Independent Audit Report	23

Your Community Bank continues to grow, with the successful opening of our Customer Service Centre at Broadford in February this year, adding a third township to our successful branches at Wallan and Kilmore.

We have had a bumper year in income, and we now employ 20 staff in our three branches and our Administration Office. Profits have been growing. Pre tax profits distributed to the community since inception have passed \$2.9 million, made possible by the customers and shareholders who bank with our Community Bank Branches at Wallan, Kilmore and Broadford. Our Community Investment budget for this year is \$300,000.00 which will principally be distributed to local organisations and groups as grants.

The Sedgwick Report and the Royal Commission into banking has been well reported in the media. The Bendigo & Adelaide Bank employ Business Bankers and Financial Advisors on salary only basis. Our Business Bankers and Financial Advisor provide the best outcome for our clients, having no incentive to chase commission from selling products that may not suit the customer. Locally, we have a Bendigo Financial Advisor based at Wallan who is available for consultation at our Branches.

We have had a few staff changes this year, several for personal reasons, including Kilmore Manager Shelley McLean relocating to Barwon Heads and our Board Secretary Sheree Tivendale moving to a Government role, along with several other staff. We extend our grateful thanks to Shelley, Sheree and our former staff for their outstanding service. In their place we were fortunate to welcome new manager at Kilmore Simon Halman and new Company Secretary Sally Chadwick. Other changes have been the appointment of Laura Moran as our Mobile Banker and Kate Bolton as our Community Investment and Marketing Officer.

Our staff are our greatest asset being dedicated, professional and well trained in the business of banking; they are led by Senior Manager Jason Chuck, Wallan Branch Manager Tracey Charry, Kilmore Branch Manager Simon Halman and Broadford Senior Officer Leanne Paice.

At the Annual Grants Night at Trackside on September 4th there were many comments made by the 140 attendees about the friendly customer service that our branches are giving. I have also personally received positive feedback from the community.

During the year Director and original Steering Committee member Andrew Skora retired from the Board, as did Directors Lee Day and Lee Bova . All of these retirements were for lifestyle reasons balancing family, work and social life. I thank those retired Directors for their input into the running of the Company. We also appointed Brent Baker, our Youth Board Associate, as a Director and he will be standing for re-election at the AGM.

We are proud to be progressing our new Wallan Building, which will be a signature commercial building for the region. Our new Wallan home will house the Branch, a regional Business Incubator and our Administration Office, with construction to commence shortly. Many hours of work have been contributed by our Directors to progress this project.

The mix of our Board reflects the community we serve and I thank my fellow Directors for the enthusiasm and dedication they bring to the task of directing our Company's affairs. At a recent Directors retreat we considered future strategy for the Company and have already commenced implementing our findings.

We look forward to another busy and successful year.

Mull Anox

Wally Mott Chairman

It is with great pleasure I submit the financial statements for year ended 30 June 2018.

What a terrific set of numbers they are, our Income increased by \$452,621.00 for the year up 17.4 %. This is due to the continuing extraordinary growth in our banking business. Our staff costs increased by \$258,857.00 due to the increased number of local people we are employing, and well earned pay increases for all our staff.

Our Sponsorship spending increased slightly, but importantly we granted funds to all deserving applicants during the year.

Our depreciation increased by \$110,969.00 for the year due to us claiming accelerated write-off of our existing Wallan Fit Out. We expect to scrap this once we move into our new building late next year. This higher write-off has resulted in our taxable profit remaining almost unchanged at \$542,873.00.

The Board has resolved to pay an unchanged fully franked dividend of 8.3 cents per share in late March 2019.

Our Balance Sheet is strengthened by the addition of further retained funds, our Net Assets are now \$1,992,922.00, almost double contributed equity of \$1,003,089.00. 2018/2019 will be a transformative year for our company, we have very recently granted the tender to construct our new building in Wallan. We have applied for finance of \$3 million to fund this development. We expect the new building will be completed by October/ November 2019, and we will move our Wallan Branch and our Admin Centre as soon as possible on completion.

This will add a significant asset to our balance sheet, as well as our first long term liability. It is very gratifying that our total annual commitment to repay the finance on our loan will be less than this year's increase in banking income. All we need to do is to keep performing as well this year as we did last year, and we can service this debt without any change to our other parameters.

We are blessed that our service area covers one of Melbourne's most dynamic growth corridors.

We anticipate that our growth will continue at a faster rate than organic growth because we add value to every relationship that we establish.

Our staff work ethic, and their positive helpful approach to all our customers, reflects the customers positive experience on our income statement. We intend to do all in our power to make sure that this continues.

Our business is very well set for future growth, we have ample working capital to fund our day to day requirements, and anticipate no change in our positive trajectory.

At our recent strategic weekend held in August, I presented to the Board a very positive picture for our company's future performance, I continue to be very optimistic about our business prospects.

The large change in our balance sheet which will result from the building in Wallan, will not change the direction of the company, we are and will remain a banking service organisation, whose

purpose is to add to the well being of our customers, our staff, our partners, our shareholders, and all our other stakeholders.

David Wheeler Treasurer

Senior Manager's Report

How best to summarise the last 12 months as the Senior Manager of NorCen Financial Service Limited (NorCen). To say it has been a very busy and industrious financial year would somewhat understate what we have been able to achieve since my Annual report last year.

The withdrawal of NAB from Broadford last year gave us the opportunity to look at how we could assist the town from a banking perspective. After town hall meetings and extensive investigation by both NorCen and Bendigo Bank, the decision was made to look at a banking model called a "Customer Service Centre- or CSC".

The Bendigo Bank set specific hurdles that NorCen needed to reach before we could achieve sign-off on our CSC in Broadford. We were charged with attracting both Deposit and Lending funds to the Bendigo Bank to ensure that if/when we opened, we would have an established base of clientele to build on and ensured the local townsfolk had "skin in the game" with their potential new Bank. These targets seemed quite modest, however the reality of actually transferring banking across to the Bendigo Bank for some clients was quite a challenge.

Staff member Leanne Paice and I established an office at Barry Plant Real Estate in Broadford and began to write business immediately. Barry Plant staff were fantastic, and we soon had a professional and confidential environment in which to offer banking solutions to the townsfolk.

The assistance provided by Alana and Greg at the former Broadford Agency was tremendous, and I take this opportunity once again to thank them for all of their help. We would not have achieved our CSC so quickly without their support, and they should be very proud of their efforts. With their assistance, along with support from the Kilmore Bendigo bank branch; the CSC has to date been a success with over \$17 Million on the books. It is wonderful to provide this banking service to the people of Broadford and district, and we look forward to their continued support.

Kilmore entered its third year exceptionally well led by Branch Manager Shelley McLean. A high performing branch, Kilmore experienced significant staff change during the year with Shelley McLean moving to Barwon Heads as their Branch Manager, Laura Moran moving to our mobile lending role, whilst Andrea Lever and Leanne Paice are now based at Broadford. Through new appointments, including new Branch Manager Simon Halman, the branch is now in a very good position.

Kilmore now has footings of \$166 Million, and grew by a very impressive \$26 Million in the last financial year. These figures look great (and they are), however they also re-domiciled over \$12 Million in growth to the new Broadford CSC upon them opening in February, so their actual growth of \$38 million for the year is an incredible result. All staff contributed to this result, however special mention must go to Shelley McLean, Laura Moran and Erin McDonald for their impressive lending performance. What a year for Kilmore.

Wallan, fresh from winning Branch of the Year in our Region last year had another superb year. The team at Wallan achieved growth of \$20.5

Million for the year; and was kept extremely busy with both Lending enquiries and account openings. It is to be noted that Wallan lost \$15 Million off their book due to a large Commercial connection paying down debt, so actual growth was closer to \$36 Million for the year-very close to Kilmore's results. Wallan, ably led by Branch Manager Tracey Charry consistently punch above their weight in comparison to other branches within the region, and their results are a real credit to the team. Wallan celebrated its 10 year anniversary during the year which allowed us to both acknowledge the hard work of both current and former staff and to celebrate their success in style.

Finally, the Board have performed very well as a cohesive unit as we have dealt with various pressing issues throughout the year. Plans for our new branch in Wallan are progressing nicely, and this building will act as a new home for Wallan Community Bank as well as offering community and office spaces and the building will add a new dynamic to the streetscape in Wallan.

The Board made the decision to appoint a specialised Mobile Relationship Manager to service the lending needs of our catchment area outside of hours. This position was filled by one of our most experienced lenders, Laura Moran and she is already excelling in this position.

I thank Chairman Wally Mott and the Board of Bruce Nicholls, Kit Holland, David Wheeler, David Ford, Terry Dobson, Sue Marstaeller, Susan Langborne, Brent Baker, former Directors Andrew Skora, Lee Day, Lee Bova and former Company Secretary Sheree Tivendale for their ongoing support and assistance during the year.

Finally, thank you to Tracey and her team-Jen, Kirsty, Jackie, Louise, Carmel and Tyeisha. Thanks to the Kilmore team of Simon, Jasmyn, Julie, Courtney, Kirsty and Amy. To the Broadford crew of Leanne and Andrea well done. Our staff are our Number One asset, and your hard work over the past 12 months is very much appreciated. I am very proud of all of your efforts. Let's hope 2018 – 2019 is a successful one for you all.

Last year, NorCen distributed \$166,255.47 back into our local communities. NorCen also paid a dividend to shareholders of 8.3c per share. From humble beginnings, NorCen now has three operational sites, employs 20 local staff and is a major financial contributor to Wallan, Kilmore, Broadford and District communities. This is a source of pride to all branch staff, the Board of NorCen and myself as Senior

Manager. I see very exciting times on the horizon, and I urge you all play your part by banking with and supporting your local community bank. Together, we can make a massive difference. I look forward to seeing you in one of our branches soon.

Jason Chuck Senior Manager Kilmore and Wallan Community Bank Branches Broadford Customer Service Centre

Wallan Manager's Report

I am pleased to submit my third annual report for the Wallan + District Community Bank ®.

The 2017/2018 financial year has again seen many great achievements for the Wallan branch with our net growth of \$20.5 Million. This great growth helps us to support so many fantastic deserving local projects and organisations, in our local community, of which we can be extremely proud.

It takes a whole team effort to achieve these great results and I thank Kirsty Goddard, Jen Michelsson, Jackie Ginefra, Kirsty Reid, Louise Costa and our two newest team members, Tyeisha Oorloff and Carmel Borg for their hard work and dedication to our customers and our community.

Our great local team is foundation for supporting our valued customers and hence our community.

Our Branch is now closer to our next major development in the Wallan Heart Town precinct, with the removal of the current building on the proposed site, with plans to start our new building later in the year. This will be an exciting time in the next 12 months, to see the building of our new home that both our staff, customers and local community will no doubt benefit.

It is exciting and pleasing to see such excellent growth and opportunity in Wallan, with the expansion of the town as new development continues and I look forward to the branch and community growing together. It is wonderful to be part of this positive change for Wallan, that benefits from having the community support, where banking really can make a difference.

I encourage each one of our shareholders to keep telling the Community Bank ® story and referring their colleagues, friends and families to bank with us, so we can continue to grow and enrich our community. You are our best advocates and know first hand the difference banking with our Community Bank can make!!

I would also like to thank our wonderful Board Directors; Sheree, Sally, Kate and Senior Manager Jason, Kilmore Branch Manager Simon and Broadford Officer in Charge Leanne Paice along with their respective Kilmore and Broadford teams.

Tracey Charry Branch Manager Wallan & District Community Bank

Kilmore Branch Manager's Report

It is with pleasure that I submit my inaugural annual report as Branch Manager of the Kilmore and District Community Bank® since starting with Norcen Financial Services Ltd on the 16th April 2018. This short period of time so far has been a great experience, getting to know our teams, the Board and Bendigo Bank. I thank the Board for having the confidence to appoint me to this role when Shelley McLean, the previous Branch Manager, decided to take a sea change and move to a new Branch Manager role at Barwon Heads.

We are lucky to have a fantastic and dedicated team at the Kilmore & District Community Bank. During the year we have experienced some staffing changes with Shelley and Erin moving to new roles within the Bank, Laura transitioning to a newly created Mobile Relationship Manager role and Kate moving to a new position within Norcen Financial Services Ltd. This has created new opportunities for our existing staff to move up into new roles as well as bringing in a new staff member with previous Bendigo Bank experience. We now have a new team that is working extremely well together. They have all worked hard over the previous year to achieve the incredible results for Kilmore & District Community Bank and the wider community.

In February 2018, Norcen Financial Services Limited successfully opened the new Broadford Customer Service Centre after the closure of the local NAB branch in town. We were able to meet the target set to increase our lending and deposits in the Broadford area. This was made possible through the hard work of Kilmore & District Community Bank staff and Senior Manager Jason Chuck along with the support of the local Broadford community.

The Kilmore branch has grown to nearly \$166 million in footings to end of June 2018 after nearly 3 and a half years since opening. During the 2018 financial year we saw a lending growth of \$27.013 million and deposit growth of \$1.166 million contributing to total growth in footings of \$27.798 million. The Kilmore & District Community Bank also contributed a further lending growth of \$4.361 million and deposit growth of \$7.8 million, a total of \$12.161 million, which was transferred to the new Broadford Customer Service Centre when it opened in February 2018. This was done as part of our program and targets to open in Broadford.

These outstanding results have contributed to an extremely successful year across all areas of the branch. This would not have been possible without the hard work and dedication of our team including Shelley McLean, Laura Moran, Erin McDonald, Kate Boulton, Jasmyn Hickey, Julie Cannan, Courtney Malesevich, Amy George, Leanne Paice, Andrea Lever and Jason Chuck. I congratulate them on their results and focus on customer service and look forward to further success in the coming year.

In addition to this we have also enjoyed an excellent working relationship with our Board. Receiving referrals from them indicates the confidence they have in our team. The Bendigo Bank team led by Shaun Leech and Bill Den Hartog have been a source of great support and encouragement enabling us to perform at such a high level.

I would like to thank everyone who has supported me in my new role as Branch Manager, in particular the Board for having the confidence

to appoint me and Senior Manager Jason Chuck for providing the bulk of the training and coaching that has allowed me to be successful so far. I look forward to being part of the success of the Kilmore & District Community Bank® along with our new dedicated team. I am confident that that the 2019 financial year will bring continued success for not only the Bank but the community in which we operate.

Simon Halman **Branch Manager** Kilmore & District Community Bank

Your directors submit the financial statements of the company for the financial year ended 30 June 2018.

Directors

The names and details of the company's directors who held office during or since the end of the financial year:

Special responsibilities: Audit & Governance Committee Interest in shares: 4,002

Directors were in office for this entire year unless otherwise stated. No directors have material interests in contracts or proposed contracts with the company.

Company Secretary

There have been two company secretaries, Sheree Tivendale and Sally Chadwick, during the current financial year. Sally Chadwick was appointed to the position of Secretary on 25 June 2018. Sally is a non-Director company secretary and is remunerated at commercial rates. Sheree Tivendale was appointed to the position of secretary on 11 November 2015 and resigned on 25 June 2018. Sheree was a non-Director company secretary and was remunerated at commercial rates.

Principal Activities

The principal activities of the company during the financial year were facilitating Community Bank" services under management rights to operate franchised branches of Bendigo and Adelaide Bank Limited.

There have been no significant changes in the nature of these activities during the year.

Operating Results

Operations have continued to perform in line with expectations. The profit of the company for the financial year after provision for income tax was:

Year ended 30 June 2018	\$387,250
Year ended 30 June 2017	\$393,996
Dividends	
Year ended 30 June 2017	Cents 8.3
Dividends paid in the year	\$ 153,195

Significant Changes in the State of Affairs

In the opinion of the directors there were no significant changes in the state of affairs of the company that occurred during the financial year under review not otherwise disclosed in this report or the financial statements.

Events since the end of the financial year

There are no matters or circumstances that have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the company the results of those operations or the state of affairs of the company, in future years.

Likely developments

The company will continue its policy of facilitating banking services to the community.

Environmental regulation

The company is not subject to any significant environmental regulation.

Directors' benefits

No director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the company, controlled entity or related body corporate with a director, a firm which a director is a member or an entity in which a director has a substantial financial interest except as disclosed in notes 19 and 21 to the financial statements. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the company's accounts, or the fixed salary of a full-time employee of the company, controlled entity or related body corporate.

Indemnification and insurance of directors and officers

The company has indemnified all directors and the manager in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or manager of the company except where the liability arises out of conduct involving the lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an auditor of the company or a related body corporate.

Directors' meetings

The number of directors' meetings attended by each of the directors of the company during the year were:

Board Meetings Attended	Eligible	Attended
Walter Hilaire Mott	11	9
Bruce Harold Edward Nicholls	11	9
David Allan Wheeler	11	10
Susan Louise Marstaeller	11	10
Gregory Claude Marshall	11	9
David John Ford	11	9
Kathleen Mary Holland	11	9

Directors' Report (continued)

Terrence Leslie Dobson	11	10
Susan Joanne Langborne	7	7
(Appointed 14 November 2017)		
Brent Alastair Edwin Baker (Appointed 22 May 2018)	2	1
Lee Ann Day (Resigned 6 July 2018)	11	10
Lee Joanne Bova (Resigned 22 May 2018)	5	4
Andrzej Krysztof Skora (Resigned 25 July 2017)	1	1

Sub Committees: There were nine sub-committees in 2017-2018:

- Audit & Governance (six members)
- Budget & Finance (four members)
- Human Resources (four members)
- Strategic Planning (three members)
- Community Investment & Marketing (six members)
- Projects & Development (three members)
- Procurement & Properties (five members)
- Public Relations & Events (one member)
- Youth Engagement (two members)

The board did not record sub-committee meetings and attendances.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party, for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the Corporations Act 2001.

Non audit services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the auditor (Andrew Frewin Stewart) for audit and non audit services provided during the year are set out in the notes to the accounts.

The board of directors has considered the position, in accordance with the advice received from the audit and governance committee, and is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The directors are satisfied that the provision of non-audit services by the auditor, as set out in the notes did not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services have been reviewed by the audit and governance committee to ensure they do not impact on the impartiality and objectivity of the auditor
- none of the services undermine the general principles
 relating to auditor independence as set out in APES 110
 Code of Ethics for Professional Accountants, including
 reviewing or auditing the auditor's own work, acting in a
 management or a decision-making capacity for the company,
 acting as advocate for the company or jointly sharing
 economic risk and rewards.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out and signed in accordance with a resolution of the board of directors at Wallan, Victoria on 26 September 2018.

Walter Hilaire Mott, Chairman

Mull Ans A

Auditor's Independence Declaration

For year ending June 30 2018

Lead auditor's independence declaration under section 307C of the *Corporations*Act 2001 to the directors of NorCen Financial Services Ltd

As lead auditor for the audit of NorCen Financial Services Ltd for the year ended 30 June 2018, I declare that, to the best of my knowledge and belief, there have been:

i) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and

ii) no contraventions of any applicable code of professional conduct in relation to the audit

ok at our Bank® Building d in Wallan

Note 1. Summary of significant accounting policies a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The company is a forprofit entity for the purpose of preparing the financial statements.

Compliance with IFRS

These financial statements and notes comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. These areas involving a higher degree of judgement or complexities, or areas where assumptions and estimates which are significant to the financial statements are disclosed in note 3.

Historical cost convention

The financial statements have been prepared under the historical cost convention on an accruals basis as modified by the revaluation of financial assets and liabilities at fair value through profit or loss and where stated, current valuations of noncurrent assets. Cost is based on the fair values of the consideration given in exchange for assets.

Comparative figures

Where required by Australian Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Application of new and amended accounting standards

There are a number of amendments to accounting standards issued by the AASB that became mandatorily effective for accounting periods beginning on or after 1 July 2017, and are therefore relevant for the current financial year. AASB 9 Financial Instruments sets out requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This accounting standard is not expected to have a material impact on the financial statements.

AASB 15 Revenue from Contracts with Customers establishes a comprehensive framework for determining whether, how much and when revenue is recognised. This accounting standard is not expected to have a material impact on the financial statements.

There are also a number of accounting standards and interpretations issued by the AASB that become effective in future accounting periods.

The company has elected not to apply any accounting standards or interpretations before their mandatory operative date for the annual reporting period beginning 1 July 2017. These future accounting standards and interpretations therefore have no impact on amounts recognised in the current period or any prior period.

AASB 16 Leases is effective for annual periods beginning on or after 1 January 2019. The standard introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

The company has completed an initial assessment of the potential impact on its financial statements but has not yet completed its detailed assessment. The actual impact of applying AASB 16 on the financial statements in the period of initial application will depend on future economic conditions, including the company's borrowing rate at 1 January 2019, the composition of the lease portfolio at that date, the latest assessment of whether the company will exercise any lease renewal options and the extent to which the company chooses to use practical expedients and recognition exemptions. So far, the most significant impact identified is that the company will recognise new assets and liabilities for its operating leases of its branches. As at 30 June 2018, the company's future minimum lease payment under non-cancellable operating leases amount to \$133,798, on an undiscounted basis (see Note 17)

No significant impact is expected for the company's finance leases.

Economic dependency - Bendigo and Adelaide Bank Limited

The company has entered into a franchise agreement with Bendigo and Adelaide Bank Limited that governs the management of the Community Bank® branches at Wallan and Kilmore and a customer service centre at Broadford, Victoria.

The branches operate as a franchise of Bendigo and Adelaide Bank Limited, using the name "Bendigo Bank" and the logo and system of operations of Bendigo and Adelaide Bank Limited. The company manages the Community Bank® branches on behalf of Bendigo and Adelaide Bank Limited, however all transactions with customers conducted through the Community Bank® branches are effectively conducted between the customers and Bendigo and Adelaide Bank Limited.

All deposits are made with Bendigo and Adelaide Bank Limited, and all personal and investment products are products of Bendigo and Adelaide Bank Limited, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo and Adelaide Bank Limited. All credit transactions are made with Bendigo and Adelaide Bank Limited, and all credit products are products of Bendigo and Adelaide Bank Limited.

The company promotes and sells the products and services, but is not a party to the transaction.

The credit risk (i.e. the risk that a customer will not make repayments) is for the relevant Bendigo and Adelaide Bank Limited entity to bear as long as the company has complied with the appropriate procedures and relevant obligations and has not exercised a discretion in granting or extending credit. Bendigo and Adelaide Bank Limited provides significant assistance in establishing and maintaining the Community Bank branches franchise operations. It also continues to provide ongoing management and operational support and other assistance and guidance in relation to all aspects of the franchise operation, including advice and assistance in relation to:

- the design, layout and fit out of the Community Bank® branches
- training for the branch manager and other employees in banking, management systems and interface protocol
- methods and procedures for the sale of products and provision of services
- security and cash logistic controls
- calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs
- sales techniques and proper customer relations.

The following is a summary of the material accounting policies adopted by the company in the preparation of the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

b) Revenue

Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the company and any specific criteria have been met. Interest and fee revenue is recognised when earned. The gain or loss on disposal of property, plant and equipment is recognised on a net basis and is classified as income rather than revenue. All revenue is stated net of the amount of Goods and Services Tax (GST).

Revenue calculation

The franchise agreement provides that three forms of revenue may be earned by the company- margin, commission and fee income. Bendigo and Adelaide Bank Limited decides the form of revenue the company earns on different types of products and services.

The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Core banking products

Bendigo and Adelaide Bank Limited has identified some Bendigo Bank Group products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the

Notes to the Financial Statements (continued)

company at least 30 days notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits. Margin

Margin is arrived at through the following calculation:

- Interest paid by customers on loans less interest paid to customers on deposits
- plus any deposit returns i.e. interest return applied by Bendigo and Adelaide Bank Limited for a deposit,
- minus any costs of funds i.e. interest applied by Bendigo and Adelaide Bank Limited to fund a loan.

Margin is paid on all core banking products. A funds transfer pricing model is used for the method of calculation of the cost of funds, deposit return and margin.

The company is entitled to a share of the margin earned by Bendigo and Adelaide Bank Limited (i.e. income adjusted for Bendigo and Adelaide Bank Limited's interest expense and interest income return). However, if this reflects a loss, the company incurs a share of that loss.

Commission

Commission is a fee paid for products and services sold. It may be paid on the initial sale or on an ongoing basis. Commission is payable on the sale of an insurance product such as home contents. Examples of products and services on which ongoing commissions are paid include leasing and Sandhurst Trustees Limited products.

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

Discretionary financial contributions

In addition to margin, commission and fee income, and separate from the franchise agreement, Bendigo and Adelaide Bank Limited has also made discretionary financial payments to the company. These are referred to by Bendigo and Adelaide Bank Limited as a "Market Development Fund" (MDF).

The amount has been based on the volume of business attributed to a branch. The purpose of the discretionary payments is to assist with local market development activities, including community sponsorships and donations. It is for the board to decide how to use the MDF.

The payments from Bendigo and Adelaide Bank Limited are discretionary and Bendigo and Adelaide Bank Limited may change the amount or stop making them at any time.

Ability to change financial return

Under the franchise agreement, Bendigo and Adelaide Bank Limited may change the form and amount of financial return that the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo and Adelaide Bank Limited earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service. The effect of the change on the revenue earned by the company is entirely dependent on the change.

If Bendigo and Adelaide Bank Limited makes a change to the margin or commission on core banking products and services, it must not reduce the margin and commission the company receives on core banking products and services Bendigo and Adelaide Bank Limited attributes to the company to less than 50% (on an aggregate basis) of Bendigo and Adelaide Bank Limited's margin at that time. For other products and services, there is no restriction on the change Bendigo and Adelaide Bank Limited may make.

Bendigo and Adelaide Bank Limited must give the company 30 days notice before it changes the products and services on which margin, commission or fee income is paid, the method of calculation of margin and the amount of margin, commission or fee income.

Monitoring and changing financial return

Bendigo and Adelaide Bank Limited monitors the distribution of financial return between Community Bank® companies and Bendigo and Adelaide Bank Limited on an ongoing basis.

Overall, Bendigo and Adelaide Bank Limited has made it clear that the

Community Bank® model is based on the principle of shared reward for shared effort. In particular, in relation to core banking products and services, the aim is to achieve an equal share of Bendigo and Adelaide Bank Limited's

c) Income tax

Current tax

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is payable (or refundable).

Deferred tax

Deferred tax is accounted for using the balance sheet liability method on temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities reflects the tax consequences that would follow from the manner in which the consolidated entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax and when the balances relate to taxes levied by the same taxation authority and the company entity intends to settle its tax assets and liabilities on a net basis.

Current and deferred tax for the period

Current and deferred tax is recognised as an expense or income in the Statement of Profit or Loss and Other Comprehensive Income, except when it relates to items credited or debited to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or gain from bargain purchase.

d) Employee entitlements

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related oncosts. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those

The company contributes to a defined contribution plan. Contributions to employee superannuation funds are charged against income as incurred.

e) Cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash includes cash on hand and in banks and investments in money market instruments, net of outstanding bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Balance Sheet.

f) Trade receivables and payables

Receivables are carried at their amounts due. The collectability of debts is assessed at balance date and specific provision is made for any doubtful accounts. Liabilities for trade creditors and other amounts are carried at cost that is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

g) Property, plant and equipment

Plant and equipment, leasehold improvements and equipment under finance lease are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the item. In the event that settlement of all or part of the purchase consideration is deferred, cost is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

Depreciation is provided on property, plant and equipment, including freehold buildings but excluding land. Depreciation is calculated on a straight line basis so as to write off the net cost of each asset over its expected useful life to its estimated residual value. Leasehold improvements are depreciated at the rate equivalent to the available building allowance using the straight line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period.

The following estimated useful lives are used in the calculation of depreciation:

- buildings	40	years
- plant and equipment	2.5 - 40	years
-leasehold improvements	5 - 15	years
-motor vehicle	3-5	vears

h) Intangibles

The franchise fee paid to Bendigo and Adelaide Bank Limited has been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

The renewal processing fee paid to Bendigo and Adelaide Bank Limited when renewing the franchise agreement has also been recorded at cost and is amortised on a straight line basis over the life of the franchise agreement.

i) Payment terms

Receivables and payables are non interest bearing and generally have payment terms of between 30 and 90 days.

j) Borrowings

All loans are initially measured at the principal amount. Interest is recognised as an expense as it accrues.

k) Financial instruments

Recognition and initial measurement

Financial instruments, incorporating financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial instruments are initially measured at fair value plus transaction costs. Financial instruments are classified and measured as set out below.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method.

(ii) Financial liabilities

Financial liabilities include borrowings, trade and other payables and nonderivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the, effective interest rate method.

At each reporting date, the entity assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the Statement of Profit or Loss and Other Comprehensive Income.

I) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership are transferred to the company are classified as finance leases. Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease

payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred. Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

m) Provisions

Provisions are recognised when the economic entity has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions of other past events, it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

A provision for dividends is not recognised as a liability unless the dividends are declared, determined or publicly recommended on or before the reporting date.

n) Issued capital

Ordinary shares are recognised at the fair value of the consideration received by the company. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

o) Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

p) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Balance Sheet. Cash flows are included in the Statement of Cash Flows on a gross basis.

The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Note 2. Financial risk management

The company's activities expose it to a limited variety of financial risks: market risk (including currency risk, fair value interest risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the entity. The entity does not use derivative instruments.

Risk management is carried out directly by the board of directors.

(i) Market risk

The company has no exposure to any transactions denominated in a currency other than Australian dollars.

(ii) Price risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

(iii) Credit risk

The company has no significant concentrations of credit risk. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo and Adelaide Bank Limited.

(iv) Liquidity risk

Prudent liquidity management implies maintaining sufficient cash and marketable securities and the availability of funding from credit facilities. The company believes that its sound relationship with Bendigo and Adelaide Bank Limited mitigates this risk significantly.

(v) Cash flow and fair value interest rate risk

Interest-bearing assets are held with Bendigo and Adelaide Bank Limited and

subject to movements in market interest. Interestrate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk. The company believes that its sound relationship with Bendigo and Adelaide Bank Limited mitigates this risk significantly. (vi) Capital management

The board's policy is to maintain a strong capital base so as to sustain future development of the company. The board of directors monitor the return on capital and the level of dividends to shareholders. Capital is represented by total equity as recorded in the Balance Sheet.

In accordance with the franchise agreement, in any 12 month period, the funds distributed to shareholders shall not exceed the distribution limit.

The distribution limit is the greater of:

- 20% of the profit or funds of the franchisee otherwise available for distribution to shareholders in that 12 month period; and
- subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the franchisee over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid for the year ended 30 June 2018 can be seen in the Statement of Profit or Loss and Other Comprehensive Income.

There were no changes in the company's approach to capital management during the year.

Note 3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

Management has identified the following critical accounting policies for which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

Further details of the nature of these assumptions and conditions may be found in the relevant notes to the financial statements.

Taxation

Judgement is required in assessing whether deferred tax assets and certain tax liabilities are recognised on the balance sheet. Deferred tax assets, including those arising from carried-forward tax losses, capital losses and temporary differences, are recognised only where it is considered more likely than not that they will be recovered, which is dependent on the generation of sufficient future taxable profits.

Assumptions about the generation of future taxable profits depend on management's estimates of future cash flows. These depend on estimates of future sales volumes, operating costs, capital expenditure, dividends and other capital management transactions. Judgements are also required about the application of income tax legislation.

These judgements and assumptions are subject to risk and uncertainty. There is therefore a possibility that changes in circumstances will alter expectations, which may impact the amount of deferred tax assets and deferred tax liabilities recognised on the balance sheet and the amount of other tax losses and temporary differences not yet recognised. In such circumstances, some or all of the carrying amount of recognised deferred tax assets and liabilities may require adjustment, resulting in corresponding credit or charge to the Statement of Profit or Loss and Other Comprehensive Income.

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience and the condition of the asset is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the company's share of the net identifiable assets of the acquired branch/agency at the date of acquisition. Goodwill on acquisition is included in intangible assets. Goodwill is not amortised. Instead, goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired and is carried at cost less accumulated impairment losses.

The calculations require the use of assumptions.

Impairment of assets

At each reporting date, the company reviews the carrying amounts of its tangible and intangible assets that have an indefinite useful life to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the consolidated entity estimates the recoverable amount of the cash-generating unit to which the asset

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cashgenerating unit) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

Depreciation expense - Change in accounting estimate

Effective 1 July 2018, NorCen Financial Services Limited changed its estimate of useful life for its leasehold improvements. AASB 117 Leases, paragraph 27, states that leasehold improvements should be fully depreciated over the shorter of the lease term and its useful life. Notwithstanding the ability to renew for another five year period, the current lease is due to expire on 1 December 2019. The board has decided that

leasehold improvements are to be depreciated over the remainder of its current lease term. Previously leasehold improvements were depreciated over the estimated useful life of the property of 40 years. The material movement in depreciation expense is disclosed below.

Branch Leasehold Improvements	2018 - \$	2017 - \$

Rights attached to shares

(a) Voting rights

Subject to some limited exceptions, each member has the right to vote at a general meeting.

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney. corporate representative or proxy.

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the Community Bank® branch have the same ability to influence the operation of the company.

(b) Dividends

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo and Adelaide Bank Limited contains a limit on the level of profits or funds that may be distributed to shareholders. There is also a restriction on the payment of dividends to certain shareholders if they have a prohibited shareholding interest (see below).

(c) Transfer

107,884

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the Corporations Act 2001.

Prohibited shareholding interest

A person must not have a prohibited shareholding interest in the company.

In summary, a person has a prohibited shareholding interest if any of the following applies:

- They control or own 10% or more of the shares in the company
- In the opinion of the board they do not have a close connection to the community or communities in which the company predominantly carries on business (the "close connection test").
- Where the person is a shareholder, after the transfer of shares in the company to that person the number of shareholders in the company is (or would be) lower than the base number (the "base number test"). The base number is 386. As at the date of this report, the company had 423 shareholders.

As with voting rights, the purpose of this prohibited shareholding provision is to reflect the community-based nature of the company.

Where a person has a prohibited shareholding interest, the voting and

dividend rights attaching to the shares in which the person (and his or her associates) have a prohibited shareholding interest, are suspended.

The board has the power to request information from a person who has (or is suspected by the board of having) a legal or beneficial interest in any shares in the company or any voting power in the company, for the purpose of determining whether a person has a prohibited shareholding interest. If the board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of shares the board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the board is authorised to sell the specified shares on behalf of that person. The holder will be entitled to the consideration from the sale of the shares, less any expenses incurred by the board in selling or otherwise dealing with those shares.

In the constitution, members acknowledge and recognise that the exercise of the powers given to the board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

The board has adopted the Community Bank® Directors' Privileges Package. The package is available to all directors, who can elect to avail themselves of the benefits based on their personal banking with the Community Bank® branches at Wallan and Kilmore, Victoria. There is no requirement to own BEN shares and there is no qualification period to qualify to utilise the benefits. The package mirrors the benefits currently available to Bendigo and Adelaide Bank Limited shareholders. The total benefits received by the directors from the Directors' Privilege Package are \$200 for the year ended 30 June 2018 (2017: \$nil).

Receivables	-	-	-	-	-	-	-	-	245,420	217,699	N/A	N/A

Net Fair Values

The net fair values of financial assets and liabilities approximate the carrying values as disclosed in the balance sheet. The company does not have any unrecognised financial instruments at the year end.

Credit Risk

The maximum exposure to credit risk at balance date to recognised financial assets is the carrying amount of those assets as disclosed in the balance sheet and notes to the financial statements.

There are no material credit risk exposures to any single debtor or group of debtors under financial instruments entered into by the economic entity. Interest Rate Risk

Interest rate risk refers to the risk that the value of a financial instrument or cash flows associated with the instrument will fluctuate due to changes in market interest rates. Interest rate risk arises from the interest bearing financial assets and liabilities in place subject to variable interest rates, as outlined above.

Sensitivity Analysis

The company has performed sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in interest rates.

As at 30 June 2018, the effect on profit and equity as a result of changes in interest rate, with all other variables remaining constant would be as follows:

	2018 - \$	2017 - \$
Change in profit/(loss) Increase in interest rate by 1%	4.052	3,480
Decrease in interest rate by 1%	(4,052)	(3,480)
Change in equity		
Increase in interest rate by 1%	4,052	3,480
Decrease in interest rate by 1%	(4,052)	(3,480)

Directors' Declaration

In accordance with a resolution of the directors of Norcen Financial Services Limited, we state that: In the opinion of the directors:

- (a) the financial statements and notes of the company are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2018 and of its performance for the financial year ended on that date; and
 - (ii) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.
- (c) the audited remuneration disclosures set out in the remuneration report section of the directors' report comply with Accounting Standard AASB124 Related Party Disclosures and the Corporations Regulations 2001.

This declaration is made in accordance with a resolution of the board of directors.

Mull Amis

Walter Hilaire Mott, Chairman

Signed on the 26th of September 2018.

Independent auditor's report to the members of NorCen Financial Services Ltd

Report on the audit of the financial statements

Our opinion

In our opinion, the financial report of NorCen Financial Services Ltd is in accordance with the Corporations Act 2001, including:

- giving a true and fair view of the company's financial position as at 30 June 2018 and of its performance for the year ended on that date; and
- ii. complying with Australian Accounting Standards.

What we have audited

NorCen Financial Services Ltd's (the company) financial report comprises the:

- Statement of profit or loss and other comprehensive income
- Balance sheet
- ✓ Statement of changes in equity
- Statement of cash flows
- Notes comprising a summary of significant accounting policies and other explanatory notes
- The directors' declaration of the entity.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report.

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other information

The company usually prepares an annual report that will include the financial statements, directors' report and declaration and our independence declaration and audit report (the financial report). The annual report may also include "other information" on the entity's operations and financial results and financial position as set out in the financial report, typically in a Chairman's report and Manager's report, and reports covering governance and shareholder matters.

The directors are responsible for the other information. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial report does not cover the other information and accordingly we will not express any form of assurance conclusion thereon.

Our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If we identify that a material inconsistency appears to exist when we read the annual report (or become aware that the other information appears to be materially misstated), we will discuss the matter with the directors and where we believe that a material misstatement of the other information exists, we will request management to correct the other information.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report so that it gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or cease operations, or have no realistic alternative but to do so.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/home.aspx. This description forms part of our auditor's report.
