Chairman's report

For year ending 30 June 2022

It gives me great pleasure to report on the progress of our Company for the year ended 30th June 2022.

The last couple of years have been some of the most challenging years we have ever faced: firstly, our region was devastated by the bushfire devastation which swept through the Upper Murray and several parts of the Alpine Shire from November 2019 and secondly, by the Covid-19 pandemic which came hot on its heels. The challenges have come thick and fast with the devastating adjustments to the way we live and go about our business

Despite losing nearly 50% of our staff through vaccine mandates, Shelley and the remaining team members, Alana, Emma and Carli have done a magnificent job and we have recorded very strong growth for the year of \$22.8M in total footings. During the year we welcomed Vanessa Magnabosco to the team as a Customer Relationship Officer and then Jen Klippel joined us in June as our Business Development Manager so we are nearly back to full strength.

We continue to provide banking services to the Corryong community and the Upper Murray area through both our Corryong Business Service Centre and our Corryong agency. Tangambalanga, and the Mitta Valley also continue to provide many new business opportunities. These ventures have been – and will continue to be - very important to our growth strategy and to our bottom line. In the last 12 months, we have made a profit of \$42158 after tax. This profit comes after a total of \$178238 was distributed to 32 recipient organisations, and it is very pleasing to see the total distributions continue to grow as it sits just under \$2M since we started. In 2021-22, we have also sponsored a local student, Claire Bowring of Tawonga South, with the Dave Harley Memorial Scholarship to assist with her university studies. We also continued our support of Cody Allport and Tovah Harley- Wilson with their studies

Last year we also introduced the Susie Cohn Memorial Bursary for the Creative Arts to assist a local to further their development in any creative arts field. The first recipient of this award was Axel Mero who has taken up a place with the Royal Ballet School in London.

Now that we have reached this level of profitability we are in a position to consider larger and more significant community projects that will be undertaken with the support of Local, State and Federal Government grants. As examples of this, we provided \$60000 to the Rotary Club of Mount Beauty

towards the installation of outdoor exercise equipment and pledged \$200,000 to the Mount Beauty Golf Club towards their proposed development of a new clubhouse and community facilities. We have continued our support of events such as the Kangaroo Hoppet and the Man from Snowy River Bush Festival in Corryong. This year saw the inaugural Upper Murray Agricultural Field Days as a part of the festival.

Community Bank – Mount Beauty & District, Corryong Business Centre and Corryong Agency (through the franchise of Kiewa Mitta Murray Community Enterprises Limited) is a part of an ever-growing family of community banks and we pay tribute to the foresight shown by the Bendigo & Adelaide Bank Ltd. in developing the concept which is continuing to evolve. We thank our Regional Manager Kendall Beattie for his support and wish him well in his new appointment as Regional Manager for Central Victoria. We have also received strong support from the Rural Bank team.

Lastly, I wish to thank all Board members for their efforts. Again, this is a team effort and each Director gives freely of their individual time and talents. I would like particularly to acknowledge the vast amount of time and effort put in by our Secretary, Dorothy Morrison. I also recognise the input and support of Vice-Chair Barb Pyle whose diligence in our sponsorship and marketing areas is very much appreciated.

As Chairman, I am proud to be associated with an outstanding success story and look forward to its continuation. Your support for this venture has strengthened our communities and we look forward to doing even more in the future. As well as this we have now returned \$496,753 to you, our shareholders, in dividends, of the original capital of \$613,218. Almost all of this has been as fully franked dividends so the rewards for ownership of the shares have been significant.

Andrew Randell, Chairman

Senior Manager's Report

For year ending 30 June 2022

As Senior Manager of Community Bank - Mount Beauty & District I am very pleased to submit my Report on a year which has been a year like no other, posing so many unexpected difficulties due to the very challenging and ever-changing conditions which continued to some extent, despite the easing of many restrictions during the year. Despite the continuing difficulties, business growth was possible although the profit is slightly less than 2021. A change in economic conditions brings both some problems but many new opportunities for positive business growth and a resultant increase in profits.

I am very privileged to lead the enthusiastic staff members of Community Bank - Mount Beauty & District both at the Mount Beauty site and the Corryong Business Service Centre. With increased business opportunities in the Kiewa, Mitta and Upper Murray Valleys, our dedicated staff members have adapted smoothly to the everchanging workloads which were necessary due to the many updates to operational banking systems and also workplace limitations due to compliance with Covid regulations. Their teamwork, dedication and support ensured that our high standards of service provision were maintained at all times.

During the year there were some staff changes. For personal reasons, Lucinda Wiseman, Jacqui Russell, Matt Spurgeon and Kate Butler all moved on the new and interesting challenges and we wish each of them well as they pursue their new interests, and thank them for their endeavours whilst they were with our community bank enterprise. Alana Goznik is still working from a remote location, but continues to provide us with significant banking administration support as our Assistant Bank Manager. We welcome Jennifer Klippell who will be based mainly in Corryong but travelling throughout the Upper Murray area supporting our banking customers in that area as well as being available throughout our operational area as and when appropriate.

Our existing staff members Emma Williams, Carly Emond and Vanessa Magnabosco continue to provide the highest work standards as they work as a united team. The many changes in banking practice have been seamlessly absorbed and our community bank team continues to excel.

The commitment, hard work and dedication of our staff is supported by our bank customers and community groups and organisations. This has ensured that our community bank was able to support many (and varied!) community projects, events and educational grants. Almost \$2 million has already been distributed, and this amount may well be passed with the sponsorships allocated in the second 2022 funding round in October.

The input and support of the Bendigo & Adelaide Bank and Rural Bank teams continues to develop and we now work much more closely with Rural Bank since it came under the Bendigo & Adelaide Bank Ltd. umbrella. This co-operation continues to be of great benefit to our rural customers and communities.

On behalf of myself and the banking team I express our thanks to Chairman Andrew Randell and all our board members: Vice-Chair Barbara Pyle, Secretary Dorothy Morrison and Directors Bill Best, Mac Paton, Justin Costello, Luke Heiser and Sarah Gardiner. Their policy management, vision for the future and voluntary commitment ensuresthat our community bank will continue to prosper and serve the communities throughout the Kiewa, Mitta and Upper Murray valleys.

In closing, I would like to express my continuing enthusiasm for the year ahead as the banking team and I work together with the Board of Directors to develop further business growth and a positive future for us all.

Shelley Maher

Special responsibilities:	Nil

No directors have material interest in contracts or proposed contracts with the company.

Company secretary

The Company secretary is Dorothy Morrison. Dorothy was appointed to the position of Company secretary on 29 October 2009.

Principal activity

The principal activity of the company during the financial year was facilitating Community Bank services under management rights of Bendigo and Adelaide Bank Limited (Bendigo Bank).

There have been no significant changes in the nature of this activity during the financial year.

Review of operations

The profit for the company after providing for income tax amounted to \$42,158 (30 June 2021: \$49,213).

Operations have continued to perform in line with expectations.

Dividends

During the financial year, the following dividends were provided for and paid. The dividends have been provided for in the financial statements.

	2022 \$
Fully franked dividend of 8 cents per share (2021: 8 cents)	49,062

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the company during the financial year.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Likely developments

The company will continue its policy of facilitating banking services to the community.

Environmental regulation

The company is not subject to any significant environmental regulation under Australian Commonwealth or State law.

Meetings of directors

The number of directors' meetings attended by each of the directors' of the company during the financial year were:

	Board	
	Eligible	Attended
Andrew John Randell	11	11
Dorothy Morrison	11	11
William Charles Best	11	11
Barbara Jean Pyle	11	9
Justin Troy Costello	11	3
John McMeekin Paton	11	10
Luke Anthony Heiser	11	3
Sarah Jane Gardner	11	9

Directors' benefits

No director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the company, controlled entity or related body corporate with a director, a firm which a director is a member or an entity in which a director has a substantial financial interest except as disclosed in note 25 to the financial statements. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the company's accounts, or the fixed salary of a full-time employee of the company, controlled entity or related body corporate.

Directors' interests

The interest in company shareholdings for each director are:

	Balance at the start of the year \$	Changes \$	Balance at the end of the year \$
Andrew John Randell	26,001	-	26,001
Dorothy Morrison	500	-	500
William Charles Best	1,001	-	1,001
Barbara Jean Pyle	21,000	-	21,000
Justin Troy Costello	500	-	500
John McMeekin Paton	1,500	-	1,500
Luke Anthony Heiser	1,000	-	1,000
Sarah Jane Gardner	-	-	-

Indemnity and insurance of directors and officers

The company has indemnified all directors and the manager in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or manager of the company except where the liability arises out of conduct involving the lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an auditor of the company or a related body corporate.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the *Corporations Act 2001*.

Indemnity and insurance of auditor

The company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the company or any related entity against a liability incurred by the auditor.

During the financial year, the company has not paid a premium in respect of a contract to insure the auditor of the company or any related entity.

Non-audit services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the auditor (Andrew Frewin Stewart) for audit and non-audit services provided during the year are set out in note 26 to the accounts.

The Board has considered the non-audit services provided during the year by the auditor and is satisfied that the provision of the non-audit services is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non-audit services have been reviewed by the Board to ensure they do not impact on the impartiality, integrity and objectivity of the auditor
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the company, acting as an advocate for the company or jointly sharing risks and rewards.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the *Corporations Act* 2001.

On behalf of the directors

Andrew John Randell Chair

12 August 2022

afs@afsbendigo.com.au 03 5443 0344

Independent auditor's independence declaration under section 307C of the *Corporations Act 2001* to the Directors of Kiewa Mitta Murray Community Enterprises Limited

As lead auditor for the audit of Kiewa Mitta Murray Community Enterprises Limited for the year ended 30 June 2022, I declare that, to the best of my knowledge and belief, there have been:

- i) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Andrew Frewin Stewart 61 Bull Street, Bendigo, Vic, 3550 Dated: 12 August 2022

Note 1. Reporting entity

The financial statements cover Kiewa Mitta Murray Community Enterprises Limited (the company) as an individual entity. The financial statements are presented in Australian dollars, which is company's functional and presentation currency.

The company is an unlisted public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is 28 Hollonds Street, Mount Beauty VIC 3699.

A description of the nature of the company's operations and its principal activity is included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 12 August 2022. The directors have the power to amend and reissue the financial statements.

Note 2. Basis of preparation and statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards and Interpretations adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB). The financial statements have been prepared on an accrual and historical cost basis.

Note 3. Significant accounting policies

The company has consistently applied the following accounting policies to all periods presented in these financial statements.

Changes in accounting policies, standards and interpretations

There are a number of amendments to accounting standards issued by the AASB that became mandatorily effective for accounting periods beginning on or after 1 July 2021, and are therefore relevant for the current financial year. The amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when, it is expected to be realised or intended to be sold or consumed in the company's normal operating cycle, it is held primarily for the purpose of trading, it is expected to be realised within 12 months after the reporting period or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when, it is either expected to be settled in the company's normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within 12 months after the reporting period or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

Impairment

Non-derivative financial assets

Expected credit losses (ECL) are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received. At each reporting date, the entity recognises the movement in the ECL (if any) as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

Note 3. Significant accounting policies (continued)

The company's trade receivables are limited to the monthly profit share distribution from Bendigo Bank, which is received 10 business days post month end. Due to the reliance on Bendigo Bank the company has reviewed credit ratings provided by Standard & Poors, Moody's and Fitch Ratings to determine the level of credit exposure to the company. The company also performed a historical assessment of receivables from Bendigo Bank and found no instances of default. As a result no ECL has been made in relation to trade receivables as at 30 June 2022.

Non-financial assets

At each reporting date, the company reviews the carrying amounts of its tangible and intangible assets that have an indefinite useful life to determine whether there is any indication those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except when the amount of GST incurred on a sale or purchase of assets or services is not payable to or recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the revenue or expense item.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

Note 4. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the company based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the company operates. There does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the company unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

Estimation of useful lives of assets

The company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives or non-strategic assets that have been abandoned or sold will be written off or written down.

Note 4. Critical accounting judgements, estimates and assumptions (continued)

Impairment of non-financial assets other than goodwill and other indefinite life intangible assets

The company assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the company and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the company considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the company's operations, comparison of terms and conditions to prevailing market rates, incurrence of significant penalties, existence of significant leasehold improvements and the costs and disruption to replace the asset. The company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

Employee benefits provision

The liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and inflation have been taken into account.

The company uses historical employee attrition rates in determining the probability of an employee, at a given date, achieving continuous employment eligible for entitlement in accordance with long service leave legislation.

In the absence of sufficient historical employee attrition rates, the company applies a benchmark probability rate from across the Community Bank network to factor in estimating the probability of an employee, at a given date, achieving continuous employment eligible for entitlement in accordance with legislation.

Lease make good provision

A provision has been made for the present value of anticipated costs for future restoration of leased premises. The provision includes future cost estimates associated with closure of the premises. The calculation of this provision requires assumptions such as application of closure dates and cost estimates. The provision recognised for each site is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs for sites are recognised in the statement of financial position by adjusting the asset and the provision. Reductions in the provision that exceed the carrying amount of the asset will be recognised in profit or loss.

Note 5. Economic dependency

The company has entered into a franchise agreement with Bendigo Bank that governs the management of the Community Bank. The company is economically dependent on the ongoing receipt of income under the franchise agreement with Bendigo Bank. The directors have no reason to believe a new franchise arrangement under mutually acceptable terms will not be forthcoming following expiry.

Note 5. Economic dependency (continued)

The company operates as a franchise of Bendigo Bank, using the name "Bendigo Bank" and the logo and system of operations of Bendigo Bank. The company manages the Community Bank on behalf of Bendigo Bank, however all transactions with customers conducted through the Community Bank are effectively conducted between the customers and Bendigo Bank.

All deposits are made with Bendigo Bank, and all personal and investment products are products of Bendigo Bank, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo Bank, must be approved by Bendigo Bank. All credit transactions are made with Bendigo Bank, and all credit products are products of Bendigo Bank.

The company promotes and sells the products and services, but is not a party to the transaction.

The credit risk (i.e. the risk that a customer will not make repayments) is for the relevant Bendigo Bank entity to bear as long as the company has complied with the appropriate procedures and relevant obligations and has not exercised a discretion in granting or extending credit.

Bendigo Bank provides significant assistance in establishing and maintaining the Community Bank franchise operations. It also continues to provide ongoing management and operational support and other assistance and guidance in relation to all aspects of the franchise operation, including advice and assistance in relation to:

- the design, layout and fit out of the Community Bank premises
- training for the branch manager and other employees in banking, management systems and interface protocol
- methods and procedures for the sale of products and provision of services
- security and cash logistic controls
- calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs
- sales techniques and proper customer relations
- providing payroll services.

Note 6. Revenue from contracts with customers

	2022 \$	2021 \$
Margin income Fee income Commission income	688,152 67,318 342,399	866,712 66,599 246,152
Revenue from contracts with customers	1,097,869	1,179,463

The company has entered into a franchise agreement with Bendigo Bank. The company delivers banking and financial services of Bendigo Bank to its community. The franchise agreement provides for a share of interest, fee, and commission revenue earned by the company. Interest margin share is based on a funds transfer pricing methodology which recognises that income is derived from deposits held, and that loans granted incur a funding cost. Fees are based on the company's current fee schedule and commissions are based on the agreements in place. All margin revenue is recorded as non-interest income when the company's right to receive the payment is established.

The company acts as an agent under the franchise agreement and revenue arises from the rendering of services through its franchise agreement.

Revenue is recognised on an accruals basis, at the fair value of consideration specified in the franchise agreement. Under *AASB 15 Revenue from Contracts with Customers* (AASB 15), revenue recognition for the company's revenue stream is as follows:

Note 6. Revenue from contracts with customers (continued)

<u>Revenue stream</u>	Includes	Performance obligation	<u>Timir</u>
Franchise agreement profit	Margin, commission, and fee	When the company satisfies	On c
share	income	its obligation to arrange for	provi
		the services to be provided to	servi
		the customer by the supplier	
		(Bendigo Bank as franchisor).	busir
			each

Timing of recognition On completion of the provision of the relevant service. Revenue is accrued monthly and paid within 10 business days after the end of each month.

All revenue is stated net of the amount of GST. There was no revenue from contracts with customers recognised over time during the financial year.

Revenue calculation

The franchise agreement provides that three forms of revenue may be earned by the company which are margin, commission and fee income. Bendigo Bank decides the form of revenue the company earns on different types of products and services. The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Margin

Margin is arrived at through the following calculation:

- Interest paid by customers on loans less interest paid to customers on deposits
- plus: any deposit returns i.e. interest return applied by Bendigo Bank for a deposit
- minus: any costs of funds i.e. interest applied by to fund a loan.

The company is entitled to a share of the margin earned by Bendigo Bank. If this reflects a loss, the company incurs a share of that loss.

Commission

Commission revenue is in the form of commission generated for products and services sold. This commission is recognised at a point in time which reflects when the company has fulfilled its performance obligation.

The company receives trailing commission for products and services sold. Ongoing trailing commission payments are recognised on receipt as there is insufficient detail readily available to estimate the most likely amount of income without a high probability of significant reversal in a subsequent reporting period. The receipt of ongoing trailing commission income is outside the control of the company, and is a significant judgement area.

Fee income

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

Core banking products

Bendigo Bank has identified some products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits.

Ability to change financial return

Under the franchise agreement, Bendigo Bank may change the form and amount of financial return the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo Bank earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service.

Bendigo Bank must not reduce the margin and commission the company receives on core banking products and services to less than 50% (on an aggregate basis) of Bendigo Bank's margin at that time. For other products and services, there is no restriction on the change Bendigo Bank may make.

Note 7. Other revenue

	2022 \$	2021 \$
Cash flow boost Other income	2,500	29,186 -
Other revenue	2,500	29,186

The company's activities include the generation of income from sources other than the core products under the franchise agreement. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and can be reliably measured.

<u>Revenue stream</u>	Revenue recognition policy
Cash flow boost	Cash flow boost income is recognised when the right to the payment is established
	(e.g. monthly or quarterly in the activity statement).
Other income	All other revenues that did not contain contracts with customers are recognised as
	goods and services are provided.

All revenue is stated net of the amount of GST.

Cash flow boost

In response to the COVID-19 outbreak, *Boosting Cash Flow for Employers (Coronavirus Economic Response Package) Act 2020* (CFB Act) was enacted. The purpose was to provide temporary cash flow to small and medium sized businesses that employ staff and have been affected by the economic downturn associated with COVID-19.

The amounts received are in relation to amounts withheld as withholding tax reported in the activity statement. This essentially subsidises the company's obligation to remit withholding tax to the Australian Taxation Office. For reporting purposes, the amounts subsidised are recognised as revenue.

The amounts are not assessable for tax purposes and there is no obligation to repay the amounts.

Note 8. Expenses

Depreciation and amortisation expense		
	2022 \$	2021 \$
Depreciation of non-current assets		
Leasehold improvements	23,644	15,561
Plant and equipment	3,806	3,811
Motor vehicles	31,103	44,882
	58,553	64,254
Depreciation of right-of-use assets Leased land and buildings	29,852	29,163
Amortisation of intangible assets		
Franchise fee	2,204	2,203
Franchise renewal process fee	11,019	11,019
	13,223	13,222
	101,628	106,639

Note 8. Expenses (continued)

Finance costs	2022 \$	2021 \$
Bank loan interest paid or accrued	-	397
Lease interest expense	4,163	6,377
Unwinding of make-good provision	760	708
	4,923	7,482

Finance costs are recognised as expenses when incurred using the effective interest rate.

Employee benefits expense		
	2022	2021
	\$	\$
Wages and salaries	462,953	480,436
Non-cash benefits	880	905

Deferred tax liability	7,270	15,233
	2022 \$	2021 \$
Provision for income tax	8,572	5,651

Accounting policy for income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Accounting policy for current tax

Current tax assets and liabilities are measured at amounts expected to be recovered from or paid to the taxation authorities. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Accounting policy for deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Note 9. Income tax (continued)

Deferred tax assets are recognised for all deductible temporary differences, carried-forward tax losses, and unused tax credits to the extent that it is probable that future taxable profits will be available against which they can be used.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax is measured at the rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax and when the balances relate to taxes levied by the same taxation authority and the entity intends to settle its tax assets and liabilities on a net basis.

Note 10. Cash and cash equivalents

	2022 \$	2021 \$
Cash at bank and on hand Term deposits	217,466 211,055	178,706 210,635
	428,521	389,341

Accounting policy for cash and cash equivalents

For the purposes of the Statement of Financial Position and Statement of Cash Flows, cash and cash equivalents comprise cash on hand and deposits held with banks.

Note 11. Trade and other receivables

	2022 \$	2021 \$
Trade receivables	87,911	79,412
Accrued income Prepayments	378 5,921 6,299	286 6,395 6,681
	94,210	86,093

Accounting policy for trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Note 12. Property, plant and equipment

	2022 \$	2021 \$
Leasehold improvements - at cost	311,372	307,957
Less: Accumulated depreciation	(158,782)	(139,142)
	152,590	168,815

Balance at 30 June 2022	152,590	12,349	26,329	191,268

Accounting policy for property, plant and equipment

Items of property, plant and equipment are measured at cost or fair value as applicable, less accumulated depreciation. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment over their expected useful lives as follows:

Leasehold improvements	1 to 20 years
Plant and equipment	1 to 40 years
Motor vehicles	3 to 4 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Note 12. Property, plant and equipment (continued)

Change in estimates

During the financial year, the company assessed estimates used for property, plant and equipment including useful lives, residual values, and depreciation methods.

The company's review of estimates resulted in change in the useful life of some of the branches leasehold improvements. The useful life's had previously been assessed as between 20 and 40 years from their respective depreciation commencement dates which resulted in useful life end dates ranging from 2037 to 2056. These have now been aligned with the applicable lease terms of each Branch lease which has accelerated depreciation. The revised useful life end dates are now November 2027. The effect of these changes on actual and expected depreciation expense was as follows:

	2022 \$	2023 \$	2024 \$	2025 \$	2026+ \$
(Decrease) increase in depreciation expense	9,619	9,619	9,619	9,619	(38,476)
Note 13. Right-of-use assets					
				2022 \$	2021 \$
Land and buildings - right-of-use Less: Accumulated depreciation			_	544,048 (358,443)	432,973 (328,591)
			_	185,605	104,382

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

	Land and buildings \$	Total \$
Balance at 1 July 2020	131,532	131,532
Remeasurement adjustments	2,013	2,013
Depreciation expense	(29,163)	(29,163)
Balance at 30 June 2021	104,382	104,382
Remeasurement adjustments	111,075	111,075
Depreciation expense	(29,852)	(29,852)
Balance at 30 June 2022	185,605	185,605

Accounting policy for right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Right-of-use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

Refer to note 16 for more information on lease arrangements.

Note 14. Intangibles

	2022 \$	2021 \$
Franchise fee	32,555	32,555
Less: Accumulated amortisation	(31,637)	(29,433)
	918	3,122
Franchise renewal fee	112,777	112,777
Less: Accumulated amortisation	(108,186)	(97,167)
	4,591	15,610
	5,509	18,732

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

	Franchise fee \$	Franchise renewal fee \$	Total \$
Balance at 1 July 2020	5,325	26,629	31,954
Amortisation expense	(2,203)	(11,019)	(13,222)
Balance at 30 June 2021	3,122	15,610	18,732
Amortisation expense	(2,204)	(11,019)	(13,223)
Balance at 30 June 2022	918	4,591	5,509

Accounting policy for intangible assets

Intangible assets of the company relate to the franchise fees paid to Bendigo Bank which conveys the right to operate the Community Bank franchise.

Intangible assets are measured on initial recognition at cost. Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

The franchise fees paid by the company are amortised over their useful life and assessed for impairment whenever impairment indicators are present.

The estimated useful life and amortisation method for the current and comparative periods are as follows:				
<u>Asset class</u>	<u>Method</u>	<u>Useful life</u>	Expiry/renewal date	
Franchise fee	Straight-line	Over the franchise term (5 years)	November 2023	
Franchise renewal fee	Straight-line	Over the franchise term (5 years)	November 2023	

Amortisation methods, useful life, and residual values are reviewed at each reporting date and adjusted if appropriate.

Change in estimates

During the financial year, the company assessed estimates used for intangible assets including useful lives, residual values, and amortisation methods. There were no changes in estimates for the current reporting period.

Note 15. Trade and other payables

	2022 \$	2021 \$
Current liabilities		
Trade payables	24,883	18,272
Other payables and accruals	17,352	13,044
	42,235	31,316

Accounting policy for trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Where the company is liable to settle the amount within 12 months of the reporting date, the liability is classified as current. All other obligations are classified as non-current.

Note 16. Lease liabilities

	2022 \$	2021 \$

Greater than 5 years	13,522	46,887
	221,652	141,164

Note 16. Lease liabilities (continued)

Accounting policy for lease liabilities

Lease liabilities were measured at amounts equal to the present value of enforceable future payments of the term reasonably expected to be exercised, discounted at the appropriate incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise fixed or variable lease payments that depend on an index or rate and lease payments in a renewal option if the company is reasonably certain to exercise that option. For leases of property the company has elected not to separate lease and non-lease components when calculating the lease liability.

The company has applied judgement in estimating the remaining lease term including the effects of any extension options reasonably expected to be exercised, applying hindsight where appropriate.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if the company changes its assessment of whether it will exercise an extension option or if there is a revised insubstance fixed lease payment.

The company assesses at the lease commencement date whether it is reasonably certain to exercise extension options. The company reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

Where the company is a lessee for the premises to conduct its business, extension options are included in the lease term except when the company is reasonably certain not to exercise the extension option. This is due to the significant disruption of relocating premises and the loss on disposal of leasehold improvements fitted out in the demised leased premises.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the rightof-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to nil.

The company's lease portfolio includes:

The company s lease portion	
Mount Beauty branch	The lease agreement commenced in December 2007. A five year renewal option was exercised in December 2012 and December 2017. The company has no renewal options available in the current lease agreement, however, the company is currently completing negotiations to extend the lease with the landlord for a further 5 year term. As such, the lease term end date used in the calculation of the lease liability is December 2027. The discount rate used in calculations is 4.29%.
Corryong Business Service Centre	The lease agreement commenced in August 2016. During the year the leasehold was sold to a new landlord resulting in a new lease agreement commencing in January 2022 for a
	period of 2 years. The company has one additional two year renewal option and one additional one year renewal option available, which for AASB 16: Leases purposes they are reasonably certain to exercise. As such, the lease term end date used in the calculation of the lease liability is January 2027. The discount rate used in calculations is 4.29%.

Remeasurement adjustments

The company is currently negotiating an updated lease for their Mount Beauty branch with the landlord to extend the lease term beyond December 2022. The landlord has offered a lease extension of 5 years with further options to extend the lease beyond this initial term. As such a remeasurement of the right-of-use asset, lease liability and make-good provision occurred using the revised lease term end date of 7 December 2027.

Note 17. Employee benefits

	2022 \$	2021 \$
<i>Current liabilities</i> Annual leave Long service leave	11,342 	15,611 5,129
	11,342	20,740
<i>Non-current liabilities</i> Long service leave	7,582	10,676

Accounting policy for employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for salary and wages where the employee has provided the service but payment has not yet occurred at the reporting date. They are measured at amounts expected to be paid, plus related on-costs. Non-accumulating sick leave is expensed when the leave is taken and measured at the rates paid or payable.

An annual leave liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be reliably estimated. The company's obligations for short-term employee benefits such as salaries and wages are recognised as part of current trade and other payables in the statement of financial position. The company's obligations for employees' annual leave and long service leave entitlements are recognised in employee benefits in the statement of financial position.

Superannuation contributions

Contributions to superannuation plans are expensed in the period in which they are incurred.

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior reporting periods.

That benefit is discounted to determine its present value. Consideration is given to expected future wage and salary levels plus related on-costs, experience of employee departures, and years of service achieved. Expected future payments are discounted using market yields at the reporting date on high quality corporate bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

Remeasurements are recognised in profit or loss in the period in which they arise.

Note 18. Provisions

	2022 \$	2021 \$
Lease make good	16,148	15,785

Note 18. Provisions (continued)

Reconciliation of lease make good provision

	2022 \$	2021 \$
Balance at the beginning Present value unwinding Provision remeasurements	15,785 760 (397)	15,077 708 -
	16,148	15,785

Lease make good

In accordance with the branch lease agreements, the company must restore the leased premises to their original condition before the expiry of the lease term. The company has estimated the provision based on experience and consideration of the expected future costs to remove all fittings and the ATM as well as cost to remedy any damages caused during the removal process. The leases are due to expire per below at which time it is expected the face-value costs to restore the premises will fall due.

Lease	Lease term expiry date per AASB 16	Estimated provisions
Mount Beauty branch	December 2027	\$10,000
Corryong Business Service Centre	January 2027	\$10,000

Accounting policy for provisions

Provisions are recognised when the company has a present (legal or constructive) obligation as a result of a past event, it is probable the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

Note 19. Issued capital

	2022 Shares	2021 Shares	2022 \$	2021 \$
Ordinary shares - fully paid Less: Equity raising costs	613,278	613,278	613,278 (27,840)	613,278 (27,840)
	613,278	613,278	585,438	585,438

Accounting policy for issued capital

Ordinary shares are recognised at the fair value of the consideration received by the company being \$1 per share. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

Rights attached to issued capital

Ordinary shares

Voting rights

Subject to some limited exceptions, each member has the right to vote at a general meeting.

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney, corporate representative or proxy.

Note 19. Issued capital (continued)

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the Community Bank branch have the same ability to influence the operation of the company.

Dividends

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo Bank contains a limit on the level of profits or funds that may be distributed to shareholders. There is also a restriction on the payment of dividends to certain shareholders if they have a prohibited shareholding interest (see below).

Transfer

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of shares.

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the *Corporations Act 2001*.

Prohibited shareholding interest

A person must not have a prohibited shareholding interest in the company.

In summary, a person has a prohibited shareholding interest if any of the following applies:

- They control or own 10% or more of the shares in the company (the "10% limit").
- In the opinion of the Board they do not have a close connection to the community or communities in which the company predominantly carries on business (the "close connection test").
- Where the person is a shareholder, after the transfer of shares in the company to that person the number of shareholders in the company is (or would be) lower than the base number (the "base number test"). The base number is 223. As at the date of this report, the company had 225 shareholders (2021: 230 shareholders).

As with voting rights, the purpose of this prohibited shareholding provision is to reflect the community-based nature of the company.

Where a person has a prohibited shareholding interest, the voting and dividend rights attaching to the shares in which the person (and his or her associates) have a prohibited shareholding interest, are suspended.

The Board has the power to request information from a person who has (or is suspected by the board of having) a legal or beneficial interest in any shares in the company or any voting power in the company, for the purpose of determining whether a person has a prohibited shareholding interest. If the board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of shares the Board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the Board is authorised to sell the specified shares on behalf of that person. The holder will be entitled to the consideration from the sale of the shares, less any expenses incurred by the Board in selling or otherwise dealing with those shares.

In the constitution, members acknowledge and recognise that the exercise of the powers given to the Board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

Note 20. Retained earnings

	2022 \$	2021 \$
Retained earnings at the beginning of the financial year Profit after income tax expense for the year Dividends paid (note 22)	35,268 42,158 (49,062)	35,117 49,213 (49,062)
Retained earnings at the end of the financial year	28,364	35,268

Note 21. Capital management

The Board's policy is to maintain a strong capital base so as to sustain future development of the company. The Board monitor the return on capital and the level of distributions to shareholders. Capital is represented by total equity as recorded in the statement of financial position.

In accordance with the franchise agreement, in any 12 month period the funds distributed to shareholders shall not exceed the distribution limit.

The distribution limit is the greater of:

- 20% of the profit or funds of the company otherwise available for distribution to shareholders in that 12 month period; and
- subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the company over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship paid for the financial year can be seen in the statement of profit or loss and other comprehensive Income.

There were no changes in the company's approach to capital management during the year.

Note 22. Dividends

The following dividends were provided for and paid to shareholders during the financial year as presented in the Statement of changes in equity and Statement of cash flows.

	2022 \$	2021 \$
Fully franked dividend of 8 cents per share (2021: 8 cents)	49,062	49,062
Franking credits	2022 \$	2021 \$
Franking account balance at the beginning of the financial year Franking credits (debits) arising from income taxes paid (refunded) Franking debits from the payment of franked distributions	34,724 19,249 (16,354) 37,619	34,483 17,479 (17,238) 34,724
<i>Franking transactions that will arise subsequent to the financial year end:</i> Balance at the end of the financial year Franking credits (debits) that will arise from payment (refund) of income tax Franking credits available for future reporting periods	37,619 	34,724 5,651 40,375

Note 22. Dividends (continued)

The ability to utilise franking credits is dependent upon the company's ability to declare dividends. The tax rate at which future dividends will be franked is 25%.

Accounting policy for dividends

Dividends are recognised in the financial year they are declared.

Note 23. Financial instruments

	2022 \$	2021 \$
Financial assets		
Trade and other receivables	88,289	79,698
Cash and cash equivalents	428,521	389,341
	516,810	469,039
Financial liabilities		
Trade and other payables	42,235	31,316
Lease liabilities	198,162	120,843
	240,397	152,159

Accounting policy for financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The company's financial instruments include trade debtors and creditors, cash and cash equivalents and lease liabilities.

Trade receivables are initially recognised at the transaction price when they originated. All other financial assets and financial liabilities are initially measured at fair value plus, transaction costs (where applicable) when the company becomes a party to the contractual provisions of the instrument. These assets and liabilities are subsequently measured at amortised cost using the effective interest method.

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the rights are transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and rewards associated with the asset. Financial liabilities are derecognised when its contractual obligations are discharged, cancelled, or expire. Any gain or loss on derecognition is recognised in profit or loss.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the company currently has a legally enforceable right to set off the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Financial risk management

The company has exposure to credit, liquidity and market risk arising from financial instruments. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the company. The company does not use derivative instruments. Risk management is carried out directly by the Board.

Market risk

Market risk is the risk that changes in market prices - e.g. foreign exchange rates, interest rates, and equity prices - will affect the company's income or the value of its holdings in financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The company has no exposure to any transactions denominated in a currency other than Australian dollars.

Price risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

Note 23. Financial instruments (continued)

Cash flow and fair value interest rate risk

Interest-bearing assets and liabilities are held with Bendigo Bank and subject to movements in market interest.

The company held cash and cash equivalents of \$428,521 at 30 June 2022 (2021: \$389,341). The cash and cash equivalents are held with Bendigo Bank, which are rated BBB+ on Standard & Poor's credit ratings.

Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers.

The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo Bank. The company monitors credit worthiness through review of credit ratings of the bank.

Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities. The contractual cash flow amounts are gross and undiscounted and therefore may differ from their carrying amount in the statement of financial position.

2022	1 year or less \$	Between 1 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
Non-derivatives				
Trade and other payables	42,235	-	-	42,235
Lease liabilities	42,309	165,821	13,522	221,652
Total non-derivatives	84,544	165,821	13,522	263,887
2021	1 year or less \$	Between 1 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
Non-derivatives				
Trade and other payables	31,316	-	-	31,316
Lease liabilities	41,136	53,141	46,887	141,164
Total non-derivatives	72,452	53,141	46,887	172,480

Note 24. Key management personnel disclosures

The following persons were directors of Kiewa Mitta Murray Community Enterprises Limited during the financial year:

Andrew John Randell	Justin Troy Costello
Dorothy Morrison	John McMeekin Paton
William Charles Best	Luke Anthony Heiser
Barbara Jean Pyle	Sarah Jane Gardner

No director of the company receives remuneration for services as a company director or committee member.

There are no executives within the company whose remuneration is required to be disclosed.

Note 25. Related party transactions

The following transactions occurred with related parties:

	2022 \$	2021 \$
The company secretary has provided the company with secretarial and board support services.	18,000	15,000

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Note 26. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by Andrew Frewin Stewart, the auditor of the company:

	2022 \$	2021 \$
<i>Audit services</i> Audit or review of the financial statements	5,200	5,000
<i>Other services</i> Taxation advice and tax compliance services General advisory services	1,000 2,330	1,000 2,330
	3,330	3,330
	8,530	8,330

Note 27. Reconciliation of profit after income tax to net cash provided by operating activities

	2022 \$	2021 \$
Profit after income tax expense for the year	42,158	49,213
Adjustments for: Depreciation and amortisation Net loss on disposal of non-current assets Lease liabilities interest	101,628 1,579 4,163	106,639 - 6,377
Change in operating assets and liabilities: Decrease/(increase) in trade and other receivables Increase in trade and other payables Increase in provision for income tax Decrease in deferred tax liabilities Decrease in employee benefits Increase in other provisions	(9,430) 10,919 2,921 (7,963) (12,492) 760	35,433 7,050 - (11,075) (8,256) 708
Net cash provided by operating activities	134,243	186,089

Note 28. Earnings per share

	2022 \$	2021 \$
Profit after income tax	42,158	49,213
	Number	Number
Weighted average number of ordinary shares used in calculating basic earnings per share	613,278	613,278
Weighted average number of ordinary shares used in calculating diluted earnings per share	613,278	613,278
	Cents	Cents
Basic earnings per share Diluted earnings per share	6.87 6.87	8.02 8.02

Accounting policy for earnings per share

Basic and diluted earnings per share is calculated by dividing the profit attributable to the owners of Kiewa Mitta Murray Community Enterprises Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year.

Note 29. Commitments

The company has no commitments contracted for which would be provided for in future reporting periods.

Note 30. Contingencies

There were no contingent liabilities or contingent assets at the date of this report to affect the financial statements.

Note 31. Events after the reporting period

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

In the directors' opinion:

- the attached financial statements and notes comply with the *Corporations Act 2001*, the Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
- the attached financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in the notes to the financial statements;
- the attached financial statements and notes give a true and fair view of the company's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

Andrew John Randell Chair

Independent auditor's report to the Directors of Kiewa Mitta Murray Community Enterprises Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Kiewa Mitta Murray Community Enterprises Limited's (the company), which comprises:

- Statement of financial position as at 30 June 2022
- Statement of profit or loss and other comprehensive income
- Statement of changes in equity
- Statement of cash flows
- Notes to the financial statements, including a summary of significant accounting policies
- The directors' declaration of the company.

In our opinion, the accompanying financial report of Kiewa Mitta Murray Community Enterprises Limited, is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the company's financial position as at 30 June 2022 and of its financial performance for the year ended on that date; and
- ii. complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

afs@afsbendigo.com.au 03 5443 0344

Other Information

The company usually prepares an annual report that will include the financial statements, directors' report and declaration and our independence declaration and audit report (the financial report). The annual report may also include "other information" on the entity's operations and financial results and financial position as set out in the financial report, typically in a Chairman's report and Manager's report, and reports covering governance and shareholder matters.

The directors are responsible for the other information. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial report does not cover the other information and accordingly we will not express any form of assurance conclusion thereon.

Our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If we identify that a material inconsistency appears to exist when we read the annual report (or become aware that the other information appears to be materially misstated), we will discuss the matter with the directors and where we believe that a material misstatement of the other information exists, we will request management to correct the other information.

Responsibilities of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the financial report that it gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

afs@afsbendigo.com.au 03 5443 0344

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
