to do so.

The CBNC have been very supportive of this new feature which powerfully bridges BEN's digital future with its renowned community focus. In many ways, it reinforces BEN's commitment to innovation, while serving its core purpose to feed into the prosperity of the community.

Together, these initiatives demonstrate the enduring strength of the Community Bank model in balancing both commercial success with community impact. As the network continues to evolve, the CBNC remains committed to ensuring the network has a strong voice in shaping the future. We thank shareholders for the ongoing support that makes this unique model possible.

Directors' Report

For the Year Ended 30 June 2026

The directors present their report, together with the consolidated financial statements of the Group, being Creswick & District Financial Services Limited and its controlled entity Creswick Community Property Group Pty Ltd, for the financial year ended 30 June 2026.

Wendy McFarlane	13	11	4	4	6	6	-	-

* the chairperson is eligible to attend all committee meetings.

^ the director was granted a leave of absence for personal reasons.

Directors' Report

For the Year Ended 30 June 2026

Equity holdings of management personnel

The number of ordinary shares in the company held during the financial year by each director and other key management personnel, including their related parties, are set out below:

	Balance at beginning of year	Changes during the year	Balance at 30 June 2026
Janine Booth	5,001	-	5,001
Jeff Unmack	10,000	-	10,000
Graeme Mitchell	10,001	-	10,001
Ian Smith	100	-	100
Juliet Viney	-	-	-
Michael Beaumont	30,600	1,000	31,600
Peter Cowie	-	500	500
Stephen Kinnersly	-	1,000	1,000
Wendy McFarlane	1,100	-	1,100
	56,802	2,500	59,302

Company secretary

The secretary of the company at the end of financial year was Narelle Barrett who was appointed to the position on 1 January 2025.

Principal activities

The principal activities of the Group during the financial year were providing Community Bank branch services under management rights to operate a franchised branch of Bendigo and Adelaide Bank Limited.

No significant change in the nature of the Group's activities occurred during the year.

Operating results

The consolidated profit of the Group amounted to \$364,261 (2025: \$364,485).

Dividends paid or recommended

Dividends paid or declared during or since the end of the financial year comprised a fully franked dividend of 18 cents per share totalling \$121,762 which was declared and paid during the year ended 30 June 2026.

Significant changes in state of affairs

During the financial year, Bendigo and Adelaide Bank Limited announced that they would be retiring the agency model and remaining agency facilities. The Clunes agency ceased trading and closed on 21 October 2025.

Except for the above, there have been no significant changes in the state of affairs of the entities in the Group during the financial year.

Directors' Report

For the Year Ended 30 June 2026

Events after the reporting date

Subsequent to the end of the financial year the Clunes ATM has been decommissioned. The ATM was removed and make good works were completed on 10 July 2026.

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

Environmental issues

The Group's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

Contracts and options

No options over issued shares were granted during or since the end of the financial year and there were no options outstanding as at the date of this report.

Indemnification and insurance of officers and auditors

The company has agreed to indemnify each officer (director, secretary or employee) out of assets of the company to the relevant extent for any liability incurred by that person arising out of the discharge of their duties, except where the liability arises out of conduct involving dishonesty, negligence, breach of duty or the lack of good faith. The company also has officers insurance for the benefit of officers of the company against any liability incurred by the officer, which includes the officer's liability for legal costs, in or arising out of the conduct of the business of the company or in or arising out of the discharge of the officer's duties.

The directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors' and officers' liability and legal expenses insurance contracts as such disclosure is prohibited under the terms of the contract. The company has not provided any insurance for an auditor of the company.

Proceedings on behalf of company

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings. The company was not a party to any such proceedings during the year.

Auditor's independence declaration

The auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001*, for the year ended 30 June 2026 has been received and can be found on page 5 of the consolidated financial report. No officer of the company is or has been a partner or director of the auditor of the company.

Signed in accordance with a resolution of the Board of Directors:

Director: 
Janine Booth

Director: 
Jeff Unmack

Dated: 27 August 2026

Auditor's Independence Declaration under Section 307C of the Corporations Act 2001 to the Directors of Creswick & District Financial Services Ltd and Controlled Entities

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2026, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Cash and cash equivalents at end of financial year	8(a)	1,445,777	1,310,641

The accompanying notes form part of these financial statements.

Notes to the Financial Statements

For the Year Ended 30 June 2026

The consolidated financial report covers Creswick & District Financial Services Ltd and its controlled entity, Creswick Community Property Group Pty Ltd ('the Group'). Creswick & District Financial Services Ltd is a for-profit Company limited by shares, incorporated and domiciled in Australia.

The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The financial report was authorised for issue by the Directors on 25 August 2026.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and the *Corporations Act 2001*. These financial statements comply with Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board.

Material accounting policies adopted in the preparation of these financial statements are presented below (and in the specific notes to the financial statements) and have been consistently applied unless otherwise stated.

The financial statements, except for cashflow information, have been prepared on an accruals basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(a) Economic dependency

The Group has entered into a franchise agreement with Bendigo and Adelaide Bank Limited that governs the management of the Community Bank branch at Creswick.

The branch operates as a franchise of Bendigo and Adelaide Bank Limited, using the name "Bendigo Bank", the logo and systems of operation of Bendigo and Adelaide Bank Limited. The Group manages the Community Bank branch on behalf of Bendigo and Adelaide Bank Limited, however, all transactions with customers conducted through the Community Bank branch are effectively conducted between customers and Bendigo and Adelaide Bank Limited.

All deposits made with Bendigo and Adelaide Bank Limited and all personal investment products are products of Bendigo and Adelaide Bank Limited, with the Group facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo and Adelaide Bank Limited, must be approved by Bendigo and Adelaide Bank Limited. All credit transactions are made with Bendigo and Adelaide Bank Limited and all credit products are products of Bendigo and Adelaide Bank Limited.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Bendigo and Adelaide Bank Limited provides significant assistance in establishing and maintaining the Community Bank branch franchise operations. It also continues to provide ongoing management and operational support, and other assistance and guidance in relation to all aspects of the franchise operations, including advice in relation to:

- The design, layout and fit-out of the Community Bank branch;
- Training for branch managers and other employees in banking, management systems and interface protocol;
- Methods and procedures for the sale of products and provision of services;
- Security and cash logistic controls;
- Calculation of company revenue and payment of many operating and administrative expenses;
- The formulation and implementation of advertising and promotional programs; and
- Sales techniques and customer relations.

2 Summary of material accounting policies

(a) Principles of consolidation

The consolidated financial statements include the assets, liabilities and results of entities controlled by Creswick and District Financial Services Ltd at the end of the reporting period. A controlled entity is any entity over which Creswick and District Financial Services Ltd has the power to govern the financial and operating policies so as to obtain benefits from its activities.

Where controlled entities have left or entered the Group during the year, the financial performance of those entities is included only for the period that they were controlled. A list of controlled entities is contained in Note 26 to the financial statements.

In preparing the consolidated financial statements, all inter-group balances and transactions between entities have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with those adopted by the parent entity.

(b) Impairment of non-financial assets

At the end of each reporting period the Group assesses whether there is any evidence of an impairment indicator for non-financial assets. The assessment includes consideration of external and internal sources of information. Where an indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated. Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss. Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.

Notes to the Financial Statements

For the Year Ended 30 June 2026

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows in the consolidated statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Adoption of new and revised accounting standards

The Group has adopted all standards which became effective for the first time at 30 June 2026, the adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Group.

3 Critical accounting estimates and judgments

The directors make estimates and judgements during the preparation of the consolidated financial statements regarding assumptions about current and future events affecting transactions and balances. These estimates and judgements are reviewed on an ongoing basis and are based on the best information available at the time of preparing the financial statements, however, as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - useful lives of depreciating assets

The Group estimates the useful lives and related depreciation and amortisation charges for its property, plant and equipment and intangible assets. The depreciation and amortisation charge will increase where useful lives are less than previously estimated.

Key estimates - fair value of non-current assets

The Group measures land and buildings at fair value based on periodical (every three years) valuations by appropriately qualified valuers. The Group measure investments in shares at the quoted price for the shares on the Australian Stock Exchange at the reporting date.

Where fair value has not been able to be determined based on quoted price, a valuation model has been used. The inputs to these models are observable, where possible, however these techniques involve significant estimates and therefore fair value of the instruments could be affected by changes in these assumptions and inputs.

Key estimates - employee benefits provision

The Group estimates components of the calculation of the provision for employee entitlements including wage growth, CPI movements and the likelihood of employees reaching unconditional service. The timing of when employee benefit obligations are to be settled is also estimated.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Key judgments - deferred taxes

Determining income tax provisions involves judgment on the tax treatment of certain transactions. Deferred tax is recognised on temporary differences where it is probable that there will be taxable revenue against which these can be offset. Management has made judgments as to the probability of future taxable revenues being generated against which tax losses will be available for offset based on budgets, current and future expected economic conditions.

Key judgments - impairment

The Group assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the Group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value in use calculations which incorporate various key assumptions.

Notes to the Financial Statements

For the Year Ended 30 June 2026

4 Revenue and other income

Revenue arises from the rendering of services through its franchise agreement with the Bendigo and Adelaide Bank Limited. The revenue recognised is measured by reference to the fair value of consideration received or receivable, excluding rebates and trade discounts. All revenue is stated net of the amount of goods and services tax (GST). The revenue recognition policies for the principal revenue streams of the Group are:

Rendering of services

The entity generates service commissions on a range of products issued by the Bendigo and Adelaide Bank Limited. The revenue includes upfront and trailing commissions, sales fees and margin fees. Commission revenue is recognised when the right to receive the income has been established.

Interest, dividend and other income

Interest income is recognised on an accrual basis using the effective interest rate method. Dividend and other revenue is recognised when the right to the income has been established.

	Consolidated	
	2026	2025
	\$	\$
Revenue from contracts with customers		
Commission income	1,683,413	1,555,989
	1,683,413	1,555,989
Other income		
Dividends received	15,999	15,142
Interest received	53,505	53,785
Rental revenue	27,843	26,013
Other income	-	354
	97,347	95,294
	1,780,760	1,651,283

Notes to the Financial Statements

For the Year Ended 30 June 2026

5 Operating expenses

Operating expenses

Operating expenses are recognised in profit or loss on an accruals basis, which is typically upon utilisation of the service or at the date upon which the entity becomes liable.

Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that it is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, is depreciated over the assets useful life to the Group commencing from the time the asset is first held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

Buildings and building improvements	2.5% straight line basis
Plant and equipment	2 - 67% diminishing value basis

Gains or losses on disposal of non-current assets

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount of the asset. The gains and losses are recognised in profit or loss in the period in which the asset is disposed of. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

Accounting and other non-assurance services include financial statement preparation and a range of accounting and taxation services. Phillip Brown, Director of CountPro Pty Ltd, is engaged to provide these services. No person involved in the provision of audit services is involved in the provision of non-assurance services to the Company.

7 Income tax expense

The tax expense recognised in the consolidated statement of profit or loss and other comprehensive income comprises current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax is provided on temporary differences which are determined by comparing the carrying amounts of tax bases of assets and liabilities to the carrying amounts in the consolidated financial statements. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Deferred tax is not provided for the following:

- The initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit or taxable income.
- Taxable temporary differences arising on the initial recognition of goodwill.
- Temporary differences related to investment in subsidiaries, associates and jointly controlled entities to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

For the Year Ended 30 June 2026

8 Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are reported within short-term borrowings in current liabilities in the statement of financial position.

	Consolidated	
	2026	2025

(a) Reconciliation of cash

Cash at the end of the financial year as shown in the consolidated statement of cash flows is reconciled to items in the consolidated statement of financial position as follows:

	Consolidated	
	2026	2025
	\$	\$
Cash and cash equivalents	1,445,777	1,310,641
Balance as per consolidated statement of cash flows	1,445,777	1,310,641

9 Trade and other receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost, less any provision for expected credit losses. Trade and other receivables are due for settlement usually no more than 30 days from the date of recognition.

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Group has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate provision for expected credit losses account with the loss being recognised in profit or loss. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

In some circumstances, the Group renegotiates repayment terms with customers which may lead to changes in the timing of the payments, the Group does not necessarily consider the balance to be impaired, however, assessment is made on a case-by-case basis.

Rent receivables	-	2,073
Other receivables	4	3
	187,332	159,874

Credit Risk

The main source of credit risk relates to a concentration of trade receivables owing by Bendigo and Adelaide Bank Limited, which is the source of the majority of the Group's income.

The following table details the Group's trade and other receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided thereon. Amounts are considered as 'past due' when the debt has not been settled within the terms and conditions agreed between the Group and the customer or counterparty to the transaction. Receivables which are past due are assessed for impairment by ascertaining the solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Group.

The balances of receivables that remain within initial trade terms (as detailed in the table below) are considered to be high credit quality.

Consolidated	Current	< 30 days overdue	< 90 days overdue	> 90 days overdue	Total

Notes to the Financial Statements

For the Year Ended 30 June 2026

10 Financial Assets

Financial instruments are recognised initially on the date that the Group becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Group classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Fair value through other comprehensive income

The Group has an investment in a listed entity over which they do not have significant influence or control. The Group has made an irrevocable election to classify the equity investments as fair value through other comprehensive income as they are not held for trading purposes.

This investment is carried at fair value with changes in fair value recognised in other comprehensive income (financial asset reserve). On disposal any balance in the financial asset reserve is transferred to retained earnings and is not reclassified to profit or loss.

Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income.

Impairment of financial assets

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Notes to the Financial Statements

For the Year Ended 30 June 2026

	Consolidated	
	2026	2025
	\$	\$

At cost	134,117	134,117
Accumulated amortisation	(122,279)	(109,106)
	<u>11,838</u>	<u>25,011</u>

13 Property, plant and equipment

Property

Land and buildings are carried at their fair value, based on periodic, but at least triennial, valuations by external independent valuers, less accumulated depreciation for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are recognised against revaluation reserve directly in equity and all other decreases are recognised through profit or loss.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Plant and equipment

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount of the assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows are discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An assets carrying amount is written down immediately to its recoverable amount if the assets carrying amount is greater than its estimated recoverable amount.

	Consolidated	
	2026	2025
	\$	\$
Land and buildings		
At fair value *	1,077,826	1,074,047
Less accumulated depreciation	(34,347)	(10,166)
	1,043,479	1,063,881
Building improvements		
Furniture, fixtures and fittings		
At cost	122,085	108,282
Less accumulated depreciation	(63,336)	(40,575)
	58,749	67,707
Total property, plant and equipment	1,102,228	1,131,588

* The land and buildings and building improvements comprise one property owned by the subsidiary which is held for use by the Group in the business operations. The land and buildings are measured at fair value based on an independent valuation carried out by Preston Rowe Paterson dated 2 December 2024 plus subsequent capital improvements recognised at cost. The directors have assessed that the carrying value of the land and buildings at 30 June 2026 is not materially different to the fair value of the land and buildings.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Notes to the Financial Statements

For the Year Ended 30 June 2026

14 Investment properties

Investment property comprises land and buildings which are held to generate long term capital gains and long term rental yields. All tenant leases are on an arms length basis. Investment properties are measured at fair value as determined by the Directors based on periodic, but ordinarily triennial, independent valuations by appropriately qualified property valuers. Changes to fair value are recorded in profit or loss.

	Consolidated	
	2026	2025
	\$	\$
Investment property		
At fair value *	1,000,000	1,000,000
	1,000,000	1,000,000

* The investment properties comprise one property owned by the subsidiary. The land and buildings are measured at fair value based on an independent valuation carried out by Preston Rowe Paterson dated 2 December 2024. The directors have assessed that the carrying value of the investment properties at 30 June 2026 is not materially different to the fair value of the investment property.

Balance at the end of the year	1,000,000	1,000,000

Notes to the Financial Statements

For the Year Ended 30 June 2026

15 Financial liabilities

Financial liabilities include trade payables, other payables, loans from third parties and loans from or other amounts due to related parties. Financial liabilities are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Financial liabilities are initially measured at fair value plus transaction costs, except where the instrument is classified as 'fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately. Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

(a) Trade and other payables

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with majority of the amounts normally paid within 30 days of recognition of the liability.

	Consolidated	
	2026	2025

	<u>(83,146)</u>	<u>(289,440)</u>

Notes to the Financial Statements

For the Year Ended 30 June 2026

16 Fair value measurement

The Group measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis depending on the requirements of the applicable Accounting Standards.

Fair value is the price the Group would receive to sell an asset or would have to pay to transfer a liability in an orderly (ie unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair value of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is obtained from either the principal market for the asset or liability (ie the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset or minimises the payments made to transfer the liability, after taking into account transaction costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

The Group measures the following assets and liabilities at fair value on a recurring basis:

- Shares in listed companies
- Land and buildings
- Investment property

(a) Fair value hierarchy

AASB 13 *Fair Value Measurement* requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

Notes to the Financial Statements

For the Year Ended 30 June 2026

The table below shows the assigned level for each asset and liability held at fair value by the Group:

Consolidated		Level 1	Level 2	Level 3	Total
30 June 2026		\$	\$	\$	\$
Recurring fair value measurements					
Shares in listed companies	10	279,638	-	-	279,638
Land and buildings	13	-	1,043,479	-	1,043,479
Investment property	14	-	1,000,000	-	1,000,000
		<u>279,638</u>	<u>2,043,479</u>	<u>-</u>	<u>2,323,117</u>

Consolidated		Level 1	Level 2	Level 3	Total
30 June 2025		\$	\$	\$	\$
Recurring fair value measurements					
Shares in listed companies	10	317,087	-	-	317,087
Land and buildings	13	-	1,063,881	-	1,063,881
Investment property	14	-	1,000,000	-	1,000,000
		<u>317,087</u>	<u>2,063,881</u>	<u>-</u>	<u>2,380,968</u>

Level 1 measurements

The revaluation of financial assets at FVOCI under Level 1 relate to investments in listed entities and are based on the quoted price for the investments on the Australian Stock Exchange at the reporting date.

Level 2 measurements

The revaluation of freehold land and buildings and investment property to their fair value is determined by the Directors each year based on independent valuations undertaken by an independent qualified valuer at least every three years and taking into consideration current market conditions and recent observable market data.

Transfers between levels of the hierarchy

There were no transfers between levels of the fair value hierarchy.

Highest and best use

The current use of each asset measured at fair value is considered to be its highest and best use.

Notes to the Financial Statements

For the Year Ended 30 June 2026

(b) Valuation techniques and input measures used to measure Level 2 fair values

The Group selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the company are consistent with one or more of the following valuation approaches:

- *Market approach*: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- *Income approach*: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- *Cost approach*: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the company gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available are developed using the best information available about such assumptions and are considered unobservable.

Description	Fair value at 30 June 2026 \$	Consolidated	
		Description and valuation techniques	Inputs used
Land and buildings	1,043,479	Market approach	Independent valuation by qualified valuer plus subsequent capital improvements recognised at cost less accumulated depreciation
Investment property	1,000,000	Market approach	Independent valuation by qualified valuer

There were no changes during the period in the valuation techniques used by the Group to determine Level 2 fair values.

Notes to the Financial Statements

For the Year Ended 30 June 2026

17 Employee benefits

Short term employee benefits

Provision is made for the Group's liability for short term employee benefits. Short term employee benefits are arising (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short term employee benefits are measured at the amounts expected to be paid when the obligation is settled.

The liability for annual leave is recognised in the provision for employee benefits. All other short term employee benefits are presented as payables.

Other long term employee benefits

Provision is made for employees long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurement for changes in assumptions of obligations for other long term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Group's obligations for long term employee benefits are presented as non-current provisions in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Notes to the Financial Statements

For the Year Ended 30 June 2026

18 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction from the proceeds.

Ordinary shares participate in dividends and the proceeds on winding up of the Group in proportion to the number of shares held. At a shareholders meeting each shareholder is entitled to one vote when a poll is called, or on a show of hands. The Group does not have authorised capital or par value in respect of its issued shares. All issued shares are fully paid. All shares rank equally with regard to the Group's residual assets.

	Consolidated	
	2026	2025

Capital management

The Board's policy is to maintain a strong capital base so as to sustain future development of the company. The Board of Directors monitor the return on capital and the level of dividends to shareholders. Capital is represented by total equity as recorded in the Statement of Financial Position.

In accordance with the franchise agreement and subject to the amount permitted to be distributed under the *Corporations Act 2001*, in any 12 month period the funds distributed to shareholders shall not exceed the distribution limit. The distribution limit is the greater of:

- 20% of the sum of the profit before tax for the financial year plus any accumulated profit from previous financial years plus any community contributions made during the year, and
- the Relevant Rate of Return (being the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%) multiplied by the value of share capital at the end of the financial year.

The Board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the Group is such that amounts will be paid in the form of charitable donations and sponsorships. Charitable donations and sponsorship paid can be seen in the Statement of Profit or Loss and Other Comprehensive Income.

There has been no change to the Group's approach to capital management during the year.

22 Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit or loss attributable to owners of the Group, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the year, adjusted for bonus elements in ordinary shares issues during the year.

	2026	2025
Basic earnings per share (cents)	53.85	53.88
Earnings used in calculating basic earnings per share (dollars)	364,261	364,485
Weighted average number of ordinary shares used in calculating basic earnings per share (number)	676,459	676,459

23 Financial risk management

The Group is exposed to a variety of financial risks through its use of financial instruments. The Group's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets. The most significant financial risks to which the Group is exposed to are described below:

Specific risks

- Liquidity risk
- Credit risk
- Market risk

Financial instruments

The principal categories of financial instrument used by the Group are:

- Cash at bank
- Trade receivables
- Investments in listed shares
- Trade and other payables
- Loans from related parties

Notes to the Financial Statements

For the Year Ended 30 June 2026

Objectives, policies and processes

The Board of Directors has overall responsibility for the establishment and oversight of the Group's financial risk management framework. This includes the development of policies covering specific areas such as interest rate risk, liquidity risk and credit risk. The Board has established an Audit and finance committee which reports regularly to the Board. The Audit and finance committee is assisted in the area of risk by an internal audit function.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

(a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group.

Credit risk arises from cash and cash equivalents, derivative financial instruments and deposits with banks and financial institutions, as well as credit exposure to wholesale and retail customers, including outstanding receivables and committed transactions.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

The Group has a concentration of credit risk as a result of the financial dependency on Bendigo and Adelaide Bank Limited with virtually all of the company's bank deposits trade receivables and financial assets being with the Bendigo and Adelaide Bank Limited. The group's exposure to credit risk is limited to Australia by geographic area.

The group does not have any financial assets that are past due (2025: nil past due) and, based on historic performance, the group believes that no impairment charge is necessary in respect of financial assets.

The credit risk for trade receivables, liquid funds and other short-term financial asset is considered negligible, since the principle counterparty, Bendigo and Adelaide Bank Limited, are a reputable bank with high quality external credit ratings.

(b) Liquidity risk

Liquidity risk arises from the Group's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Group will encounter difficulty in meeting its financial obligations as they fall due.

The Group's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due. The Group maintains cash and marketable securities to meet its liquidity requirements. Funding for long-term liquidity needs is additionally secured by an ability to sell long-term financial assets.

The Group manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash-outflows due in day-to-day business.

Notes to the Financial Statements

For the Year Ended 30 June 2026

At the reporting date, the Group expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances and will not need to draw down any financing facilities.

Financial guarantee liabilities are treated as payable on demand since the Group has no control over the timing of any potential settlement of the liabilities.

The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward. The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the consolidated statement of financial position due to the effect of discounting.

	Weighted average effective interest rate 2026 %	Weighted average effective interest rate 2025 %	Within 1 year 2026 \$	Within 1 year 2025 \$	Total 2026 \$	Total 2025 \$
Financial Assets						
Cash and cash equivalents	-	-	1,445,777	1,310,641	1,445,777	1,310,641
Trade and other receivables	-	-	187,332	159,874	187,332	159,874
Financial assets	5	5	324,763	359,278	324,763	359,278
			1,957,872	1,829,793	1,957,872	1,829,793
Financial Liabilities						
Trade and other payables	-	-	(83,146)	(92,470)	(83,146)	(107,142)
			1,874,726	1,737,323	1,874,726	1,722,651

(c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

The financial instruments that primarily expose the Group to interest rate risk are borrowings, fixed interest securities and cash and cash equivalents.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Sensitivity analysis

The following table illustrates the sensitivity to the Group's exposures to changes in interest rates and equity prices. The table indicates how profit and equity values reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible.

The sensitivities assume that the movement in a particular variable is independent of other variables.

	Consolidated	
	2026	2025
	\$	\$
Change in profit after tax		
+1% in interest rates	876	717
-1% in interest rates	(876)	(717)
Change in equity		
+1% in interest rates	876	717
-1% in interest rates	(876)	(717)

(d) Fair value estimates

The directors estimates of the fair value of financial assets and liabilities are presented in the following table and compared to their carrying amounts as presented in the Statement of Financial Position. Differences between fair values and carrying amounts of financial instruments with fixed interest rates are due to the change in discount rates being applied to the market since their initial recognition by the company.

	Carrying amount 2026 \$	Fair Value 2026 \$	Carrying amount 2025 \$	Fair value 2025 \$

27 Operating segments

The Group operates in the financial services sector where it provides banking services to its clients. The Group operates in one geographic area being Creswick, Victoria and the surrounding district. The Group has a franchise agreement in place with Bendigo and Adelaide Bank Limited who account for the majority of the revenue earned by the Group.

28 Events occurring after the reporting date

Subsequent to the end of the financial year the Clunes ATM has been decommissioned. The ATM was removed and make good works were completed on 10 July 2026.

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

29 Contingencies

In the opinion of the Directors, the Group did not have any contingent assets or liabilities at 30 June 2026 (30 June 2025: none).

30 Key management personnel and related party disclosures

(a) Key management personnel

Any person(s) having authority or responsibility for planning, directing or controlling the activities of the entity, directly or indirectly including any Director (whether executive or otherwise) of that entity is considered key management personnel.

Short term employee benefits

These amounts include fees and benefits paid to the non-executive Chair and non-executive Directors as well as all salary, paid leave benefits, fringe benefits and cash bonuses awarded to Executive Directors and other key management personnel.

Notes to the Financial Statements

For the Year Ended 30 June 2026

Post employment benefits

These amounts are the current year's estimated cost of providing the Group's defined benefits scheme post-retirement, superannuation contributions made during the year and post employment life insurance benefits.

Other long term benefits

These amounts represent long service leave benefits accruing during the year, long-term disability benefits and deferred bonus payments.

Share based payments

These amounts represent the expense related to the participation of key management personnel in equity-settled benefits as measured by the fair value of the options, rights and shares granted on grant date.

(b) Other related parties

Other related parties include close family members of key management personnel and entities that are controlled or significantly influenced by those key management personnel, individually or collectively with their close family members.

(c) Key management personnel shareholdings

The number of ordinary shares in Creswick & District Financial Services Ltd held by each person who was considered to be key management personnel during the year, and their related parties, in the Group is as follows:

	2026 No.	2025 No.

Cashflows from operations	272,565	359,681

Consolidated Entity Disclosure Statement

As at 30 June 2026

Basis of preparation

This consolidated entity disclosure statement has been prepared in accordance with section 295(3A) of the Corporations Act 2001. It includes certain information for Creswick and District Financial Services Ltd and the entities it controls in accordance with AASB 10 Consolidated Financial Statements.

Tax residency

Section 295(3A) of the Corporation Act 2001 defines tax residency as having the meaning in the Income Tax Assessment Act 1997. The determination of tax residency may involve judgement as there are different interpretations that could be adopted, and which could give rise to a different conclusion on residency.

In determining tax residency, the consolidated entity has applied the following interpretations:

Australian tax residency

Current legislation and judicial precedent has been applied, including having regard to the Tax Commissioner's public guidance.

Foreign tax residency

Where appropriate, independent tax advisers in foreign jurisdictions have been engaged to assist in the determination of tax residency to ensure applicable foreign tax legislation has been complied with.

Trusts and Partnerships

Australian tax law generally does not contain residency tests for trusts and partnerships and these entities are typically taxed on a flow through basis. Additional disclosures regarding the tax status of trusts and partnerships have been included where relevant.

Name of Entity	Entity Type	Trustee, partner or participant in joint venture	Country of Incorporation	% of share capital	Australian or foreign tax resident	Foreign jurisdiction of foreign residents
Creswick and District Financial Services Ltd	Company	n/a	Australia	n/a	Australian	n/a
Creswick Community Property Group Pty Ltd	Company	n/a	Australia	100%	Australian	n/a

Directors' Statement

The directors of the Company declare that:

1. the consolidated financial statements and notes for the year ended 30 June 2026 are in accordance with the *Corporations Act 2001* and:
 - a. comply with Accounting Standards, which, as stated in basis of preparation Note 1 to the consolidated financial statements, constitutes explicit and unreserved compliance with International Financial Reporting Standards (IFRS); and
 - b. give a true and fair view of the financial position and performance of the consolidated group;
2. The information disclosed in the attached consolidated entity disclosure statement is true and correct.
3. In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditors' Report to the members of Creswick & District Financial Services Ltd

Opinion

We have audited the financial report of Creswick & District Financial Services Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies, and the directors' statement.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Group's financial position as at 30 June 2026 and of its financial performance for the year ended; and
- ii. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*
- b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and for such internal control as the directors determine is necessary to enable the preparation of:
 - i. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
 - ii. the consolidated entity disclosure statement that is true and correct and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Independent Auditors' Report to the members of Creswick & District Financial Services Ltd

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.
