Chairman's report

For year ending 30 June 2009

Welcome to your third Annual Report of Dancoor Community Finances Limited. With another year coming around reasonably quickly it seems as though our progress in getting our profit column to a better position to enable us to start putting money back into the community is coming along slower than we had hoped. This progress, as I have been told from other **Community Bank®** companies, is not unusual with some haven taken three to four years, the odd one five years, before they reach their profit line.

The Dandaragan Coorow **Community Bank®** Branch is making steady progress in increasing our business growth; at 30 June 2009 it had reached \$20 million.

One small factor that may have an influence on how fast the business grows is the fact that about 20 percent of the shareholders live outside the Dandaragan and Coorow shires. This would suggest that these shareholders belong to another **Community Bank®** branch and like the concept that the **Community Bank®** model brings to their community. The other shareholders plan to retire to Jurien Bay one day and bank with us.

We have sent out and received back the surveys for the proposed setting up of agencies in Coorow and Dandaragan which we are grateful for the time people took to respond. The Board will now takes the next step to have a meeting with the people in the respective towns to go over the surveys or any other queries that may not have been covered in the surveys.

I would like to thank my fellow directors in the untiring work they have done during the year.

On behalf of the Board I would like to thank Peter Lyons and Debbie Jackson for their ongoing service to Dandaragan Coorow **Community Bank®** Branch.

J Stacy OAM
Chairman

Manager's report

For year ending 30 June 2009

In the last 12 months we have endured the most serious financial crisis since the 1930's. It has fundamentally changed the nature of banking, especially overseas where much of the world's banking system has been nationalised as economies have struggled to cope.

Australia has been relatively unaffected, in part because of decisive action by regulators and government. Despite the global financial crisis Dandaragan Coorow **Community Bank®** Branch and our grassroots style of banking has marched steadily on.

We fell behind on our anticipated business growth by \$1 million from our normal day to day banking operations but were able to make this up on other business opportunities where we exceeded our budget by \$1 million. At the end of the financial year our total business portfolio was \$20 million which represented a growth of \$8.3 million.

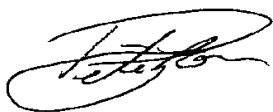

Over the year we have seen a number of staff changes and I would like to thank the efforts of Debbie Jackson who is the only other staff member besides myself to have worked the whole year. I also want to thank the staff who have left for their efforts:- Rachel Shaw, Stacey McQuistan and Jen Steadman; and finally to welcome our newer staff members:- Janet Lyon and Leanne Green.

There is a particular group of people who deserve special mention and thanks and they are the Directors who have met monthly and talked with me often about the business. They have guided us through the year and their help has been very much appreciated.

Finally, I need to thank all our shareholders and customers for their continuing support and for promoting with pride and confidence. Their support ultimately benefits our communities.

Our objective this year is to continue growing through acquiring a bigger market share of local business and encourage more local residents to bank with us. After the contraction experience in the previous financial year, we are expecting some long term growth in the two shires we service and we are in a position to capitalise on business opportunities by providing a broad range of consumer, business and rural products.

The future looks good for Dandaragan Coorow **Community Bank®** Branch and the communities it supports, and with everyone's support we are expecting a good year.

Peter Lyons
Branch Manager

Bendigo and Adelaide Bank Ltd report

For year ending 30 June 2009

2008/09 will go down as one of the most tumultuous financial years in history. The global financial crisis and its aftermath wiped trillions of dollars off the world's net wealth. Some of the biggest names in international banking disappeared; many other banks – vastly bigger than Bendigo and Adelaide Bank Ltd – turned to governments to bail them out. Not surprisingly, confidence sagged, reflected in rising unemployment and stock markets falling by around half their former valuations.

In short, we have seen the biggest financial meltdown since the Great Depression of nearly 80 years ago.

Amidst all that turmoil, though, our grassroots banking movement marched steadily on. Twenty new **Community Bank®** branches joined Bendigo and Adelaide Bank Ltd's national network. Around 120,000 new customers switched to the Bendigo style of banking. And 70 more communities continued their local campaign to open a **Community Bank®** branch.

Those statistics are impressive in themselves, but it is the story behind them that is really important.

That's the story of ordinary people – an awful phrase, but you know what I mean – who inherently understand that the role of a bank is to feed into prosperity, rather than profit from it. That lesson was forgotten by many bankers across the globe, with devastating consequences. But it is now well understood by the residents of 237 towns and suburbs that own their own **Community Bank®** branch, because every day they see the fruits of their investment in locally owned banking.

Again, the statistics are impressive enough – \$29 million paid out in community projects and nearly \$11 million in local shareholder dividends. But again, the real stories lie behind the numbers – new community centres and fire trucks, more local nurses, new walking tracks and swimming pools, safer young drivers, more trees and fewer wasteful incandescent globes, innovative water-saving projects... the list goes on.

And of course more money retained and spent locally. And more jobs. Fifteen hundred or so just in the branches alone. More because of the flow-on, or multiplier, effect of those wages being spent locally. And yet more because of the extra shopping now done in communities made more prosperous and active by having their own bank branch.

Community Bank® branches have not escaped the fallout from the global turmoil. Like Bendigo and Adelaide Bank Ltd, they have received less income than in normal times. But also like Bendigo and Adelaide Bank Ltd, they have not needed anyone's help to get through this crisis. And every day we are reminded that banks that are relevant and connected locally will be valued by their customers and communities. For the better of all.

Russell Jenkins
Chief General Manager

Directors' report

For year ending 30 June 2009

Your Directors present their report, together with the financial statements of the Company for the financial year ended 30 June 2009.

Directors

The names of Directors in office at any time during or since the end of the year are:

John Malcom Stacy

Company Secretary

Graeme John Maley

I have grown up on the family farm "Katika" a wheat and sheep enterprise of 1200ha at Marchagee, was the State Secretary for the WA Seedgrowers Association as well as a board member of the Australian Field Crops Association. I have held office in the Coorow Golf, Tennis and Cricket clubs as well as Association office.

I was the Chairman on the Coorow Telecentre from 2000 to 2003 and continue as treasurer. I have also been involved with local land care committees and the Coorow Community Farm committee.

Directors' report continued

Directors' meetings attended

During the financial year, 12 meetings of Directors (including committees of directors) were held.

Attendances by each Director during the year were as follows:

Names of Directors	Directors' Meetings	
	Number eligible to attend	Number attended
John Malcolm Stacy	12	11
Barbara Therese Coyne de Meur	12	11
Graeme John Maley	12	10
Ian Lawrence Kelly	12	11
Robin Adele Randall	12	11
Michael Sheppard	12	12
Alan Robert Thompson	12	10
Judith Elizabeth Reardon	3	3
Lillian Sophie Thompson	2	2

Principal activity and review of operations

The principal activity and focus of the Company's operations during the year was the operation of a Branch of Bendigo and Adelaide Bank Ltd, pursuant to a franchise agreement.

Operating results

The loss incurred by the Company amounted to \$267,615.

Dividends paid or recommended

The Company did not pay or declared any dividends during the year.

Financial position

The net asset deficit of the Company at year end was \$91,402, which is deterioration on prior year due to the Company still going through its start-up phase.

The Directors believe the Company will be in a stable financial position.

Significant changes in state of affairs

In the opinion of the Directors, there were no significant changes in the state of affairs of the Company that occurred during the financial year under review, not otherwise disclosed in these financial statements.

After balance date events

No matters or circumstances have arisen since the end of the financial year that significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Directors' report continued

Future developments

Likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report, as the inclusion of such information is likely to result in unreasonable prejudice to the Company.

Options

No options over issued shares or interests in the Company were granted to Directors or Executives during or since the end of the financial year and there were no options outstanding at the date of this report.

The Directors and Executive do not own any options over issued shares or interests in the Company at the date of this report.

Indemnifying officers or auditor

Indemnities have been given, during and since the end of the financial year, for any persons who are or have been a Director or an officer, but not an auditor, of the Company. The insurance contract prohibits disclosure of any details of the cover.

Environmental issues

The Company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth, State or Territory.

Proceedings on behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceedings during the year.

Corporate governance

The Company has implemented various corporate governance practices, which include:

- a) Director approval of operating budgets and monitoring of progress against these budgets;
- b) Ongoing Director training; and
- c) Monthly Director meetings to discuss performance and strategic plans

The Company has not appointed a separate audit committee due to the size and nature of operations. The normal functions and responsibilities of an audit committee have been assumed by the Board.

Directors' report continued

Non-audit services

The Board is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The Directors are satisfied that the services disclosed below did not compromise the external Auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the Board prior to commencement to ensure they do not adversely affect the integrity and objectivity of the Auditor; and
- the nature of the services provided do not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

The following fees for non-audit services were paid/payable to the external Auditors during the year ended 30 June 2009:

Taxation services:	\$7,442
--------------------	---------

Remuneration Report

This report details the nature and amount of remuneration for each key management person of the Company, and for the Executives receiving the highest remuneration.

Remuneration of Directors

No income was paid or was payable or otherwise made available, to the Directors of the Company during the years ended 30 June 2009 and 30 June 2008.

Remuneration policy

The remuneration policy of the Company has been designed to align key management personnel objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the Company's financial results. The board of the Company believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best key management personnel to run and manage the Company, as well as create goal congruence between Directors, Executives and shareholders.

The Board's policy for determining the nature and amount of remuneration for key management personnel of the Company is as follows:

- The remuneration policy, setting the terms and conditions for the key management personnel, was developed by the Board.
- All key management personnel receive a base salary (which is based on factors such as length of service and experience), and superannuation.
- The Board reviews key management personnel packages annually by reference to the Company's performance, Executive performance and comparable information from industry sectors.

Directors' report continued

The performance of key management personnel is measured against criteria agreed annually with each Executive and is based predominantly on the forecast growth of the Company's profits and shareholders' value. All bonuses and incentives must be linked to predetermined performance criteria. The Board may, however, exercise its discretion in relation to approving incentives and bonuses, which must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of Executives and reward them for performance that results in long-term growth in shareholder wealth.

The key management personnel receive a superannuation guarantee contribution required by the government, which is currently 9%, and do not receive any other retirement benefits. Some individuals may have chosen to sacrifice part of their salary to increase payments towards superannuation.

All remuneration paid to key management personnel is valued at the cost to the Company and expensed.

Performance-based remuneration

As part of each key management personnel's remuneration package there is a performance-based component, consisting of key performance indicators (KPIs). The intention of this program is to facilitate goal congruence between key management personnel with that of the business and shareholders. The KPIs are set annually, with a certain level of consultation with key management personnel to ensure buy-in.

The measures are specifically tailored to the areas each key management personnel is involved in and has a level of control over. The KPIs target areas the Board believes hold greater potential for Company expansion and profit, covering financial and non-financial as well as short- and long-term goals. The level set for each KPI is based on budgeted figures for the Company and respective industry standards.

Performance in relation to the KPIs is assessed annually, with bonuses being awarded depending on the number and deemed difficulty of the KPIs achieved. Following the assessment, the KPIs are reviewed by the remuneration committee in light of the desired and actual outcomes, and their efficiency is assessed in relation to the Company's goals and shareholder wealth, before the KPIs are set for the following year.

In determining whether or not a KPI has been achieved, the Company bases the assessment on audited figures.

Company performance, shareholder wealth and executive remuneration

The remuneration policy has been tailored to increase goal congruence between shareholders and Executives. The method applied in achieving this aim is a performance based bonus based on key performance indicators. The Company believes this policy to have been effective in increasing shareholder wealth over the past years.

Key management personnel remuneration policy

The remuneration structure for key management personnel is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the company.

The contracts for service between the company and key management personnel are on a continuing basis, the terms of which are not expected to change in the immediate future. Upon retirement key management personnel are paid employee benefit entitlements accrued to date of retirement.

The employment conditions of the key management personnel are formalised in contracts of employment. All Executives are permanent employees of the Company.

Directors' report continued

The employment contracts stipulate a resignation periods. The Company may terminate an employment contract without cause by providing appropriate written notice or making payment in lieu of notice, based on the individual's annual salary component together with a redundancy payment. Termination payments are generally not payable on resignation or dismissal for serious misconduct. In the instance of serious misconduct the Company can terminate employment at any time.

Performance income as a proportion of total remuneration

Executives are paid performance based bonuses based on set monetary figures, rather than proportions of their salary. This has led to the proportions of remuneration related to performance varying between individuals. The Board has set these bonuses to encourage achievement of specific goals that have been given a high level of importance in relation to the future growth and profitability of the Company.

The Board will review the performance bonuses to gauge their effectiveness against achievement of the set goals, and adjust future years' incentives as they see fit to ensure use of the most cost effective and efficient methods.

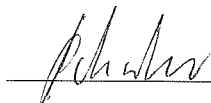

Directors' report continued

Auditor's Independence Declaration

A copy of the Auditor's independence declaration is included within the financial statements.

This Report of the Directors, incorporating the Remuneration Report, is signed in accordance with a resolution of the Board of Directors.

Notes to the financial statements

For year ending 30 June 2009

Note 1. Statement of significant accounting policies

The financial report has been prepared on a going concern basis after consideration by the Directors of the following matters

- (i) The Company is budgeting to return a profit within the next 2 to 5 years; and
- (ii) Bendigo and Adelaide Bank Ltd has confirmed that it will support the Company such that it will be in a position to meet its financial obligations for the next financial year. The provision of additional funding is dependent upon the Company fulfilling its ongoing responsibilities under the Franchise Agreement and continuing to work closely with Bendigo and Adelaide Bank Ltd management to further develop the business.

In consideration of the above matters, the Directors believe that it is appropriate to adopt the going concern basis of accounting in the preparation of this financial report.

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report covers the Company as an individual entity. The Company is a public Company, incorporated and domiciled in Australia.

Australian Accounting Standards set out accounting policies that the Australian Accounting Standards Board (AASB) has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs modified where applicable by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(a) Income tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Current tax assets and liabilities are offset where a legally enforceable right of set off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

(b) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

Plant and equipment

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal.

The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over their useful lives to the economic entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset	Depreciation rate
Plant & equipment	20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount.

These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

(c) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to entities in the Company are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the year.

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

(d) Financial instruments

Recognition and initial measurement

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the Company becomes a party to the contractual provisions of the instrument. Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the Company no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Classification and subsequent measurement

i. Financial assets at fair value through profit or loss

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Realised and unrealised gains and losses arising from changes in fair value are included in profit or loss in the period in which they arise.

ii. Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method.

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

iii. Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost using the effective interest rate method.

iv. Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either designated as such or that are not classified in any of the other categories. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

v. Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

Derivative instruments

Derivative instruments are measured at fair value. Gains and losses arising from changes in fair value are taken to the income statement unless they are designated as hedges.

The Company does not hold any derivative instruments.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all un securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the Company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the income statement.

Financial guarantees

Where material, financial guarantees issued, which require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due, are recognised as a financial liability at fair value on initial recognition. The guarantee is subsequently measured at the higher of the best estimate of the obligation and the amount initially recognised less, when appropriate, cumulative amortisation in accordance with AASB 118: Revenue. Where the Company gives guarantees in exchange for a fee, revenue is recognised under AASB 118.

The Company has not issued any financial guarantees.

(e) Impairment of assets

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired.

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value.

Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(f) Intangibles

Franchise fee

The franchise fee paid by the Company pursuant to a Franchise Agreement with Bendigo and Adelaide Bank Ltd is being amortised over the initial five (5) years period of the agreement, being the period of expected economic benefits of the franchise fee.

(g) Employee benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(h) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(i) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

(j) Revenue and other income

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

(k) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily

Notes to the financial statements continued

take a substantial period of time to prepare for their intended use or sale, are added to the cost of those

Note 1. Statement of significant accounting policies (continued)

assets, until such time as the assets are substantially ready for their intended use of sale.

All other borrowing costs are recognised in income in the period in which they are incurred.

(l) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(m) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(n) Critical accounting estimates and judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Key estimates — impairment

The Company assesses impairment at each reporting date by evaluating conditions specific to the Company that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

No impairment has been recognised in respect of intangibles for the year ended 30 June 2008. Should the projected turnover figures be materially outside of budgeted figures incorporated in value-in-use calculations, an impairment loss would be recognised up to the maximum carrying value of intangibles at 30 June 2009 amounting to \$5,085

(o) New accounting standards for application in future periods

The AASB has issued new, revised and amended standards and interpretations that have mandatory application dates for future reporting periods. The Company has decided against early adoption of these standards. A discussion of those future requirements and their impact on the Company follows:

AASB 3: Business Combinations, AASB 127: Consolidated and Separate Financial Statements, AASB 2008-3: Amendments to Australian Accounting Standards arising from AASB 3 and AASB 127 [AASBs 1,2,4,5,7,101,107, 112, 114, 116, 121, 128, 131, 132, 133, 134, 136, 137, 138 & 139 and Interpretations 9 & 107] (applicable for annual reporting periods commencing from 1 July 2009) and AASB 2008-7: Amendments to Australian Accounting Standards – Cost of an Investment in a Subsidiary, Jointly

Notes to the financial statements continued

Controlled Entity or Associate [AASB 1, AASB 118, AASB 121, AASB 127 & AASB 136] (applicable for annual

Note 1. Statement of significant accounting policies (continued)

reporting periods commencing from 1 January 2009). These standards are applicable prospectively and so will only affect relevant transactions and consolidations occurring from the date of application.

In this regard, its impact on the Company will be unable to be determined. The following changes to accounting requirements are included:

- acquisition costs incurred in a business combination will no longer be recognised in goodwill but will be expensed unless the cost relates to issuing debt or equity securities;
- contingent consideration will be measured at fair value at the acquisition date and may only be provisionally accounted for during a period of 12 months after acquisition;
- a gain or loss of control will require the previous ownership interests to be remeasured to their fair value;
- there shall be no gain or loss from transactions affecting a parent's ownership interest of a subsidiary with all transactions required to be accounted for through equity (this will not represent a change to the Company's policy);
- dividends declared out of pre-acquisition profits will not be deducted from the cost of an investment but will be recognised as income;
- impairment of investments in subsidiaries, joint ventures and associates shall be considered when a dividend is paid by the respective investee; and
- where there is, in substance, no change to Company interests, parent entities inserted above existing groups shall measure the cost of its investments at the carrying amount of its share of the equity items shown in the balance sheet of the original parent at the date of reorganisation.

The Company will need to determine whether to maintain its present accounting policy of calculating goodwill acquired based on the parent entity's share of net assets acquired or change its policy so goodwill recognised also reflects that of the non-controlling interest.

- AASB 8: Operating Segments and AASB 2007-3: Amendments to Australian Accounting Standards arising from AASB 8 [AASB 5, AASB 6, AASB 102, AASB 107, AASB 119, AASB 127, AASB 134, AASB 136, AASB 1023 & AASB 1038] (applicable for annual reporting periods commencing from 1 January 2009). AASB 8 replaces AASB 114 and requires identification of operating segments on the basis of internal reports that are regularly reviewed by the Company's Board for the purposes of decision making. While the impact of this standard cannot be assessed at this stage, there is the potential for more segments to be identified. Given the lower economic levels at which segments may be defined, and the fact that cash generating units cannot be bigger than operating segments, impairment calculations may be affected. Management does not presently believe impairment will result however.
- AASB 101: Presentation of Financial Statements, AASB 2007-8: Amendments to Australian Accounting Standards arising from AASB 101, and AASB 2007-10: Further Amendments to Australian Accounting Standards arising from AASB 101 (all applicable to annual reporting periods commencing from 1 January

Notes to the financial statements continued

2009). The revised AASB 101 and amendments supersede the previous AASB 101 and redefines the

Note 1: Statement of significant accounting policies (continued)

composition of financial statements including the inclusion of a statement of comprehensive income. There will be no measurement or recognition impact on the Company. If an entity has made a prior period adjustment or reclassification, a third balance sheet as at the beginning of the comparative period will be required.

- AASB 123: Borrowing Costs and AASB 2007-6: Amendments to Australian Accounting Standards arising from AASB 123 [AASB 1, AASB 101, AASB 107, AASB 111, AASB 116 & AASB 138 and Interpretations 1 & 12] (applicable for annual reporting periods commencing from 1 January 2009). The revised AASB 123 has removed the option to expense all borrowing costs and will therefore require the capitalisation of all borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset. Management has determined that there will be no effect on the Company as a policy of capitalising qualifying borrowing costs has been maintained by the Company.
- AASB 2008-1: Amendments to Australian Accounting Standard – Share-based Payments: Vesting Conditions and Cancellations [AASB 2] (applicable for annual reporting periods commencing from 1 January 2009). This amendment to AASB 2 clarifies that vesting conditions consist of service and performance conditions only. Other elements of a share-based payment transaction should therefore be considered for the purposes of determining fair value. Cancellations are also required to be treated in the same manner whether cancelled by the entity or by another party.
- AASB 2008-2: Amendments to Australian Accounting Standards – Puttable Financial Instruments and Obligations Arising on Liquidation [AASB 7, AASB 101, AASB 132 & AASB 139 & Interpretation 2] (applicable for annual reporting periods commencing from 1 January 2009). These amendments introduce an exception to the definition of a financial liability to classify as equity instruments certain puttable financial instruments and certain other financial instruments that impose an obligation to deliver a pro-rata share of net assets only upon liquidation.
- AASB 2008-5: Amendments to Australian Accounting Standards arising from the Annual Improvements Project (July 2008) (AASB 2008-5) and AASB 2008-6: Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project (July 2008) (AASB 2008-6) detail numerous non-urgent but necessary changes to accounting standards arising from the IASB's annual improvements project. No changes are expected to materially affect the Company.
- AASB 2008-8: Amendments to Australian Accounting Standards – Eligible Hedged Items [AASB 139] (applicable for annual reporting periods commencing from 1 July 2009). This amendment clarifies how the principles that determine whether a hedged risk or portion of cash flows is eligible for designation as a hedged item should be applied in particular situations and is not expected to materially affect the Company.
- AASB 2008-13: Amendments to Australian Accounting Standards arising from AASB Interpretation 17 – Distributions of Non-cash Assets to Owners [AASB 5 & AASB 110] (applicable for annual reporting periods commencing from 1 July 2009). This amendment requires that non-current assets held for

Notes to the financial statements continued

Note 1. Statement of significant accounting policies (continued)

costs to distribute.

- AASB Interpretation 15: Agreements for the Construction of Real Estate (applicable for annual reporting periods commencing from 1 January 2009). Under the interpretation, agreements for the construction of real estate shall be accounted for in accordance with AASB 111 where the agreement meets the definition of 'construction contract' per AASB 111 and when the significant risks and rewards of ownership of the work in progress transfer to the buyer continuously as construction progresses. Where the recognition requirements in relation to construction are satisfied but the agreement does not meet the definition of 'construction contract', revenue is to be accounted for in accordance with AASB 118. Management does not believe that this will represent a change of policy to the Company.
- AASB Interpretation 16: Hedges of a Net Investment in a Foreign Operation (applicable for annual reporting periods commencing from 1 October 2008). Interpretation 16 applies to entities that hedge foreign currency risk arising from net investments in foreign operations and that want to adopt hedge accounting. The interpretation provides clarifying guidance on several issues in accounting for the hedge of a net investment in a foreign operation and is not expected to impact the Company.
- AASB Interpretation 17: Distributions of Non-cash Assets to Owners (applicable for annual reporting periods commencing from 1 July 2009). This guidance applies prospectively only and clarifies that non-cash dividends payable should be measured at the fair value of the net assets to be distributed where the difference between the fair value and carrying value of the assets is recognised in profit or loss.

The Company does not anticipate early adoption of any of the above reporting requirements and does not expect these requirements to have any material effect on the Company's financial statements.

(p) Authorisation for financial report

The financial report was authorised for issue on 15 September 2009 by the Board of Directors

Notes to the financial statements continued

	2009 \$	2008 \$
Note 2. Revenue		
Franchise margin income	139,411	71,792
Interest revenue	146	10,416
	139,557	82,208

Note 3. Expenses

Advertising and marketing	4,011	2,065
ASIC costs	1,000	1,065
ATM leasing and running costs	6,563	6,145
Bad Debts	-	60
Community sponsorship and donations	2,710	111
Freight and postage	12,110	11,377
Insurance	13,954	12,034
IT leasing and running costs	35,382	33,770
Occupancy running costs	21,471	20,287
Printing and stationary	5,198	8,329
Rental on operating lease	19,334	13,200
Start-up costs	-	-
Other operating expenses	30,392	37,735
	152,125	146,178

Remuneration of the Auditors of the Company

Audit services	3,800	5,350
Other services	4,750	4,000
	8,550	9,350

Notes to the financial statements continued

	2009 \$	2008 \$
Note 4. Income tax expense		
No income tax is payable by the Company as it has recouped tax losses previously brought to account for income tax purposes.		
a. The components of tax expense comprise:		
Current tax	-	-
Deferred tax (Note 22)	-	-
b. The prima facie tax on profit before income tax is reconciled to the income tax as follows:		
Prima facie tax payable on profit before income tax at 30% (2008: 30%)	(80,284)	(98,921)
Add:		
Tax effect of:		
– deferred tax assets not brought to account	79,655	103,002
– non-deductible depreciation and amortisation	600	600
– other non-allowable items	6,029	1,336
Less:		
Tax effect of:		
– recoupment of prior year tax losses not previously brought to account		
– other allowable items	(6,000)	(6,017)
Income tax attributable to the Company	-	-

At balance date, the Company had tax losses of \$753,833 (2008: \$505,250) which are available to offset future years' taxable income.

The future income tax benefit of these tax losses is \$226,150 (2008: \$151,575). This benefit has been recognised as an asset in the statement of financial position as there is a high probability of its realisation. The benefits will only be obtained if:

- the Company derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the loss to be realised;
- the Company continues to comply with the conditions for deductibility imposed by the law; and
- no changes in tax legislation adversely affect the Company in realising the benefit from the deductions for the losses.

Notes to the financial statements continued

Note 5. Key management personnel compensation

a. Names and positions

Name	Position
John Stacy	Chairman
Barbara de Meur	Non-Executive Director
Graeme Maley	Non-Executive Director
Ian Kelly	Non-Executive Director

b. Credit Standby Arrangement and Loan Facilities

The Company has a bank overdraft facility amounting to \$295,000. This may be terminated at any time at the option of the bank. At 30 June 2009, \$190,420 of this facility was used. The overdraft facility is interest free for the period 11 February 2009 to 11 August 2009. After the initial six months, the interest rates are variable.

Note 16. Related party transactions

Dancoor Community Finances Limited contracts out its Treasurer position to Central West Accounting Solutions, of which Barbara de Meur is a partner. Amounts paid to Central West Accounting Solutions over the 2009 financial year were \$2,023.

No other related parties have entered into a transaction with the Company during the financial years ended 30 June 2009 and 30 June 2008.

Note 17. Leasing commitments

Non cancellable operating lease commitment contracted for but not capitalised in the financial statements

Payable

Not longer than 1 year	15,840	15,840
Longer than 1 year but not longer than 5 years	26,400	42,240
	42,240	58,080

Notes to the financial statements continued

Note 18. Financial risk management

The Company's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable, loans, bills and leases.

The directors' overall risk management strategy seeks to assist the Company in meeting its financial targets, whilst minimising potential adverse effects on financial performance.

a. Financial risk management policies

Risk management policies are approved and reviewed by the Board of Directors on a regular basis. These include the credit risk policies and future cash flow requirements.

The main purpose of non-derivative financial instruments is to raise finance for Company operations.

The Company does not have any derivative instruments at 30 June 2009.

b. Financial risk exposures and management

The main risks the Company is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

i. Interest rate risk

Interest rate risk is managed with a mixture of fixed and floating rate debt.

ii. Foreign currency risk

The company is not exposed to fluctuations in foreign currencies.

iii. Liquidity risk

The Company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

iv. Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements.

There are no material amounts of collateral held as security at 30 June 2009.

The Company does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the Company.

Credit risk is managed reviewed regularly by the Board of Directors. It arises from exposures to customers as well as through deposits with financial institutions.

Notes to the financial statements continued

Note 18. Financial risk management (continued)

The Board of Directors monitors credit risk by actively assessing the rating quality and liquidity of counter parties:

- all potential customers are rated for credit worthiness taking into account their size, market position and financial standing; and
- customers that do not meet the company's strict credit policies may only purchase in cash or using recognised credit cards.

The trade receivables balances at 30 June 2009 and 30 June 2008 do not include any counterparties with external credit ratings. Customers are assessed for credit worthiness using the criteria detailed above.

v. Price risk

The company is not exposed to any material commodity price risk.

c. Financial Instrument Composition and Maturity analysis

The table below reflects the undiscounted contractual settlement terms for financial instruments of a fixed period of maturity, as well as management's expectations of the settlement period for all other financial instruments. As such, the amounts may not reconcile to the balance sheet.

		Variable	Fixed			
	Weighted average effective interest rate	Floating interest rate	Within 1 year	Within 1 to 5 years	Non interest bearing	Total
Financial assets						
Cash and cash equivalents		-	-	-	256	256
Loans and receivables		-	-	-	7,538	7,538
Total financial assets		-	-	-	7,794	7,794
Financial liability						
Bank overdraft secured					190,420	190,420
Trade and other payables		-	-	-	28,851	28,851
Total financial liabilities		-	-	-	219,271	219,271

Notes to the financial statements continued

Note 18. Financial risk management (continued)

2008

		Variable	Fixed			
	Weighted average effective interest rate	Floating interest rate	Within 1 year	Within 1 to 5 years	Non interest bearing	Total
Financial assets						
Cash and cash equivalents	3.05%	37,049	-	-	221	37,270
Loans and receivables		-	-	-	1,622	1,622
Total financial assets		37,049	-	-	1,843	38,892
Financial liability						
Trade and other payables		-	-	-	27,031	27,031
Total financial liabilities		-	-	-	27,031	27,031

	2009 \$	2008 \$
Trade and sundry payables are expected to be paid as followed:		
Less than 6 months	28,851	27,031
6 months to 1 year	-	-
1 to 5 years	-	-
Over 5 years	-	-
	28,851	27,031

d. Net Fair Values

The net fair values of investments have been valued at the quoted market bid price at balance date adjusted for transaction costs expected to be incurred. For other assets and other liabilities the net fair value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets in standardised form other than investments. Financial assets where the carrying amount exceeds net fair values have not been written down as the Company intends to hold these assets to maturity.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the balance sheet and in the notes to the financial statements.

Fair values are materially in line with carrying values.

Notes to the financial statements continued

Note 18. Financial risk management (continued)

e. Sensitivity analysis

i. Interest rate risk

The Company has performed a sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

ii. Interest rate sensitivity analysis

At 30 June 2009, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant would be as follows:

2009

		-2 %		+ 2%	
	Carrying amount	Profit	Equity	Profit	Equity
	\$	\$	\$	\$	\$
<i>Financial assets</i>					
Cash and cash equivalents	-	-	-	-	-
<i>Financial liability</i>	-	-	-	-	-
Bank overdraft secured	30				

2008

		-2 %		+ 2%	
	Carrying amount	Profit	Equity	Profit	Equity
	\$	\$	\$	\$	\$
<i>Financial assets</i>					
Cash and cash equivalents	37,049	741	741	(741)	(741)

The above interest rate sensitivity analysis has been performed on the assumption that all other variables remain unchanged. The Company has no exposure to fluctuations in foreign currency.

Note 19. Segment reporting

The Company operates in the financial services sector as a branch of Bendigo and Adelaide Bank Ltd in Western Australia.

Notes to the financial statements continued

Note 20. Events after the balance sheet date

No matters or circumstances have arisen since the end of the financial year that significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

Note 21. Contingent liabilities and contingent assets

There were no contingent liabilities or contingent assets at the reporting date.

	2009 \$	2008 \$
--	------------	------------

Note 22. Tax

a. Reconciliations

Deferred Tax Assets

Deferred tax assets not brought to account,
the benefits of which will only be realised if
the conditions for deductibility set out below:

Provisions	5,080	2,758
Tax losses: operating losses	226,150	151,575
	231,230	154,333

Note 23. Company details

The registered office and principal place of business of the Company is:

11 Sandpiper Street

Jurien Bay WA 6516

Directors' declaration

The Directors of the Company declare that:

1. the accompanying financial statements and notes are in accordance with the Corporations Act 2001 and:
 - a. comply with Accounting Standard; and
 - b. give a true and fair view of the financial position as at 30 June 2009 and of the performance for the year ended on that date of the Company

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

DANCOOR COMMUNITY FINANCES LIMITED

Report on the Financial Report

We have audited the accompanying financial report of Dancoor Community Finances Limited ("the company"), which comprises the balance sheet as at 30 June 2009 and the income statement, statement of changes in equity and cash flow statement for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that compliance with the Australian equivalents to International Financial Reporting Standards ensures that the financial report, comprising the financial statements and notes, complies with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independent audit report continued

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's Opinion

In our opinion:

- (a) the financial report of Dancoor Community Finances Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2009 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
- (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Report on the Remuneration Report

We have audited the Remuneration Report included in the directors' report for the financial year ended 30 June 2009. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's Opinion

In our opinion the Remuneration Report of Dancoor Community Finances Limited for the financial year ended 30 June 2009 complies with section 300A of the *Corporations Act 2001*.
