Chairman's report

For year ending 30 June 2016

The year in review

Following the difficult circumstances of the previous year the outcome of the company for the 2015/16 financial year was positive, although the Reserve Bank adjusted the Cash Rate lower by 25 Basis Points thus continuing the downward trend from earlier years. Throughout the year business conditions remained challenging but improving, showing an increase in activity for domestic and business loans. Deposits remained strong at 64% of the business and continuing intense competition in the market caused a further decline in the margin for both deposit and loan segments.

During the year the branch managed to achieve an increase in business by the end of the financial year, although funds under management at the end of the financial year were less than 1% under budget. Overall, a comparison of actual versus budget saw a positive variance in income of 1.7%, a reduction in employment expenses of 3.2%, as well as a reduction of total general expenses 3.0%. A combination of improved trading and reduced expenditure contributed to the profit for the year of \$36,704 after income tax, or 5.6% on a turnover of \$658,779. Accordingly, these factors resulted in Earnings per Share of 4.89 cents.

Business development

The company is actively seeking additional business and anticipates that prospects will improve during the year with growing employment stability for staff and the appointment of a new Manager. We will also continue our focus on cost control and this, with the anticipated improvement in business activity, should result in a better result for the year as the market picks up.

The Board

During the financial year, existing Directors continued to bring their experience and knowledge to bear in the governance and effective operation of the company. The Board is also pleased to advise that two new female Directors, Kate Dwyer and Alisha Gilliland will be appointed to the Board during the early part of the forthcoming financial year. I wish to place on record my appreciation for the dedication and hard work of all of our Directors, particularly those that Chair each of the Board Sub-Committees as well as our Treasurer Tristan Creed.

Community contributions

The company has a proud record of distributing capital, to enhance community infrastructure and contribute to the various activities and representative groups that make up the community. During the years since inception, the company is pleased to have contributed by way of charitable donations, grants and sponsorships to the support of the community as outlined in the following table:

Financial Year	Total
2005/06	\$363
2006/07	\$8,552
2007/08	\$30,402
2008/09	\$31,363
2009/10	\$60,403
2010/11	\$65,095
2011/12	\$29,440

Financial Year	Total
2012/13	\$55,488
2013/14	\$24,850
2014/15	\$45,246
2015/16	\$81,022
Grand total	\$432,224

* Note: Some annual totals included in the table above vary from those provided in previous years due to rounding and previous categorisation errors.

Chairman's report (continued)

The year to come and beyond

Record low interest rates continue to affect the margin for our major offerings for loans and deposits and to offset the lower than desirable revenue we must continue our focus on other products, particularly the new offerings developed by Bendigo Bank. Our community connections continue to be our major point of difference in the market compared with our competitors and we must constantly seek to capitalise this in all our business dealings.

We anticipate that further opportunities will develop through the initiative of the Gippsland-wide Marketing Cluster, whereby collectively we will be able to present a credible uniform marketing approach to our shared customer base. We acknowledge the importance of the local municipal authorities of Bass Coast and South Gippsland Shires and regional philanthropic organisations in the region and will continue our involvement in determining optimal community assets and services. During the year past we successfully renewed our franchise agreement with Bendigo and Adelaide Bank, thus providing a solid platform for business development into the future. Moreover, the commencement of Funds Transfer Pricing for **Community Bank**[®] companies from 1 July 2016, as introduced by Bendigo and Adelaide Bank, appears to offer our company the opportunity to improve business performance for the forthcoming and future years.

The branch team

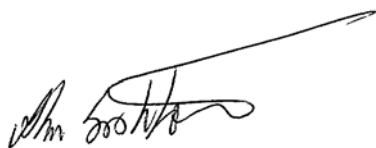

During the year we were pleased to welcome our new Branch Manager, Cheryl Clasby. Cheryl comes to us with a strong background in local banking operations and is focussing on building a strong branch team to deliver banking products and services to our community. During the year we also welcomed a number of new members of the branch team and we look forward to their contribution in conjunction with our ongoing members Emma-Jane Demunk and Denise Wilson providing valued service to customers throughout the year. The Board acknowledges the high level service that is provided to our customers through staff dedication and professionalism and appreciates their endeavours.

Our shareholders

Without shareholders investing in the formation of the company, the outcomes achieved to date would not have been possible. The Board and I appreciate that shareholders require some reward for their forbearance during the formative years for the company and in the previous calendar year; accordingly, in considering the business results for the past year the Board believe that a dividend be distributed this year.

Our community

The Inverloch & District **Community Bank**[®] Branch continues to be well supported by the community and this is evidenced by the number of customers currently serviced by the branch. The Board still believe that there is potential for further growth of customer numbers and will strive to raise the level of awareness about the **Community Bank**[®] concept and the benefits that can be achieved for community infrastructure and growth.

Alan Gostelow
Chairman

Manager's report

For year ending 30 June 2016

It is with great pleasure that I present my first Branch Manager's report for the year ending the year 30 June 2016 on behalf of Inverloch & District **Community Bank**[®] Branch.

It has been a challenging year with customers paying down debt while interest rates are at their lowest. Although we ended the year with a \$4.1 million increase in our total footings, it has been a tough year to meet our business objectives. However signs are positive with an increase in lending enquires in recent months.

- Loan portfolio \$ 36.2 million
- Deposit portfolio \$54.7 million
- Total footings \$97.5 million.

To my staff Emma and Denise, I say a big thank you for their professional service and dedication. We've had a few changes this year. We say good-bye to Maddie and wish her well in her career change as she takes up a position at the Wonthaggi branch. We welcome aboard Kath and Sarah and they are now very much part of our team. The staff are the face of our **Community Bank**[®] branch and their commitment and enthusiasm ensures that we continue to be successful.

I wish to extend my thanks to our Chairman Alan Gostelow and the Board of Directors who work behind the scenes on a voluntary basis to make sure your company remains strong.

From a **Community Bank**[®] branch perspective, our success relies on the support that we get from our community. With you supporting your local **Community Bank**[®] branch with your banking, be it deposit accounts, home loans, insurances or any financials needs, we achieve great things. Please share our stories. Our investors, supporters and customer are our greatest advocates in encouraging others to come join and share in the **Community Bank**[®] branch's success in our area.

Cheryl Clasby
Branch Manager

Bendigo and Adelaide Bank report

For year ending 30 June 2016

It's been 18 years since Bendigo Bank and two rural communities announced they were joining forces to open **Community Bank**[®] branches.

The initial aim was to return traditional bank branches to regional communities.

It was soon obvious that the 'community' aspect of this unique banking model was going to be just as important to all types of communities; whether they are rural, regional or urban.

Today, there are 312 **Community Bank**[®] communities in every state and territory of Australia.

The statistics are impressive:

- More than \$148 million in community contributions returned to local communities
- 1,900 Directors
- 1,500 staff
- More than \$38 million in shareholder dividends.

Yes, these figures are staggering.

But dig a little deeper and what's more significant is that social issues affecting every community in Australia have received funding from **Community Bank**[®] companies.

- Aged care
- Youth disengagement
- Homelessness
- Domestic and family violence
- Mental health
- Unemployment
- Environment

I have no doubt that your **Community Bank**[®] company has already had a role to play, either in a funding grant, sponsorship support or connecting locals with relevant government, corporate and not-for-profit organisations.

Behind every **Community Bank**[®] branch is a company Board of Directors. These people are local mums and dads, tradespeople, small business operators, farmers, lawyers, accountants, school teachers, office workers... and the list goes on.

As **Community Bank**[®] company Directors they volunteer their time, their professional expertise and their local knowledge to make your **Community Bank**[®] branch the success it is today.

To every single one of our 1,900-plus **Community Bank**[®] company Directors, thank you for your commitment, your confidence in Bendigo and Adelaide Bank and your vision to make your community a better place to live.

As a **Community Bank**[®] community, you're all change makers.

As a shareholder, you're critical to helping make things happen for the benefit of your community.

On behalf of Bendigo Bank, thank you.

Thank you for your support as a shareholder, your belief in your community and your faith in what a **Community Bank**[®] community can achieve.

Robert Musgrove
Executive Community Engagement

Interest in shares: Nil

Directors were in office for this entire year unless otherwise stated.

No directors have material interests in contracts or proposed contracts with the company.

Directors' report (continued)

Company Secretary

The company secretary is Suzette Moyle. Suzette was appointed to the position of secretary on 2 December 2015 after Alan Gostelow resigned from the position

Suzette's experience and expertise includes Diploma of Business (Administration), Diploma of Human Resources, Advanced Diploma of Management and Certificate IV in Frontline Management.

Principal Activities

The principal activities of the company during the financial year were facilitating **Community Bank**[®] services under management rights to operate a franchised branch of Bendigo and Adelaide Bank Limited.

There have been no significant changes in the nature of these activities during the year.

Operating results

Operations have continued to perform in line with expectations. The profit/(loss) of the company for the financial year after provision for income tax was:

Year ended 30 June 2016 \$	Year ended 30 June 2015 \$
36,704	(6,650)

Operating and financial review

The company is a franchisee of Bendigo & Adelaide Bank Limited providing financial products and services to individuals, businesses and organisations throughout the local area via the Inverloch & District **Community Bank**[®] Branch. While the Branch offers the full suite of Bendigo & Adelaide Bank products and services, margin earnings from firstly loans and then deposits are the predominant contributor to company results.

The profit result for the company for the 2015/16 Financial Year improved over that of the prior year by 650%. In addition the company exceeded budget profit targets established at the beginning of the period by 430%. Funds under management at the completion of the period at \$97.5M were broadly consistent with budget; however, earnings per \$M per Month were again marginally below 2014/15 results with average earnings of \$504 per \$M per Month for the reporting year compared with \$508 in 2014/15. The improvement in results for the year-end earnings before interest and tax (EBIT) result of \$52,597 and a margin of 8% compared with (2.0)% for the previous year, thereby contributing to an overall result of \$24.7K above budget.

Similar to comments for the 2014/15, during the year the company continues to be impacted upon by the historically low cash rates by the Reserve Bank that resulted in a corresponding decline in interest paid on deposit accounts, continuing the trend of lower than anticipated margins for this product group. Moreover intense competition from major financial service providers in the market place resulted in a highly competitive market for company products and services.

The company's base business segments of lending and deposits contribute the major proportion of earnings; however, funds under management this year (substantially the same as the previous year) are still not balanced with deposits making up 64%, while loans contribute to the remainder at 36%.

Financial Position

With the improvement of profit for the 2015/16 Financial Year, the Financial Position of the company has improved and remains relatively strong. For the forthcoming year it is anticipated that the implementation of Funds Transfer Pricing as the basis of margin calculation by Bendigo Bank will further improve business returns for the forthcoming year.

Directors' report (continued)

Operating and financial review (continued)

Financial Position (continued)

The cash position of the company improved for the reporting year by \$21,972 for a year end balance of \$548,526. Net assets at the end of the period were \$721,587 or \$36,704 more than the corresponding period for the prior year. This can be attributed to the operating profit of \$36,704 for the 2015/16 Financial Year.

Business Strategies

To address the current stage of development of the business and in recognition of the current financial circumstances both in the economy and the observed impact upon the Bendigo profit share model, the Board has determined for the 2016-2021 Financial Years, the company will focus upon five broad directions:

1. Strengthening our connection and level of engagement between important stakeholders and partners.
2. Strengthening our Directors role in our business structure and key customer and community segments.
3. Defining our future board skill and diversity mix and a structure that will deliver our Strategic Plan.
4. Focussing our business on the most profitable growth opportunities using our own local marketing plans.
5. Planning to achieve our future business performance expectations.

Future Prospects

The company is cognisant that there are few options to expand operations to other locations due to the nature of population disaggregation in our rural area. However, the company believes that there are opportunities to develop additional revenue through:

1. Acquiring additional customers through community links and a focus on local businesses.
2. Improving the range and number of products and services for each customer.
3. Developing and implementing strategies to improve customer uptake for the Agency.

The company anticipates that current market conditions are likely to improve during the forthcoming financial year, thereby increasing the number of customers, the take up of products and services, thereby improving revenue and profitability. Notwithstanding the prior Financial Year results and the dimensions and timing of any market turnaround, it is probable that the company will achieve the established strategic target of \$100M of funds under management in the 2016/2017 Financial Year.

Remuneration report

Directors' remuneration

No Director receives remuneration for services as a company Director or Committee Member.

There are no employees who are directly accountable and have responsibility for the strategic direction and operational management of the entity.

There are therefore no specified Executives whose remuneration requires disclosure.

Dividends

A two cent dividend was paid for the previous year and the directors recommended that no dividend be paid for the current year.

Significant changes in the state of affairs

In the opinion of the directors there were no significant changes in the state of affairs of the company that occurred during the financial year under review not otherwise disclosed in this report or the financial statements.

Events since the end of the financial year

There are no matters or circumstances that have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the company the results of those operations or the state of affairs of the company, in future years.

Likely developments

The company will continue its policy of facilitating banking services to the community.

Environmental regulation

The company is not subject to any significant environmental regulation.

Indemnification and insurance of directors and officers

The company has indemnified all directors and the manager in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or manager of the company except where the liability arises out of conduct involving the lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an auditor of the company or a related body corporate.

Directors' report (continued)

Directors' meetings

The number of directors' meetings attended by each of the directors of the company during the year were:

	Board Meetings Attended		Committee Meetings Attended			
			Finance & Audit		Marketing	
	Eligible	Attended	Eligible	Attended	Eligible	Attended
Alan Keith Gostelow	12	11	1	1	8	7

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party, for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the Corporations Act 2001.

Non audit services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the auditor (Andrew Frewin Stewart) for audit and non audit services provided during the year are set out in the notes to the accounts.

The board of directors has considered the position, in accordance with the advice received from the finance and audit committee and is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The directors are satisfied that the provision of non-audit services by the auditor, as set out in the notes did not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

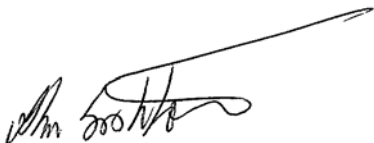

- all non-audit services have been reviewed by the finance and audit committee to ensure they do not impact on the impartiality and objectivity of the auditor
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants, including reviewing or auditing the auditor's own work, acting in a management or a decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risk and rewards.

Directors' report (continued)

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 13.

Signed in accordance with a resolution of the board of directors at Inverloch, Victoria on 24 August 2016.

A handwritten signature in black ink, appearing to read 'Alan Gostelow', with a long, sweeping horizontal line extending to the right.

Net increase/(decrease) in cash held		21,972	(7,737)
Cash and cash equivalents at the beginning of the financial year		526,554	534,291
Cash and cash equivalents at the end of the financial year	7(a)	548,526	526,554

The accompanying notes form part of these financial statements.

Notes to the financial statements

For year ended 30 June 2016

Note 1. Summary of significant accounting policies

a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standard Boards and the Corporations Act 2001. The company is a for-profit entity for the purpose of preparing the financial statements.

Compliance with IFRS

These financial statements and notes comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. These areas involving a higher degree of judgement or complexities, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Historical cost convention

The financial statements have been prepared under the historical cost convention on an accruals basis as modified by the revaluation of financial assets and liabilities at fair value through profit or loss and where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

Comparative figures

Where required by Australian Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Application of new and amended accounting standards

The following amendments to accounting standards issued by the Australian Accounting Standards Board (AASB) became mandatorily effective for accounting periods beginning on or after 1 July 2015, and are therefore relevant for the current financial year.

- AASB 2015-3 Amendments to Australian Accounting Standards arising from the Withdrawal of AASB 1031 Materiality.
- AASB 2015-4 Amendments to Australian Accounting Standards – Financial Reporting Requirements for Australian Groups with a Foreign Parent.

None of the amendments to accounting standards issued by the Australian Accounting Standards Board (AASB) that became mandatorily effective for accounting periods beginning on or after 1 July 2015, materially affected any of the amounts recognised in the current period or any prior period and are not likely to affect future periods.

The following accounting standards and interpretations issued by the Australian Accounting Standards Board (AASB) become effective in future accounting periods.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

a) Basis of preparation (continued)

Application of new and amended accounting standards (continued)

	Effective for annual reporting periods beginning on or after
AASB 9 Financial Instruments, and the relevant amending standards.	1 January 2018
AASB 15 Revenue from Contracts with Customers and AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15.	1 January 2018

AASB 2015-2 Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101.	1 January 2016
AASB 2015-5 Amendments to Australian Accounting Standards – Investment Entities: Applying the Consolidation Exception.	1 January 2016
AASB 2016-1 Amendments to Australian Accounting Standards - Recognition of Deferred Tax Assets for Unrealised Losses.	1 January 2017
AASB 2016-2 Amendments to Australian Accounting Standards - Disclosure Initiative: Amendments to AASB 107.	1 January 2017

The company has not elected to apply any accounting standards or interpretations before their mandatory operative date for the annual reporting period beginning 1 July 2015. Therefore the abovementioned accounting standards or interpretations have no impact on amounts recognised in the current period or any prior period.

Economic dependency - Bendigo and Adelaide Bank Limited

The company has entered into a franchise agreement with Bendigo and Adelaide Bank Limited that governs the management of the **Community Bank**[®] branch at Inverloch, Victoria.

The branch operates as a franchise of Bendigo and Adelaide Bank Limited, using the name “Bendigo Bank” and the logo and system of operations of Bendigo and Adelaide Bank Limited. The company manages the **Community Bank**[®] branch on behalf of Bendigo and Adelaide Bank Limited, however all transactions with customers conducted through the **Community Bank**[®] branch are effectively conducted between the customers and Bendigo and Adelaide Bank Limited.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

a) Basis of preparation (continued)

Economic dependency - Bendigo and Adelaide Bank Limited (continued)

All deposits are made with Bendigo and Adelaide Bank Limited, and all personal and investment products are products of Bendigo and Adelaide Bank Limited, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo and Adelaide Bank Limited, must be approved by Bendigo and Adelaide Bank Limited. All credit transactions are made with Bendigo and Adelaide Bank Limited, and all credit products are products of Bendigo and Adelaide Bank Limited.

The company promotes and sells the products and services, but is not a party to the transaction.

The credit risk (i.e. the risk that a customer will not make repayments) is for the relevant Bendigo and Adelaide Bank Limited entity to bear as long as the company has complied with the appropriate procedures and relevant obligations and has not exercised a discretion in granting or extending credit.

Bendigo and Adelaide Bank Limited provides significant assistance in establishing and maintaining the **Community Bank**[®] branch franchise operations. It also continues to provide ongoing management and operational support and other assistance and guidance in relation to all aspects of the franchise operation, including advice in relation to:

- advice and assistance in relation to the design, layout and fit out of the **Community Bank**[®] branch
- training for the branch manager and other employees in banking, management systems and interface protocol
- methods and procedures for the sale of products and provision of services
- security and cash logistic controls
- calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs
- sales techniques and proper customer relations.

The following is a summary of the material accounting policies adopted by the company in the preparation of the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

b) Revenue

Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the company and any specific criteria have been met. Interest and fee revenue is recognised when earned. The gain or loss on disposal of property, plant and equipment is recognised on a net basis and is classified as income rather than revenue. All revenue is stated net of the amount of Goods and Services Tax (GST).

Revenue calculation

Over the period from September 2013 to February 2015, Bendigo and Adelaide Bank Limited conducted a review of the **Community Bank**[®] model, known as 'Project Horizon'. This was conducted in consultation with the **Community Bank**[®] network. The objective of the review was to develop a shared vision of the **Community Bank**[®] model that positions it for success now and for the future.

The outcome of that review is that the fundamental franchise model and community participation remain unchanged. Changes to be implemented over a three year period reflect a number of themes, including a culture of innovation, agility and flexibility, network collaboration, director and staff development and a sustainable financial model. This will include changes to the financial return for **Community Bank**[®] companies from 1 July 2016. A funds transfer pricing model will be used for the method of calculation of the cost of funds, deposit return and margin. All revenue paid on core banking products will be through margin share. Margin on core banking products will be shared on a 50/50 basis.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

b) Revenue (continued)

Revenue calculation (continued)

The franchise agreement provides that three forms of revenue may be earned by the company – margin, commission and fee income. Bendigo and Adelaide Bank Limited decides the form of revenue the company earns on different types of products and services.

The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Core banking products

Bendigo and Adelaide Bank Limited has identified some Bendigo Bank Group products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days' notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits.

Margin

Margin is arrived at through the following calculation:

Interest paid by customers on loans less interest paid to customers on deposits
plus any deposit returns i.e. interest return applied by Bendigo and Adelaide Bank Limited for a deposit,
minus any costs of funds i.e. interest applied by Bendigo and Adelaide Bank Limited to fund a loan.

Note: In very simplified terms, currently, deposit return means the interest Bendigo and Adelaide Bank Limited gets when it invests the money the customer deposits with it. The cost of funds means the interest Bendigo and Adelaide Bank Limited pays when it borrows the money to give a customer a loan. From 1 July 2016, both will mean the cost for Bendigo and Adelaide Bank Limited to borrow the money in the market.

Products and services on which margin is paid include variable rate deposits and variable rate home loans. From 1 July 2016, examples include Bendigo Bank branded at call deposits, term deposits and home loans.

For those products and services on which margin is paid, the company is entitled to a share of the margin earned by Bendigo and Adelaide Bank Limited (i.e. income adjusted for Bendigo and Adelaide Bank Limited's interest expense and interest income return). However, if this reflects a loss, the company incurs a share of that loss.

Commission

Commission is a fee paid for products and services sold. It may be paid on the initial sale or on an ongoing basis. Commission is payable on the sale of an insurance product such as home contents. Examples of products and services on which ongoing commissions are paid include leasing and Sandhurst Trustees Limited products. This currently also includes Bendigo Bank branded fixed rate home loans and term deposits of more than 90 days, but these will become margin products from 1 July 2016.

Fee income

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

Ability to change financial return

Under the franchise agreement, Bendigo and Adelaide Bank Limited may change the form and amount of financial return that the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo and Adelaide Bank Limited earns revenue.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

b) Revenue (continued)

Ability to change financial return (continued)

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service. The effect of the change on the revenue earned by the company is entirely dependent on the change.

If Bendigo and Adelaide Bank Limited makes a change to the margin or commission on core banking products and services, it must not reduce the margin and commission the company receives on core banking products and services Bendigo and Adelaide Bank Limited attributes to the company to less than 50% (on an aggregate basis) of Bendigo and Adelaide Bank Limited's margin at that time. For other products and services, there is no restriction on the change Bendigo and Adelaide Bank Limited may make.

Bendigo and Adelaide Bank Limited must give the company 30 days' notice before it changes the products and services on which margin, commission or fee income is paid, the method of calculation of margin and the amount of margin, commission or fee income.

Monitoring and changing financial return

Bendigo and Adelaide Bank Limited monitors the distribution of financial return between **Community Bank**[®] companies and Bendigo and Adelaide Bank Limited on an ongoing basis.

Overall, Bendigo and Adelaide Bank Limited has made it clear that the **Community Bank**[®] model is based on the principle of shared reward for shared effort. In particular, in relation to core banking products and services, the aim is to achieve an equal share of Bendigo and Adelaide Bank Limited's margin.

As discussed above in relation to Project Horizon, among other things, there will be changes in the financial return for **Community Bank**[®] companies from 1 July 2016. This includes 50% share of margin on core banking products, all core banking products become margin products and a funds transfer pricing model will be used for the method of calculation of the cost of funds, deposit return and margin.

The Board is yet to appreciate the full impact of the above changes on our revenue moving forward. We would anticipate that by the time of this year's AGM we will be able to inform our shareholders of the likely outcomes of the new model.

The Board is continuing to work with Bendigo and Adelaide Bank Ltd to understand any potential changes to revenue and will provide further details as appropriate in due course.

c) Income tax

Current tax

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Deferred tax

Deferred tax is accounted for using the Balance Sheet liability method on temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

c) Income tax (continued)

Deferred tax (continued)

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities other than as a result of a business combination (which affects neither taxable income nor accounting profit). Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities reflects the tax consequences that would follow from the manner in which the consolidated entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax and when the balances relate to taxes levied by the same taxation authority and the company entity intends to settle its tax assets and liabilities on a net basis.

Current and deferred tax for the period

Current and deferred tax is recognised as an expense or income in the Statement of Profit or Loss and Other Comprehensive Income, except when it relates to items credited or debited to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

d) Employee entitlements

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

The company contributes to a defined contribution plan. Contributions to employee superannuation funds are charged against income as incurred.

e) Cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash includes cash on hand and in banks and investments in money market instruments, net of outstanding bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Balance Sheet.

f) Trade receivables and payables

Receivables are carried at their amounts due. The collectability of debts is assessed at balance date and specific provision is made for any doubtful accounts. Liabilities for trade creditors and other amounts are carried at cost that is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

g) Property, plant and equipment

Plant and equipment, leasehold improvements and equipment under finance lease are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the item. In the event that settlement of all or part of the purchase consideration is deferred, cost is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

Depreciation is provided on property, plant and equipment, including freehold buildings but excluding land. Depreciation is calculated on a straight line basis so as to write off the net cost of each asset over its expected useful life to its estimated residual value. Leasehold improvements are depreciated at the rate equivalent to the available building allowance using the straight line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period.

The following estimated useful lives are used in the calculation of depreciation:

• leasehold improvements	40 years
• plant and equipment	2.5 - 40 years
• furniture and fittings	4 - 40 years

h) Intangibles

The franchise fee paid to Bendigo and Adelaide Bank Limited has been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

The renewal processing fee paid to Bendigo and Adelaide Bank Limited when renewing the franchise agreement has also been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

i) Payment terms

Receivables and payables are non interest bearing and generally have payment terms of between 30 and 90 days.

j) Borrowings

All loans are initially measured at the principal amount. Interest is recognised as an expense as it accrues.

k) Financial instruments

Recognition and initial measurement

Financial instruments, incorporating financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial instruments are initially measured at fair value plus transaction costs. Financial instruments are classified and measured as set out below.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

k) Financial instruments (continued)

Classification and subsequent measurement

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method.

(ii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the entity's intention to hold these investments to maturity. They are subsequently measured at amortised cost using the effective interest rate method.

(iii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in the Statement of Profit or Loss and Other Comprehensive Income. Available-for-sale financial assets are included in non-current assets except where they are expected to be sold within 12 months after the end of the reporting period. All other financial assets are classified as current assets.

(iv) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

Impairment

At each reporting date, the entity assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the Statement of Profit or Loss and Other Comprehensive Income.

l) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership are transferred to the company are classified as finance leases. Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred. Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

m) Provisions

Provisions are recognised when the economic entity has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions or other past events, it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

Notes to the financial statements (continued)

Note 1. Summary of significant accounting policies (continued)

m) Provisions (continued)

A provision for dividends is not recognised as a liability unless the dividends are declared, determined or publicly recommended on or before the reporting date.

n) Contributed equity

Ordinary shares are recognised at the fair value of the consideration received by the company. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

o) Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

p) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Balance Sheet. Cash flows are included in the Statement of Cash Flows on a gross basis.

The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Note 2. Financial risk management

The company's activities expose it to a limited variety of financial risks: market risk (including currency risk, fair value interest risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the entity. The entity does not use derivative instruments.

Risk management is carried out directly by the board of directors.

(i) Market risk

The company has no exposure to any transactions denominated in a currency other than Australian dollars.

(ii) Price risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

(iii) Credit risk

The company has no significant concentrations of credit risk. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo and Adelaide Bank Limited.

(iv) Liquidity risk

Prudent liquidity management implies maintaining sufficient cash and marketable securities and the availability of funding from credit facilities. The company believes that its sound relationship with Bendigo and Adelaide Bank Limited mitigates this risk significantly.

Notes to the financial statements (continued)

Note 2. Financial risk management (continued)

(v) Cash flow and fair value interest rate risk

Interest-bearing assets are held with Bendigo and Adelaide Bank Limited and subject to movements in market interest. Interest-rate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk. The company believes that its sound relationship with Bendigo and Adelaide Bank Limited mitigates this risk significantly.

(vi) Capital management

The board's policy is to maintain a strong capital base so as to sustain future development of the company. The board of directors monitor the return on capital and the level of dividends to shareholders. Capital is represented by total equity as recorded in the Balance Sheet.

In accordance with the franchise agreement, in any 12 month period, the funds distributed to shareholders shall not exceed the distribution limit:

The distribution limit is the greater of:

- (a) 20% of the profit or funds of the franchisee otherwise available for distribution to shareholders in that 12 month period; and
- (b) subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the franchisee over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid for the year ended 30 June 2016 can be seen in the Statement of Profit or Loss and Other Comprehensive Income.

There were no changes in the company's approach to capital management during the year.

Note 3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

Management has identified the following critical accounting policies for which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

Further details of the nature of these assumptions and conditions may be found in the relevant notes to the financial statements.

Taxation

Judgement is required in assessing whether deferred tax assets and certain tax liabilities are recognised on the Balance Sheet. Deferred tax assets, including those arising from un-recouped tax losses, capital losses and temporary differences, are recognised only where it is considered more likely than not that they will be recovered, which is dependent on the generation of sufficient future taxable profits.

Notes to the financial statements (continued)

Note 3. Critical accounting estimates and judgements (continued)

Taxation (continued)

Assumptions about the generation of future taxable profits depend on management's estimates of future cash flows. These depend on estimates of future sales volumes, operating costs, capital expenditure, dividends and other capital management transactions. Judgements are also required about the application of income tax legislation.

These judgements and assumptions are subject to risk and uncertainty. There is therefore a possibility that changes in circumstances will alter expectations, which may impact the amount of deferred tax assets and deferred tax liabilities recognised on the Balance Sheet and the amount of other tax losses and temporary differences not yet recognised. In such circumstances, some or all of the carrying amount of recognised deferred tax assets and liabilities may require adjustment, resulting in corresponding credit or charge to the Statement of Profit or Loss and Other Comprehensive Income.

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience and the condition of the asset is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the company's share of the net identifiable assets of the acquired branch/agency at the date of acquisition. Goodwill on acquisition is included in intangible assets. Goodwill is not amortised. Instead, goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired and is carried at cost less accumulated impairment losses.

The calculations require the use of assumptions.

Impairment of assets

At each reporting date, the company reviews the carrying amounts of its tangible and intangible assets that have an indefinite useful life to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the consolidated entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

Notes to the financial statements (continued)

	2016 \$	2015 \$
Note 4. Revenue from ordinary activities		
Operating activities:		
- services commissions	642,974	585,227
Total revenue from operating activities	642,974	585,227
Non-operating activities:		
- interest received	15,805	17,963
- other revenue	-	125
Total revenue from non-operating activities	15,805	18,088
Total revenues from ordinary activities	658,779	603,315

Note 5. Expenses

Depreciation of non-current assets:

- plant and equipment	3,924	3,619
- leasehold improvements	3,937	3,937

Amortisation of non-current assets:

- franchise agreement	2,326	2,314
- franchise renewal fee	11,632	11,571
	21,819	21,441

Bad debts	415	182
------------------	------------	------------

Note 6. Income tax expense/(credit)

The components of tax expense/(credit) comprise:

- Current tax	10,381	-
- Future income tax benefit attributable to losses	-	(390)
- Movement in deferred tax	4,001	(2,176)
- Adjustment to deferred tax to reflect change to tax rate in future periods	(144)	14
- Recoupment of prior year tax losses	2,853	-
- Under/(Over) provision of tax in the prior period	(2,482)	-
	14,609	(2,552)

The prima facie tax on profit/(loss) from ordinary activities before income tax is reconciled to the income tax expense/(credit) as follows

Operating profit/(loss)	51,313	(9,202)
Prima facie tax on profit/(loss) from ordinary activities at 28.5% (2015: 30%)	14,624	(2,761)

Notes to the financial statements (continued)

	2016 \$	2015 \$

Note 13. Borrowings

Current:		
Bank loans	5,718	-
Non-Current:		
Bank loans	15,361	-

Bank loans are repayable monthly with the final instalment due on July 2020. Interest is recognised at an average rate of 6.04%. The loans are secured by a fixed and floating charge over the company's assets.

Note 14. Contributed equity

750,010 ordinary shares fully paid (2015: 750,010)	750,010	750,010
Less: equity raising expenses	(20,463)	(20,463)
	729,547	729,547

Notes to the financial statements (continued)

Note 14. Contributed equity (continued)

Rights attached to shares

(a) Voting rights

Subject to some limited exceptions, each member has the right to vote at a general meeting.

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney, corporate representative or proxy.

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the **Community Bank**[®] branch have the same ability to influence the operation of the company.

(b) Dividends

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo and Adelaide Bank Limited contains a limit on the level of profits or funds that may be distributed to shareholders. There is also a restriction on the payment of dividends to certain shareholders if they have a prohibited shareholding interest (see below).

(c) Transfer

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of shares.

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the Corporations Act 2001.

Prohibited shareholding interest

A person must not have a prohibited shareholding interest in the company.

In summary, a person has a prohibited shareholding interest if any of the following applies:

- They control or own 10% or more of the shares in the company (the "10% limit").
- In the opinion of the board they do not have a close connection to the community or communities in which the company predominantly carries on business (the "close connection test").
- Where the person is a shareholder, after the transfer of shares in the company to that person the number of shareholders in the company is (or would be) lower than the base number (the "base number test"). The base number is 187. As at the date of this report, the company had 205 shareholders.

As with voting rights, the purpose of this prohibited shareholding provision is to reflect the community-based nature of the company.

Where a person has a prohibited shareholding interest, the voting and dividend rights attaching to the shares in which the person (and his or her associates) have a prohibited shareholding interest, are suspended.

Notes to the financial statements (continued)

Note 14. Contributed equity (continued)

Prohibited shareholding interest (continued)

The board has the power to request information from a person who has (or is suspected by the board of having) a legal or beneficial interest in any shares in the company or any voting power in the company, for the purpose of determining whether a person has a prohibited shareholding interest. If the board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of shares the board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the board is authorised to sell the specified shares on behalf of that person. The holder will be entitled to the consideration from the sale of the shares, less any expenses incurred by the board in selling or otherwise dealing with those shares.

The National Stock Exchange (NSX) has advised that in its view the prohibited shareholding provisions are appropriate and equitable but the 'base number test' is not, as a result the base number clause does not operate whilst the company remains listed on the NSX.

In the constitution, members acknowledge and recognise that the exercise of the powers given to the board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

	2016 \$	2015 \$
Note 15. Accumulated losses		
Balance at the beginning of the financial year	(44,664)	(23,014)

Note 26. Financial instruments

Financial Instrument Composition and Maturity Analysis

The table below reflects the undiscounted contractual settlement terms for all financial instruments, as well as the settlement period for instruments with a fixed period of maturity and interest rate.

Financial instrument	Floating interest		Fixed interest rate maturing in						Non interest bearing		Weighted average	
	2016 \$	2015 \$	1 year or less		Over 1 to 5 years		Over 5 years		2016 \$	2015 \$	2016 %	2015 %
			2016 \$	2015 \$	2016 \$	2015 \$	2016 \$	2015 \$				
Financial assets												
Cash and cash equivalents	18,526	1,554	530,000	525,000	-	-	-	-	-	-	2.81	3.31
Receivables	-	-	-	-	-	-	-	-	15,063	18,659	N/A	N/A
Financial liabilities												
Interest bearing liabilities	-	-	5,718	-	15,361	-	-	-	-	-	6.04	Nil
Payables	-	-	-	-	-	-	-	-	432	750	N/A	N/A

Net Fair Values

The net fair values of financial assets and liabilities approximate the carrying values as disclosed in the balance sheet. The company does not have any unrecognised financial instruments at the year end.

Credit Risk

The maximum exposure to credit risk at balance date to recognised financial assets is the carrying amount of those assets as disclosed in the balance sheet and notes to the financial statements.

There are no material credit risk exposures to any single debtor or group of debtors under financial instruments entered into by the economic entity.

Interest Rate Risk

Interest rate risk refers to the risk that the value of a financial instrument or cash flows associated with the instrument will fluctuate due to changes in market interest rates. Interest rate risk arises from the interest bearing financial assets and liabilities in place subject to variable interest rates, as outlined above.

Notes to the financial statements (continued)

Note 26. Financial instruments (continued)

Sensitivity Analysis

The company has performed sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in interest rates.

As at 30 June 2016, the effect on profit and equity as a result of changes in interest rate, with all other variables remaining constant would be as follows:

	2016	2015
	\$	\$
Change in profit/(loss)		
Increase in interest rate by 1%	5,274	5,266
Decrease in interest rate by 1%	5,274	5,266
Change in equity		
Increase in interest rate by 1%	5,274	5,266
Decrease in interest rate by 1%	5,274	5,266

Directors' declaration

In accordance with a resolution of the directors of Inverloch & District Financial Enterprises Limited, we state that:

In the opinion of the directors:

- (a) the financial statements and notes of the company are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2016 and of its performance for the financial year ended on that date; and
 - (ii) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.
- (c) the audited remuneration disclosures set out in the remuneration report section of the directors' report comply with Accounting Standard AASB124 Related Party Disclosures and the Corporations Regulations 2001.

This declaration is made in accordance with a resolution of the board of directors.

Alan Keith Gostelow,
Chairman

Signed on the 24th of August 2016.

Independent audit report

Independent auditor's report to the members of Inverloch & District Financial Enterprises Limited

Report on the financial report

We have audited the accompanying financial report of Inverloch & District Financial Enterprises Limited, which comprises the balance sheet as at 30 June 2016, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes and the directors' declaration.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation and presentation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making fair accounting estimates that are reasonable in the circumstances. In note 1, the directors also state in accordance with Accounting Standard AASB 101 Presentation of Financial Statements that the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We performed the procedures to assess whether in all material respects the financial report presents fairly, in accordance with the *Corporations Act 2001* and Australian Accounting Standards, a true and fair view which is consistent with our understanding of the company's financial position and of its performance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Liability limited by a scheme approved under Professional Standards Legislation. ABN: 51 061 795 337.

Independent audit report (continued)

Independence

In conducting our audit we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written auditor's independence declaration, a copy of which is included in the directors' report.

Auditor's opinion on the financial report

In our opinion:

1. The financial report of Inverloch & District Financial Enterprises Limited is in accordance with the *Corporations Act 2001* including giving a true and fair view of the company's financial position as at 30 June 2016 and of its financial performance and its cash flows for the year then ended and complying with Australian Accounting Standards and the Corporations Regulations 2001.
2. The financial report also complies with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Report on the remuneration report

We have audited the remuneration report included in the directors' report for the year ended 30 June 2016. The directors of the company are responsible for the preparation and presentation of the remuneration report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's opinion on the remuneration report

In our opinion, the remuneration report of Inverloch & District Financial Enterprises Limited for the year ended 30 June 2016, complies with section 300A of the *Corporations Act 2001*.

Andrew Frewin Stewart
61 Bull Street, Bendigo Vic 3550
Dated: 24 August 2016

David Hutchings
Lead Auditor

NSX report

Inverloch & District Financial Enterprises Limited is a public company incorporated in Australia and listed on the National Stock Exchange of Australia (NSX).

In addition to information provided in accordance with statutory requirements (Corporations Act S314) of a Financial Report, Directors' Report and Auditors Report all NSX listed entities are obliged to report on a number of other items in accordance with NSX Listing Rule 6.9. Accordingly, the Directors of Inverloch & District Financial Enterprises Limited report on those items not included elsewhere in the Annual Report in the following paragraphs.

Shareholding

The following table shows the number of shareholders, broken into various categories showing the total number of shares held:

Number of shares held	Number of shareholders	Number of shares held
1 to 1,000	102	64,853
1,001 to 5,000	73	224,253
5,001 to 10,000	20	191,100
10,001 to 100,000	8	269,804
100,001 and over	Nil	Nil
Total shareholders	203	750,010

Equity securities

Each of the above shareholders is entitled to 1 vote irrespective of the number of shares held.

There are no substantial shareholders (holding more than 5% of voting rights) as each shareholder is entitled to one vote. Normally holding more than 5% of total issued shares would create a substantial shareholder, but this is not applicable due to the voting restrictions for the company.

There are 3 shareholders holding less than a marketable parcel of Shares (\$500 in value).

There are no restricted securities on issue.

All shares on issue are ordinary shares fully paid to \$1 per share. There are no unquoted equity securities.

Ten largest shareholders

The following table shows the ten largest shareholders:

Shareholder	Number of ordinary shares	Percentage of ordinary shares
Andrew Neil Forster, Croweaters Super Fund a/c	50,001	6.67%
South Coast P/L, Super Fund a/c	50,000	6.67%
Rosemary Brooks P/L, Rosies Super Fund a/c	50,000	6.67%
Broadbeach Developments P/L, Hall Family Super Fund a/c	30,001	4.00%
David Walsh & Vickie Balis, Walsh Family Super Fund a/c	30,001	4.00%
Coppelius P/L, Jeeralang Design Super Fund a/c	25,001	3.33%
Violet Beard	20,000	2.67%
Northern Suburbs Secretarial Services P/L Juleton a/c	16,800	2.24%

Company Secretary

The company secretary is Suzette Moyle. Suzette was appointed to the position of secretary on 2 December 2015 after Alan Gostelow resigned from the position. Suzette's experience and expertise includes Diploma of Business (Administration), Diploma of Human Resources, Advanced Diploma of Management and Certificate IV in Frontline Management.

Alan Gostelow had been the Company Secretary of Inverloch & District Financial Enterprises Limited for ten years and resigned 2 December 2016. Alan's education includes a Company Directors Diploma; he is a Fellow of the Australian Institute of Company Directors and has served as the Company Secretary for two other companies in addition to this appointment.

Corporate governance

The company ascribes to the ASX Corporate Governance Council "Principles of Good Corporate Governance and Best Practice Recommendations" insofar as they apply to a small listed entity. In particular the company has established a Finance Audit & Governance Committee of the Board to fulfil its responsibilities to Bendigo and Adelaide Bank Limited, shareholders, customers and other stakeholders by exercising due care, diligence and skill.

In addition, the company has implemented various corporate governance practices, which include:

- (a) The establishment of Finance Audit & Governance Committee. Members of the committee are:
Max Warlow, Alan Gostelow, Tristan Creed, Susan Ruffin
- (b) Director approval of operating budgets and monitoring of progress against these budgets;
- (c) Ongoing Director Training; and
- (d) Monthly Director Meetings to discuss performance and strategic plans.

Annexure 3A

There are no material differences between the information in the company's Annexure 3A and the information in the financial documents contained in this Annual Report.

NSX report (continued)

Five-year summary of performance

	2011/12	2012/13	2013/14	2014/15	2015/16
