## Chairperson's Report - Financial Year ended 30 June 2019

We are delighted to present the 18th Annual Report of West Beach & Districts Community Financial Services Ltd to our shareholders.

We can report that in the financial year to June 2019, we have given back more than \$160,000 to the Community and our Shareholders.

The Board is yet to commit the Community Grants for 2020 but we expect over \$40,000 will be given to local community groups to assist them achieve their goals. We will continue to explore and assess new projects and ventures that will assist and benefit our local community.

We thank our customers and shareholders who have helped our Community Bank® distribute more than \$2.1 million to date in projects, community investments, grants and dividends. These contributions have helped strengthen and develop the community of West Beach and surrounding suburbs.

A full breakdown of our financial position is recorded in the Branch Report, submitted by our Branch Manager, Frank Abados and our Relationship Development Manager, Matt Tschärke. Peter Hodgkinson retired from the Branch at the end of 2018 and Matt Tschärke has been selected to fill this position. We commend both managers and the staff for achieving a growth figure and our budget forecast. The current banking environment is extremely difficult, and the National Interest Rates set by the RBA have severely limited our growth and challenged our bottom line.

Your Board of Directors is a dedicated and knowledgeable team of people, who come together with a strong commitment to making a valuable contribution to our community. There have been some changes to our Board.

Rod Beames was the Chairperson of the Board for the first 8 months of the financial year but was unfortunately struck down with a medical condition and had to take leave from the Board. Tim Ryan took up the position of Chairperson from Rod.

Alison Amber accepted a Board position and continues to provide guidance and stability to the Board. Kosta Manning joined the Board in 2018. He is 22 years old, is currently studying at University and adds a different demographic to the Board.

In closing, we would like to take the opportunity to reinforce the message that together, we can continue making a positive difference to the community we live in. We encourage all shareholders to advocate on our behalf and spread the message about how banking with us benefits and makes a difference to the lives of people locally. It is together that we can truly make a big difference. We commend the report to you and thank you for your continued support throughout this past year.

Yours sincerely

Tim Ryan  
Current Chairperson

Rod Beames  
Past Chairperson

## Branch Report - Financial Year ended 30 June 2019

West Beach & Districts Community Bank® has witnessed a year of transition & change, having achieved a business level of above \$175 million.

An operational point of view of account opening activity levels sees us continue to open a healthy number of accounts, exceeding 450 accounts opened in consecutive years (452). We have now entered our 19<sup>th</sup> year of operation & have 4,655 accounts, an increase of 42 on the previous year.

The total value of deposits and loans have decreased on the peak result achieved in June 2018. Consequently the above \$180 million result achieved in months either side of the June 2018 peak are now \$178.3 million as at 30 June 2019. These results don't reflect the work & dedicated efforts put in by staff, along with the voluntary efforts of your Community Bank® company directors.

We encourage all our shareholders to support us in the best way possible to become advocates of our Community Bank®. As always, we encourage all our existing customers, along with the clubs banking with us to assist the continued growth of our branch.

Staffing numbers have remained at eight. Wendy & Kirsty left for opportunities elsewhere. Natasha K joined our team last September, & Marissa joined in April.

Peter Hodgkison, who was the Branch Manager from 2001 to 2016, then becoming the Senior Relationship Manager, announced his retirement last year. Peter's last day was 31 December 2018. Peter's experience, contribution to the business & engagement with the local community were a headlines success. We would like to thank Peter for his 18 years service.

Matt Tscharke commenced 3 months prior to Peter's retirement to become our new Community Relationship Manager. Matt looks forward to engaging with customers & clubs, & is the person to see for Home Loans.

The SA Produce Market at Pooraka continues to provide opportunities for the branch via the agency operating at the SA Produce Credit office. It continues to provide benefits to the merchants, retailers & employees, as well as West Beach & Districts Community Financial Services Limited.

We have continued to invest funds into our local community via grants, sponsorships and donations for many social, community & sporting groups. It's always a pleasure to visit these projects & support the growth & wellbeing of our community.

An important note is always to recognise the efforts of our board members who believe in the Community Bank®. We encourage all shareholders, all club members & all locals to experience banking with West Beach & Districts Community Bank® branch - & in turn, support the community.

Frank Abados

Branch Manager

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Directors' Report**

**Principal activities**

The principal activities of the company during the course of the financial year were in providing **Community Bank®** branch services under management rights to operate a franchised branch of Bendigo and Adelaide Bank Limited.

There has been no significant changes in the nature of these activities during the year.

**Review of operations**

The profit of the company for the financial year after provision for income tax was \$94,938 (2018 profit: \$125,451), which is a 24% decrease as compared with the previous year.

**Dividends**

Dividends paid or declared since the start of the financial year.

A fully franked final dividend of 12.5 cents per share was paid during the year for the year ended 30 June 2018. No dividend has been declared or paid for the year ended 30 June 2019 as yet.

The maximum franking credit that can be allocated to a dividend for the year ended 30 June 2019 is 27.5%.

**Options**

No options over issued shares were granted during or since the end of the financial year and there were no options outstanding as at the date of this report.

**Significant changes in the state of affairs**

No significant changes in the company's state of affairs occurred during the financial year.

**Events subsequent to the end of the reporting period**

No matters or circumstances have arisen since the end of the financial year that significantly affect or may significantly affect the operations of the company, the results of those operations or the state of affairs of the company, in future financial years.

**Likely developments**

The company will continue its policy of providing banking services to the community.

**Environmental regulations**

The company is not subject to any significant environmental regulation.

**Indemnifying Officers or Auditor**

The company has agreed to indemnify each Officer (Director, Secretary or employee) out of assets of the company to the relevant extent against any liability incurred by that person arising out of the discharge of their duties, except where the liability arises out of conduct involving dishonesty, negligence, breach of duty or the lack of good faith. The company also has Officers Insurance for the benefit of Officers of the company against any liability incurred by the Officer, which includes the Officer's liability for legal costs, in or arising out of the conduct of the business of the company or in or arising out of the discharge of the Officer's duties.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an Auditor of the company.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Directors' Report**

**Proceedings on behalf of company**

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings. The company was not a party to any such proceedings during the year.

**Auditor independence declaration**

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set at page 10 of this financial report. No Officer of the company is or has been a partner of the Auditor of the company.

**Remuneration report**

*Remuneration policy*

There has been no remuneration policy developed as Director positions are held on a voluntary basis and Directors are not remunerated for their services.

*Remuneration benefits and payments*

Other than detailed below, no Director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the company, controlled entity or related body corporate with a Director, a firm in which a Director is a member or an entity in which a Director has a substantial financial interest. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by Directors shown in the company's accounts, or the fixed salary of a full-time employee of the company, controlled entity or related body corporate.

*Directors Privileges Package*

West Beach and Districts Community Financial Services Ltd has accepted the Community Bank® Directors' Privileges Package. The package is available to all Directors who can elect to avail themselves of the benefits based on their personal banking with the Bendigo Bank. There is no requirement to own BEN shares and there is no qualification period to qualify to utilise the benefits. The package mirrors benefits available to Bendigo and Adelaide Bank shareholders.

*Equity holdings of key management personnel*

The number of ordinary shares in the company held during the financial year and prior year by each Director and other key management personnel, including their related parties, are set out below:

Timothy Ryan  
Chairman

# Bendigo and Adelaide Bank Report

For year ending 30 June 2019

As a bank of 160-plus years, we're proud to hold the mantle of Australia's fifth biggest bank. In today's banking environment it's time to take full advantage of this opportunity and for even more people to experience banking with Bendigo Bank and our way of banking, and with our **Community Bank®** partners.

In promoting our point of difference it's sometimes lost that although we're different, we're represented in more than 500 communities across Australia and offer a full suite of banking and financial products and services. In many ways we're also a leader in digital technology and meeting the needs of our growing online customer base, many of whom may never set foot in a traditional bank branch.

At the centre of our point of difference is the business model you chose to support as a shareholder that supports local communities. Whether you're a shareholder of our most recent **Community Bank®** branch which opened in Smithton, Tasmania, in June 2019, or you're a long-time shareholder who, from more than 20 years ago, you all play an important role. Your support has enabled your branch, and this banking model, to prosper and grow. You're one of more than 75,000 **Community Bank®** company shareholders across Australia who are the reason today, we're Australia's only bank truly committed to the communities it operates in.

And for that, we thank you. For the trust you've not only put in Bendigo and Adelaide Bank, but the faith you've put in your community and your **Community Bank®** company local board of directors.

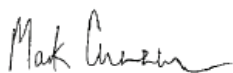

Bendigo and Adelaide Bank continues to rank at the top of industry and banking and finance sector awards. We have awards for our customer service, we have award winning products and we have a customer base that of 1.7 million-plus that not only trusts us with their money, but which respects our 'difference'.

As a Bank, we're working hard to ensure that those who are not banking with us, and not banking with your **Community Bank®** branch, make the change. It really is a unique model and we see you, the shareholder, as playing a key role in helping us grow your local **Community Bank®** business. All it takes is a referral to your local branch manager. They'll do the rest.

We find that our customer base is a very loyal group. It's getting people to make the change that's the challenge. In today's environment, we've never had a better chance to convince people to make the change and your support in achieving this is critical.

From Bendigo and Adelaide Bank, once again, thank you for your ongoing support of your **Community Bank®** branch and your community.

We would also like to thank and acknowledge the amazing work of your branch staff and directors in developing your business and supporting the communities that you live and work in.

**Mark Cunneen**  
Head of Community Support  
Bendigo and Adelaide Bank

**AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE  
CORPORATIONS ACT 2001 TO THE DIRECTORS OF  
WEST BEACH & DISTRICTS COMMUNITY FINANCIAL SERVICES LIMITED**

I declare that, to the best of my knowledge and belief, during the year ended  
30 June 2019 there have been no contraventions of:-

- (i) the auditor independence requirements as set out in the Corporations Act  
2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Signed at Adelaide this *20th* day of September 2019.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

These financial statements and notes represent those of West Beach & Districts Community Financial Services Limited.

West Beach & Districts Community Financial Services Limited ('the company') is a company limited by shares, incorporated and domiciled in Australia.

The financial statements were authorised for issue by the Directors on 30 September 2019

## **1. Summary of significant accounting policies**

### **(a) Basis of preparation**

These general purpose financial statements have been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board. The company is a for profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non current assets, financial assets and financial liabilities.

#### *Economic dependency*

The company has entered into a franchise agreement with Bendigo and Adelaide Bank Limited that governs the management of the **Community Bank**<sup>®</sup> branch at West Beach, South Australia.

The branch operates as a franchise of Bendigo and Adelaide Bank Limited, using the name "Bendigo Bank", the logo, and systems of operation of Bendigo and Adelaide Bank Limited. The company manages the **Community Bank**<sup>®</sup> branch on behalf of Bendigo and Adelaide Bank Limited, however all transactions with customers conducted through the **Community Bank**<sup>®</sup> branch are effectively conducted between the customers and Bendigo and Adelaide Bank Limited.

All deposits are made with Bendigo and Adelaide Bank Limited, and all personal and investment products are products of Bendigo and Adelaide Bank Limited, with the company facilitating the provision of those products. All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo and Adelaide Bank Limited, must be approved by Bendigo and Adelaide Bank Limited. All credit transactions are made with Bendigo and Adelaide Bank Limited, and all credit products are products of Bendigo and Adelaide Bank Limited.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**1. Summary of significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

*Economic dependency (continued)*

Bendigo and Adelaide Bank Limited provides significant assistance in establishing and maintaining the **Community Bank®** branch franchise operations. It also continues to provide ongoing management and operational support, and other assistance and guidance in relation to all aspects of the franchise operation, including advice in relation to:

- Advice and assistance in relation to the design, layout and fit out of the **Community Bank®** branch;
- Training for the Branch Managers and other employees in banking, management systems and interface protocol;
- Methods and procedures for the sale of products and provision of services;
- Security and cash logistic controls;
- Calculation of company revenue and payment of many operating and administrative expenses;
- The formulation and implementation of advertising and promotional programs; and
- Sale techniques and proper customer relations.

**(b) Impairment of assets**

At the end of each reporting period, the company assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less cost to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard. Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

**(c) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

**(d) New and amended accounting policies adopted by the company**

There are no new and amended accounting policies that have been adopted by the company this financial year.

**(e) Comparative figures**

When required by Accounting Standards comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**1. Summary of significant accounting policies (continued)**

**(f) Critical accounting estimates and judgements**

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company. Estimates and judgements are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. The estimates and judgements that have a significant risk of causing material adjustments to the carrying values of assets and liabilities are as follows:

*Estimation of useful lives of assets*

The company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and intangible assets. The depreciation and amortisation charge will increase where useful lives are less than previously estimated lives.

*Fair value assessment of non-current physical assets*

The AASB 13 Fair Value standard requires fair value assessments that may involved both complex and significant judgement and expertise. The value of land and buildings may be materially misstated and potential classification and disclosure risks may occur.

*Employee benefits provision*

Assumptions are required for wage growth and CPI movements. The likelihood of employees reaching unconditional service is estimated. The timing of when employee benefit obligations are to be settled is also estimated.

*Income tax*

The company is subject to income tax. Significant judgement is required in determining the deferred tax asset. Deferred tax assets are recognised only when it is considered sufficient future profits will be generated. The assumptions made regarding future profits is based on the company's assessment of future cash flows.

*Impairment*

The company assesses impairment at the end of each reporting period by evaluating conditions and events specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value in use calculations which incorporate various key assumptions.

**(g) New accounting standards for application in future periods**

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the company.

The company has decided not to early adopt any of the new and amended pronouncements. The company's assessment of the new and amended pronouncements that are relevant to the company but applicable in the future reporting periods is set below:

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**1. Summary of significant accounting policies (continued)**

**(g) New accounting standards for application in future periods (continued)**

**(i) AASB 16: *Leases* (applicable for annual reporting periods commencing on or after 1 January 2019).**

AASB 16:

- replaces AASB 117 Leases and some lease-related Interpretations;
- requires all leases to be accounted for 'on-balance sheet' by lessees, other than short-term and low value asset leases;
- provides new guidance on the application of the definition of lease and on sale and lease back accounting;
- largely retains the existing lessor accounting requirements in AASB 117; and
- requires new and different disclosures about leases.

The entity is yet to undertake a detailed assessment of the impact of AASB 16. However, based on the entity's preliminary assessment, the Standard is not expected to have a material impact on the transactions and balances recognised in the financial statements when it is first adopted for the year ending 30 June 2020.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

## **2. Revenue**

Revenue arises from the rendering of services through its franchise agreement with the Bendigo and Adelaide Bank Limited. The revenue recognised is measured by reference to the fair value of consideration received or receivable, excluding sales taxes, rebates, and trade discounts.

The entity applies the revenue recognition criteria set out below to each separately identifiable sales transaction in order to reflect the substance of the transaction.

### *Rendering of services*

The entity generates service commissions on a range of products issued by the Bendigo and Adelaide Bank Limited. The revenue includes upfront and trailing commissions, sales fees and margin fees.

### *Interest, dividend and other income*

Interest income is recognised on an accrual basis using the effective interest rate method.

Dividend and other revenue is recognised when the right to the income has been established.

### *Revenue calculation*

Over the period from September 2013 to February 2015, Bendigo and Adelaide Bank Limited conducted a review of the **Community Bank®** model, known as 'Project Horizon'. This was conducted in consultation with the community banking network. The objective of the review was to develop a shared vision of the **Community Bank®** model that positions it for success now and for the future.

The outcome of that review is that the fundamental franchise model and community participation remain unchanged. Changes to be implemented over a three year period reflect a number of themes, including a culture of innovation, agility and flexibility, network collaboration, director and staff development and a sustainable financial model. This included changes to the financial return for **Community Bank®** companies from 1 July 2016. A funds transfer pricing model is used for the method of calculation of the cost of funds, deposit return and margin. All revenue paid on core banking products will be through margin share. Margin on core banking products will be shared on a 50/50 basis.

The franchise agreement provides that three forms of revenue may be earned by the company – margin, commission and fee income. Bendigo and Adelaide Bank Limited decides the form of revenue the company earns on different types of products and services.

The revenue earned by the company is dependent on the business that it generates. It may also be affected by other factors, such as economic and local conditions, for example, interest rates.

### *Core banking products*

Bendigo and Adelaide Bank Limited has identified some Bendigo Bank Group products and services as 'core banking products'. It may change the products and services which are identified as core banking products by giving the company at least 30 days' notice. Core banking products currently include Bendigo Bank branded home loans, term deposits and at call deposits.

### *Margin*

Margin is arrived at through the following calculation:

Interest paid by customers on loans less interest paid to customers on deposits  
*plus* any deposit returns i.e. interest return applied by Bendigo and Adelaide Bank Limited for a deposit,  
*minus* any costs of funds i.e. interest applied by Bendigo and Adelaide Bank Limited to fund a loan.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

## **2. Revenue (Continued)**

Note: In very simplified terms, currently, deposit return means the interest Bendigo and Adelaide Bank Limited gets when it invests the money the customer deposits with it. The cost of funds means the interest Bendigo and Adelaide Bank Limited pays when it borrows the money to give a customer a loan. From 1 July 2016, both means the cost for Bendigo and Adelaide Bank Limited to borrow the money in the market.

Products and services on which margin is paid include variable rate deposits and variable rate home loans. From 1 July 2016, examples include Bendigo Bank branded at call deposits, term deposits and home loans.

For those products and services on which margin is paid, the company is entitled to a share of the margin earned by Bendigo and Adelaide Bank Limited (i.e. income adjusted for Bendigo and Adelaide Bank Limited's interest expense and interest income return). However, if this reflects a loss, the company incurs a share of that loss.

### *Commission*

Commission is a fee paid for products and services sold. It may be paid on the initial sale or on an ongoing basis. Commission is payable on the sale of an insurance product such as home contents. Examples of products and services on which ongoing commissions are paid include leasing and Sandhurst Trustees Limited products. This currently also includes Bendigo Bank branded fixed rate home loans and term deposits of more than 90 days, but these became margin products from 1 July 2016.

### *Fee income*

Fee income is a share of what is commonly referred to as 'bank fees and charges' charged to customers by Bendigo Bank Group entities including fees for loan applications and account transactions.

### *Ability to change financial return*

Under the franchise agreement, Bendigo and Adelaide Bank Limited may change the form and amount of financial return that the company receives. The reasons it may make a change include changes in industry or economic conditions or changes in the way Bendigo and Adelaide Bank Limited earns revenue.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the Company receives on a particular product or service. The effect of the change on the revenue earned by the Company is entirely dependent on the change.

The change may be to the method of calculation of margin, the amount of margin, commission and fee income or a change of a margin to a commission or vice versa. This may affect the amount of revenue the company receives on a particular product or service. The effect of the change on the revenue earned by the company is entirely dependent on the change.

If Bendigo and Adelaide Bank Limited makes a change to the margin or commission on core banking products and services, it must not reduce the margin and commission the company receives on core banking products and services Bendigo and Adelaide Bank Limited attributes to the company to less than 50% (on an aggregate basis) of Bendigo and Adelaide Bank Limited's margin at that time. For other products and services, there is no restriction on the change Bendigo and Adelaide Bank Limited may make.

Bendigo and Adelaide Bank Limited must give the company 30 days' notice before it changes the products and services on which margin, commission or fee income is paid, the method of calculation of margin and the amount of margin, commission or fee income.

All revenue is stated net of the amount of goods and services tax (GST).

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**Revenue (Continued)**

	2019 \$	2018 \$
Operating activities:		
- service commissions	57,503	42,015
- franchise margin income	953,798	956,571
- other revenue	76,476	72,256
	<u>1,087,777</u>	<u>1,070,843</u>
Non Operating activities:		
- interest received	9,882	11,457
	<u>9,882</u>	<u>11,457</u>
<b>Total revenue</b>	<u><u>1,097,659</u></u>	<u><u>1,082,300</u></u>

**3. Expenses**

*Operating expenses*

Operating expenses are recognised in profit or loss on an accruals basis, which is typically upon utilisation of the service or at the date upon which the entity becomes liable.

*Borrowing costs*

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

*Depreciation*

The depreciable amount of all fixed assets are depreciated in a Small Business Pool initially at 15% for the first year and then 30% for every year there after. Leasehold improvements are depreciated over either the unexpired period of the lease or the estimated useful lives of the improvements. Items under \$30,000 are immediately written off under the Small Business simplified depreciation rules.

The depreciation rates used for each class of depreciable asset are:

<i>Class of asset</i>	<i>Rate</i>	<i>Method</i>
Leasehold improvements	2.5%	SL
Plant and equipment	100%	IWO
Small Business Pool	30%	DV

*Gains/losses upon disposal of non-current assets*

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**4. Income tax**

The income tax expense for the year comprises current income tax expense and deferred tax expense.

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities/(assets) are measured at the amounts expected to be paid to/(recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Deferred income tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

	2019 \$	2018 \$
<b>a. The components of tax expense / (income) comprise:</b>		
Current tax expense / (income)	29,766	49,695
Deferred tax expense / (income) relating	8,681	1,476
Recoupment of prior year tax losses	-	-
Under / (over) provision of prior years	-	-
	<u><b>38,447</b></u>	<u><b>51,170</b></u>

**b. Prima facie tax payable**

The prima facie tax on profit / (loss) from ordinary activities before income tax is reconciled to the income tax expense as follows:

Prima facie tax on profit / (loss) before income tax at 27.5% (2018: 27.5%)	36,681	48,571
Add tax effect of:		
- Utilisation of previously unrecognised carried forward tax losses		
- Movement in deferred Tax	8,681	1,476
- Non-deductible expenses	(6,915)	1,124
<b>Income tax attributable to the entity</b>	<u><b>38,447</b></u>	<u><b>51,170</b></u>

The applicable weighted average effective tax rate is	28.82%	28.97%
-------------------------------------------------------	--------	--------

**c. Current tax liability**

Current tax relates to the following:

*Current tax liabilities / (assets)*

Opening balance	20,422	(1,404)
Income tax paid	(50,258)	(42,250)
Current tax	29,766	49,695
Refund of Prior Year Tax	-	14,381
	<u><b>(69)</b></u>	<u><b>20,422</b></u>

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**4. Income tax (continued)**

	2019 \$	2018 \$
<b>d. Deferred tax asset / (liability)</b>		
Deferred tax relates to the following:		
<b>Deferred tax assets balance comprises:</b>		
Provision for doubtful debts	-	-
Property, plant & equipment	-	-
Accruals	-	-
Employee provisions	17,104	25,571
Unused tax losses	-	-
	<u>17,104</u>	<u>25,571</u>
<b>Deferred tax liabilities balance comprises:</b>		
Prepayments	2,013	1,798
Property, plant & equipment	-	-
	<u>2,013</u>	<u>1,798</u>
<b>Net deferred tax asset / (liability)</b>	<u><u>15,091</u></u>	<u><u>23,772</u></u>

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**5. Cash and cash equivalents**

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are reported within short-term borrowings in current liabilities in the statement of financial position.

	<b>2019</b>	<b>2018</b>
	<b>\$</b>	<b>\$</b>
Cash at bank and on hand	246,544	210,679
Short-term bank deposits		
	<u><b>246,544</b></u>	<u><b>210,679</b></u>

**6. Trade and other receivables**

Trade and other receivables are carried at their amounts due. Trade and other receivables are due for settlement usually no more than 30 days from the date of recognition.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts, which are known to be uncollectable, are written off. A provision for doubtful debts is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the assets carrying amount and the present value of estimated cash flows, discounted at the effective interest rate. The amount of the provision is recognised on profit or loss.

	<b>2019</b>	<b>2018</b>
	<b>\$</b>	<b>\$</b>
<b>Current</b>		
Trade receivables	71,229	88,170
Prepayments	7,320	6,540
	<u><b>78,549</b></u>	<u><b>94,710</b></u>

**Credit risk**

The main source of credit risk relates to a concentration of trade receivables owing by Bendigo and Adelaide Bank Limited, which is the source of the majority of the company's income.

The following table details the company's trade and other receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as "past due" when the debt has not been settled, within the terms and conditions agreed between the company and the customer or counterparty to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the company.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**Trade and other receivables (continued)**

The balances of receivables that remain within initial trade terms (as detailed in the table below) are considered to be high credit quality.

	<b>Gross amount</b>	<b>Not past due</b>	<b>Past due but not impaired</b>			<b>Past due and impaired</b>
	<b>\$</b>	<b>\$</b>	<b>&lt; 30 days \$</b>	<b>31-60 days \$</b>	<b>&gt; 60 days \$</b>	<b>\$</b>

<b>Total</b>	<b>78,549</b>	<b>78,549</b>	-	-	-	-
<b>2018</b>						
Trade receivables	88,170	88,170	-	-	-	-
Other receivables	6,540	6,540	-	-	-	-
<b>Total</b>	<b>94,710</b>	<b>94,710</b>	-	-	-	-

**7. Financial assets**

**Classification of financial assets**

The company classifies its financial assets in the following categories:

- financial assets at fair value through profit or loss,
- loans and receivables,
- held to maturity investments, and
- available for sale assets.

The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at the end of each reporting period.

*Financial assets at fair value through profit or loss (FVPL)*

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term with the intention of making a profit. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. The company has not designated any financial assets at fair value through profit or loss.

*Loans and receivables*

This category is the most relevant to the company. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the period end, which are classified as non-current assets. Loans and receivables are included in trade and other receivables in the statement of financial position.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**7. Financial assets (continued)**

**Classification of financial assets (continued)**

*Held to maturity investments*

The group classifies investments as held-to-maturity if:

- they are non-derivative financial assets
- they are quoted in an active market
- they have fixed or determinable payments and fixed maturities
- the group intends to, and is able to, hold them to maturity.

Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the end of the reporting period, which would be classified as current assets.

*Available for sale financial asset*

Investments are designated as available-for-sale financial assets if they do not have fixed maturities and fixed or determinable payments, and management intends to hold them for the medium to long-term. Financial assets that are not classified into any of the other categories (at FVPL, loans and receivables or held-to-maturity investments) are also included in the available-for-sale category.

The financial assets are presented as non-current assets unless they mature, or management intends to dispose of them within 12 months of the end of the reporting period.

**Measurement of financial assets**

At initial recognition, the group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Loans and receivables and held-to-maturity investments are subsequently carried at amortised cost using the effective interest method.

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Gains or losses arising from changes in the fair value are recognised as follows:

- for 'financial assets at fair value through profit or loss' – in profit or loss within other income or other expenses
- for available-for-sale financial assets that are monetary securities denominated in a foreign currency – translation differences related to changes in the amortised cost of the security are recognised in profit or loss
- for other monetary and non-monetary securities classified as available-for-sale – in other comprehensive income.

*Amortised cost* is calculated as the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the *effective interest method*.

The *effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discount estimated future cash payments or receipts over the expected life (or where this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying amount with a consequential recognition of an income or expense item in the profit or loss.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**7. Financial assets (continued)**

**Impairment of financial assets**

The group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered an indicator that the assets are impaired.

*Assets carried at amortised cost*

For loans and receivables, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the company may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in profit or loss.

*Assets classified as available for sale*

If there is objective evidence of impairment for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – is removed from equity and recognised in profit or loss.

Impairment losses on equity instruments that were recognised in profit or loss are not reversed through profit or loss in a subsequent period.

If the fair value of a debt instrument classified as available-for-sale increases in a subsequent period and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed through profit or loss.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**7. Financial assets (continued)**

**Derecognition**

Financial assets are derecognised when the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised when the related obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

**8. Other assets**

Other assets represent items that will provide the entity with future economic benefits controlled by the entity as a result of past transactions or other past events.

	2019 \$	2018 \$
Other	-	-
	<u>-</u>	<u>-</u>

**9. Property, plant and equipment**

*Plant and equipment*

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount of these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

### 11. Trade and other payables

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

	2019 \$	2018 \$
<b>Current</b>		
<i>Unsecured liabilities:</i>		
Trade creditors	1,407	1,885
Other creditors and accruals	32,321	25,214
	<u><b>33,727</b></u>	<u><b>27,098</b></u>

The average credit period on trade and other payables is one month.

### 12. Financial liabilities

Financial liabilities include trade payables, other creditors, loans from third parties and loans from or other amounts due to related entities. Financial liabilities are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Financial liabilities are initially measured at fair value plus transaction costs, except where the instrument is classified as "fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

### 13. Borrowings

#### *Finance Leases*

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset - but not the legal ownership - are transferred to the company, are classified as finance leases.

Finance leases are capitalised by recognising an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as expenses in the periods in which they are incurred.

The company holds non-cancellable leases for the branch location. The lease on the branch is a five year term which expires in June 2021 with an option of additional terms.

<b>Total borrowings</b>	<u><u>7,750</u></u>	<u><u>12,752</u></u>

**14. Provisions**

*Short-term employee benefits*

Provision is made for the company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The liability for annual leave is recognised in the provision for employee benefits. All other short term employee benefit obligations are presented as payables.

*Other long-term employee benefits*

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurement for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**14. Provisions (continued)**

The company's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the company does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

	2019 \$	2018 \$

**15. Share capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction from the proceeds.

	2019 \$	2018 \$
475,500 Ordinary shares fully paid	475,500	475,500
	<u>475,500</u>	<u>475,500</u>
<b>Movements in share capital</b>		
Fully paid ordinary shares:		
At the beginning of the reporting period	475,500	475,500
Shares issued during the year	-	-
At the end of the reporting period	<u>475,500</u>	<u>475,500</u>

Ordinary shares participate in dividends and the proceeds on winding up of the company in proportion to the number of shares held. At the shareholders' meetings each shareholder is entitled to one vote when a poll is called, or on a show of hands. The company does not have authorised capital or par value in respect of its issued shares. All issued shares are fully paid. All shares rank equally with regard to the company's residual assets.

**Capital management**

The Board's policy is to maintain a strong capital base so as to sustain future development of the company. The Board of Directors monitor the return on capital and the level of dividends to shareholders. Capital is represented by total equity as recorded in the Statement of Financial Position.

In accordance with the franchise agreement, in any 12 month period, the funds distributed to shareholders shall not exceed the Distribution Limit.

- (i) the Distribution Limit is the greater of:
  - (a) 20% of the profit for the current financial year (under accounting standards under the Corporations Act), less any community contributions shown in the profit and loss statement for the current financial year, plus any accumulated profit from previous financial years.
  - (b) subject to the availability of distributable profits, the relevant rate of return multiplied by the value of the share capital on issue at the end of the financial year; where the relevant rate of return is equal to the weighted average interest rate on 90 day bank bills over the financial year plus 5%.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**15. Share capital (continued)**

The Board is managing the growth of the business in line with this requirement. There are no other externally imposed capital requirements, although the nature of the company is such that amounts will be paid in the form of charitable donations and sponsorship. Charitable donations and sponsorship paid can be seen in the Statement of Profit or Loss and Comprehensive Income.

There were no changes in the company's approach to capital management during the year.

**16. Retained earnings**

	<b>2019</b>	<b>2018</b>
	<b>\$</b>	<b>\$</b>
Balance at the beginning of the reporting period	368,581	290,679

Balance at the end of the reporting period	<u><b>404,082</b></u>	<u><b>368,581</b></u>

**17. Dividends paid or provided for on ordinary shares**

	<b>2019</b>	<b>2018</b>
	<b>\$</b>	<b>\$</b>
<b>Dividends paid or provided for during the year</b>		
Interim and/or final fully franked ordinary dividend of 12.5 cents per share (2018:10 cents per share) franked at the tax rate of 27.5% (2018: 27.5%).	59,438	47,550

A provision is made for the amount of any dividends declared, authorised and no longer payable at the discretion of the entity on or before the end of the financial year, but not distributed at balance date.

**Rights attached to shares**

**(a) Voting rights**

Subject to some limited exceptions, each member has the right to vote at a general meeting.

On a show of hands or a poll, each member attending the meeting (whether they are attending the meeting in person or by attorney, corporate representative or proxy) has one vote, regardless of the number of shares held. However, where a person attends a meeting in person and is entitled to vote in more than one capacity (for example, the person is a member and has also been appointed as proxy for another member) that person may only exercise one vote on a show of hands. On a poll, that person may exercise one vote as a member and one vote for each other member that person represents as duly appointed attorney, corporate representative or proxy.

The purpose of giving each member only one vote, regardless of the number of shares held, is to reflect the nature of the company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the **Community Bank®** branches have the same ability to influence the operation of the company.

**(b) Dividends**

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The franchise agreement with Bendigo and Adelaide Bank Limited contains a limit on the level of profits or funds that may be distributed to shareholders. There is also a restriction on the payment of dividends to certain shareholders if they have a prohibited shareholding interest (see below).

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**17. Dividends paid or provided for on ordinary shares (continued)**

(c) *Transfer*

Generally, ordinary shares are freely transferable. However, the directors have a discretion to refuse to register a transfer of shares.

Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the company's constitution and the *Corporations Act 2001*.

**Prohibited shareholding interest**

A person must not have a prohibited shareholding interest in the company.

In summary, a person has a prohibited shareholding interest if any of the following applies:

- They control or own 10% or more of the shares in the company (the "10% limit").
- In the opinion of the board they do not have a close connection to the community or communities in which the company predominantly carries on business (the "close connection test").
- Where the person is a shareholder, after the transfer of shares in the company to that person the number of shareholders in the company is (or would be) lower than the base number (the "base number test"). The base number is 233. As at the date of this report, the company had 259 shareholders.

As with voting rights, the purpose of this prohibited shareholding provision is to reflect the community-based nature of the company.

Where a person has a prohibited shareholding interest, the voting and dividend rights attaching to the shares in which the person (and his or her associates) have a prohibited shareholding interest, are suspended.

The board has the power to request information from a person who has (or is suspected by the board of having) a legal or beneficial interest in any shares in the company or any voting power in the company, for the purpose of determining whether a person has a prohibited shareholding interest. If the board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of shares the board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the board is authorised to sell the specified shares on behalf of that person. The holder will be entitled to the consideration from the sale of the shares, less any expenses incurred by the board in selling or otherwise dealing with those shares.

In the constitution, members acknowledge and recognise that the exercise of the powers given to the board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

## **27. Financial risk management**

### *Financial risk management policies*

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board has established an Audit Committee which reports regularly to the Board. The Audit Committee is assisted in the area of risk management by an internal audit function.

### *Specific financial risk exposure and management*

The main risks the company is exposed to through its financial instruments are credit risk, liquidity risk and market risk consisting of interest rate risk and other price risk. There have been no substantial changes in the types of risks the company is exposed to, how the risks arise, or the Board's objectives, policies and processes for managing or measuring the risks from the previous period.

The company's financial instruments consist mainly of deposits with banks, short term investments, account receivables and payables, bank overdraft and loans. The totals for each category of financial instruments measured in accordance with AASB 139 *Financial Instruments: Recognition and Measurement* as detailed in the accounting policies are as follows:

	Note	2019 \$	2018 \$
<b>Financial assets</b>			
Cash and cash equivalents	5	246,544	210,679
Trade and other receivables	6	78,549	94,710
Financial assets	7	500,000	500,000
<b>Total financial assets</b>		<b>825,093</b>	<b>805,390</b>
<b>Financial liabilities</b>			
Trade and other payables	11	33,727	27,098
Borrowings	13	7,750	12,752
Bank overdraft	13	-	-
<b>Total financial liabilities</b>		<b>41,477</b>	<b>39,850</b>

### **(a) Credit risk**

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to the company.

Credit risk is managed through maintaining procedures ensuring, to the extent possible, that clients and counterparties to transactions are of sound credit worthiness. Such monitoring is used in assessing receivables for impairment. Credit terms for normal fee income are generally 30 days from the date of invoice. For fees with longer settlements, terms are specified in the individual client contracts. In the case of loans advanced, the terms are specific to each loan.

### *Credit risk exposures*

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying amount and classification of those financial assets as presented in the table above.

The company has significant concentrations of credit risk with Bendigo and Adelaide Bank Limited. The company's exposure to credit risk is limited to Australia by geographic area.

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**27. Financial risk management (continued)**

**(a) Credit risk (continued)**

None of the assets of the company are past due (2018: nil past due) and based on historic default rates, the company believes that no impairment allowance is necessary in respect of assets not past due.

The company limits its exposure to credit risk by only investing in liquid securities with Bendigo and Adelaide Bank Limited and therefore credit risk is considered minimal.

**(b) Liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company ensures it will have enough liquidity to meet its liabilities when due under both normal and stressed conditions. Liquidity management is carried out within the guidelines set by the Board.

Typically, the company maintains sufficient cash on hand to meet expected operational expenses, including the servicing of financial obligations. This excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The table below reflects an undiscounted contractual maturity analysis for financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward.

Financial liability and financial asset maturity analysis:

<b>30 June 2019</b>	<b>Total \$</b>	<b>Within 1 year \$</b>	<b>1 to 5 years \$</b>	<b>Over 5 years \$</b>
<b>Financial assets</b>				
Cash and cash equivalents	246,544	246,544	-	-

<b>Net inflow / (outflow) on financial instruments</b>	<b>765,539</b>	<b>773,288</b>	<b>(7,749)</b>	<b>-</b>

**(c) Market risk**

Market risk is the risk that changes in market prices, such as interest rates, will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

The financial instruments that primarily expose the company to interest rate risk are borrowings, fixed interest securities, and cash and cash equivalents.

**Sensitivity analysis**

The following table illustrates sensitivities to the company's exposures to changes in interest rates and equity prices. The table indicates the impact on how profit and equity values reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible.

These sensitivities assume that the movement in a particular variable is independent of other variables.

<b>Year ended 30 June 2019</b>	<b>Profit \$</b>	<b>Equity \$</b>
+/- 1% in interest rates (interest income)	7,465	7,465
+/- 1% in interest rates (interest expense)	-	-
	<b>7,465</b>	<b>7,465</b>

**West Beach & Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2019**

**27. Financial risk management (continued)**

**(c) Market risk (continued)**

**Year ended 30 June 2018**

+/- 1% in interest rates (interest income)	7,107	7,107
+/- 1% in interest rates (interest expense)	-	-
	<u>7,107</u>	<u>7,107</u>

There have been no changes in any of the methods or assumptions used to prepare the above sensitivity analysis from the prior year.

The company has no exposure to fluctuations in foreign currency.

**(d) Price risk**

The company is not exposed to any material price risk.

**(e) Interest Rate Risk**

Interest rate risk refers to the risk that the value of a financial instrument or cash flows associated with the instrument will fluctuate due to changes in market interest rates. Interest rate risk arises from the interest bearing financial assets and liabilities in place subject to variable interest rates, as outlined above.

Interest-bearing assets are held with Bendigo and Adelaide Bank Limited and subject to movements in market interest. Interest-rate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk. The company believes that its sound relationship with Bendigo and Adelaide Bank Limited mitigates this risk significantly.

*Fair value estimation*

The fair values of financial assets and liabilities are presented in the following table and can be compared to their carrying amounts as presented in the statement of financial position.

Differences between fair values and the carrying amounts of financial instruments with fixed interest rates are due to the change in discount rates being applied to the market since their initial recognition by the company.

	<b>2019</b>		<b>2018</b>	
	<b>Carrying amount \$</b>	<b>Fair value \$</b>	<b>Carrying amount \$</b>	<b>Fair Value \$</b>
<b>Financial assets</b>				
Cash and cash equivalents (i)	246,544	246,544	210,679	210,679
Trade and other receivables (i)	78,549	78,549	94,710	94,710
Financial assets	500,000	500,000	500,000	500,000
<b>Total financial assets</b>	<u><b>825,093</b></u>	<u><b>825,093</b></u>	<u><b>805,390</b></u>	<u><b>805,390</b></u>
<b>Financial liabilities</b>				
Trade and other payables (i)	33,727	33,727	27,098	27,098
Borrowings	7,750	7,750	12,752	12,752
Bank overdraft	-	-	-	-
<b>Total financial liabilities</b>	<u><b>41,477</b></u>	<u><b>41,477</b></u>	<u><b>39,850</b></u>	<u><b>39,850</b></u>

(i) Cash and cash equivalents, trade and other receivables, and trade and other payables are short-term instruments in nature whose carrying amounts are equivalent to their fair values.

**West Beach Districts Community Financial Services Limited**  
**ABN 86 094 486 727**  
**Directors' Declaration**

In accordance with a resolution of the Directors of West Beach & Districts Community Financial Services Limited, the Directors of the company declare that:

1. The financial statements and notes are in accordance with the *Corporations Act 2001* and:
  - (i) comply with Australian Accounting Standards which, as stated in accounting policy Note 1(a) to the financial statements, constitutes compliance with International Financial Reporting Standards (IFRS); and
  - (ii) give a true and fair view of the company's financial position as at 30 June 2019 and of the performance for the year ended on that date;
2. In the Directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.
3. The audited remuneration disclosures set out in the remuneration report section of the Directors' report comply with Accounting Standard *AASB124 Related Party Disclosures* and the *Corporations Regulations 2001*.

This resolution is made in accordance with a resolution of the Board of Directors.
