Note 1. Summary of significant accounting policies

Statement of Compliance

This general purpose financial report has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34: *Interim Financial Reporting*.

Basis of preparation

This financial report is intended to provide users with an update on the latest annual financial statements and does not include all the notes of the type normally included in an annual financial report. Accordingly the report shall be read in conjunction with the annual financial report for the year ended 30 June 2020 and any public announcements made by the company during the period.

Accounting policies

The half-year financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The accounting policies which have been updated since the most recent annual financial report and the previous corresponding interim period include the following:

Asset write-off

The board has approved a capitalisation threshold policy of \$1,000 for any new asset purchases. As part of this capitalisation policy any low value assets have been written off to ensure the fixed assets of the company remain of material balances.

The impact of the adoption of this Standard and the respective accounting policies is disclosed in Note 2.

Note 2. Changes in accounting policies

This note describes the nature and effect of the adoption of the new capitalisation threshold policy on the company's financial statements and discloses where they are different to principles applied in prior periods.

a) Asset write off

Any existing assets with a cost under \$1,000 or a written down value under \$100 have been expensed to an asset write-off expense.

b) Impact on comparatives

The company has applied the asset write-off using the modified retrospective approach. Accordingly, the comparative information has not been restated.

For the half-year ended 31 December 2020

Note 2. Changes in accounting policies <i>(continued)</i>

c) Financial impact

Fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly
- Level 3 inputs are unobservable inputs for the asset or liability.

In estimating the fair value of an asset or a liability, the company uses market-observable data to the extent it is available.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2020 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
