FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2013

CHAIRMAN'S REPORT

I am pleased to present my report to you on the progress of the Wyong Community Bank Branch during the 2012/2013 financial year.

The 2012/2013 year has again posed many challenges to our branch however despite these challenges we have followed up last years profit with a profit of \$156,635 and are extremely proud to follow up last years first ever dividend with another dividend this year. We are continually striving to meet the challenges of growing the business despite the volatile economy and with careful planning we will ensure that the business will be successful well in to the future.

This year we have seen the effects of the restoring the balance, had a smaller than expected growth but still managed to increase our profit. This has been due to the hard work by the staff in implementing the strategies and structures of the board. Without the entire staff embracing these ideals we wouldn't be in the position we are. We are now in to the second round of restoring the balance and are again evaluating the effect this will have on the business next year and what we can do to grow other areas of the business to lessen the impact.

We welcome Kim Rowley to the team as our new Customer Relationship Manager. Kim brings a wealth of experience with her and the integration has been seamless. Our customers have also commented on her pleasant and helpful manner.

I am extremely grateful for all of the efforts and input from my fellow directors. I am fortunate to have many dedicated and talented people giving freely of their time to serve the local community.

Thanks to the support of Community Bank customers and shareholders, the Australia-wide network has now returned more than \$100 million to support and strengthen local communities.

This enormous achievement came as the Community Bank network celebrated 15 years of operation. The Community Bank concept was born in the western Victorian farming townships of Rupanyup and Minyip in 1998. The network has since grown to include 298 branches across Australia.

Our Community Bank company has played a key role in this milestone, returning more than \$138,000 to our local community. These community grants and sponsorships have made a significant difference to a number of local organisations including the Wyong Neighbourhood Centre, Darkinjung and the Wyong Netball Association. We look forward to continuing to support these groups and others as more people bank with us and we become more successful.

I would urge all of our shareholders to bank with us and be an advocate for Community banking as these are the best ways to ensure we are not only profitable but are able to contribute significantly to our local community.

I would like to thank our Regional Manager - Tony Gravas, Business Bankers - Steve Deane & Paul Arnold and our Financial Planner - Gina Greenaway for their assistance to the board, staff and our customers throughout the year.

I look forward to seeing you at the AGM, and invite you to feel free to contact me at any time if you have any questions or concerns.

I wish you a safe and Happy Christmas and a prosperous new year.

Ray Davidson Chairman

DIRECTORS' REPORT

Your directors present their report on the company for the financial year ended 30 June, 2013.

Directors

The names of the directors in office at any time during, or since the end of the year are:

Mrs Elizabeth Ada North Mr Ray Davidson Mrs Emma McBride Mr David Brine Mr Daniel Kebriti (Resigned 8th November 2012) Mr David Harris Mr Mark Hoddinott (Resigned 31st August 2012) Mr David Evans (Appointed 30th October 2012) Mrs Lisa McDermott (Appointed 12th December 2012)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Review of Operations

The profit of the company for the financial year after providing for income tax amounted to \$156,635 (2012: \$102,397).

During the financial year the company operated the Wyong Community Bank. The company has, due to its financial performance, been able to recoup losses incurred during the previous years and due to this continued improvement in profitability has brought to account a deferred tax asset that recognises the future benefit of the balance of tax losses that are yet to be recouped.

Significant Changes in the State of Affairs

No significant changes in the company's state of affairs occurred during the financial year.

Principal Activities

The principal activities in the course of the financial year were to operate the Wyong Community Bank.

No significant change in the nature of these activities occurred during the year.

Events Subsequent to the End of the Reporting Period

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the company in future financial years.

Likely Developments and Expected Results of Operations

Likely developments in the operations of the company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the company.

DIRECTORS' REPORT

Environmental Regulation

The company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

Dividends

_

Dividends paid or declared since the start of the financial year are as follows:

An unfranked dividend of \$65,001 was paid during the year (10c per share).

Options

No options over issued shares or interests in the company were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

Indemnification of Officers

The Company has indemnified each of the Directors against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of Director of the Company, other than involving wilful breach to the Company. Insurance premiums were paid during or since the end of the financial year for the Directors of the Company.

No indemnities or insurance premiums were paid during or since the end of the financial year for the auditor of the Company.

Proceedings on Behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to any such proceedings during the year.

DIRECTORS' REPORT

INFORMATION ON DIRECTORS

| Mrs Elizabeth Ada North | |
|-------------------------|--|
| Qualifications: | Business Proprietor |
| | Liz became a director in May 2006 and is one of the proprietors of Add-Vantage Systems Pty Ltd (AVS Windows and Doors) located in |
| | Tuggerah. She is a long term resident of the Wyong Shire and business |
| | leader. Liz has been in business in the Wyong area for 35 years and has |
| | employed many local people during that time. Liz is actively involved in |
| | the business community and is currently the Assistant Governor for |
| - | Rotary Central Coast. Liz is married and has a 22 year old daughter who is still studying at Newcastle University. |
| Experience: | |
| Meetings: | Attended 12 of the 12 meetings held. |
| Mr Ray Davidson | |
| Qualifications: | Business Proprietor |
| | Ray became a director in February 2008 and is the Managing Director |
| | and founder of Ausiports Pty Ltd Home Improvements and has been a resident of the Wyong Shire for 24 years. He has been President of The |
| | Entrance Junior Cricket Club, Wyong District Netball association, Central |

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

1 Statement of Significant Accounting Policies

This financial report covers Wyong Town Financial Services Limited as an individual entity. Wyong Town Financial Services Limited is a company limited by shares, incorporated and domiciled in Australia.

Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The financial report has been prepared in the entities functional currency being the Australian Dollar.

Accounting Policies

Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax assets and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of profit or loss when the tax relates to items that are recognised outside profit or loss.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where:

- (a) a legally enforceable right of set-off exists; and
- (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct materials, direct labour and an appropriate portion of variable and fixed overheads. Overheads are applied on the basis of normal operating capacity. Costs are assigned on the basis of weighted average costs.

Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Leasehold Improvements

Leasehold Improvements are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment.

In the event the carrying value of plant and equipment is greater than the estimated recoverable amount, the carrying value is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present.

The cost of fixed assets constructed within the company includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Depreciation

The depreciation method and useful life used for items of property, plant and equipment (excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the company. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

The depreciation rates used for each class of depreciable assets are:

| Class of Fixed Asset | Depreciation Rate |
|--------------------------------|-------------------|
| Leasehold improvements | 20% |
| Office furniture and equipment | 25% |
| Motor vehicle | 15% |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of the reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the company, are classified as finance leases.

Finance leases are capitalised by recognising an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised over the life of the lease term.

Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either purchase or sell the asset (i.e. trade date accounting adopted).

Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Impairment of Assets

At the end of each reporting period, the company assesses whether there is any indication that an asset may be impaired. The assessment will include considering external and internal sources of information, including dividends received from subsidiaries, associates or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Intangibles

Franchise Fee Renewal

The franchise fee renewal is valued in the accounts at cost of acquisition and amortised over the renewal term of 5 years.

Training Fee

The training fee is valued in the accounts at cost of acquisition and amortised on a systematic basis matched to the future economic benefits.

Employee Benefits

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. Those cashflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Superannuation

Contributions are made by the entity to an employee superannuation fund and are charged as expenses when incurred. The entity has no legal obligation to provide benefits to employees on retirement.

Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at the end of the reporting period and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Trade and Other Payables

Trade and other payables represent the liabilities at the end of the reporting period for goods and services received by the company that remain unpaid.

Trade payables are recognised at their transaction price. Trade payables are obligations on the basis of normal credit terms.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from or payable to the ATO, are presented as operating

cash flows included in receipts from customers or payments to suppliers.

Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

New Accounting Standards for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the company. The company has decided not to early adopt any of the new and amended pronouncements. The company's assessment of the new and amended pronouncements that are relevant to the company but applicable in future reporting periods is set out below:

- AASB 9: Financial Instruments (December 2010) and AASB 2010-7: Amendments to Australian Accounting Standards arising from AASB 9 (December 2010).

These Standards are applicable retrospectively and include revised requirements for the classification and measurement of financial instruments, as well as recognition and derecognition requirements for financial instruments.

The key changes made to accounting requirements include:

- simplifying the classifications of financial assets into those carried at amortised cost and those carried at fair value;

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

- simplifying the requirements for embedded derivatives;

- removing the tainting rules associated with held-to-maturity assets;

- removing the requirements to separate and fair value embedded derivatives for financial assets carried at amortised cost;

- allowing an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument;

- requiring financial assets to be reclassified where there is a change in an entity's business model as they are initially classified based on (a) the objective of the entity's business model for managing the financial assets; and (b) the characteristics of the contractual cash flows; and

- requiring an entity that chooses to measure a financial liability at fair value to present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income, except when that would create an accounting mismatch. If such a mismatch would be created or enlarged, the entity is required to present all changes in fair value (including the effects of changes in the credit risk of the liability) in profit or loss.

These Standards are mandatorily applicable for annual reporting periods commencing on or after 1 January 2013. However, AASB 2012-6: Amendments to Australian Accounting Standards - Mandatory Effective Date of AASB 9 and Transition Disclosures (issued September 2012) defers the mandatory application date of AASB 9 from 1 January 2012 to 1 January 2015.

- AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements (applicable for annual reporting periods commencing on or after 1 July 2013).

AASB 1053 establishes a revised differential financial reporting framework consisting of two tiers of financial reporting requirements for those entities preparing general purpose financial statements:

- Tier 1: Australian Accounting Standards; and

- Tier 2: Australian Accounting Standards - Reduced Disclosure Requirements.

Tier 2 of the framework comprises the recognition, measurement, and presentation requirements of Tier 1, but contains significantly fewer disclosure requirements.

This standard is not expected to significantly impact the company's financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

- AASB 10: Consolidated Financial Statements, AASB 11: Joint Arrangements, AASB 12: Disclosure of Interests in Other Entities. AASB 127 Separate Financial Statements (August 2011) and AASB 128: Investments in Associates and Joint Ventures (August 2011) (as amended by AASB 2012-10: Amendments to Australian Accounting Standards - Transition Guidance and Other Amendments), and AASB 2011-7 Amendments to Australian Accounting Standards reporting Standards arising from the Consolidation and Joint Arrangements Standards (applicable to financial reporting periods commencing on or after 1 January 2013).

AASB 10 replaces parts of AASB 127: Consolidated and Separate Financial Statements (March 2008, as amended) and Interpretation 112: Consolidation - Special Purpose Entities. AASB 10 provides a revised definition of control and additional application guidance so that a single control model will apply to all investees. This standard is not expected to significantly impact the company's financial statements.

AASB 11 replaces AASB 131: Interests in Joint Ventures (July 2004, as amended). AASB 11 requires joint arrangements to be classified as "joint operations" (where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities) or "joint ventures" (where the parties that have joint control of the arrangement have rights to the net assets of the arrangement). Joint ventures are required to adopt the equity method of accounting (proportionate consolidation is no longer allowed). This standard is not expected to impact the company's financial statements.

AASB 12 contains the disclosure requirements applicable to entities that hold an interest in a subsidiary, joint venture, joint operation or associate. AASB 12 also introduces the concept of a "structured entity", replacing the "special purpose entity" concept currently used in Interpretation 112, and requires specific disclosures in respect of any investments in unconsolidated structured entities. This standard will affect disclosures only but is not expected to significantly impact the company's financial statements.

To facilitate the application of AASBs 10,11 and 12, revised versions of AASB 127 and AASB 128 have also been issued. These standards are not expected to significantly impact the company's financial statements.

- AASB 13: Fair Value Measurement and AASB 2011-8: Amendments to Australian Accounting Standards arising from AASB 13 (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 13 defines fair value, sets out in a single Standard a framework for measuring fair value, and requires disclosures about fair value measurement.

AASB 13 requires:

- inputs to all fair value measurements to be categorised in accordance with a fair value hierarchy; and

- enhanced disclosures regarding all assets and liabilities (including, but not limited to, financial assets and financial liabilities) to be measured at fair value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

These standards are expected to result in more detailed fair value disclosures, but are not expected to significantly impact the amounts recognised in the company's financial statements.

- AASB 119: Employee Benefits (September 2011) and AASB 2011-10: Amendments to Australian Accounting Standards arising from AASB 119 (September 2011) (applicable for annual reporting periods commencing on or after 1 January 2013).

These standards introduce a number of changes to accounting and presentation of defined benefit plans. The company does not have any defined benefit plans and so is not impacted by the amendment.

AASB 119 (September 2011) also includes changes to:

- require only those benefits that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service to be classified short-term employee benefits. All other employee benefits are to be classified as other term employee benefits, post-employment benefits or termination benefits, as appropriate; and

- the accounting for termination benefits that require an entity to recognise an obligation for such benefits at the earlier of:

(i) for an offer that may be withdrawn - when the employee accepts;

(ii) for an offer that cannot be withdrawn - when the offer is communicated to the affected employees; and

(iii) where the termination is associated with a restructuring of activities under AASB 137: Provisions, Contingent Liabilities and Contingent Assets, and if earlier than the first two conditions when the related restructuring costs are recognised.

These standards are not expected to significantly impact the company's financial statements.

- AASB 2012-2: Amendments to Australian Accounting Standards - Disclosures - Offsetting Financial Assets and Financial Liabilities (applicable to financial reporting periods commencing on or after 1 January 2013).

AASB 2012-2 principally amends AASB 7: Financial Instruments: Disclosures to require entities to include information that will enable users of their financial statements to evaluate the effect or potential effect of netting arrangements, including rights to set-off associated with the entity's recognised financial assets and recognised financial liabilities, on the entity's financial position.

This standard is not expected to significantly impact the company's financial statements.

- AASB 2012-3: Amendments to Australian Accounting Standards - Offsetting Financial Assets and Financial Liabilities (applicable for financial reporting periods commencing on or after 1 January 2014).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

This standard adds application guidance to AASB 132: Financial Instruments: Presentation to address potential inconsistencies identified in applying some of the offsetting criteria of AASB 132, including clarifying the meaning of "currently has a legally enforceable right to set-off" and that some gross settlement systems may be considered equivalent to net settlement.

This standard is not expected to significantly impact the company's financial statements.

- AASB 2012-5: Amendments to Australian Accounting Standards arising from Annual Improvements 2009-2011 Cycle (applicable for financial reporting periods commencing on or after 1 January 2013).

This standard amends a number of Australian Accounting Standards as a consequence of the issuance of Annual Improvements to IFRSs 2009-2011 Cycle by the International Accounting Standards Board, including:

- AASB 1: First-time Adoption of Australian Accounting Standards to clarify the requirements in respect of the application of AASB 1 when an entity discontinues and then resumes applying Australian Accounting Standards;

- AASB 101: Presentation of Financial Statements and AASB 134: interim Financial Reporting to clarify the requirements for presenting comparative information.

- AASB 116: Property, Plant and Equipment to clarify the accounting treatment of spare parts, stand-by equipment and servicing equipment;

- AASB 132 and Interpretation 2: Members' Shares in Co-operative Entities and Similar Instruments to clarify the accounting treatment of any tax effect of a distribution to holders of equity instruments; and

- AASB 134 to facilitate consistency between the measures if total assets and liabilities an entity reports for its segments in its interim and annual financial statements.

This standard is not expected to significantly impact the company's financial statements.

The financial report was authorised for issue on 1 September 2013 by the board of directors.

22 Financial Risk Management

The company's activities expose it to a variety of financial risks: market risk (including interest rate risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the financial performance of the Company. The Company uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate risk and aging analysis for credit risk.

The company's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable, loans to and from subsidiaries, bills and leases.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements are as follows:

| | 6 Months | 12 Months |
|------------------------------|----------|-----------|
| | 2013 | 2012 |
| | \$ | \$ |
| Financial Assets | | |
| Cash and cash equivalents | 133,569 | 70,981 |
| Trade receivables | 53,083_ | 59,662 |
| Total Financial Assets | 186,652 | 130,643 |
| Financial Liabilities | | |
| Trade payables | (20,700) | (22,290) |
| Interest bearing liabilities | (15,252) | (21,047) |
| Total Financial Liabilities | (35,952) | (43,337) |

Financial Risk Management Policies

The directors' overall risk management strategy seeks to assist the company in meeting its financial targets, whilst minimising potential adverse effects on financial performance.

Risk management policies are approved and reviewed by the Board of Directors on a regular basis. These included the credit risk policies and future cash flow requirements.

The company does not have any derivative instruments at 30 June, 2013.

Specific Financial Risk Exposures and Management

Credit Risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

| 2013 | 2012 |
|------|------|
| \$ | \$ |

Credit risk is managed through the maintenance of procedures (such procedures include the utilisation of systems for the approval, granting and renewal of credit limits, regular monitoring of exposures against such limits and the monitoring of the financial stability of significant customers and counterparties), ensuring to the extent possible that customers and counterparties to transactions are of sound credit worthiness. Such monitoring is used in assessing receivables for impairment.

Credit risk arises from credit exposure on outstanding receivables. The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets as summarised in Note 9.

Market Risk

Interest rate risk

The exposure to interest rate risk on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

All interest bearing liabilities are held at fixed rates.

| | 2013 | 2012 |
|--------------------------------------|---------|---------|
| | \$ | \$ |
| Floating Rate Instruments | | |
| Cash and cash equivalents | 133,469 | 70,881_ |
| Total floating rate financial assets | 133,469 | 70,881 |

Liquidity Risk

Liquidity risk arises from the risk that the company may encounter difficulty in settling its debt or otherwise meeting its obligations related to financial liabilities. The company manages this risk through prudent liquidity risk management policies which imply maintaining sufficient cash and available funding through an adequate amount of committed credit facilities.

Financing arrangements

The company has access to the following undrawn borrowing facilities at the reporting date:

| | 2013 | 2013 |
|--------------------------|---------|---------|
| Floating rate | \$ | \$ |
| Expiring within one year | | |
| - Bank overdraft | 250,000 | 250,000 |
| | 250,000 | 250,000 |

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

| 2013 | 2012 |
|------|------|
| \$ | \$ |
| | |

Sensitivity Analysis

Interest rates

The company has performed a sensitivity analysis relating to its exposure to Interest rates risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

Interest rates Sensitivity Analysis:

At 30 June 2013, the effect on profit and equity as a result of changes in the Interest rates, with all other variables remaining constant would be as follows:

| | | 2013 | 2012 |
|------------------|----------------------------------|---------|-------|
| | | \$ | \$ |
| Change in profit | | | |
| | Increase in Interest rates by 1% | 1,335 | 709 |
| | Decrease in Interest rates by 1% | (1,335) | (709) |

DIRECTORS' DECLARATION

The directors of the company declare that:

- 1. The financial statements and notes, as set out on pages 2 to 32, are in accordance with the Corporations Act 2001 and:
 - (a) comply with Accounting Standards, which, as stated in accounting policy Note 1 to the financial statements, constitutes explicit and unreserved compliance with International Financial Reporting Standards (IFRS); and
 - (b) give a true and fair view of the financial position as at 30 June, 2013 and of the performance for the year ended on that date of the company.
- 2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Inneloon

Mr Ray Davidson

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WYONG TOWN FINANCIAL SERVICES LIMITED ABN 59 100 313 120

Report on the Financial Report

We have audited the accompanying financial report of Wyong Town Financial Services Limited, which comprises the statement of financial position as at 30 June 2013, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), and the Corporations Act 2001. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the Directors Wyong Town Financial Services Limited would be in the same terms if provided to the Directors as at the date of this auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WYONG TOWN FINANCIAL SERVICES LIMITED ABN 59 100 313 120

Auditor's Opinion

In our opinion:

- the financial report of Wyong Town Financial services Limited is in accordance with (a) the Corporations Act 2001, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2013 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
- (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.
