Mundaring Community Financial Services Limited

Notes to the Financial Statements

For the half-year ended 31 December 2019

Note 1. Summary of significant accounting policies

Statement of Compliance

This general purpose financial report has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34: *Interim Financial Reporting*.

Basis of preparation

This financial report is intended to provide users with an update on the latest annual financial statements and does not include all the notes of the type normally included in an annual financial report. Accordingly the report shall be read in conjunction with the annual financial report for the year ended 30 June 2019 and any public announcements made by the company during the period.

Accounting policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial report and the previous corresponding interim period, apart from new Accounting Standard detailed below.

The half-year financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

New Accounting Standards Implemented

The company has considered the implications of new or amended Accounting Standards which have become applicable for the current financial reporting period. The company had to change its accounting policies and make adjustments as a result of adopting AASB 16.

The impact of the adoption of this Standard and the respective accounting policies is disclosed in Note 2.

Note 2. Changes in accounting policies

This note describes the nature and effect of the adoption of AASB 16 on the company's financial statements and discloses the new accounting policies that have been applied from 1 July 2019, where they are different to those applied in prior periods.

a) Types of leases

The company has entered into non-cancellable leases on its branch premises and corporate office building.

b) Impact on comparatives

The company has applied AASB 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 July 2019. Accordingly, the comparative information has not been restated.

Mundaring Community Financial Services Limited

Notes to the Financial Statements

For the half-year ended 31 December 2019

Note 2. Changes in accounting policies *(continued)*

c) Leases

The company as lessee

At inception of a contract, the company assess if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability are recognised by the company where the company is a lessee. However, all contracts that are classified as short-term leases (i.e. leases with a remaining term of 12 months or less) and leases of low value assets are recognised as operating expenses on a straight-line basis over the term of the lease.

d) Initial application of AASB 16

The company has recognised a lease liability and right-of-use asset for all leases recognised as operating leases under the now inoperative AASB 117: *Leases* where the company is the lessee.

Lease liabilities are shown at the present value of the remaining lease payments. The company's incremental borrowing rate as at 1 July 2019 has been used to discount the lease payments.

The following practical expedients have been used by the company in applying AASB 16 for the first time:

- A single discount rate has been applied.
- Initial direct costs have been excluded from the measurement of the right-of-use asset at the date of initial application.
- The use of hindsight to determine lease terms on contracts that have options to extend or terminate.

e) Financial impact

Impacts on the financial statements and notes as at and for the half-year ended 31 December 2019 are shown throughout this report. As at the date of transition the impact of the new standard is summarised below in the noted items:

Balance sheet as at 1 July 2019	\$
Right-of-use assets	109,573
Make-good provision	(44,369)
Lease liabilities	(167,886)
Deferred tax asset	28,238
Accumulated losses	<u>(74,444)</u>

Lease liabilities reconciliation on transition

Operating lease disclosure as at 30 June 2019	190,119
Less: AASB 117 lease commitments reconciliation	(7,121)
Less: additional options now not expected to be exercised	(5,826)
Less: discounted to present value	(9,286)
Lease liability as at 1 July 2019	<u>167,886</u>

Lease liabilities were discounted using a weighted average discount rate of 4.79%.

For the half-year ended 31 December 2019

Note 2. Changes in accounting policies *(continued)*

f) Recognition exemption

The company pays for the right to use information technology equipment and photocopier. The underlying assets have been assessed as low value and exempted from recognition under AASB 16.

	31-Dec-19	31-Dec-18
	\$	\$
Expenses relating to low value leases:		
IT Equipment Lease	4,812	
Photocopier	2,198	
Total	<u>7,010</u>	<u>-</u>

Note 3. Events subsequent to reporting date

There have been no events subsequent to reporting date that would materially affect the financial statements at the reporting date.

Note 4. Contingent assets and liabilities

There were no contingent assets or liabilities at the date of this report to affect the financial statements.

Note 5. Segment reporting

The economic entity operates in a single service sector where it facilitates community banking services in Mundaring, Western Australia pursuant to a franchise agreement with Bendigo and Adelaide Bank Limited.

Note 6. Related parties

Arrangements with related parties continue to be in place. For details on these arrangements, refer to the 30 June 2019 annual financial report.

Note 7. Leases

The company's lease portfolio consists of the following:

- The branch premises which is a non-cancellable lease with a five-year term expiring on 31 December 2021, the lease is currently into its final term.
- The Corporate Office which is a non-cancellable lease with a three year term expiring on 16 January 2021, the lease is currently into its final term.

a) Lease liabilities

Lease liabilities were measured at amounts equal to the present value of enforceable future payments of the term reasonably expected to be exercised, discounted at the appropriate incremental borrowing rate on the adoption date. The discount rate used was 4.79%.

The discount rate used in calculating the present value of enforceable future payments takes into account the particular circumstances applicable to the underlying leased assets (including the amount, lease term, economic environment, and other relevant factors).

The company has estimated remaining lease terms including the effects of any renewal options or termination options expected to be reasonably exercised, applying hindsight where appropriate.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

As the auditor of Mundaring Community Financial Services Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by directors or management.

Independence

In conducting our review we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's opinion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Mundaring Community Financial Services Limited is not in accordance with the *Corporations Act 2001* including:
