

## Community Partnership Funding.

The 2019/20 launch of our Community Funding Partnership program was held recently, with the Presentation Night to be held in conjunction with our Annual General Meeting in November.

Local community organisations were invited to submit applications for funding for local projects, activities and events that will help benefit the community and the Paynesville & District **Community Bank**® Branch.

“As part of our Franchise Agreement with Bendigo Bank, we are provided with a Marketing Development Fund, which is to be used to support funding of local events and activities in Paynesville and district. The more customers we have, and the more we grow, the more funds we are able to use for our Community Partnership Funding program. This is how **Community Bank**® branches across Australia are able to give back to their local communities and support projects that may not have been financially viable without the support of the local **Community Bank**® branch,” Chairman Janet McLeod said.

“We received a number of excellent applications this year, and from these, successful recipients were chosen based on their impact on the community, and also the potential growth benefit for the branch.”

Since opening in 2005, Paynesville & District **Community Bank**® Branch has reinvested approximately \$550,000 into the community of Paynesville and district.

Successful recipients of this year’s Community Partnership Funding program are:
