WELCOME TO THE COMMUNITY ENTERPRISE FOUNDATION™, YOUR FOUNDATION

Another important number to us, is the **\$3.5 million** in additional funds that is now available for our partners to invest back into their communities, thanks to the tax savings they achieved through using the Foundation.

Contributing to the success of our partners helps create real sustainability to the prosperity of their communities. With the first three years of a new team delivery model now complete, we have an opportunity to reflect and recognise our combined achievements.

The relevance we have to our partners is stronger than ever, this is measured by our growing collaborations, but more importantly reflects the depth of these relationships with mutual respect and measurable outcomes.

A collaborative model that acknowledges our partners are the true community heroes with the Foundation providing specialist administrative support has resulted in great outcomes for our partners and their communities.

Our partners stories of success continue to grow each year, in 2018 with more than \$7 million was granted, via 909 projects with a leveraged project value of over \$40 million and benefiting over 2 million Australians.

Our team works hard behind the scenes to support our partners success to grow their local economy and community prosperity.

It is and will always be a privilege for us to join our partners in their journey.

SALT

The team at SALT believe that community sporting clubs can become key agents of positive culture change. SALT facilitate interactive education programs with players and clubs to help them be the best they can be. Clubs are challenged to create a positive and supportive culture and players are inspired to apply the skills and values that they develop through their sport – such as **courage, discipline, communication, teamwork** and **respect** – to other areas of their lives.

COMMUNITY SECTOR BANKING

We have a vision to be the financial institution that strengthens not-for-profits in delivering social change and community well-being. We harness the understanding and capabilities of our joint venture partners to provide tailored and innovative financial solutions for not-for-profit organisations.

The 2018 Indigenous Scholarship program

Celebrated four outstanding Aboriginal and Torres Strait Islander students who showed great dedication to their studies and a promise to go on and achieve great things in their lives and in their communities.

Scholarship

\$300,000 to empower people experiencing domestic abuse and homelessness

Community Sector Banking's annual Social Investment Grants Program shows the power for good that everyday banking can have in the community. The grants program is funded by Community Sector Banking contributing 50% net profit earned on all Social Investment Deposit Accounts.

MAGIC MOMENTS

In every project, there's a magic moment

 www.magicmoments.org.au

 Youtube

What is Magic Moments Youth Leadership Summit?

It is a program that...

- Accepts that teenagers' have intense emotions.
- Surrounds the youth with inspirational individuals who mentor and coach them.
- Teaches them to set goals that stretch and challenge them.
- Increases their self-esteem so they are more confident to cope with the challenges of life.
- Allows them to articulate their opinions and enter into discussions confidently.
- Constantly teaches the new skills that motivate and empower them.
- Imagine if all Australians aged 14 to 17 were given this type of structure, education, training and support how different their lives would be and how different Australia would be?

Testimonial:

I love feeling the accomplishment of completing things! Especially those things that you have said 'no way I cannot do that!!' I'm feeling this about school work right now and now I am over the moon because I finally finished it. But my point is that it reminded me about camp! The board challenge, as soon as Brent showed what we were doing with the board I automatically said 'there is no way I will be able to do that!' After that night I have eliminated so many 'I can't do that' in my life and replaced them with 'I can do this!'

- Lucy
