Chairperson's report

For year ending 30 June 2022

I want to take the opportunity to thank the staff for the dedication and strength of character that they have navigated through some difficult times this financial year. The year has started with a new Manager and some recruitment staff shortages throughout the year. The competitive employment market did not make the hunt for good staffing any easier. The team managed to keep going and doing what is right for the shareholders and customers. I commend Glynis and Lisa for really stepping up in these times and later recruits Namrata and Gillian for getting upskilled to relieve some pressure on the front line and give the team more time to increase good customer outcomes.

The 2022 financial year has not been without challenges, in particular business growth as well as the competitive housing market. Even though this was challenging due to retention efforts, the bank had lending growth of 26.63%. Deposits was also a challenge due to Covid and low return rates; our deposits have unfortunately decreased during this financial year by 5%. If it were not for the retention efforts of the team this figure could have been much greater.

Over the past 18 years Community Bank Kingsway has contributed funds back into the community through sponsorships and dividends paid to the shareholders. This year saw us support the Wanneroo Agricultural Society and the Northern Suburbs Men's Shed.

With the market as it is we have again made the hard decision not to pay a dividend for this financial year with the focus still being on the branch and the restructuring that we foresee in the future.

I believe that if we focus on the exceptional customer service and community involvement along with the support from the staff, Board and shareholders we will see the business grow from strength to strength. This will also enable us to ensue more support for our community.

As the Chair I remain committed to working with our major partner Bendigo Bank and our community partners to grow the business and see our Community Bank branch flourish.

I thank you all for your trust and support and hope that 2023 is a better year for all.

Beverley Errington
Chairperson

Bendigo and Adelaide Bank report

For year ending 30 June 2022

Community continues to be core to who we are at Bendigo and Adelaide Bank.

With your support, we are enabling community infrastructure to be built, strengthening the arts and culturally diverse communities, improving educational outcomes, and growing healthy places for Australians to live and work. On behalf of the Bank, thank you for continuing to play a vital role in supporting your community.

As we emerge from the pandemic and navigate a shifting economic landscape, the investments our Community Banks make in the future of the communities in which they operate has never been more important.

We are proud that more Australians are choosing to do their banking with Bendigo and Adelaide Bank – and importantly trust us with their financial needs. We are Australia's most trusted bank (Roy Morgan, May 2022), an outcome that you have all contributed to and should feel proud of.

Our purpose has never been more important; we remain committed to continuing to feed into the prosperity of our customers and communities, and not off them.

Your ongoing support as a shareholder is essential to the success of your local community. Together, we will continue to grow sustainably and make a positive impact for generations to come.

Warmest regards,

Justine Minne
Bendigo and Adelaide Bank

Directors' report

The directors present their report, together with the financial statements, on the company for the year ended 30 June 2022.

Directors

The following persons were directors of the company during the whole of the financial year and up to the date of this report, unless otherwise stated:

Name:	Beverley Jane Errington
Title:	Chair
Experience and expertise:	Administrator/Bookkeeper. Beverley has served on the board for 14 years, the last nine of those as Chairperson. She still remains actively involved with all the day-to-day activities of the company. Beverley is also actively involved with other clubs and organisations such as the Olympic Kingsway Sports Club as treasurer, Wanneroo Agricultural Society as treasurer and Wanneroo Basketball Association as board member.
Special responsibilities:	Secretary
Name:	Shannon Maree Crowe
Title:	Non-executive director
Experience and expertise:	Economic Development Officer. Shannon is a versatile and motivated professional with more than 13 years experience in economic development, special projects, business development, marketing and events. Skilled at implementing strategic plans, stakeholder relationship management, budgeting and market analysis, with a strong focus on business support and capacity building. She is currently working at the City of Wanneroo as Economic Development Officer in the Advocacy and Economic Development team and holds a Bachelor of Business (Double Major in Marketing and Information Systems).
Special responsibilities:	Sponsorship Committee
Name:	Steven Anthony Windsor
Title:	Non-executive director
Experience and expertise:	Steven is a Business Advisory Manager at Pascoe Partners Accountants and is a Fellow Member of the Association of Chartered Certified Accountants (ACCA) and the Association of Accounting Technicians (AAT). He passionately believes that business advisory services must always start with coaching and mentoring the business owners to ensure they have the right mindset and motivation to run a successful and growing business and will hold themselves accountable for achieving their business and personal dreams and goals. Following an 8 year career in the UK Inland Revenue, Steven moved into International Corporate Services in the Isle of Man for over 12 years before moving to Australia. International Corporate Services includes company and trust formations, corporate director and secretarial services, finance and banking, accounting and tax and business advisory services to international based clients. Steven is the President of the Wanneroo Business Association and currently also holds a directorship with PTSD Research Foundation Western Australia Ltd.
Special responsibilities:	Treasurer
Name:	Kate Ann Major
Title:	Non-executive director
Experience and expertise:	Kate is a lawyer at Tindall Gask Bentley working in the family law area. She was admitted to practice law in 2014 and has previous work as experience as a Mining Title Consultant. Kate has a Bachelor of Law and Bachelor of Commerce degree, majoring in marketing and management, from the University of Western Australia and a Graduate Diploma of Legal Practice from the College of Law. She is also a director of the PTSD Research Foundation Western Australia Ltd.
Special responsibilities:	Nil

Directors' report (continued)

Name:	Patrick William Thomas Holywell
Title:	Non-executive director (resigned 25 January 2022)
Experience and expertise:	Chartered Accountant. Mr Holywell has over fifteen years of experience in accounting, finance and corporate governance, including employment at Deloitte and Patersons (now Canaccord). He is a Chartered Accountant and a Fellow of the Governance Institute of Australia with the last ten years focused on board and company secretary roles in both the listed and private space. His current roles include positions with Pentanet Ltd, De Grey Mining Ltd and Si6 Metals Ltd. Mr Holywell has completed a Bachelor of Commerce at UWA, a Graduate Diploma of Chartered Accounting with the Institute of Chartered Accountants and the Company Directors Course with the Australian Institute of Company Directors.
Special responsibilities:	Nil
Name:	Anouck Van Dyck
Title:	Non-executive director (resigned 8 October 2021)
Experience and expertise:	An experienced and results-oriented account manager with a strong track record of achievement whose skills encompass a wide range of disciplines including lead facilitation, change management systems, continuous process improvement, business development and strengthening stakeholder relationships to support brand identity. Anouck has coordinated a financial literacy program for young adults in conjunction with City of Wanneroo and has served for two years as the Chairperson for the Joondalup Christmas Day Lunch in the Park event. This year, Anouck also accepted a volunteer role as President of the children and youth religious education program in the northern corridor for her Church organisation.
Special responsibilities:	Sponsorship and Donation Sub Committee

Company secretary

The Company secretary is Beverley Jane Errington. Beverley was appointed to the position of Company secretary on 27 November 2019.

Principal activity

The principal activity of the company during the financial year was facilitating Community Bank services under management rights of Bendigo and Adelaide Bank Limited (Bendigo Bank).

There have been no significant changes in the nature of this activity during the financial year.

Review of operations

The loss for the company after providing for income tax amounted to \$29,637 (30 June 2021: \$7,351).

Operations have continued to perform in line with expectations.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the company during the financial year.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Likely developments

The company will continue its policy of facilitating banking services to the community.

Environmental regulation

The company is not subject to any significant environmental regulation under Australian Commonwealth or State law.

Directors' report (continued)

Meetings of directors

The number of directors' meetings attended by each of the directors' of the company during the financial year were:

	Board	
	Eligible	Attended
Beverley Jane Errington	11	11
Patrick Williams Thomas Holywell	4	4
Shannon Maree Crowe	11	10
Steven Anthony Windsor	11	11
Kate Ann Major	11	9
Anouck Van Dyck	3	2

Directors' benefits

No director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the company, controlled entity or related body corporate with a director, a firm which a director is a member or an entity in which a director has a substantial financial interest except as disclosed in note 25 and 26 to the financial statements. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the company's accounts, or the fixed salary of a full-time employee of the company, controlled entity or related body corporate.

Directors' interests

The interest in company shareholdings for each director are:

	Balance at the start of the year	Changes	Balance at the end of the year
Beverley Jane Errington	3,000	-	3,000
Patrick Holywell	2,000	-	2,000
Shannon Crowe	-	-	-
Steven Windsor	-	-	-
Kate Major	-	-	-
Anouck Van Dyck	-	-	-

Indemnity and insurance of directors and officers

The company has indemnified all directors and the manager in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or manager of the company except where the liability arises out of conduct involving the lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the *Corporations Act 2001*.

Indemnity and insurance of auditor

The company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the company or any related entity against a liability incurred by the auditor.

During the financial year, the company has not paid a premium in respect of a contract to insure the auditor of the company or any related entity.

Directors' report (continued)

Non-audit services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the auditor (Andrew Frewin Stewart) for audit and non-audit services provided during the year are set out in note 27 to the accounts.

The Board has considered the non-audit services provided during the year by the auditor and is satisfied that the provision of the non-audit services is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non-audit services have been reviewed by the Board to ensure they do not impact on the impartiality, integrity and objectivity of the auditor
- none of the services undermine the general principles relating to auditor independence as set out in *APES 110 Code of Ethics for Professional Accountants*, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the company, acting as an advocate for the company or jointly sharing risks and rewards.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the *Corporations Act 2001*.

On behalf of the directors

Beverley Jane Errington
Chair

15 September 2022

Auditor's independence declaration

Andrew Frewin Stewart
61 Bull Street Bendigo VIC 3550
af@afsbendigo.com.au
03 5445 0944

Independent auditor's independence declaration under section 307C of the Corporations Act 2001 to the Directors of Kingsway Community Financial Services Limited

As lead auditor for the audit of Kingsway Community Financial Services Limited for the year ended 30 June 2022, I declare that, to the best of my knowledge and belief, there have been:

- i) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- iii) no contraventions of any applicable code of professional conduct in relation to the audit.

A handwritten signature in black ink, appearing to read 'Andrew Frewin Stewart'.

Andrew Frewin Stewart

Notes to the financial statements

For the year ended 30 June 2022

Note 1. Reporting entity

The financial statements cover Kingsway Community Financial Services Limited (the company) as an individual entity. The financial statements are presented in Australian dollars, which is the company's functional and presentation currency.

The company is an unlisted public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is Shop 18B, 168/182 Wanneroo Road, Madeley WA 6065.

A description of the nature of the company's operations and its principal activity is included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 15 September 2022. The directors have the power to amend and reissue the financial statements.

Note 2. Basis of preparation and statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards and Interpretations adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB). The financial statements have been prepared on an accrual and historical cost basis.

Note 3. Significant accounting policies

The company has consistently applied the following accounting policies to all periods presented in these financial statements.

Changes in accounting policies, standards and interpretations

There are a number of amendments to accounting standards issued by the AASB that became mandatorily effective for accounting periods beginning on or after 1 July 2021, and are therefore relevant for the current financial year. The amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when, it is expected to be realised or intended to be sold or consumed in the company's normal operating cycle, it is held primarily for the purpose of trading, it is expected to be realised within 12 months after the reporting period or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when, it is either expected to be settled in the company's normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within 12 months after the reporting period or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

Impairment

Non-derivative financial assets

Expected credit losses (ECL) are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received. At each reporting date, the entity recognises the movement in the ECL (if any) as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

Notes to the financial statements (continued)

Note 3. Significant accounting policies (continued)

The company's trade receivables are limited to the monthly profit share distribution from Bendigo Bank, which is received 10 business days post month end. Due to the reliance on Bendigo Bank the company has reviewed credit ratings provided by Standard & Poors, Moody's and Fitch Ratings to determine the level of credit exposure to the company. The company also performed a historical assessment of receivables from Bendigo Bank and found no instances of default. As a result no ECL has been made in relation to trade receivables as at 30 June 2022.

Non-financial assets

At each reporting date, the company reviews the carrying amounts of its tangible and intangible assets that have an indefinite useful life to determine whether there is any indication those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except when the amount of GST incurred on a sale or purchase of assets or services is not payable to or recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the revenue or expense item.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

Note 4. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the company based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the company operates. There does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the company unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

Estimation of useful lives of assets

The company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives or non-strategic assets that have been abandoned or sold will be written off or written down.

Notes to the financial statements (continued)

Note 4. Critical accounting judgements, estimates and assumptions (continued)

Impairment of non-financial assets other than goodwill and other indefinite life intangible assets

The company assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the company and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the company considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the company's operations, comparison of terms and conditions to prevailing market rates, incurrence of significant penalties, existence of significant leasehold improvements and the costs and disruption to replace the asset. The company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

Employee benefits provision

The liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and inflation have been taken into account.

The company uses historical employee attrition rates in determining the probability of an employee, at a given date, achieving continuous employment eligible for entitlement in accordance with long service leave legislation.

In the absence of sufficient historical employee attrition rates, the company applies a benchmark probability rate from across the Community Bank network to factor in estimating the probability of an employee, at a given date, achieving continuous employment eligible for entitlement in accordance with legislation.

Lease make good provision

A provision has been made for the present value of anticipated costs for future restoration of leased premises. The provision includes future cost estimates associated with closure of the premises. The calculation of this provision requires assumptions such as application of closure dates and cost estimates. The provision recognised for each site is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs for sites are recognised in the statement of financial position by adjusting the asset and the provision. Reductions in the provision that exceed the carrying amount of the asset will be recognised in profit or loss.

Note 5. Economic dependency

The company has entered into a franchise agreement with Bendigo Bank that governs the management of the Community Bank. The company is economically dependent on the ongoing receipt of income under the franchise agreement with Bendigo Bank. The directors have no reason to believe a new franchise arrangement under mutually acceptable terms will not be forthcoming following expiry.

Notes to the financial statements (continued)

Note 5. Economic dependency (continued)

The company operates as a franchise of Bendigo Bank, using the name "Bendigo Bank" and the logo and system of operations of Bendigo Bank. The company manages the Community Bank on behalf of Bendigo Bank, however all transactions with customers conducted through the Community Bank are effectively conducted between the customers and Bendigo Bank.

All deposits are made with Bendigo Bank, and all personal and investment products are products of Bendigo Bank, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo Bank, must be approved by Bendigo Bank. All credit transactions are made with Bendigo Bank, and all credit products are products of Bendigo Bank.

The company promotes and sells the products and services, but is not a party to the transaction.

The credit risk (i.e. the risk that a customer will not make repayments) is for the relevant Bendigo Bank entity to bear as long as the company has complied with the appropriate procedures and relevant obligations and has not exercised a discretion in granting or extending credit.

Bendigo Bank provides significant assistance in establishing and maintaining the Community Bank franchise operations. It also continues to provide ongoing management and operational support and other assistance and guidance in relation to all aspects of the franchise operation, including advice and assistance in relation to:

- the design, layout and fit out of the Community Bank premises
- training for the branch manager and other employees in banking, management systems and interface protocol
- methods and procedures for the sale of products and provision of services
- security and cash logistic controls
- calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs
- sales techniques and proper customer relations
- providing payroll services.

Note 6. Revenue from contracts with customers

	2022 \$	2021 \$
Margin income	485,875	480,964
Fee income	43,196	39,389
Commission income	56,925	63,546
Revenue from contracts with customers	<u>585,996</u>	<u>583,899</u>

The company has entered into a franchise agreement with Bendigo Bank. The company delivers banking and financial services of Bendigo Bank to its community. The franchise agreement provides for a share of interest, fee, and commission revenue earned by the company. Interest margin share is based on a funds transfer pricing methodology which recognises that income is derived from deposits held, and that loans granted incur a funding cost. Fees are based on the company's current fee schedule and commissions are based on the agreements in place. All margin revenue is recorded as non-interest income when the company's right to receive the payment is established.

The company acts as an agent under the franchise agreement and revenue arises from the rendering of services through its franchise agreement.

Revenue is recognised on an accruals basis, at the fair value of consideration specified in the franchise agreement. Under AASB 15 *Revenue from Contracts with Customers* (AASB 15), revenue recognition for the company's revenue stream is as follows:

Notes to the financial statements (continued)

Note 6. Revenue from contracts with customers (continued)

<u>Revenue stream</u>	<u>Includes</u>	<u>Performance obligation</u>	<u>Timing of recognition</u>
Franchise agreement profit share	Margin, commission, and fee income	When the company satisfies its obligation to arrange for the services to be provided to the customer by the supplier (Bendigo Bank as franchisor).	On completion of the provision of the relevant service. Revenue is accrued monthly and paid within 10 business days after the end of each month.

All revenue is stated net of the amount of GST. There was no revenue from contracts with customers recognised over time during the financial year.

Revenue calculation

The franchise agreement provides that three forms of revenue may be earned by the company which are margin, commission and fee income. Bendigo Bank decides the form of revenue the company earns on different types of products and services. The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Margin

Margin is arrived at through the following calculation:

	Interest paid by customers on loans less interest paid to customers on deposits
plus:	any deposit returns i.e. interest return applied by Bendigo Bank for a deposit
minus:	any costs of funds i.e. interest applied by Bendigo Bank to fund a loan.

The company is entitled to a share of the margin earned by Bendigo Bank. If this reflects a loss, the company incurs a share of that loss.

Commission

Commission revenue is in the form of commission generated for products and services sold. This commission is recognised at a point in time which reflects when the company has fulfilled its performance obligation.

The company receives trailing commission for products and services sold. Ongoing trailing commission payments are recognised on receipt as there is insufficient detail readily available to estimate the most likely amount of income without a high probability of significant reversal in a subsequent reporting period. The receipt of ongoing trailing commission income is outside the control of the company, and is a significant judgement area.

Fee income

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

Core banking products

Bendigo Bank has identified some products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits.

Ability to change financial return

Under the franchise agreement, Bendigo Bank may change the form and amount of financial return the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo Bank earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service.

Bendigo Bank must not reduce the margin and commission the company receives on core banking products and services to less than 50% (on an aggregate basis) of Bendigo Bank's margin at that time. For other products and services, there is no restriction on the change Bendigo Bank may make.

Notes to the financial statements (continued)

Note 7. Other revenue

	2022 \$	2021 \$
Market development fund	15,000	22,500
Cash flow boost	-	20,869
Other revenue	15,000	43,369

The company's activities include the generation of income from sources other than the core products under the franchise agreement. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and can be reliably measured.

Revenue stream

Discretionary financial contributions (also "Market development fund" or "MDF" income)

Cash flow boost

Revenue recognition policy

MDF income is recognised when the right to receive the payment is established. MDF income is discretionary and provided and receivable at month-end and paid within 14 days after month-end.

Cash flow boost income is recognised when the right to the payment is established (e.g. monthly or quarterly in the activity statement).

All revenue is stated net of the amount of GST.

Discretionary financial contributions

In addition to margin, commission and fee income, and separate from the franchise agreement, Bendigo Bank has also made MDF payments to the company.

The amount has been based on the volume of business attributed to a branch. The purpose of the discretionary payments is to assist with local market development activities, including community sponsorships and grants. It is for the Board to decide how to use the MDF.

The payments from Bendigo Bank are discretionary and may change the amount or stop making them at any time. The company retains control over the funds, the funds are not refundable to Bendigo Bank.

Cash flow boost

In response to the COVID-19 outbreak, *Boosting Cash Flow for Employers (Coronavirus Economic Response Package) Act 2020* (CFB Act) was enacted. The purpose was to provide temporary cash flow to small and medium sized businesses that employ staff and have been affected by the economic downturn associated with COVID-19.

The amounts received are in relation to amounts withheld as withholding tax reported in the activity statement. This essentially subsidises the company's obligation to remit withholding tax to the Australian Taxation Office. For reporting purposes, the amounts subsidised are recognised as revenue.

The amounts are not assessable for tax purposes and there is no obligation to repay the amounts.

Note 8. Expenses

Depreciation and amortisation expense

	2022 \$	2021 \$
<i>Depreciation of non-current assets</i>		
Leasehold improvements	71,115	17,608

Income tax refund due	<u>-</u>	<u>14,544</u>
	2022 \$	2021 \$
Provision for income tax	<u>4,658</u>	<u>-</u>

Accounting policy for income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Accounting policy for current tax

Current tax assets and liabilities are measured at amounts expected to be recovered from or paid to the taxation authorities. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Accounting policy for deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for all deductible temporary differences, carried-forward tax losses, and unused tax credits to the extent that it is probable that future taxable profits will be available against which they can be used.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax is measured at the rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax and when the balances relate to taxes levied by the same taxation authority and the entity intends to settle its tax assets and liabilities on a net basis.

Note 10. Cash and cash equivalents

	2022 \$	2021 \$
Cash at bank and on hand	151,388	66,904
Term deposits	200,000	263,577
	<u>351,388</u>	<u>330,481</u>

Accounting policy for cash and cash equivalents

For the purposes of the Statement of Financial Position and Statement of Cash Flows, cash and cash equivalents comprise cash on hand and deposits held with banks.

Notes to the financial statements (continued)

Note 11. Trade and other receivables

	2022 \$	2021 \$
Trade receivables	60,342	46,240
Prepayments	7,089	5,074
	<u>67,431</u>	<u>51,314</u>

Accounting policy for trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Note 12. Property, plant and equipment

	2022 \$	2021 \$
Leasehold improvements - at cost	267,298	267,298
Less: Accumulated depreciation	(172,596)	(101,481)
	<u>94,702</u>	<u>165,817</u>
Plant and equipment - at cost	30,592	30,592
Less: Accumulated depreciation	(28,146)	(25,723)
	<u>2,446</u>	<u>4,869</u>
Motor vehicles - at cost	25,523	25,523
Less: Accumulated depreciation	(15,928)	(13,529)
	<u>9,595</u>	<u>11,994</u>
	<u>106,743</u>	<u>182,680</u>

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

	Leasehold improvements \$	Plant and equipment \$	Motor vehicles \$	Total \$
Balance at 1 July 2020	183,425	7,296	14,992	205,713
Depreciation	(17,608)	(2,427)	(2,998)	(23,033)
Balance at 30 June 2021	165,817	4,869	11,994	182,680
Depreciation	(71,115)	(2,423)	(2,399)	(75,937)
Balance at 30 June 2022	<u>94,702</u>	<u>2,446</u>	<u>9,595</u>	<u>106,743</u>

Accounting policy for property, plant and equipment

Items of property, plant and equipment are measured at cost or fair value as applicable, less accumulated depreciation. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a diminishing value and straight-line basis to write off the net cost of each item of property, plant and equipment over their expected useful lives as follows:

Leasehold improvements	3 to 10 years
Plant and equipment	2 to 10 years
Motor vehicles	5 years

Notes to the financial statements (continued)

Note 12. Property, plant and equipment (continued)

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Change in estimates

During the financial year, the company assessed estimates used for property, plant and equipment including useful lives, residual values, and depreciation methods.

The company's review of estimates resulted in changes in the useful life of some of Madeley branch leasehold improvements. The useful life had previously been assessed as 20 years until December 2042. This is now expected to be 3 years until December 2025. The effect of these changes on actual and expected depreciation expense was as follows:

	2022 \$	2023 \$	2024 \$	2025 \$	2026+ \$
(Decrease) increase in depreciation expense	53,676	53,676	1,058	(9,480)	(98,930)

Note 13. Right-of-use assets

	2022 \$	2021 \$
Land and buildings - right-of-use	948,228	1,007,042
Less: Accumulated depreciation	(736,747)	(627,050)
	<u>211,481</u>	<u>379,992</u>

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

	Land and buildings \$	Total \$
Balance at 1 July 2020	463,638	463,638
Remeasurement adjustments	33,402	33,402
Depreciation expense	(117,048)	(117,048)
Balance at 30 June 2021	379,992	379,992
Remeasurement adjustments	(58,813)	(58,813)
Depreciation expense	(109,698)	(109,698)
Balance at 30 June 2022	<u>211,481</u>	<u>211,481</u>

Accounting policy for right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Right-of-use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

Refer to note 17 for more information on lease arrangements.

Notes to the financial statements (continued)

Note 14. Intangibles

	2022 \$	2021 \$
Franchise fee	89,598	89,598
Less: Accumulated amortisation	(85,203)	(83,006)
	<u>4,395</u>	<u>6,592</u>
Franchise renewal fee	111,645	111,645
Less: Accumulated amortisation	(89,564)	(78,578)
	<u>22,081</u>	<u>33,067</u>
	<u>26,476</u>	<u>39,659</u>

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

	Franchise fee \$	Franchise renewal fee \$	Total \$
Balance at 1 July 2020	8,790	44,053	52,843
Amortisation expense	(2,197)	(10,987)	(13,184)
Balance at 30 June 2021	6,593	33,066	39,659
Amortisation expense	(2,197)	(10,986)	(13,183)
Balance at 30 June 2022	<u>4,396</u>	<u>22,080</u>	<u>26,476</u>

Accounting policy for intangible assets

Intangible assets of the company relate to the franchise fees paid to Bendigo Bank which conveys the right to operate the Community Bank franchise.

Intangible assets are measured on initial recognition at cost. Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

The franchise fees paid by the company are amortised over their useful life and assessed for impairment whenever impairment indicators are present.

The estimated useful life and amortisation method for the current and comparative periods are as follows:

Asset class	Method	Useful life	Expiry/renewal date
Franchise fee	Straight-line	Over the franchise term (5 years)	September 2024
Franchise renewal fee	Straight-line	Over the franchise term (5 years)	September 2024

Amortisation methods, useful life, and residual values are reviewed at each reporting date and adjusted if appropriate.

Change in estimates

During the financial year, the company assessed estimates used for intangible assets including useful lives, residual values, and amortisation methods. There were no changes in estimates for the current reporting period.

Notes to the financial statements (continued)

Note 15. Trade and other payables

	2022 \$	2021 \$
<i>Current liabilities</i>		
Trade payables	14,250	14,182

Between 12 months and 5 years	156,506	338,409
	<u>286,518</u>	<u>487,661</u>

Accounting policy for lease liabilities

Lease liabilities were measured at amounts equal to the present value of enforceable future payments of the term reasonably expected to be exercised, discounted at the appropriate incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise fixed or variable lease payments that depend on an index or rate and lease payments in a renewal option if the company is reasonably certain to exercise that option. For leases of property the company has elected to separate lease and non-lease components when calculating the lease liability.

The company has applied judgement in estimating the remaining lease term including the effects of any extension options reasonably expected to be exercised, applying hindsight where appropriate.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if the company changes its assessment of whether it will exercise an extension option or if there is a revised in-substance fixed lease payment.

The company assesses at the lease commencement date whether it is reasonably certain to exercise extension options. The company reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

Where the company is a lessee for the premises to conduct its business, extension options are included in the lease term except when the company is reasonably certain not to exercise the extension option. This is due to the significant disruption of relocating premises and the loss on disposal of leasehold improvements fitted out in the demised leased premises.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to nil.

The company's lease portfolio includes:

Madely branch	The lease agreement commenced in December 2015. A 3 year and 9 months renewal option was exercised in December 2020. As such, the lease term end date used in the calculation of the lease liability is August 2024. The discount rate used in calculations is 4.79%.
---------------	---

Accounting policy change

During the period the company elected to separate outgoings from the lease liability calculations. This change resulted in a remeasurement adjustment for the period, but should reduce the ongoing remeasurements from varying outgoing amounts.

Notes to the financial statements (continued)

Note 18. Employee benefits

	2022 \$	2021 \$
<i>Current liabilities</i>		
Annual leave	6,509	8,136
Long service leave	12,379	12,001
	<u>18,888</u>	<u>20,137</u>
<i>Non-current liabilities</i>		
Long service leave	-	764

Accounting policy for employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for salary and wages where the employee has provided the service but payment has not yet occurred at the reporting date. They are measured at amounts expected to be paid, plus related on-costs. Non-accumulating sick leave is expensed when the leave is taken and measured at the rates paid or payable.

An annual leave liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be reliably estimated. The company's obligations for short-term employee benefits such as salaries and wages are recognised as part of current trade and other payables in the statement of financial position. The company's obligations for employees' annual leave and long service leave entitlements are recognised in employee benefits in the statement of financial position.

Superannuation contributions

Contributions to superannuation plans are expensed in the period in which they are incurred.

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior reporting periods.

That benefit is discounted to determine its present value. Consideration is given to expected future wage and salary levels plus related on-costs, experience of employee departures, and years of service achieved. Expected future payments are discounted using market yields at the reporting date on high quality corporate bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

Remeasurements are recognised in profit or loss in the period in which they arise.

Note 19. Provisions

	2022 \$	2021 \$
Lease make good	<u>1,623</u>	<u>1,547</u>

Lease make good

In accordance with the branch lease agreement, the company must restore the leased premises to the original condition before the expiry of the lease term. The company has estimated the provision to be \$1,800 based on experience and consideration of the expected future costs to remove all fittings and the ATM as well as cost to remedy any damages caused during the removal process. The lease is due to expire on August 2024 at which time it is expected the face-value costs to restore the premises will fall due.

Notes to the financial statements (continued)

Note 19. Provisions (continued)

Accounting policy for provisions

Provisions are recognised when the company has a present (legal or constructive) obligation as a result of a past event, it is probable the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

Note 20. Issued capital

	2022 Shares	2021 Shares	2022 \$	2021 \$
Ordinary shares - fully paid	<u>775,009</u>	<u>775,009</u>	<u>775,009</u>	<u>775,009</u>

Accounting policy for issued capital

Ordinary shares are recognised at the fair value of the consideration received by the company being \$1 per share. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

Rights attached to issued capital

Ordinary shares

Voting rights

Subject to some limited exceptions, each member has the right to vote at a general meeting.

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney, corporate representative or proxy.

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the Community Bank branch have the same ability to influence the operation of the company.

Dividends

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo Bank contains a limit on the level of profits or funds that may be distributed to shareholders. There is also a restriction on the payment of dividends to certain shareholders if they have a prohibited shareholding interest (see below).

Transfer

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of shares.

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the *Corporations Act 2001*.

Prohibited shareholding interest

A person must not have a prohibited shareholding interest in the company.

In summary, a person has a prohibited shareholding interest if any of the following applies:

Notes to the financial statements (continued)

Note 20. Issued capital (continued)

- They control or own 10% or more of the shares in the company (the "10% limit").
- In the opinion of the Board they do not have a close connection to the community or communities in which the company predominantly carries on business (the "close connection test").

As with voting rights, the purpose of this prohibited shareholding provision is to reflect the community-based nature of the company.

Where a person has a prohibited shareholding interest, the voting and dividend rights attaching to the shares in which the person (and his or her associates) have a prohibited shareholding interest, are suspended.

The Board has the power to request information from a person who has (or is suspected by the board of having) a legal or beneficial interest in any shares in the company or any voting power in the company, for the purpose of determining whether a person has a prohibited shareholding interest. If the board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of shares the Board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the Board is authorised to sell the specified shares on behalf of that person. The holder will be entitled to the consideration from the sale of the shares, less any expenses incurred by the Board in selling or otherwise dealing with those shares.

In the constitution, members acknowledge and recognise that the exercise of the powers given to the Board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

Note 21. Accumulated losses

	2022 \$	2021 \$
Accumulated losses at the beginning of the financial year	(307,393)	(300,042)
Loss after income tax benefit for the year	<u>(29,637)</u>	<u>(7,351)</u>
Accumulated losses at the end of the financial year	<u><u>(337,030)</u></u>	<u><u>(307,393)</u></u>

Note 22. Capital management

The Board's policy is to maintain a strong capital base so as to sustain future development of the company. The Board monitor the return on capital and the level of distributions to shareholders. Capital is represented by total equity as recorded in the statement of financial position.

In accordance with the franchise agreement, in any 12 month period the funds distributed to shareholders shall not exceed the distribution limit.

The distribution limit is the greater of:

- 20% of the profit or funds of the company otherwise available for distribution to shareholders in that 12 month period; and
- subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the company over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid for the financial year can be seen in the statement of profit or loss and other comprehensive Income.

There were no changes in the company's approach to capital management during the year.

Notes to the financial statements (continued)

Note 23. Dividends

There were no dividends paid, recommended or declared during the current or previous financial year.

Note 24. Financial instruments

	2022 \$	2021 \$
Financial assets		
Trade and other receivables	60,342	46,240
Cash and cash equivalents	351,388	330,481
	<u>411,730</u>	<u>376,721</u>
Financial liabilities		
Trade and other payables	61,950	73,702
Lease liabilities	271,481	451,106
Bank loans	-	2,322
	<u>333,431</u>	<u>527,130</u>

Accounting policy for financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The company's financial instruments include trade debtors and creditors, cash and cash equivalents, borrowings and lease liabilities.

Trade receivables are initially recognised at the transaction price when they originated. All other financial assets and financial liabilities are initially measured at fair value plus, transaction costs (where applicable) when the company becomes a party to the contractual provisions of the instrument. These assets and liabilities are subsequently measured at amortised cost using the effective interest method.

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the rights are transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and rewards associated with the asset. Financial liabilities are derecognised when its contractual obligations are discharged, cancelled, or expire. Any gain or loss on derecognition is recognised in profit or loss.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the company currently has a legally enforceable right to set off the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Financial risk management

The company has exposure to credit, liquidity and market risk arising from financial instruments. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the company. The company does not use derivative instruments. Risk management is carried out directly by the Board.

Market risk

Market risk is the risk that changes in market prices - e.g. foreign exchange rates, interest rates, and equity prices - will affect the company's income or the value of its holdings in financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The company has no exposure to any transactions denominated in a currency other than Australian dollars.

Price risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

Cash flow and fair value interest rate risk

Interest-bearing assets and liabilities are held with Bendigo Bank and subject to movements in market interest. Interest-rate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk.

Notes to the financial statements (continued)

Note 24. Financial instruments (continued)

The company held cash and cash equivalents of \$351,388 at 30 June 2022 (2021: \$330,481). The cash and cash equivalents are held with Bendigo Bank, which are rated BBB+ on Standard & Poor's credit ratings.

As at the reporting date, the company had the following variable rate borrowings outstanding:

	2022		2021	
	Nominal interest rate %	Balance \$	Nominal interest rate %	Balance \$
Bank loans	-	-	5.64%	2,322
Net exposure to cash flow interest rate risk		-		2,322

An analysis by remaining contractual maturities is shown in 'liquidity risk' below.

Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers.

The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo Bank. The company monitors credit worthiness through review of credit ratings of the bank.

Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities. The contractual cash flow amounts are gross and undiscounted and therefore may differ from their carrying amount in the statement of financial position.

	1 year or less \$	Between 1 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
2022				
Non-derivatives				
Trade and other payables	46,641	15,309	-	61,950
Lease liabilities	130,012	156,506	-	286,518
Total non-derivatives	176,653	171,815	-	348,468
	1 year or less \$	Between 1 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
2021				
Non-derivatives				
Bank loans	2,322	-	-	2,322
Trade and other payables	43,083	30,619	-	73,702
Lease liabilities	149,252	338,409	-	487,661
Total non-derivatives	194,657	369,028	-	563,685

Notes to the financial statements (continued)

Note 25. Key management personnel disclosures

The following persons were directors of Kingsway Community Financial Services Limited during the financial year:

Beverley Jane Errington
Patrick Holywell
Shannon Crowe

Steven Windsor
Kate Major
Anouck Van Dyck

Compensation

Key management personnel compensation comprised the following.

	2022 \$	2021 \$
Short-term employee benefits	7,000	9,000
Post-employment benefits	700	855
	<u>7,700</u>	<u>9,855</u>

Note 26. Related party transactions

The following transactions occurred with related parties:

	2022 \$	2021 \$
Beverley Errington provided bookkeeping services during the period. All services were provided at market value. The total benefit received was:	37,500	37,950

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Note 27. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by Andrew Frewin Stewart, the auditor of the company:

	2022 \$	2021 \$
<i>Audit services</i>		
Audit or review of the financial statements	<u>5,200</u>	<u>5,000</u>
<i>Other services</i>		
Taxation advice and tax compliance services	1,325	1,300
General advisory services	<u>2,520</u>	<u>4,230</u>
	<u>3,845</u>	<u>5,530</u>
	<u>9,045</u>	<u>10,530</u>

Notes to the financial statements (continued)

Note 28. Reconciliation of loss after income tax to net cash provided by operating activities

	2022 \$	2021 \$
Loss after income tax benefit for the year	(29,637)	(7,351)
Adjustments for:		
Depreciation and amortisation	198,818	153,265
Lease liabilities interest	17,591	24,245
Change in operating assets and liabilities:		
Decrease/(increase) in trade and other receivables	(16,117)	4,172
Decrease in income tax refund due	14,544	-
Increase in deferred tax assets	(14,536)	(15,834)
Increase/(decrease) in trade and other payables	2,164	(2,909)
Increase in provision for income tax	4,658	-
Increase/(decrease) in employee benefits	(2,013)	2,984
Increase in other provisions	76	72
Net cash provided by operating activities	<u>175,548</u>	<u>158,644</u>

Note 29. Earnings per share

	2022 \$	2021 \$
Loss after income tax	<u>(29,637)</u>	<u>(7,351)</u>
	Number	Number
Weighted average number of ordinary shares used in calculating basic earnings per share	<u>775,009</u>	<u>775,009</u>
Weighted average number of ordinary shares used in calculating diluted earnings per share	<u>775,009</u>	<u>775,009</u>
	Cents	Cents
Basic earnings per share	(3.82)	(0.95)
Diluted earnings per share	(3.82)	(0.95)

Accounting policy for earnings per share

Basic and diluted earnings per share is calculated by dividing the profit attributable to the owners of Kingsway Community Financial Services Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year.

Note 30. Commitments

The company has no commitments contracted for which would be provided for in future reporting periods.

Note 31. Contingencies

There were no contingent liabilities or contingent assets at the date of this report to affect the financial statements.

Note 32. Events after the reporting period

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Directors' declaration

For the financial year ended 30 June 2022

In the directors' opinion:

- the attached financial statements and notes comply with the *Corporations Act 2001*, the Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
- the attached financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in the notes to the financial statements;
- the attached financial statements and notes give a true and fair view of the company's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the *Corporations Act 2001*.

On behalf of the directors

Independent auditor's report to the Directors of Kingsway Community Financial Services Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Kingsway Community Financial Services Limited's (the company) which comprises:

- Statement of financial position as at 30 June 2022
- Statement of profit or loss and other comprehensive income
- Statement of changes in equity
- Statement of cash flows
- Notes to the financial statements, including a summary of significant accounting policies
- The directors' declaration of the company.

In our opinion, the accompanying financial report of Kingsway Community Financial Services Limited, is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the company's financial position as at 30 June 2022 and of its financial performance for the year ended on that date; and
- ii. complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
