

Inaugural Business Breakfast.

Tuesday 2 August saw Tumby Bay District **Community Bank**® Branch hold their inaugural Business Breakfast. This event, hosted at the Tumby Bay Hotel, was attended by an impressive 45 guests from a cross section of Tumby Bay's business, community and council groups.

After enjoying coffee and a handsome cooked breakfast our guests were very lucky to hear from Richard Bruce, partner in Over The Edge bike store in Melrose, SA. Richard spoke of the experiences of their business and the successes of their town primarily through cycling events connected to their business, but also music and other festivals that have brought in many visitors and millions of extra dollars to Melrose every year. With an added benefit business security and expansions within the town of Melrose itself. After 10 years of incredibly hard work from the community, Melrose is clearly a shining example of what can be achieved when a small community comes together for a common goal.

Hopefully inspired, attendees filled out a brief questionnaire regarding their thoughts, ideas and suggestions for our town. These have been collated by our team and will be discussed very soon in a follow up meeting, so keep an eye out as we hope to have details of our follow up to this event and a potentially exciting project to come in the near future!

Thanks must go to Richard and his wife Kerri for making the effort to come and visit our town as well as all attendees and bank staff that braved an early start to their day to make this event such a success.

Lipson Hall upgrade.

The Lipson Progress Association would like to take this opportunity to thank the Tumby Bay District **Community Bank**[®] Branch for assisting the Lipson Progress Association with 'seed money' to apply for a grant to reroof and paint the front of the Lipson Hall.

Our grant application was successful. We received a 'Stronger Communities Grant' through the Federal Government with the support of Rowan Ramsey's office. This grant along with the monies from the Tumby Bay District **Community Bank**[®] Branch provided sufficient funds to commence work.

In early September members and interested community members met for two weekends to complete the work. Craig Lehman, Chairperson of the Progress Association, acted as the building supervisor. It was Craig and partner Aleta's preparation and attention to safety details that ensured the days were productive and the work was completed in an orderly and safe manner. Over the weekends approximately 20 community members helped complete the work.

We are very pleased we no longer have a box gutter that over flows and an entrance with a sagging ceiling. We are also pleased with what we achieved as a group to ensure the hall that was built in 1908 remains maintained and able to be used. If you wish to hire any of our facilities please contact Aleta Baird on 0402 842 269.

Thank you Tumby Bay District **Community Bank**[®] Branch for partnering with us to ensure we have safe and usable facilities for all in our community.
