Lara District **Community Bank**®

2014 –2015

Community Support Program

For the year ending 30 June 2015

The year just ended has seen us make major changes to the way we administer our Community Support Program. We believe that moving to a twice a year application process with a meeting where those intending to apply must be present has allowed us to treat each application in a fairer way. We have also used the Bendigo Foundation and with the support of our ASO this has lessened the workload for the CSP committee. We are asking successful applicants to complete an evaluation of the process and this has provided very positive feedback.

Lara District
Community Bank® Branch
