Additional item 2 - Sponsorship presentations

Following completion of AGM business there will be a presentation of sponsorship cheques to those successful community groups applying for sponsorship.

Chairman's Report

On behalf of your Board and myself, I would like to welcome you to our Annual General Meeting. Banking business at our Pambula Community Bank Branch has continued to grow thanks to our manager Kim and her staff. We now have over \$35 million in banking business on our books, consisting of deposits and loans under management. We are due to reach our trading break-even point in the not too distant future, which is in line with our projections in the prospectus.

During the last two years our Community Bank has put over \$43,000 into our community in the form of sponsorships. These sponsorships come from a fund set-up by Bendigo and Adelaide Bank Limited to help Community Banks get the message out about supporting communities.

We have had a few changes on the Board over the last 12 months. John Hanley our Deputy Chairman has retired and Darryl Watts our Company Secretary and Graham Roberts our Public Officer, will be retiring at the AGM. John, Darryl and Graham have been involved with the Pambula Community Bank project since the very early days including the steering committee. We have a number of new Directors on our Board. I would like to welcome Alicia McDowell, Lyndon Lewis, Warren Richter and Russell Fitzpatrick.

We are always looking for new directors so if you wish to help your community in a very rewarding way why not join us?

We appointed an independent outsider to conduct an audit on our performance as a board and myself as chairman. The results that came back were very pleasing; there were a couple of areas we need to improve on. The Directors of your Community Bank company receive no remuneration, except out of pocket expenses for the day-to-day running of the company.

Our Branch manager Kim and her staff are settling down well. Proof of this is they were justifiably declared winners in their category in the recent Outstanding Business Awards competition in the Merimbula and Pambula areas.

Kim has worked very hard to put our community bank into the financial position we are now in. Readers of our local newspaper will have noticed that there is something about our bank in most editions.

We as a Board have been looking at ways to grow the business. We have had signs erected at both highway entrances to Pambula, letting people know about our bank and the ATM.

We have, with the assistance of BABL, been looking at options for putting another ATM machine in the area. We have looked at the viability of an Agency or a Branch at the new supermarket complex at Tura Beach. The Board decided that the cost far outweighed the return at this point. Once we become more profitable we may explore these options again.

We have been in discussion with a number of people who, with our help, are keen to set up in Eden. During the coming year we will be exploring joint venture projects with other like-minded organisations, so if you have any ideas for meaningful projects please talk to us.

We are working hard to educate people that we wish to be known as Pambula & District Community Bank, not Bendigo Bank.

Finally I would like to thank the staff from BABL for the support given to our Manager and staff at our Community Bank Branch, especially Dion Christie our regional manager for his support not only to the Branch staff but also to the board.

To my fellow Directors, thank you for your support throughout the last 12 months and also for your contribution to the local community.

Wayne Matthews
Chairman

Manager's Address

Our 2 year trading anniversary is fast approaching and business levels are most encouraging. We are now operating in an almost break-even financial situation which is satisfying for both Board members and staff alike and is also a positive indication for our Community Bank shareholders. Without our shareholders there would be no business, although shareholders only make up approximately 55% of our business base, so it stands to reason that if more of our shareholders bank with us, the level of business, and our customer base overall would broaden significantly. As Branch Manager, I would like to see 100% of shareholders banking with us, so if you are not already a customer please let us know what we need to do to win your business. As at 3/10/2010 our business stood at \$34,955,383 and accounts held totalled 1562 so things are certainly heading in the right direction.

The team we have on board in the branch all work well together and show a genuine interest in the Community we all live in. Even though there was some instability in the early days with some staffing changes, the team now recognises what is required to make a success out of this Community Bank and is focused on achieving goals to better both the business and the Community.

Levels of customer satisfaction within Bendigo & Adelaide Bank, and indeed within our branch, remain high. Around Australia, Bendigo & Adelaide Bank boast the highest rating out of any financial institution within Australia and this is something that we, the staff of Pambula & District Community Bank, hold in high regard. It is the exceptional customer service we provide and deliver which makes us different from our competitors, complementing our vast range of products and services to suit any needs, both business and personal. When our team won the local outstanding business award in September in the financial, professional and real estate category, it was great for the team to be recognised for our consistent efforts, although it really forms part of the job criteria and is why we all enjoy working for our Community Bank.

The year ahead is an exciting prospect and the business will continue to forge ahead in leaps and bounds. The message remains the same, the more business on our books means the more goes back to local Community causes via sponsorships, and in the future grants. Everyone connected to the Community Bank are all really proud to have returned over \$45,000 - back to local Community causes before our 2nd birthday. If this is any indication of the support we are going to provide in the future, it is most encouraging.

A wholehearted thank you to all of our customers and shareholders who are supporting us and receiving the service they deserve. Without you our business would not be here and would not be in a break-even financial position. Thank you to the Board of Directors, both past and present, for their continued support at all levels. Thank you also to our Regional Manager based in Canberra, Dion Christie, who attends all Board meetings and never complains about the travelling. Finally a big thank you to all Bendigo & Adelaide Bank staff for their on-going support and assistance provided on a daily basis.

Have a wonderful Christmas and all the best for the New Year, 2011.

TRADING IN PAMBULA AND DISTRICT COMMUNITY DEVELOPMENT LIMITED SHARES

Company Shares can be freely traded between persons wishing to buy and sell shares. The buyers and sellers must determine the price per share. Buyers must have a connection with the Pambula District and there is a restriction on the total number of shares owned by any person. The Board must approve all transfers.

We operate what is commonly called a "Notice Board" system to enable people to either sell or buy our Company Shares. Potential buyers and sellers must register their details with the company by completing a "Registration Of Interest to Buy or Sell Pambula and District Community Development Limited Shares", and will be allocated an identification number (ID).

Details such as ID number, preferred share price and number of shares (see below) will be displayed on our Company web sites and on the notice board in the Pambula Community Bank® Branch. These lists will be updated as necessary.

Registered buyers and sellers will be given contact details of other registered buyers and sellers to enable them to negotiate a trade. Larger parcels can be split up into smaller parcels as agreed between buyers and sellers, subject to the minimum allowable parcel size of 500 shares.

After agreeing on a trade, the buyer and seller can complete the transfer themselves or seek help from a company officer. NSW State Stamp Duty is payable on trades at the rate of 60 cents per \$100 or part thereof, with a minimum duty of \$10.

Forms such as the "Registration of Interest to buy and sell shares" and the "Standard Transfer Form" can be downloaded from our two web sites, collected from the Pambula Bank Branch or sent by mail. Completed forms must be lodged with the company by leaving at the Pambula Community Bank® Branch or by mail to PO Box 251, Pambula, NSW 2549.

Company websites, which are still under development, are www.pambulabank.com and www.bendigobank.com.au/pambula

Graham Roberts, Public Officer

Guest Speaker - Dion Christie Bendigo Bank Regional Manager

Well, it was another successful year for community bank openings across Australia with 22 (up from 20 the previous year) opening their doors in 2009/10 financial year. As at 30th June this took the total number of community bank sites to 259 in 09/10. As at the time of writing, this number stands at 265.

With support from communities such as yours, total holdings reached \$17.8 billion in 09/10. To date, almost \$15 million has been paid in dividends to more than 64,000 local shareholders. So you, as shareholders and customers, have a direct impact on the sustainability of your community when you bank with your community bank. Your contribution - an increase of \$11.4m in deposit/lending growth with over 1,300 accounts opened during the year.

Last year I spoke about tough times and negative press as a result of the Global Financial Crises (GFC). Whilst the GFC wave is now receding we still see the odd piece of negative press. So what do I say to negative press?

- In many instances the community bank marks the return of banking to a town.
- Up to 80% of profits go back to the community (grants etc, dividends).
- The average dividend paid by community banks (over 8 years old) is 8c, fully franked - \$1 share purchase.
- 90% of community banks have positive net equity. Of the other 10%, one in three are less than 3 years old and 50% are affected by drought.
- In some cases capital is exhausted and a CB will move into an overdraft situation. But, this happens to plenty of small businesses. The difference here is that the CB in this instance gets the full support of Bendigo Bank.

With 547,000 CB customers and a No. 1 rating for customer satisfaction, through Choice magazine, we maintain we have a winning model. Negative press also fails to discuss;

- Bendigo's 60% increase in net profit last year – up to \$277m after tax.
- The 11,000 new customers we attract each month.
- 65 CB campaigns underway across the country.
- \$40m in community contributions from the CB network.

The bank's performance is evidence of its strong low-risk balance sheet, staff dedication and the resilience of its business units through the GFC. This is a great reflection of the support we receive from a large and loyal customer base such as yours.

The bank remains cautiously optimistic about future financial performance and expects to deliver strong results in this reporting period. We do however remain very optimistic about the performance of your branch and believe you will achieve break-even within the next couple of months – a good 6-9 months ahead of original expectations.

Bendigo Bank participates in the development of community banking with an enormous sense of pride and we are very privileged to be your partner.

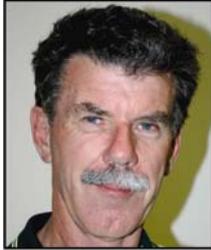

So thank you for the opportunity to be here tonight and for your continued support. A big thank you must also go to the volunteer directors and staff at the branch for their drive and determination to see this venture succeed.

Thank you.

PAPPA / Pambula Area Landcare Group
Bega District Hospital
Sapphire Coast Netball Association
Merimbula Pelican Junior Guides
Merimbula & District Arts Group
Rotary Club of Pambula
W.I.R.E.S.

As business on the books continues to grow and as we near imminent profitability, the amount of sponsorship available to our community will only grow and grow. Over the coming years we will be giving more and more sponsorships to local community groups, and the more the local community supports our bank, the higher this amount will be. So if you have more banking business that you can bring over, please consider doing it soon.
