Chairman's report

For year ending 30 June 2022

The 2021-22 year was very challenging. It is a credit to all involved in leading, managing and delivering our services that our results were again very good and our local brand reputation remains strong. Our Branch staff lead by Prue Hywood and David Stoeckel have been very resilient as our business has responded to the difficulties that the COVID-19 pandemic has presented.

The Managers' report provides detail on the growth of our customer base and an excellent footings position of \$329 million at 30 June 2022. This was despite the impacts of high levels of loan discharges and lending amortisation as customers get ahead on their loan repayments.

Sustained very low interest rates have challenged all banks' revenue capacity, but this should improve as the Reserve Bank rate increases through 2022. Our operations in 2021-22 have produced a sound profit of \$644,000 before tax, donations and dividend payments.

Importantly we allocated \$360,000 to the Community Enterprise Foundation™, for distribution to the community through our Grants program in future years. We invested over \$240,000 in our community supporting many valuable initiatives through sponsorships, grants, prizes and scholarships.

Our purpose as a company is to be: A viable and successful community-owned bank contributing significantly to community outcomes. The Board has adopted a three year Business Plan which focuses on retaining and growing our business and maximising value from community investment and engagement. A more detailed Action Plan ensures that we can deliver what we planned.

2021-22 saw the completion of an external 'branch refresh' with the new Bendigo Bank brand, aligning with the brand that offers competitive banking products with genuine local service and invests seriously into the local community. As a Bendigo Bank franchise we have again appreciated the support of our corporate partners. Bendigo Bnk has led continuous improvement in the highly competitive and regulated banking sector, with a major Transformation Project and other initiatives bringing systems and culture enhancements across the Community Bank network.

The Board worked with Community Bank Tumby Bay & District to consider strengthening the Community Bank offering in the southern Eyre Peninsula. Following careful due diligence, financial and business feasibility review, we made an indicative commercial offer based on the business opportunity for Port Lincoln Community Enterprises Ltd. Ultimately, the Tumby Bay Board accepted an offer from Community Bank Cummins District and they have now acquired the revenue rights to the Tumby Bay footings.

I note that Greg Eden retired from the Board of Directors on 30 June 2022, having served the Company most effectively and diligently for seven years, six of those as Chairman. I thank Greg for his important contribution to the business and to the Community Bank concept over that time.

Looking forward we expect an operating environment with higher interest rates, continuing high compliance requirements, increasingly digital-first customers, improved services through new technology, and importantly, people will be central – customers, staff and shareholders.

I thank the Board of Directors, our Managers, our local and loyal staff and the shareholders of this Community Bank for their on-going commitment to our empowering business model.

Rob Donaldson
Chair

Managers' report

For year ending 30 June 2022

The financial year closed with our year to date actual growth \$644,000 and total footings \$329 million despite another year of COVID-19 pandemic challenges. This is represented by 7,392 accounts and 4,428 customers.

Total funds contributed to the community this financial year was \$241,507. This consisted of 27 sponsorships, two donations, three scholarship payments and 13 grants.

The three Bendigo Bank branches in Port Lincoln, Cummins and Tumby Bay once again sponsored the Mortlock Shield with a contribution of \$15,000. This was the eighth year of our joint sponsorship.

The past 12 months has resulted in a high volume of lending. With the real estate market still booming, low interest rates and government schemes on offer we have had a strong pipeline of opportunities. Despite the recent hike in interest rates our incoming opportunities are still strong.

Our focus moving forward is to grow our Rural Bank portfolio. Now that our new lenders are established in their roles our Business Development Manager, David Stoeckel, is in a position to increase his focus on our business development action plan and Rural Bank opportunities.

The branch has consistently struggled with staff absences due to the pandemic. Notwithstanding this, all staff have continued to maintain a high level of customer service. Notably this year the Board decided to slightly reduce our branch opening hours. This decision was important for staff wellbeing along with risk and compliance requirements. There have been no customer complaints recorded.

With Bendigo Bank still working towards the 'BEN22' strategy we have seen some strong developments in our digital space both within the staff network and for our customers.

Our branch undertook an exterior branch refresh. Our new look is fresh and modern with the new Bendigo Bank colours and branding. We are working towards refreshing the interior of the branch later this year to follow suit.

We have warmly welcomed Michelle Parker to our team as a Customer Relationship Manager. Michelle has worked at the Tumby Bay Branch for nine years and is a terrific asset to our business.

We would like to thank all of our customers, Directors, shareholders and business partners for their ongoing support and we are excited to continue to work hard to increase our customer numbers, grow our lending book and contribute to our community this new financial year.

Bendigo and Adelaide Bank report

For year ending 30 June 2022

Community continues to be core to who we are at Bendigo and Adelaide Bank.

With your support, we are enabling community infrastructure to be built, strengthening the arts and culturally diverse communities, improving educational outcomes, and growing healthy places for Australians to live and work. On behalf of the Bank, thank you for continuing to play a vital role in supporting your community.

As we emerge from the pandemic and navigate a shifting economic landscape, the investments our Community Banks make in the future of the communities in which they operate has never been more important.

We are proud that more Australians are choosing to do their banking with Bendigo and Adelaide Bank – and importantly trust us with their financial needs. We are Australia's most trusted bank (Roy Morgan, May 2022), an outcome that you have all contributed to and should feel proud of.

Our purpose has never been more important; we remain committed to continuing to feed into the prosperity of our customers and communities, and not off them.

Your ongoing support as a shareholder is essential to the success of your local community. Together, we will continue to grow sustainably and make a positive impact for generations to come.

Warmest regards,

Justine Minne
Bendigo and Adelaide Bank

Options

No options over issued shares were granted during or since the end of the financial year and there were no options outstanding as at the date of this report.

Significant Changes in the State of Affairs

During the financial year, the Australian economy was greatly impacted by COVID-19. Bendigo Bank, as franchisor, announced a suite of measures aimed at providing relief to customers affected by the COVID-19 pandemic. The uncertain economic conditions has not materially impacted the company's earnings for the financial year. As the pandemic continues to affect the economic environment, uncertainty remains on the future impact of COVID 19 to the company's operations.

In the opinion of the directors there were no other significant changes in the state of affairs of the company that occurred during the financial year under review not otherwise disclosed in this report or the financial statements.

Directors' report (continued)

Events Since the end of the Financial Year

No matters or circumstances have arisen since the end of the financial year that significantly impact or may significantly impact the operations of the company, the results of those operations or the state of affairs of the company, in future financial years.

Likely Developments

The company will continue its policy of providing banking services to the community.

Environmental Regulations

The company is not subject to any significant environmental regulation.

Indemnification & Insurance of Directors & Officers

The company has indemnified all directors and the managers in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or managers of the company except where the liability arises out of conduct involving the lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an auditor of the company or a related body corporate.

Proceedings on Behalf of the Company

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party, for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the *Corporations Act 2001*.

Non-audit Services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the auditor (RSD Audit) for audit and non-audit services provided during the year are set out in Note 28 to the accounts.

The Board of Directors has considered the non-audit services provided during the year by the auditor and is satisfied that the provision of the non-audit services is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non audit services are reviewed and approved by the Board prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the company, acting as an advocate for the company or jointly sharing risks and rewards

Auditor's Independence Declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 9 of this financial report.

Signed in accordance with a resolution of the Board of Directors at Port Lincoln, SA.

Notes to the financial statements

For the year ended 30 June 2022

Note 1. Corporate Information

These financial statements and notes represent those of Port Lincoln Community Enterprises Ltd (the Company) as an individual entity. Port Lincoln Community Enterprises Ltd is a company limited by shares, incorporated and domiciled in Australia. The financial statements were authorised for issue by the Directors on 10th September 2021.

Further information on the nature of the operations and principal activity of the company is provided in the directors' report. Information on the company's related party relationships is provided in Note 27.

Note 2. Basis of Preparation

These general purpose financial statements have been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board (AASB) and International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non current assets, financial assets and financial liabilities.

The financial report is presented in Australian dollars and all values are rounded to the nearest dollar, unless otherwise stated.

Note 3. Summary of Significant Accounting Policies

The company has consistently applied the following accounting policies to all periods presented in these financial statements, except if mentioned otherwise.

(a) Economic Dependency

Port Lincoln Community Bank
34 Liverpool Street Port Lincoln SA 5606

The company is economically dependent on the ongoing receipt of income under the franchise agreement with Bendigo Bank. The directors have no reason to believe a new franchise arrangement under mutually acceptable terms will not be forthcoming following expiry.

The company operates as a franchise of Bendigo Bank, using the name "Bendigo Bank" and the logo and system of operations of Bendigo Bank. The company manages the Community Bank on behalf of Bendigo Bank, however all transactions with customers conducted through the Community Bank are effectively conducted between the customers and Bendigo Bank.

All deposits are made with Bendigo Bank, and all personal and investment products are products of Bendigo Bank, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo Bank, must be approved by Bendigo Bank. All credit transactions are made with Bendigo Bank, and all credit products are products of Bendigo Bank.

The company promotes and sells the products and services, but is not a party to the transaction

The credit risk (i.e. the risk that a customer will not make repayments) is for the relevant Bendigo Bank entity to bear as long as the company has complied with the appropriate procedures and relevant obligations and has not exercised a discretion in granting or extending credit.

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(a) Economic Dependency (continued)

Bendigo Bank provides significant assistance in establishing and maintaining the Community Bank franchise operations. It also continues to provide ongoing management and operational support and other assistance and guidance in relation to all aspects of the franchise operation, including advice and assistance in relation to:

- the design, layout and fit out of the Community Bank premises
- training for the branch manager and other employees in banking, management systems and interface protocol
- methods and procedures for the sale of products and provision of services
- calculation of company revenue and payment of many operating and administrative expenses
- the formulation and implementation of advertising and promotional programs
- sales techniques and proper customer relations.

(b) Revenue From Contracts With Customers

The company has entered into a franchise agreement with Bendigo Bank. The company delivers banking and financial services of Bendigo Bank to its community. The franchise agreement provides for a share of interest, fee, and commission revenue earned by the company. Interest margin share is based on a funds transfer pricing methodology which recognises that income is derived from deposits held, and that loans granted incur a funding cost. Fees are based on the company's current fee schedule and commissions are based on the agreements in place. All margin revenue is recorded as non-interest income when the company's right to receive the payment is established.

The company acts as an agent under the franchise agreement and revenue arises from the rendering of services through its franchise agreement.

Revenue is recognised on an accruals basis, at the fair value of consideration specified in the franchise agreement. Under AASB 15 *Revenue from Contracts with Customers* (AASB 15), revenue recognition for the company's revenue stream is as follows:

Revenue	Includes	Performance Obligation	Timing of Recognition
Franchise agreement profit share	Margin, commission and fee income	When the company satisfies its obligation to arrange the services to be provided to the customer by the supplier (Bendigo & Adelaide Bank)	On completion of the provision of the relevant service. Revenue is accrued monthly and paid within 10 business days of month end

All revenue is stated net of the amount of Goods and Services Tax (GST).

Revenue Calculation

The franchise agreement provides that three forms of revenue may be earned by the company – margin, commission and fee income. Bendigo Bank decides the form of revenue the company earns on different types of products and services.

The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

Margin

Margin is arrived at through the following calculation:

$$\begin{aligned} & \text{Interest paid by customers on loans, less interest paid to customers on deposits} \\ & \qquad \qquad \qquad \textit{plus} \\ & \qquad \qquad \qquad \text{Deposit returns (i.e. interest return applied by BABL on deposits)} \\ & \qquad \qquad \qquad \textit{minus} \\ & \qquad \qquad \qquad \text{Any costs of funds (i.e. interest applied by BABL to fund a loan)} \end{aligned}$$

The company is entitled to a share of the margin earned by Bendigo and Adelaide Bank. If this reflects a loss, the company incurs a share of that loss.

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(b) Revenue From Contracts With Customers (continued)

Commission

Commission revenue is in the form of commission generated for products and services sold. This commission is recognised at a point in time which reflects when the company has fulfilled its performance obligation.

The company receives trailing commission for products and services sold. Ongoing trailing commission payments are recognised on receipt as there is insufficient detail readily available to estimate the most likely amount of income without a high probability of significant reversal in a subsequent reporting period. The receipt of ongoing trailing commission income is outside the control of the company, and is a significant judgement area.

Fee Income

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo and Adelaide Bank entities including fees for loan applications and account transactions.

Core Banking Products

Bendigo Bank has identified some products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits.

Ability to Change Financial Return

Under the franchise agreement, Bendigo and Adelaide Bank may change the form and amount of financial return that the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo and Adelaide Bank earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service. The effect of the change on the revenue earned by the company is entirely dependent on the change.

Bendigo and Adelaide Bank must not reduce the margin and commission the company receives on core banking products and services to less than 50% (on an aggregate basis) of Bendigo and Adelaide Bank's margin at that time. For other products and services, there is no restriction on the change Bendigo and Adelaide Bank may make.

(c) Other Revenue

The company's activities include the generation of income from sources other than the core products under the franchise agreement. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and can be reliably measured.

Revenue	Revenue Recognition Policy
Discretionary financial contributions (also "Market Development Fund" or "MDF" income)	MDF income is recognised when the right to receive the payment is established. MDF income is discretionary and provided and receivable at month-end and paid within 14 days after month-end.
Cash flow boost	Cash flow boost income is recognised when the right to the payment is established (e.g. monthly or quarterly in the activity statement).
Other income	All other revenues that did not contain contracts with customers are recognised as goods and services are provided.

All revenue is stated net of the amount of Goods and Services Tax (GST).

Discretionary Financial Contributions

In addition to margin, commission and fee income, and separate from the franchise agreement, Bendigo Bank has also made MDF payments to the company.

The amount has been based on the volume of business attributed to a branch. The purpose of the discretionary payments is to assist with local market development activities, including community sponsorships and grants. It is for the board to decide how to use the MDF.

The payments from Bendigo Bank are discretionary and may change the amount or stop making them at any time. The company retains control over the funds, the funds are not refundable to Bendigo Bank.

(c) Other Revenue (continued)

Cash Flow Boost

During the financial year, in response to the COVID-19 outbreak, *Boosting Cash Flow for Employers (Coronavirus Economic Response Package) Act 2020* (CFB Act) was enacted. The purpose was to provide temporary cash flow to small and medium businesses that employ staff and have been affected by the economic downturn associated with COVID-19.

The amounts received or receivable is in relation to amounts withheld as withholding tax reported in the activity statement. This essentially subsidises the company's obligation to remit withholding tax to the Australian Taxation Office. For reporting purposes, the amounts subsidised are recognised as revenue.

The amounts are not assessable for tax purposes and there is no obligation to repay the amounts when the cash flow of the company improves.

(d) Employee Benefits

Short-term Employee Benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for salary and wages (including non-monetary benefits), annual leave, and sick leave which are expected to be wholly settled within 12 months of the reporting date. They are measured at amounts expected to be paid when the liabilities are settled, plus related on-costs. Expenses for non-accumulating sick leave are recognised when the leave is taken and measured at the rates paid or payable.

An annual leave liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be reliably estimated.

Other Long-term Employee Benefits

The company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior reporting periods.

That benefit is discounted to determine its present value. Consideration is given to expected future wage and salary levels plus related on-costs, experience of employee departures, and years of service achieved. Expected future payments are discounted using market yields at the reporting date on high quality corporate bonds with terms to maturity and currencies that match, as closely as possible, the estimate future cash outflows.

Remeasurements are recognised in profit or loss in the period in which they arise.

(e) Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current Income Tax

Current tax assets and liabilities are measured at amounts expected to be recovered from or paid to the taxation authorities. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for all deductible temporary differences, carried-forward tax losses, and unused tax credits to the extent that it is probable that future taxable profits will be available against which they can be used.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax is measured at the rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax and when the balances relate to taxes levied by the same taxation authority and the entity intends to settle its tax assets and liabilities on a net basis.

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(e) Tax (continued)

Goods & Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except:

- when the amount of GST incurred on a sale or purchase of assets or services is not payable to or recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the revenue or expense item.
- when receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

(f) Cash & Cash Equivalents

For the purposes of the statement of financial position and statement of cash flows, cash and cash equivalents comprise: cash on hand, deposits held with banks, and short-term, highly liquid investments (mainly money market funds) that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(g) Property, Plant & Equipment

Recognition & Measurement

Items of property, plant and equipment are measured at cost or fair value as applicable, which includes capitalised borrowings costs, less accumulated depreciation and any accumulated impairment losses.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

Depreciation

Depreciation is calculated to write-off the cost of items of property, plant and equipment less their estimated residual values using diminishing value method over their estimated useful lives, and is recognised in profit or loss.

The estimated useful lives of property, plant and equipment for the current and comparative periods are as follows:

Asset Class	Method	Useful Life
Leasehold improvements	Straight line	10 years
Furniture and fittings	Straight line	5 years
Motor vehicles	Straight line	5 years
Franchise fees	Straight line	5 years
Borrowing costs	Straight line	5 years

Depreciation methods, useful life, and residual values are reviewed at each reporting date and adjusted if appropriate.

(h) Intangible Assets

Intangible assets of the company include the franchise fees paid to Bendigo Bank conveying the right to operate the Community Bank franchise.

Recognition & Measurement

Intangible assets acquired separately are measured on initial recognition at cost.

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(h) Intangible Assets (continued)

Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill, is recognised in profit or loss as incurred.

Amortisation

Intangible assets are amortised over their useful life and assessed for impairment whenever impairment indicators are present.

The estimated useful life and amortisation method for the current and comparative periods are as follows:

Asset Class	Method	Useful Life
Establishment fee	Straight line	Franchise term (5 years)
Franchise fee	Straight line	Franchise term (5 years)

Amortisation methods, useful life, and residual values are reviewed at each reporting date and adjusted if appropriate.

(i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The company's financial instruments include trade debtors and creditors, cash and cash equivalents, leases.

Sub-note (i) and (j) refer to the following acronyms:

Acronym	Meaning
FVTPL	Fair value through profit or loss
FVTOCI	Fair value through other comprehensive income
SPPI	Solely payments of principal and interest
ECL	Expected credit loss
CGU	Cash-generating unit

Recognition & Initial Measurement

Trade receivables are initially recognised when they originated. All other financial assets and financial liabilities are initially recognised when the company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to the acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification & Subsequent Measurement

Financial Assets

On initial recognition, a financial asset is classified as measured at: amortised cost, FVTOCI - debt investment; FVTOCI - equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(i) Financial Instruments (continued)

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or FVTOCI as FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial Assets - Business Model Assessment

The company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed.

Financial Assets - Subsequent Measurement, Gains & Losses

For financial assets at amortised cost, these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial Liabilities - Classification, Subsequent Measurement, Gains & Losses

Borrowings and other financial liabilities (including trade payables) are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial Assets

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Where the company enters into transactions where it transfers assets recognised in the statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred asset, the transferred assets are not derecognised.

Financial Liabilities

The company derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire. The company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the company currently has a legally enforceable right to set off the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(j) Impairment

Non-derivative Financial Instruments

The company recognises a loss allowance for estimated credit losses (ECL)'s on its trade receivables.

ECL's are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received.

In measuring the ECL, a provision matrix for trade receivables is used, taking into consideration various data to get to an ECL, (i.e. diversity of its customer base, appropriate groupings of its historical loss experience etc.).

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(j) Impairment (continued)

Recognition of ECL in Financial Statements

At each reporting date, the entity recognises the movement in the loss allowance as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

The company's trade receivables are limited to the monthly profit share distribution from Bendigo and Adelaide Bank, which is received 14 days post month end. Due to the reliance on Bendigo and Adelaide Bank the company has reviewed credit ratings provided by Standard & Poors, Moody's and Fitch Ratings to determine the level of credit exposure to the company. The company also performed a historical assessment of receivables from Bendigo and Adelaide Bank and found no instances of default. As a result no impairment loss allowance has been made in relation to trade receivables as at 30 June 2022.

Non-financial Assets

At each reporting date, the company reviews the carrying amount of its non-financial assets (other than investment property, contracts assets, and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The company has assessed for impairment indicators and noted no material impacts on the carrying amount of non-financial assets

(k) Issued Capital

Ordinary Shares

Ordinary shares are recognised at the fair value of the consideration received by the company. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

(l) Leases

As Lessee

At commencement or on modification of a contract that contains a lease component, the company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for leases of property the company has elected not to separate lease and non-lease components and account for the lease and non-lease components as a single lease component.

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the company by the end of the lease term or the costs of the right-of-use asset reflects that the company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate.

The company determines its incremental borrowing rate by obtaining interest rates from funding sources and where necessary makes certain adjustments to reflect the terms of the lease and type of asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual guarantee; and

Notes to the financial statements (continued)

Note 3. Summary of Significant Accounting Policies (continued)

(l) Leases (continued)

- the exercise price under a purchase option the company is reasonably certain to exercise, lease payments in an option renewal period if the company is reasonably certain to exercise that option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, if the company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term Leases & Leases of Low-value Assets

The company has elected not to recognise right-of-use assets and lease liabilities for leases of short-term leases and low-value assets, including IT equipment. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

A short-term lease is a lease that, at commencement date, has a lease term of 12 months or less.

As Lessor

The company has not been a party in an arrangement where it is a lessor.

(m) Standards Issued But Not Yet Effective

There are no new standards effective for annual reporting periods beginning after 1 January 2020 that are expected to have a significant impact on the company's financial statements.

(n) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Note 4. Significant Accounting Judgements, Estimates & Assumptions

During preparation of the financial statements, management has made judgements and estimates that affect the application of the company's accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual outcomes and balances may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revisions to these estimates are recognised prospectively.

(a) Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note	Judgement
Note 7 - Revenue	Whether revenue is recognised over time or at a point in time
Note 21 - Leases:	
(a) Control	Whether a contract is or contains a lease at inception by assessing whether the company has the right to direct the use of the identified asset and obtain substantially all the economic benefits from the use of that asset
(b) Lease term	Whether the company is reasonably certain to exercise extension options, termination periods, and purchase options

Note	Judgement
(c) Discount rates	Judgement is required to determine the discount rate, where the discount rate is the company's incremental borrowing rate if the rate implicit in the lease cannot be readily determined. The incremental borrowing rate is determined with reference to factors specific to the company and underlying asset including: <ul style="list-style-type: none">· the amount· the lease term· economic environment· any other relevant factors

(b) Assumptions & Estimation Uncertainty

Information about assumptions and estimation uncertainties at 30 June 2022 that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the next financial year is included in the following notes:

Note	Assumption
Note 19 - Recognition of deferred tax assets	Availability of future taxable profit against which deductible temporary differences and carried-forward tax losses can be utilised
Note 16 - Estimation of asset useful lives	Key assumptions on historical experience and the condition of the asset
Note 22 - Long service leave provision	Key assumptions on attrition rate of staff and expected pay increases though promotion and inflation

Note 5. Financial Risk Management

The company has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the company. The company does not utilise any derivative instruments.

Risk management is carried out directly by the Board of Directors.

(a) Credit Risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers.

The company has no significant concentrations of credit risk. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo and Adelaide Bank.

(b) Liquidity Risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

The following are the remaining contractual maturities of financial liabilities. The amounts are gross and undiscounted, and include contractual interest payments and exclude the impact of netting agreements.

Notes to the financial statements (continued)

Non-derivative Financial Liability	Carrying Amount	< 12 Months	1 - 5 Years	> 5 Years
Lease liabilities	380,224	76,446	305,784	50,964

(c) Market Risk

Market risk is the risk that changes in market prices - e.g. foreign exchange rates, interest rates, and equity prices - will affect the company's income or the value of its holdings in financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The company has no exposure to any transactions denominated in a currency other than Australian dollars.

Price Risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. There is no exposure to the company in regard to commodity price risk.

Cash Flow & Fair Values Interest Rate Risk

Interest-bearing assets are held with Bendigo and Adelaide Bank and subject to movements in market interest. Interest-rate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk.

The company held cash and cash equivalents of \$531,641 at 30 June 2022 (2021: \$367,485). The cash and cash equivalents are held with Bendigo & Adelaide Bank, which are rated BBB on Standard & Poor's credit ratings.

Note 6. Capital Management

The Board's policy is to maintain a strong capital base so as to sustain future development of the company. The Board of Directors monitor the return on capital and the level of distributions to shareholders. Capital is represented by total equity as recorded in the statement of financial position.

In accordance with the franchise agreement, in any 12 month period the funds distributed to shareholders shall not exceed the distribution limit.

The distribution limit is the greater of:

- 20% of the profit or funds of the company otherwise available for distribution to shareholders in that 12 month period; and
- subject to the availability of distributable profits, the relevant rate of return multiplied by the average level of share capital of the company over that 12 month period where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period plus 5%.

The Board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid for the year ended 30 June 2021 can be seen in the statement of profit or loss and other comprehensive income.

There were no changes in the company's approach to capital management during the year.

Note 7. Revenue From Contracts With Customers

Revenue arises from the rendering of services through its franchise agreement with the Bendigo and Adelaide Bank Limited. The revenue recognised is measured by reference to the fair value of consideration received or receivable, excluding sales taxes, rebates, and trade discounts.

(d) Community Investments & Sponsorship

The overarching philosophy of the Community Bank model, is to support the local community in which the company operates. This is achieved by circulating the flow of financial capital into the local economy through community contributions (such as donations and grants).

	Note	2022 \$	2021 \$

The funds contributed are held by the Community Enterprise Foundation (CEF) and are available for distribution as grants to eligible applicants for a specific purpose in consultation with the directors.

When the company pays a contribution in to the CEF, the company loses control over the funds at that point. While the directors are involved in the payment of grants, the funds are not refundable to the company.

(e) Community Enterprise Foundation™ Contributions

During the financial year the company contributed funds to the CEF, the philanthropic arm of the Bendigo Bank. These contributions paid in form part of community investments and sponsorship expenditure included in profit or loss.

(d) Changes in Estimates

During the financial year, the company assessed estimates used for property, plant and equipment including useful lives, residual values, and depreciation methods.

There were no changes in estimates for the current reporting period.

Note 17. Right-of-use Assets

Right-of-use assets are measured at amounts equal to the present value of enforceable future payments on the adoption date, adjusted for lease incentives, make-good provisions, and initial direct costs.

The company derecognises right-of-use assets at the termination of the lease period or when no future economic benefits are expected to be derived from the use of the underlying asset.

The company's lease portfolio includes buildings.

Options to Extend or Terminate

The option to extend or terminate are contained in the property lease of the Company. All extension or termination options are only exercisable by the Company. The extension options or termination options which were probable to be exercised have been included in the calculation of the right-of-use asset.

Note 20. Trade & Other Payables (continued)

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

Trade and other payables are initially measured at fair value and subsequently measured at amortised cost using the effective interest method.

Note 21. Lease Liabilities

Lease liabilities were measured at amounts equal to the present value of enforceable future payments of the term reasonably expected to be exercised, discounted at the appropriate incremental borrowing rate on the adoption date. The discount rate used on recognition was 4.5%.

The discount rate used in calculating the present value of enforceable future payments takes into account the particular circumstances applicable to the underlying leased assets (including the amount, lease term, economic environment, and other relevant factors).

The company has applied judgement in estimating the remaining lease term including the effects of any extension or termination options reasonably expected to be exercised, applying hindsight if appropriate.

(a) Lease Portfolio

The company's lease portfolio includes:

Lease	Details
34 Liverpool Street Port Lincoln	The lease agreement is a non-cancellable lease with a term of 5 years. The lease has a first renewal term of 5 years from 11th March 2023 to 10th March 2028

The company assesses at the lease commencement date whether it is reasonably certain to exercise extension options. The company reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

(b) Lease Liabilities

Lease liabilities are presented in the consolidated statement of financial position as follows:

	2022 \$	2021 \$
Current	60,272	57,624
Non-current	326,408	386,680

The lease liabilities are secured by the related underlying assets. Future minimum lease payments at 30 June 2022 were as follows:

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PORT LINCOLN COMMUNITY ENTERPRISES LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL REPORT

Opinion

We have audited the financial report of Port Lincoln Community Enterprises Limited (the Company), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion the accompanying financial report of Port Lincoln Community Enterprises Limited is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements related to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

Director's Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*, and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our responsibility is to express an opinion on the financial report based on our audit. Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

We identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We obtain sufficient appropriate audit evidence regarding the financial information of the entity to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements. We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2022 but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
