

Made possible by the customers of Logan **Community Bank**® Group

## From the Chairman

Firstly a personal thank you to those shareholders who attended our recent Annual General Meeting that was held Monday 4 November 2013 at Tudor Park.

This is our tenth year in operation and much has been made about that point.

We celebrated with a very successful community engagement dinner in September and found that our message is getting heard stronger and clearer than ever.

In reaching a milestone like this we do crystallise some operational costs. As a result of turning 10, another five year franchise term has been served out. Pleasingly the company was able to meet all of its obligations and pay the renewal of franchise fees for the next five year term directly from operational cash reserves. Similarly, in a commercial sense we reach anniversary dates on a number of our leases that are brought into alignment with this date. Extensive negotiations by members of the Board have seen us keep these costs at levels that we are comfortable with, but it is noteworthy from an operational sense.

As reported last year we have purchased premises for the planned relocation of the Loganholme **Community Bank**® Branch and this is set to occur within the next 12 months. I extend an invitation to all to come and see what will be a flagship of the group once opened. We have budgeted for the upcoming spend involved in relocating, but look forward to the huge cost benefits that this will reap once completed.

I give this background so that it may be considered what a good result we are able to post this year in light of the number of

commitments that have fallen due. Whilst still a Board that adopts responsible caution where needed, we are comfortable with our position and able to announce an exciting return of 7 cents per share fully franked for the 2012/2013 financial year. Our team, Branch Managers and branch staff have worked their respective areas strongly and managed to keep a book of some \$350 million in footings in great shape.

With some small changes in personnel, we have managed to embrace a culture of community engagement, but now more than ever we are ready to launch a concerted effort towards winning the full banking suite of services for our Logan population.

So don't forget to tell your friends, family, associates etc that we provide a full range of banking products and services.

We thank you for your continued support and look forward to even more engagement as we roll out new initiatives along with our banking partner Bendigo and Adelaide Bank.

## Raising money for charity – Logan City Charity Bike ride

This year saw the team from our Loganholme branch build a strong relationship with the Rotary Club of Loganholme. Providing support for the Logan City Charity Bike Ride where riders participate in 40 or 100kms rides with funds raised going to support Queenslanders living with diabetes. The event attracted more than 200 riders and was a huge success. Next year's event will be held Sunday 27 July 2014.

## Driver Education starts at school

Logan **Community Bank**® Group has provided \$70,000 in financial support to BRAKE including the recent purchase of a car. The provision of the car now allows the BRAKE school liaison officer to get out to more schools to encourage the take up of the BRAKE program.

BRAKE is a unique driver education program designed to give teenagers the skills they need to get them through the critical first few years of driving, a time when teenagers are exposed to the highest likelihood of being involved in a road accident.

After community meetings with the residents of Logan, the biggest item on their wish list was to be able to provide driver education to our youth.

After these community meetings, the Logan **Community Bank**® Group got to work, investigating possible programs which would benefit the youth of Logan.

After much deliberation the Board of the Logan **Community Bank**® Group agreed and committed to support and invest in BRAKE.

The BRAKE program is currently run in 13 Logan High Schools – if your school is not involved and you are interested in finding out more information contact one of the Logan **Community Bank**® branches or visit [www.brake.org.au](http://www.brake.org.au)
